[Region III Order G-22 Under Gen. Order 68]

STOCK MILLWORK IN THE NEWARK-ZANESVILLE, OHIO, AREA

For the reasons set forth in an opinion issued simultaneously herewith, filed with the division of the Federal Register and under the authority vested in the Regional Administrator of the Office of Price Administration by General Order 68, it is ordered:

SECTION 1. *What this order does.* This order determines maximum prices for certain sales of the specified stock millwork items set forth in a price list designated Table 1, attached to this order and made a part hereof. These maximum prices shall be the only maximum prices for these items when sold to an ultimate user or to a purchaser for resale on an installed basis. It includes the type of sale referred to in the trade as a "contract sale" wherein the seller provides his own take off from plans and specifications, quotes a flat price, and guarantees enough material to complete the job.

SEC. 2. *Geographical applicability.* This order applies to all sales or deliveries made by any seller located in the area covered by this order, or any sales or delivery to any buyer located in this area. The area covered by this order shall consist of Fairfield, Licking, Perry and Muskingum Counties in the State of Ohio.

SEC. 3. *Relationship to other orders and regulations.* This order supersedes MPR 44 and MPR 293 and the General Maximum Price Regulation for all sales of the listed items covered by this order. Sales of any items not specifically described in the table, remain subject to all applicable regulations issued by the Office of Price Administration.

SEC. 4. *Maximum prices, allowances and discounts.* (a) The prices set out in the attached Table 1, are the maximum prices which may be charged for the items shown whether purchased from manufacturers, jobbers or self-produced. Prices lower than the maximum prices may, of course, be charged or paid. Any seller may quote on a contract basis, wherein he takes off quantities from blueprints and guarantees sufficient material to finish the job, without violating this order provided he maintains records showing complete calculations for each item in his contract price and provided that the contract price is based on prices permitted by this order as well as any other applicable regulation. If quotations are made on a contract basis, however, and the quantity of stock millwork actually furnished is valued at less than the contract price, the maximum charge which may be made is the total of the maximum price for the items actually furnished and not the contract price.

(b) The prices set out in the table are base prices for sales to ultimate users and are subject to the following discounts:

(1) A discount of not less than 10% of these prices shall be granted to all bona fide purchasers for "resale on an installed basis" when buying in house lots regardless of the time and method of delivery by the seller;

(2) A discount of not less than 5% of these prices shall be granted to all bona fide purchasers for "resale on an installed basis" when buying in less than house lots;

(3) For all sales made to bona fide "resellers on an installed basis", a discount of not less than 2% of the net invoice for payment on or before the tenth of the calendar month following the date of delivery. This discount shall not apply on sales quoted and sold on a contract basis.

(c) *Delivery additions.* The prices set in this order include all additions or charges for delivery. No deduction need be made where the purchaser elects to make his own delivery. In those cases where the stock millwork is taken from the stock of a retailer's warehouse and loaded on cars for shipment to a purchaser for resale on an installed basis or ultimate consumer in a different area, the prices are f. o. b. cars.

SEC. 5. *Notification.* Each seller subject to this order and making sales covered by this order shall keep for inspection by any purchaser, and make available to such purchaser upon request, a copy of this order together with the price lists and prices established by this order.

SEC. 6. *Invoice.* Each seller subject to this order shall furnish to every buyer within ten (10) days after making a sale of any items covered by this order an invoice containing a sufficiently complete description of the millwork items sold to show whether or not the price is within the maximum permitted. Items covered by the order shall be invoiced by the same description as listed in the attached price list.

SEC. 7. *Record keeping.* Each seller must keep at his place of business available for inspection by representatives of the OPA so long as the Emergency Price Control Act of 1942 is amended or remains in effect, records concerning each sale covered by this order, showing the following:

1. Name and address of purchaser.
2. Place of delivery.
3. Date of transaction.
4. An itemized description of the materials and services invoiced, and the prices charged.
5. If the stock millwork is sold on a firm contract price basis and includes two or more different items, the seller must keep a record describing his calculations of each item sold by reason of such firm contract price.

SEC. 8. *Prohibitions and evasions.* (a) No person shall sell, and no person shall buy in the course of trade or business at prices greater than the maximum prices set forth in the price list attached hereto.

(b) All sales shall be made subject to the allowances and discounts set forth herein. Every seller shall be subject to the notification invoices and record provisions set forth above. No provision to this order shall supersede any requirement or prohibition set forth in any price regulation except insofar as the requirements of this order are inconsistent with requirements of any other regulation or order issued by the Office of Price Administration. Persons violating any provision of this order are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for suspension of licenses provided for by the Emergency Price Control Act of 1942.

SEC. 9. *Posting.* Every seller making a sale covered by this order shall post a copy of the list of maximum prices fixed by this Office of Price Administration.

SEC. 10. *Amendment.* This order may be amended or revoked at any time by the Office of Price Administration.

This order shall become effective March 29, 1946.

Issued: March 15, 1946.

J. F. KESSEL,
Regional Administrator.

[Region III Order G-18 Under Gen. Order 68]

STOCK MILLWORK IN THE WILMINGTON, OHIO, AREA

For the reasons set forth in an opinion issued simultaneously herewith, filed with the Division of the Federal Register and under the authority vested in the Regional Administrator of the Office of Price Administration by General Order 68, it is ordered:

SECTION 1. *What this order does.* This order determines maximum prices for certain sales of the specified stock millwork items set forth in a price list designated Table 1, attached to this order and made a part hereof. These maximum prices shall be the only maximum prices for these items when sold to an ultimate user or to a purchaser for resale on an installed basis. It includes the type of sale referred to in the trade as a "contract sale" wherein the seller provides his own take off from plans and specifications, quotes a flat price, and guarantees enough material to complete the job.

SEC. 2. *Geographical applicability.* This order applies to all sales or deliveries made by any seller located in the area covered by this order, or any sales or delivery to any buyer located in this area. The area covered by this order shall consist of Clinton, Fayette, Highland, Pickaway and Ross Counties in the State of Ohio.

SEC. 3. *Relationship to other orders and regulations.* This order supersedes MPR 44 and MPR 293 and the General Maximum Price Regulation for all sales of the listed items covered by this order. Sales of any items not specifically described in Table 1 remain subject to all applicable regulations issued by the Office of Price Administration.

SEC. 4. *Maximum prices, allowances and discounts.* (a) The prices set out in the attached table are the maximum prices which may be charged for the items shown whether purchased from manufacturers, jobbers or self-produced. Prices lower than the maximum prices may, of course, be charged or paid. Any seller may quote on a contract basis, wherein he takes off quantities from blueprints and guarantees sufficient material to finish the job, without violating this order; *Provided*, He maintains records showing complete calculations for each item in his contract price and provided that the contract price is based on prices permitted by this order as well as any other applicable regulation. If quotations are made on a contract basis, however, and the quantity of stock millwork actually furnished is valued at less than the contract price, the maximum charge which may be made is the total of the maximum price for the items actually furnished and not the contract price.

(b) The prices set out in the appendix are base prices for sales to ultimate users and are subject to the following discount:

(1) For all sales made to bona fide "resellers on an installed basis", a discount of not less than 2% of the net invoice for payment on or before the tenth of the calendar month following the date of delivery. This discount shall not apply on sales quoted and sold on a contract basis.

(c) *Delivery additions.* The prices set in this order include all additions or charges for delivery. No deduction need be made where the purchaser elects to make his own delivery. In those cases where the stock millwork is taken from the stock of a retailer's warehouse and located on cars for shipment to a purchaser for resale on an installed basis or ultimate consumer in a different area, the prices are f. o. b. cars.

SEC. 5. *Notification.* Each seller subject to this order and making sales covered by this order shall keep for inspection by any purchaser, and make available to such purchaser upon request, a copy of this order together with the price lists and prices established by this order.

SEC. 6. *Invoice.* Each seller subject to this order shall furnish to every buyer within ten (10) days after making a sale of any items covered by this order an invoice containing a sufficiently complete description of the millwork items sold to show whether or not the price is within the maximum permitted. Items covered by the order shall be invoiced by the same description as listed in the attached price list.

SEC. 7. *Record keeping.* Each seller must keep at his place of business available for inspection by representatives of the OPA as long as the Emergency Price Control Act of 1942 is amended or remains in effect, records concerning each sale covered by this order, showing the following:

1. Name and address of purchaser.
2. Place of delivery.
3. Date of transaction.
4. An itemized description of the materials and services invoiced, and the prices charged.
5. If the stock millwork is sold on a firm contract price basis and includes two or more different items, the seller must keep a record describing his calculations of each item sold by reason of such firm contract price.

SEC. 8. *Prohibitions and evasions.* (a) No person shall sell, and no person shall buy in the course of trade or business at prices greater than the maximum prices set forth in the price list attached hereto.

(b) All sales shall be made subject to the allowances and discounts set forth herein. Every seller shall be subject to the notification invoice and record provisions set forth above. No provision to this order shall supersede any requirement or prohibition set forth in any price regulation except insofar as the requirements of this order are inconsistent with requirements of any other regulation or order issued by the Office of Price Administration. Persons violating any provision of this order are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for suspension of licenses provided for by the Emergency Price Control Act of 1942.

SEC. 9. *Posting.* Every seller making a sale covered by this order shall post a copy of the list of maximum prices fixed by this order.

SEC. 10. *Amendment.* This order may be amended or revoked at any time by the Office of Price Administration.

This order shall become effective March 29, 1946.

Issued: March 15, 1946.

J. F. KESSEL,
Regional Administrator.

WARREN CO., INC.

ADJUSTMENT OF MAXIMUM PRICES

Order No. G-1 Under Revised Supplementary Order 119. The Warren Company, Incorporated, 905 Memorial Drive, S. E., Atlanta, Georgia. Docket No. IV-SO 119-6-7.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator for Region IV of the Office of Price Administration by section 19 of Revised Supplementary Order 119, *It is hereby ordered:*

(a) That on and after the effective date of this order, The Warren Company, Inc., Atlanta, Georgia, hereinafter referred to as applicant, is permitted to increase its maximum prices for sales of the mechanically operated commercial refrigeration equipment which it manufactures, consisting of display cases, reach in and walk in refrigerators of over 16 cubic foot capacity, and refrigerated beverage coolers, which are more specifically described in its application, as established pursuant to the provisions of Maximum Price Regulation 592, by the following percentage: 13.1%.

(b) That all freight allowances, other allowances, discounts, commissions, differentiations in classes of purchasers, and other differentials customarily made by the applicant shall be maintained.

(c) That any reseller purchasing the equipment above described from the applicant for resale is hereby permitted to increase his present properly established maximum price by a dollars-and-cents amount not exceeding his actual dollars-and-cents increase in cost resulting from the increase permitted applicant under this order.

(d) Upon the first sale after this order to each purchaser of the above described refrigeration equipment and on which an adjustment has been granted in this order to the manufacturer, the applicant shall notify such purchaser of the amount of increase in price resulting from this order and all the provisions of paragraph (c) of this order.

(e) Except as otherwise provided herein, all transactions of applicant and any reseller subject to this order remain subject to the provisions of Maximum Price Regulation 591 and the General Maximum Price Regulation, respectively, together with all amendments which heretofore have been or hereafter may be issued.

This order may be revoked, corrected or amended by the Office of Price Administration at any time.

This order shall become effective March 28, 1946.

Issued this March 28, 1946.

ALEXANDER HARRIS,
Regional Administrator.

[Region III Order G-17 Under Gen. Order 68]

STOCK MILLWORK IN ATHENS, GALLIA, HOCKING, JACKSON, MEIGS AND VINTON COUNTIES, OHIO

For the reasons set forth in an opinion issued simultaneously herewith, filed with the division of the Federal Register and under the authority vested in the Regional Administrator of the Office of Price Administration by General Order 68, it is ordered:

SECTION 1. *What this order does.* This order determines maximum prices for certain sales of the specified stock millwork items set forth in a price list designated Table 1, attached to this order and made a part hereof. These maximum prices shall be the only maximum prices for these items when sold to an ultimate user or to a purchaser for resale on an installed basis. It includes the type of sale referred to in the trade as a "contract sale" wherein the seller provides his own take off from plans and specifications, quotes a flat price, and guarantees enough material to complete the job.

SEC. 2. *Geographical applicability.* This order applies to all sales or deliveries made by any seller located in the area covered by this order, or any sales or delivery to any buyer located in this area. The area covered by this order shall consist of Athens, Gallia, Hocking, Jackson, Meigs, and Vinton Counties in the State of Ohio.

SEC. 3. *Relationship to other orders and regulations.* This order supersedes MPR 44 and MPR 293 and the General Maximum Price Regulation for all sales of the listed items covered by this order. Sales of any items not specifically described in the Appendix remain subject to all applicable regulations issued by the Office of Price Administration.

SEC. 4. *Maximum prices, allowances and discounts.* (a) The prices set out in the attached table are the maximum prices which may be charged for the items shown whether purchased from manufacturers, jobbers, or self-produced. Prices lower than the maximum prices may, of course, be charged or paid. Any seller may quote on a contract basis, wherein he takes off quantities from blueprints and guarantees sufficient material to finish the job, without violating this order provided he maintains records showing complete calculations for each item in his contract price and provided that the contract price is based on prices permitted by this order as well as any other applicable regulation. If quotations are made on a contract basis, however, and the quantity of stock millwork actually furnished is valued at less than the contract price, the maximum charge which may be made is the total of the maximum price for the items actually furnished and not the contract price.

(b) The prices set out in Table 1 are base prices for sales to ultimate users and are subject to the following discount:

(1) For all sales made to bona fide "resellers on an installed basis," a discount of not less than 2% of the net invoice for payment on or before the tenth of the calendar month following the date of delivery. This discount shall not apply on sales quoted and sold on a contract basis.

(c) *Delivery additions.* The prices set in this order include all additions or charges for delivery. No deduction need be made where the purchaser elects to make his own delivery. In those cases where the stock millwork is taken from the stock of a retailer's warehouse and loaded on cars for shipment to a purchaser for resale on an installed basis or ultimate consumer in a different area, the prices are f. o. b. cars.

SEC. 5. *Notification.* Each seller subject to this order and making sales covered by this order shall keep for inspection by any purchaser, and make available to such purchaser upon request, a copy of this order together with the price lists and prices established by this order.

SEC. 6. *Invoice.* Each seller subject to this order shall furnish to every buyer within ten (10) days after making a sale of any items covered by this order an invoice containing a sufficiently complete description of the millwork items sold to show whether or not the price is within the maximum permitted. Items covered by the order shall be invoiced by the same description as listed in the attached price list.

SEC. 7. *Record keeping.* Each seller must keep at his place of business available for inspection by representatives of the OPA so long as the Emergency Price Control Act of 1942 is amended or remains in effect, records concerning each sale covered by this order, showing the following:

1. Name and address of purchaser.
2. Place of delivery.
3. Date of transaction.
4. An itemized description of the materials and services invoiced, and the prices charged.
5. If the stock millwork is sold on a firm contract price basis and includes two or more different items, the seller must keep a record describing his calculations of each item sold by reason of such firm contract price.

SEC. 8. *Prohibitions and evasions.* (a) No person shall sell, and no person shall buy in the course of trade or business at prices greater than the maximum prices set forth in the price list attached hereto.

(b) All sales shall be made subject to the allowances and discounts set forth herein. Every seller shall be subject to the notification, invoice and record provisions set forth above. No provision to this order shall supersede any requirement or prohibition set forth in any price regulation except insofar as the requirements of this order are inconsistent with requirements of any other regulation or order issued by the Office of Price Administration. Persons violating any provision of this order are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for suspension of licenses provided for by the Emergency Price Control Act of 1942.

SEC. 9. *Posting.* Every seller making a sale covered by this order shall post a copy of the list of maximum prices fixed by this order.

SEC. 10. *Amendment.* This order may be amended or revoked at any time by the Office of Price Administration.

This order shall become effective March 25, 1946.

Issued March 11, 1946.

J. F. KESSEL,
Regional Administrator.

[Region IV Order G-3 Under RMPR 251]

PLUMBING SERVICES, INSTALLED PLUMBING AND HEATING FIXTURES AND MATERIALS IN MOBILE, ALA.

For the reasons set forth in the accompanying opinion and under the authority conferred upon the Regional Administrator for Region IV of the Office of Price Administration by section 9 of Revised Maximum Price Regulation 251, *It is ordered:*

1. This adopting order establishes dollars-and-cents ceiling prices for plumbing services and installed plumbing and heating fixtures and materials which ceiling prices are set forth in the appendix following section 3.

2. This order covers ceiling prices for plumbing services and installed plumbing and heating fixtures and materials

in Mobile, Alabama and within a twenty-five mile radius as measured from the Mobile County Court House.

3. All the provisions of Order No. G–2 (Basic Order No. 1) for Region IV, under section 9 of Revised Maximum Price Regulation 251, are adopted in this order and are just as much a part of this order as if included herein. If Regional Order No. G–2 (Basic Order No. 1) under section 9 of Revised Maximum Price Regulation 251 is amended in any respect, all the provisions as amended shall likewise, without further action, be a part of this order.

APPENDIX

Maximum prices of plumbing services and sales of installed plumbing fixtures and materials. The maximum amount which may be charged for plumbing and allied services customarily performed in this area by plumbing contractors shall be the "maximum hourly service rates" as provided in sub-paragraph (a) below, plus the maximum prices of the plumbing fixtures and materials as set forth in sub-paragraph (b) and (c) below:

(a) *Maximum hourly service charge.* The maximum hourly charge for plumbing services shall be the straight time hourly rate set forth in Column A or the legal wages paid per hour multiplied by the markup in Column B, whichever is lower, together with applicable overtime:

Types of labor service	Maximum hourly service rates	
	Column A	Column B [1]
	Straight time charges per hour	Markup factor of legal wage rates paid
Master Plumbers	$2.75	$1.66
Journeyman Plumbers	2.75	1.66
Apprentice Plumbers	1.50	1.66
Helpers or Laborers	1.25	1.66

[1] In calculating the hourly service rate per hour in Column B, the resulting figure may be rounded to the nearest 25¢.

In no instance, however, shall the resulting figure be in excess of the amount in Column A.

(b) *Maximum prices of installed plumbing fixtures and materials—Fixtures.* The maximum amount which may be charged for any fixture involved in the process of repairing or installing, as defined in this order shall not exceed the manufacturer's list retail price or the invoice cost of such fixture plus a markup not in excess of 33⅓% on cost, whichever is less.

Materials. The maximum amount which may be charged for materials, as defined in this order, shall not exceed the seller's cost plus a markup not in excess of 33⅓% on cost.

(c) *Maximum prices of sub-contracted work.* The maximum amount which may be charged for any necessary sub-contracted work such as sheet metal work, pipe covering, plastering, painting and electrical work, incidental to the installation or repair of plumbing shall not exceed the actual cost of such sub-contracted work plus a markup not in excess of 20% on cost.

This order may be revised, amended, revoked or modified at any time by the Office of Price Administration.

This order shall become effective April 8, 1946.

Issued March 27, 1946.

ALEXANDER HARRIS,
Regional Administrator.

BITUMINOUS COAL IN SOUTHWESTERN INDIANA AREA

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the Regional Administrator of Region III of the Office of Price Administration, by § 1340.260 of Revised Maximum Price Regulation No. 122, it is ordered:

(a) *What this order does.* This adopting order establishes maximum prices for sales of bituminous coal made by dealers where delivery is made by truck direct from mines in Producing District No. 10 to domestic consumers within the Southwestern Indiana area, hereinafter described. These are the highest prices any dealer may charge when he delivers such fuel at or to a point in such area. They are also the highest prices any buyer in the course of trade or business may pay for them.

(b) *Area covered.* This adopting order covers specified sales of bituminous coal when made in the Southwestern Indiana area described as all of the territory within the following counties of Southwestern Indiana:

Warren, Fountain, Vermillion, Parke, Vigo, Clay, Owen, Sullivan, Greene, Knox, Daviess, Martin, Gibson, Carroll, Posey, Pike, DuBois, Vanderburg, Warrick, Spencer, Perry, Orange, Washington, Crawford, Harrison, Floyd, Clark, Scott, White, Jackson, Lawrence, Monroe, Brown, Bartholomew, Johnson, Morgan, Putnam, Hendricks, Montgomery, Boone, Clinton, Tippecanoe, and Benton.

(c) *Applicability of Basic Order No. G–74.* All the provisions of Order No. G–74 under Revised Maximum Price Regulation No. 122—Basic Order for Area Pricing of Coal in Region III, issued September 19, 1945 by the Cleveland Regional Office, Region III, Office of Price Administration, except as herein modified, are adopted in this order and are as much a part of this order as if printed herein. If said Order No. G–74 is amended in any respect, all the provisions of such order as amended shall likewise, without any other action, be a part of this adopting order. All persons subject to this adopting order are also subject to, and should be familiar with, the provisions of said Order No. G–74.

(d) *Relationship between this order and Special Order No. 1 Under Basic Order No. G–74.* All dealers subject to this adopting Order No. G–76 may add to the maximum prices established herein the increase of maximum prices authorized by Special Order No. 1 under Basic Order No. G–74 on all sales made between the effective date of this Order No. G–76 and April 20, 1946. The special authorization granted by Special Order No. 1 expires on that date, and consequently is not applicable thereafter.

(e) *Maximum prices.* The maximum price hereby established for each sale of bituminous coal to domestic consumers in the Southwestern Indiana area when made by dealers who transport such coal from the mine to the consumer by truck is the sum of (i) the mine cost of the coal and (ii) the margin permitted for such sale. The margins permitted by this order for the sales of coal covered herein have been determined according to the distance that the coal is hauled and are as follows:

Distance of haul (mine to consumer):	*Permitted margin per ton*
8 miles and under	$1.25
Over 8 to and incl. 15 miles	1.50
Over 15 to and incl. 22 miles	1.75
Over 22 to and incl. 30 miles	2.00
Over 30 to and incl. 40 miles	2.25
Over 40 to and incl. 50 miles	2.50
Over 50 to and incl. 60 miles	2.75
Over 60 to and incl. 70 miles	3.00
Over 70 to and incl. 80 miles	3.25
Over 80 to and incl. 90 miles	3.50
Over 90 to and incl. 100 miles	3.75
Over 100 to and incl. 110 miles	4.00

(f) *Additional charges authorized for split loads.* On all sales where a consumer purchases a portion of a full truck load and the dealer finds it necessary to reweigh the load, he may charge the consumer the cost of reweighing and may also add $0.25 per ton to his maximum price on all tonnage in the split load. The dealer in such case is required to furnish the consumer with a weigh slip showing that the load has been reweighed.

(g) *Records.* Paragraph (1) of Basic Order No. G–74 under Revised Maximum Price Regulation No. 122 requires that records of all sales must be kept on file. This provision is modified as it applies to this adopting Order No. G–76 so as to provide that copies of all sales slips be kept in the cab of the dealer's truck or trucks for inspection for a period of sixty days after the date of delivery.

(h) *Posting of maximum prices.* Paragraph (m) of Basic Order No. G–74 under Revised Maximum Price Regulation No. 122 provides that each dealer shall post his maximum prices at his place of business. This provision is modified as it applies to this adopting order so as to require the posting by the dealer in the cab of his truck his mileage chart of permitted margins.

(i) *Sales slips.* Paragraph (n) of Basic Order No. G–74 under Revised Maximum Price Regulation No. 122 requires certain information to be shown on the sales slip given to the purchaser. This requirement is modified as it applies to this adopting order so as to require that, in addition, dealers covered by this adopting order must show:

(1) The name of the mine operator.
(2) The mine index number and location.
(3) The mine price.
(4) The permitted margin.

This order may be modified, amended or revoked at any time by the Office of Price Administration.

This order shall become effective March 22, 1946.

Issued March 8, 1946.

CONCRETE BLOCK IN BROWARD, COLLIER, DADE AND MONROE COUNTIES, FLA.

Order No. G–2 under section 17 of Maximum Price Regulation 592. Maximum prices for sales of concrete block by manufacturers located in Broward, Collier, Dade and Monroe Counties in the State of Florida. Docket No. IV–592–17–2.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region IV of the Office of Price Administration by section 17 of Maximum Price Regulation 592; *It is hereby ordered:*

(a) That on and after April 1, 1946, the maximum prices for certain sizes of Grade A concrete building block (having a compressive strength of 1000 pounds per square inch gross area) and Grade B concrete building block (having a compressive strength of 700 pounds per square inch gross area), all in accordance with American Society for Testing Materials Standard Specifications for Hollow Load-Bearing Concrete Masonry Units C90–44, manufactured within Broward, Collier, Dade and Monroe counties in the State of Florida, after the effective date of this order, shall be as follows:

GRADE A

Size	Maximum prices per block f. o. b. plant	Maximum prices per block delivered by truck
8 x 8 x 16	$0.14	$0.16
8 x 12 x 16	.22	.245
4 x 8 x 16	.0925	.1025
8 x 8 x 16 (corners and jambs)	.14	.16
8 x 12 x 16 (corners)	.22	.245
8 x 8 x 8 (single corners and half jambs)	.0925	.1025
8 x 4 x 16 or 8 x 3 x 16 partition tile	.0925	.1025

GRADE B

8 x 8 x 16	$0.13	$0.15
8 x 12 x 16	.205	.23
4 x 8 x 16	.0875	.0975
8 x 8 x 16 (corners and jambs)	.13	.15

(b) That all invoices covering sales of concrete block under the provisions of, and after the effective date of this order, shall show the date of such sale, the name and address of the purchaser, the quantity sold, the quantity delivered, the grade sold and the price charged, whether sold f. o. b. plant or delivered.

(c) Any manufacturer may apply to the Miami District Office for increased delivery charges to certain points where he can show that actual cost of transportation to such points is greater than the additional charge permitted by this order, and either

(1) That such additional charge will not make his maximum prices for delivered sales higher than the maximum price for delivered sales of other manufacturers in the area to which the additional charge is sought, or

(2) That such points are not supplied at all by local manufacturers, or

(3) That local manufacturers at such points are not able to supply adequately the essential needs of the area.

Such charges shall be subject to approval, disapproval, or revision within 20 days of the date of filing.

The District Director, under this order, is hereby authorized to approve, disapprove or revise the requested delivery charges. In the absence of disapproval or revision within the 20 day period, the requested delivery charges, if properly filed, shall be deemed to have been approved by the District Director of the Miami District Office, subject to later disapproval or revision, not to apply retroactively.

(d) *Sizes not listed in this order.* Any manufacturer producing a size of concrete block not specifically listed in this order must file a schedule showing the proposed price f. o. b. plant and delivered price with the Miami District Office of the Office of Price Administration. Such price shall be subject to approval, disapproval or revision within 20 days of the date of filing.

The District Director, under this order, of the Miami District Office is hereby authorized to approve, disapprove or revise the requested prices for such unlisted sizes. In the absence of disapproval or revision within the 20 day period; the requested price, if properly filed, shall be deemed to have been approved by the District Director of the Miami District Office, subject to later disapproval or revision, not to apply retroactively.

(e) Each concrete block manufacturer within the coverage of this order shall keep posted at a conspicuous place in his place of business a copy of this order and the opinion attached.[1]

(f) *Discounts and other price differentials and services.* All cash, quantity, and other price differentials and services, at least as great as those extended by each manufacturer during March 1942, shall be continued.

(g) Except as otherwise provided herein, all transactions subject to this order shall remain subject to the provisions of Maximum Price Regulation 592, together with all amendments which heretofore have been or hereafter may be issued.

This order may be revoked, corrected or amended by the Office of Price Administration at any time.

This order shall become effective April 1, 1946.

Issued this March 27, 1946.

ALEXANDER HARRIS,
Regional Administrator.

[Region IV Order G–5 Under RMPR 251]

PLUMBING SERVICES, INSTALLED PLUMBING AND HEATING FIXTURES AND MATERIALS IN JACKSON AND HINDS COUNTIES, MISS.

For the reasons set forth in the accompanying opinion and under the authority conferred upon the Regional Administrator for Region IV of the Office of Price Administration by section 9 of Revised Maximum Price Regulation 251, *It is ordered:*

1. This adopting order establishes dollars-and-cents ceiling prices for plumbing services and installed plumbing and heating fixtures and materials which ceiling prices are set forth in the appendix following section 3.

2. This order covers ceiling prices for plumbing services and installed plumbing and heating fixtures and materials in Jackson and Hinds Counties, Mississippi.

3. All the provisions of Order No. G–2 (Basic Order No. 1) for Region IV, under section 9 of Revised Maximum Price Regulation 251, are adopted in this order and are just as much a part of this order as if included herein. If Regional Order No. G–2 (Basic Order No. 1) under section 9 of Revised Maximum Price Regulation 251 is amended in any respect, all the provisions as amended shall likewise, without further action be a part of this order.

APPENDIX

Maximum prices of plumbing services and sales of installed plumbing fixtures and materials. The maximum amount which may be charged for plumbing and allied services customarily performed in this area by plumbing contractors shall be the "Maximum hourly service rates" as provided in subparagraph (a) below, plus "the maximum prices of the plumbing fixtures and materials" as set forth in subparagraph (b) and (c) below:

(a) *Maximum hourly service charge.* The maximum hourly labor charge for plumbing services shall be the straight time hourly rate set forth in Column A or the legal wages paid per hour multiplied by the markup in Column B, whichever is lower, together with any applicable overtime:

Types of labor service	Maximum hourly service rates	
	Column A	Column B[1]
	Straight time charges per hour	Markup factor of legal wage rates paid
Master plumbers	$2.25	$1.42
Journeyman plumbers	2.25	1.42
Apprentice plumbers	1.25	1.42
Helpers or laborers	1.00	1.42
Journeyman-apprentice team	3.25	1.42
Journeyman-helper team	3.00	1.42

[1] In calculating the hourly service rate per hour in Column B, the resulting figure may be rounded to the nearest 25¢.
In no instance, however, shall the resulting figure be in excess of the amount in Column A.

(b) *Maximum prices of installed plumbing fixtures and materials—Fixtures.* The maximum amount which may be charged for any fixture involved in the process of repairing or installing, as defined in this order shall not exceed the manufacturer's list retail price or the invoice cost of such fixture plus a markup not in excess of 33⅓% on cost, whichever is less.

Material. The maximum amount which may be charged for materials, as defined in this order, shall not exceed the sellers cost plus a markup not in excess of 40% on cost.

(c) *Maximum prices of sub-contracted work.* The maximum amount which may be charged for any necessary sub-contracted work such as sheet metal work, pipe covering, plastering, painting and electrical work, incidental to the installation or repair of plumbing, shall not exceed the actual cost of such sub-contracted work plus a markup not in excess of 20% on cost.

This order may be revised, amended, revoked or modified at any time by the Office of Price Administration.

This order shall become effective April 8, 1946.

Issued March 27, 1946.

[Springfield Order G-6 Under Gen. Order 68]

BUILDING MATERIALS IN MORGAN COUNTY, ILL.

For the reasons set forth in an opinion issued simultaneously herewith, and pursuant to the provisions of General Order 68, it is ordered:

SECTION 1. *What this order covers.* This order covers all retail sales made by any seller, except the manufacturer, of commodities specified in Appendix A attached hereto delivered to the purchaser in the Morgan County, Illinois area. The Morgan County area for the purposes of this order consists of the area within the limits of the County of Morgan, Illinois.

SEC. 2. *Definitions*—(a) *Retail sale.* For the purposes of this order, a retail sale means a sale to an ultimate user, or to any contractor, provided that for the purposes of this order, a "retail sale" shall not include any sale to the United States Government or any of its political subdivisions.

(b) *Contractor.* Any person who sells material or equipment, and in connection therewith, assumes responsibility for its incorporation into a building, structure, or construction project at a fixed site, by charging a single price for the commodity installed, by guaranteeing performance and use, or by other objective evidence, shall be considered a contractor.

(c) *Applicators.* Purchases by applicators, as herein defined, of asphalt and tarred roofing products and insulation are excluded from the coverage of this order. Applicators are herein defined as contractors engaged exclusively in the business of applying roofing and/or siding and/or insulation to buildings.

SEC. 3. *Relation to other regulations.* The maximum prices fixed by his order supersede any maximum price or pricing method previously fixed by any other regulation or order covering the commodities specified in Appendix A. Except to the extent they are inconsistent with the provisions of this order, all other provisions of the regulations applicable to the commodities listed in Appendix A prior to the issuance of this order shall continue to apply to sales covered by this order.

SEC. 4. *Maximum price, discounts and delivery practices.* On and after the date of this order, regardless of any contract, agreement or other obligation, no person covered by this order shall sell, offer to sell, or deliver at retail as herein defined, any of the items listed in appendix A attached hereto, at prices higher than the maximum prices set forth in this appendix. All prices are for delivery at the seller's place of business. For other deliveries no charge may be made for deliveries in excess of the charges now legally in effect by such seller for a similar delivery.

SEC. 5. *Posting.* Every seller making sales covered by this order shall post a copy of the list of maximum prices for sales to all classes of purchasers as contained in Appendix A of this order in each of his places of business in the area covered by this order in a manner plainly visible to all purchasers. For the convenience of the seller there are attached to this order two copies of Appendix A containing the items covered with the respective maximum prices applicable. One copy of such list may be detached and used as a poster hereinbefore required to be posted.

SEC. 6. *Sales slips and records.* Every seller covered by this order must provide the purchaser, whether he requests it or not, with a sales slip, invoice, receipt, or other evidence of sale of which an exact and full copy shall be retained by the seller for the duration of the Emergency Price Control Act of 1942, as amended. The sales slip or other evidence of sale shall contain the following information with respect to items subject to this order:

1. Name and address of seller.
2. Date of sale.
3. Name and address of purchaser (necessary only on sales of items totaling $7.50 or more.)
4. Description of the item sold, including quantity, grade, and any other matter insofar as any of those matters may affect the price, in full detail necessary to permit the exact calculation of the applicable maximum price.
5. Charges, if any, for delivery other than delivery at the place of business of the seller, such charge to be separately listed from the price of the item.
6. The total price.

Each such seller shall also keep such records of each sale as he customarily kept.

SEC. 7. On and after the effective date of this order any person covered by this order who sells or offers to sell at a price higher than the ceiling price permitted by this order, or otherwise violates any of the provisions of this order, shall be subject to the criminal penalties, civil enforcement actions, license suspension proceeding and suits for treble damages as provided for by the Emergency Price Control Act of 1942, as amended.

No person subject to this order may evade any of the provisions of the order by any stratagem, scheme, or device. No person subject to this order, may as a condition of selling any particular building material, require a customer to buy anything else. Any such evasion is punishable as a violation of this order.

This order may be modified, amended, or revoked at any time. This order shall become effective April 1, 1946.

Issued this 28th day of March 1946.

CARTER JENKINS,
District Director.

APPENDIX A

PROVISIONS REGARDING DISCOUNTS, ALLOWANCES AND DELIVERY PRACTICES

1. Cash discounts. Sellers shall continue to allow all customary allowances and discounts or other price differentials as required by the regulation applicable to the commodity being sold.

2. For all deliveries made at other than the place of business of the seller, the retail seller shall charge no more than his customary charge per ton mile which was in effect in March 1942.

PLUMBING SERVICES IN SOUTHERN CALIFORNIA AREA

An opinion accompanying this amendment has been issued simultaneously herewith.

Order No. G-5 under Revised Maximum Price Regulation No. 251 is amended in the following respects:

1. The proviso in subparagraph (c) (1) is amended by adding at the end thereof "or the margin stated above, whichever is lower," so that the proviso, as amended, shall read as follows: "*Provided*, That for sellers in business in March 1942, the margin shall not exceed the margin used in the most comparable job in the period January 1, 1939, to March 31, 1942, or the margin stated above, whichever is lower."

2. Paragraph (d) is amended to read as follows:

(d) *Estimates.* When work is performed on a cost-plus job on the basis of an estimate submitted by the seller, the maximum price therefor shall be that provided by paragraph (b) or (c) of this order, whichever is applicable, but shall not exceed the estimated price by more than 15% except to the extent permitted by paragraph (e) relating to extra work.

This amendment to Order No .G-5 shall become effective March 20, 1946.

Issued this 20th day of March 1946.

COMMON BRICK IN SAN FRANCISCO REGION

For the reasons set forth in the accompanying opinion and under the authority vested in the Regional Administrator of the Office of Price Administration by section 17 of Maximum Price Regulation No. 592; *It is hereby ordered:*

(a) The maximum price at which any manufacturer may sell or deliver common brick manufactured by him in Region VIII shall be his maximum price therefor as of December 31, 1945, plus $2.00 per thousand, or his maximum price as determined under any other applicable regulation or order, whichever is the higher.

(b) The adjustment provided by this order shall not apply in the case of any sale of common brick to resellers unless at the time of such sale the manufacturer separately stated on the invoice the amount of the increase in price herein permitted together with substantially the following statement:

The OPA has granted an adjustment in price to the manufacturer of the articles covered by this invoice and the amount of that increase is separately stated herein. Order No. G-5 under MPR 592 authorizes you to increase your maximum prices by a like amount.

(c) *Definitions.* (1) "Region VIII" means the States of Washington, Oregon (except Malheur County), California, Nevada, Arizona (except those portions of Coconino and Mohave Counties lying north of the Colorado River), and the following counties in the State of Idaho: Benewah, Bonner, Boundary, Clearwater, Kootenai, Latah, Lewis, Nez Perce, Shoshone, and Idaho.

(2) "Common brick" means common clay building brick, excluding face brick or roughened brick commonly known in the trade as Rug Face, Scratch Face, Tooled Face, Matt Face, Rough Face, or otherwise.

(d) This order may be revoked, amended, or corrected at any time.

This order shall become effective March 28, 1946.

Issued this 28th day of March 1946.

RELASTING WITH FITTED WOODEN LASTS

When shoes are relasted with fitted wooden lasts in conjunction with a soling service listed in Table I above, such soling service shall be subject to the provisions o Revised Maximum Price Regulation No. 165.

SEC. 2. *Definitions.* (a) The term Los Angeles and San Diego metropolitan areas means that area lying within a radius of thirty-five miles of the Los Angeles City Hall and the cities and towns of El Cajon, La Jolla, La Mesa, National City and San Diego, California.

(b) "Half-sole service" means the attachment of all half-soles regardless of the method used. The term includes all operations, materials and preparatory service for a half-sole job including the following for which no additional charges may be made: replacing and renewing all filler material and friction strips; repairing and replacing only a part of an innersole; repositioning loose covered arch support; reseating or tightening shank pieces; attaching a loose welt by tacking; reattaching an upper pulled loose from a non-welt shoe; patching upper at the sole line, when not in the toe box area; reattaching any loose portion of a sole in the shank area; picking stitches; any bottom finish, invisible shank, reattaching loose heel breasting; resetting old sock lining, treating of leather.

The following shall not be considered part of a half-sole service: repairing or replacing a Goodyear welt, or attaching a pulled loose welt by sewing; inserting a new innersole, repairing a broken shank piece, or inserting a new shank piece, repairing or replacing toe box. These services, when performed in connection with the repair of shoes, shall be priced according to the provisions of RMPR 165.

(c) "Shoe repair services" means the repair of footwear designed for general street or outdoor use, heavy work shoes, and any other types of footwear specified in this area order. The term does not include the special repair services required for occupational footwear, such as cowboys' boots, loggers' shoes, safety shoes, etc., unless specified in this order.

(d) "Group A half-soles" means the Neolite Brand manufactured by the Goodyear Tire and Rubber Company and Panolene Brand manufactured by the Panther Panco Rubber Company.

(e) The definitions of "Fine grade leather" and "Prime grade leather" as used in Supplementary Service Regulation No. 47 shall not apply to the shoe repair services subject to this order.

SEC. 3. *Applicability of other regulations.* Except as provided to the contrary in this order, all of the provisions of Supplementary Service Regulation No. 47 and Revised Maximum Price Regulation No. 165, including the definitions, shall apply to the shoe repair service suppliers subject to this order. Other shoe repair services not listed in this order shall remain subject to the provisions of Revised Maximum Price Regulation No. 165 (Services) and Maximum Price Regulation No. 200 (Rubber Heels and Soles in the Shoe Repair Trade), whichever is applicable.

SEC. 4. *Posting.* Every seller in the Los Angeles and San Diego Metropolitan Areas subject to this area order shall within 30 days after the effective date of this order, post on his premises in such a place and manner as to be plainly visible to the purchasing public, a poster to be supplied by the Office of Price Administration, setting forth the maximum prices established by this order.

SEC. 5. This Area Order No. G-8 shall become effective March 13, 1946 and may be revoked, corrected or amended at any time.

Issued this 13th day of March 1946.

[Region III Order G–16 Under RMPR 251]

INSTALLED ROOFING IN WOOD, WIRT, PLEASANT AND RITCHIE COUNTIES, WEST VA.

An opinion accompanying this order issued simultaneously herewith has been filed with the Division of Federal Register.

In the judgment of the Regional Administrator of Region III of the Office of Price Administration, the maximum prices established by this order are generally fair and equitable, and are necessary to effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328.

Therefore, under the authority vested in the Regional Administrator of Region III of the Office of Price Administration by the Emergency Price Control Act of 1942, as amended, and by section 9 of Revised Maximum Price Regulation No. 251, it is ordered that:

SECTION 1. *What this order does.* This order fixes maximum prices for all sales of roofing when sold installed on residential structures in the area hereinafter described.

The term "roofing" includes composition roofing, such as 12'' (3 in line) asphalt single strip shingles of 210 pounds per square. A square consists of 100 square feet.

The term "roofing" when sold installed means and includes related materials and services of installation of such materials such as nails, felt, hauling and cleaning and paint.

The term "incidental" construction work in connection with "roofing" means any installation of building materials or construction work other than installed roofing described in this order when sold by installers of roofing.

"Installed basis" in connection with "roofing" means a transaction in which the seller furnished roofing materials and related materials and related materials or services required to incorporate such roofing into a building or structure.

The term "residential structure" means any building, structure or part thereof, used entirely or principally for living or dwelling purposes and includes buildings or structures in connection therewith, or adjacent thereto, at the same site, such as garages, barns, milk houses, sheds, granaries and other outbuildings, but does not include hotels.

SEC. 2. *Applicability.* This order shall apply to all sales made in the following counties in the State of West Virginia: Wood, Wirt, Pleasant and Ritchie.

SEC. 3. *Relationship of this order to Revised Maximum Price Regulation No. 251.* (a) The provisions of this order supersede sections 6, 7, and 8 of Revised Maximum Price Regulation No. 251 with respect to sales of roofing when sold installed on residential structures. All other provisions of Revised Maximum Price Regulation No. 251 not inconsistent with this order are applicable to transactions covered by this order.

(b) On and after the effective date of this order, regardless of any contract or other obligation, no person shall contract to sell, offer to sell or deliver roofing sold on an installed basis on residential structures as herein defined, at prices higher than the maximum prices established by this order, *Provided*, That deliveries made not more than thirty days after the effective date of this order on bona fide contracts executed prior to the effective date of this order shall not be considered to be violations of this order.

SEC. 4. (a) *Maximum prices for sales of roofing on an installed basis.* The maximum prices for sales of roofing on an installed basis on residential structures shall be as shown in the following Table 1, and shall be upon a price per square.

TABLE 1

12'' (3 in line) Strip Asphalt Shingles, 210 lbs. per square—$13.00 (per square) including felt, hauling and cleaning, paint and nails. If valleys and/or flashings around chimneys are installed the following extra charges may be made:

1. Valleys of 26 gauge tin, 20 inches wide: $.25 per lineal foot.
2. Chimney flashings: $6.50 for each chimney.

SEC. 5. *Guaranteed prices.* A seller may sell a roofing job covered by this order on the basis of a guaranteed price, but such guaranteed price must not be higher than the maximum price figures in accordance with the pricing methods and requirements of this order.

SEC. 6. *Incidental construction work.* If, on any job, any installed building materials are furnished or any construction services performed by the seller, other than roofing and related materials and services the cost of such work shall not be included in the cost of installed roofing, but shall be separately priced and billed on all invoices. The maximum price of any incidental work shall be determined under the Revised Maximum Price Regulation No. 251, or other applicable regulation or order.

SEC. 7. *Measurements.* It shall be the seller's responsibility to measure with reasonable accuracy the area or footage to be covered. A "measurement with reasonable accuracy" shall be considered to have been made if the price based on such estimate does not vary by more than 3% from the maximum price computed under the terms of this order.

SEC. 8. *Notification.* Every person making sales subject to this order shall, if requested by the purchaser, make available to the purchaser a copy of this order and copy of Revised Maximum Regulation No. 251. Upon completion of any contract for installed roofing and/or incidental construction work, the seller, if requested by the purchaser, must furnish to him an itemized statement showing the number of squares, the maximum price per square of roofing installed, and a separate statement of any incidental construction work other than installed roofing, giving a description of such work and an itemized statement of the prices thereof. The seller shall also include in such statement of the prices thereof. The seller shall also include in such statement the date on which the installation was completed, the names and addresses of the sellers and buyers, job site and terms of sale.

SEC. 9. *Evasion.* Any practice or device which results in a higher price to the purchaser of roofing on an installed basis and incidental construction work than is permitted by this order is a violation, and subjects the seller to all the penalties provided by the Emergency Price Control Act of 1942 as amended.

SEC. 10. *Records.* All sellers of installed roofing and incidental construction work covered by the terms of this order must keep records concerning each sale subject to this order, including the name and address of the purchaser, the location of the job, the date of the transaction, a description of the materials and services involved, the number of squares and price per square of roofing, a separate statement of any incidental construction work, and the total charge for the entire job.

All such records shall be made available for inspection by representatives of the Office of Price Administration so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

SEC. 11. *Revocation or amendment.* This order may be revised, revoked, or modified at any time by the Office of Price Administration.

This order shall become effective March 15, 1946.

Issued: March 1, 1946.

E. C. TURNEY,
Acting Regional Administrator.

(2) Manufacturer's customary terms, discounts, allowances and other price differentials shall be maintained on all its sales affected by this order.

(c) *Resellers' adjusted maximum prices.* (1) Any reseller of products for which adjustment is granted the manufacturer in (b) above may add to his maximum prices in effect immediately prior to December 11, 1945, to each class of purchaser, the actual dollars-and-cents increase in his invoiced costs resulting from the adjustment granted the manufacturer by this order.

(2) Resellers' maximum prices adjusted under this paragraph are subject to each reseller's customary terms, discounts, allowances and other price differentials on sales to each class of purchaser.

(d) *Notification.* The manufacturer, at or prior to the first billing reflecting the adjustment herein granted, shall send to each purchaser who resells products covered by this order a notice specifying the increases granted resellers by this order. Such notice shall substantially contain the following:

Order No. G–17 under section 2 of Supplementary Order No. 142 provides for certain dollars and cents increases in the list prices of bellows manufactured by the Cincinnati Bellow Works, a partnership consisting of Arthur Doepke and William Stoever. Resellers may add to their maximum prices in effect immediately prior to December 11, 1945, the actual dollars and cents amount of increase in their invoiced costs resulting from the adjustment granted to the manufacturer by this order.

(e) *Revocation and amendment.* This order may be revoked or amended at any time by the Office of Price Administration.

This order shall become effective March 28, 1946.

Issued: March, 28, 1946.

JOHN F. KESSEL,
Regional Administrator.

ARKANSAS POWER & LIGHT CO., AND ELECTRIC POWER & LIGHT CORP.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its offices in the City of Philadelphia, Pa., on the 11th day of April A. D. 1946.

Electric Power & Light Corporation ("Electric"), a registered holding company, and its subsidiary, Arkansas Power & Light Company ("Arkansas"), having filed a joint application-declaration pursuant to section 6 (b), 9 (a), 10 and 12 of the Public Utility Holding Company Act of 1935 and Rule U-43, thereunder, regarding the following proposed transaction:

Electric is the owner of all the presently outstanding $12.50 par value common stock of Arkansas. Arkansas proposes to issue and sell, and Electric proposes to acquire, 290,000 additional shares of the common stock of Arkansas, at par, for $3,625,000 cash. 230,000 shares to be sold and acquired immediately and the remaining 60,000 shares to be sold and acquired upon amendment by Arkansas of its agreement of consolidation or merger to provide for an increase in the authorized number of shares of common stock from 1,300,000 to 2,000,000.

Arkansas proposes to use the proceeds of the sale, together with other monies, for the acquisition and construction of new facilities and extension and improvement of its present facilities.

The Arkansas Public Service Commission which has jurisdiction over the proposed issuance and sale of the common stock of Arkansas has approved the transaction.

Said application-declaration having been filed on the 12th day of March 1946, and the notice of said filing having issued on the 21st day of March 1946, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for a hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said application-declaration that the requirements of the applicable provisions of the act and the rules thereunder are satisfied and deeming it appropriate in the public interest and in the interest of investors and consumers that said application be granted and that said declaration be permitted to become effective:

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24, that the said application-declaration be, and the same hereby is, granted and permitted to become effective forthwith.

By the Commission.

MICHIGAN GAS AND ELECTRIC CO., AND MIDDLE WEST CORP.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 11th day of April, A. D., 1946.

Notice is hereby given that a joint application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by The Middle West Corporation (Middle West), a registered holding company, and Michigan Gas and Electric Company (Michigan), a subsidiary of Middle West. All interested persons are referred to said application-declaration, which is on file in the offices of this Commission, for a statement of the transactions therein proposed and which are summarized as follows:

Michigan proposes to: (a) Issue and sell at competitive bidding, $3,500,000 principal amount of its First Mortgage Bonds, Series A, —%, to be dated April 1, 1946 and to mature April 1, 1976, and to use the proceeds, together with cash from its treasury, to redeem $3,500,000 principal amount of its First Mortgage Bonds, Series A, 3¾%, due March 1, 1972;

(b) Issue and deliver to Harris Trust and Savings Bank, Chicago, Illinois, $300,000 principal amount of unsecured notes bearing interest at the rate of 2% per annum, such notes to mature semi-annually over a period of seven years, and to use the proceeds, together with other funds, to redeem $375,000 principal amount of 3½% Serial Debentures now outstanding;

(c) Issue and sell, at competitive bidding, 14,000 shares of its —% Preferred Stock, par value $100 per share, subject, however, to an exchange for its presently outstanding Prior Lien and Preferred Stocks on a share for share basis, pursuant to an exchange offer to be made by Michigan and to be in effect for a period of approximately ten days, with an appropriate adjustment in cash for the difference between the public offering price of the new Preferred Stock and redemption price of the old Preferred Stock. If more than 14,000 shares of old stock are presented for exchange, the number of shares of the old stock so presented will be reduced on a pro rata basis, as nearly as possible to avoid issuing fractional shares, to a maximum of 14,000 shares. Proceeds from the sale of shares not required for exchange purposes, together with treasury funds and funds to be derived from the sale of additional Common Stock as described below, will be used to redeem all shares of old Preferred Stock not exchanged;

(d) Create capital surplus on the books of the company in the amount of $162,500 by the surrender to the company by the holders thereof for cancellation of $162,000 par amount of Common Stock of the company now outstanding;

(e) Issue and sell, at competitive bidding, $400,000 in par amount of Common Stock, par value $10 per share, and to apply the proceeds of such sale, together with other funds from its treasury, to the redemption of a portion of preference stocks now outstanding; and

(f) Amend its articles of incorporation to change and reclassify its authorized capital stock to $100 par value for the Preferred Stock and $10 par value for the Common Stock.

Middle West Corporation proposes to: (a) Surrender to Michigan for cancellation $116,240 par amount of presently outstanding Common Stock of Michigan:

(b) Exchange $572,260 par amount of outstanding Common Stock, $100 par value of Michigan for a like amount of the new $10 par value Common Stock of Michigan; and

(c) Sell, at competitive bidding, the $572,260 par amount of Common Stock, $10 par value, of Michigan received per (b) above.

It appearing to the Commission that it is appropriate in the public interest and in the interests of investors and consumers that a hearing be held with respect to said application-declaration and that said application-declaration shall not be granted or permitted to become effective except pursuant to further order of this Commission;

It is ordered, That a hearing on said application-declaration under the applicable provisions of said act and the rules and regulations thereunder be held on April 25, 1946, at 10:00 a. m. E. S. T., at the offices of this Commission 18th and Locust Streets, Philadelphia, Pennsylvania. On such date the hearing room clerk in Room 318 will advise as to the room in which such hearing shall be held.

It is further ordered, That William V. Swift or any other officer or officers of this Commission designated by it for that purpose shall preside at such hearing. The officer so designated to provide at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That without limiting the scope of the issues otherwise to be considered at said hearing particular attention will be directed to the following matters and questions:

1. Whether the proposed amendments to the articles of incorporation of Michigan contain adequate provisions for the protection of the various classes of stockholders.

2. Whether the proposed issue and sale, exchange or delivery of securities by Michigan is solely for the purpose of financing the business of the company and has been expressly authorized by the State Commission of the State in which the company is organized and doing business.

3. Whether the proposed surrender for cancellation by Middle West of shares of the Common Stock of Michigan meets the applicable provisions of the act and rules and regulations thereunder.

4. Whether the fees, commissions or other remuneration to be paid in connection with the proposed transactions are for necessary services and are reasonable in amount.

5. Whether the accounting entries to be recorded by Michigan and Middle West in connection with the proposed transactions are proper and conform to sound principles of accounting and meet the standards of the act.

6. Whether the public interest or the protection of investors or consumers requires the imposition of terms and conditions with respect to the proposed transactions.

7. Generally, whether the proposed transactions comply with the applicable provisions of the act and the rules, regulations and orders promulgated thereunder.

It is further ordered, That notice of said hearing be, and hereby is, given to Michigan and Middle West, to their respective security holders, to the Michigan Public Service Commission, to the Federal Power Commission, and to all interested persons; said notice to be given to Michigan, Middle West, the Michigan Public Service Commission and the Federal Power Commission by registered mail, and to all other persons by publication of this notice and order in the FEDERAL REGISTER and by general release of this Commission distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935.

It is requested that any person desiring to be heard in this proceeding file with the Commission on or before April 23, 1946 an appropriate request or application to be heard, as provided in Rule XVII of the Commission's Rules of Practice.

By the Commission.

FEDERAL LIGHT & TRACTION CO., AND TUCSON GAS, ELECTRIC LIGHT AND POWER CO.

NOTICE OF FILING, ORDER FOR HEARING, AND ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 11th day of April, A. D. 1946.

Notice is hereby given that applications and declarations (or both) and an amendment thereto have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935, by Federal Light & Traction Company (Federal), a subsidiary of Cities Service Power & Light Company, both registered holding companies, and its subsidiary, The Tucson Gas, Electric Light and Power Company (Tucson);

All interested persons are referred to the aforesaid applications and declarations (or both) and amendment thereto on file in the office of this Commission, for a statement of the transactions therein proposed, which may be summarized as follows:

Federal proposes to sell its entire interest in Tucson, consisting of all of the outstanding stock of said company (147,000 shares of no par value common stock) pursuant to the competitive bidding provisions of Rule U-50. Federal states that it will file a subsequent application with this Commission in which it will propose to apply the net proceeds of the said sale to the retirement of its outstanding securities.

Federal further proposes to purchase and Tucson proposes to sell $160,000 principal amount of demand notes of Tucson Rapid Transit Company, a subsidiary of Federal, presently owned by Tucson, for $160,000 cash.

Federal further proposes to solicit proxies of its stockholders to vote in favor of a sale at competitive bidding or otherwise at its annual meeting of stockholders to be held April 24, 1946. Federal, therefore, has requested that the Commission issue an interim order authorizing the solicitation of proxies in connection therewith.

The filing has designated section 9 (a), 10, 12 (d) and 12 (f) of the act and Rules U-43, U-44 and U-50 as being applicable to the proposed transactions.

Federal requests that any order approving the proposed transactions contain the recitals described in sections 371 (b), 371 (f) and 1308 (f) of the Internal Revenue Code as amended.

It appearing that the filing, pursuant to Rule U-62, contains copies of the proposed letter of solicitation and copies of all other documents proposed to be transmitted with such letter of solicitation; and

It further appearing that the solicitation of proxies of the stockholders as proposed to be conducted does not make it necessary or appropriate in the public interest or for the protection of investors or consumers or to prevent the circumvention of the provisions of the act or the rules and regulations thereunder, that the Commission issue any order with respect thereto other than an order permitting the declaration and amendment thereto as to such solicitation to become effective;

It further appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to other matters set forth in the said applications and declarations (or both) and that the said applications and declarations (or both) shall not be granted or permitted to become effective except pursuant to further order of this Commission.

It is ordered, That a hearing on said applications and declarations (or both) except with respect to the hereinabove mentioned solicitation of proxies of stockholders, under the applicable provisions of said act and the rules of the Commission promulgated thereunder, be held at 11:00 a. m., d. s. t., on the 1st day of May, 1946, at the office of the Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such date the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held. Any person desiring to be heard or otherwise wishing to participate in these proceedings shall file with the Secretary of the Commission on or before April 29, 1946 his request or application therefor as provided for by Rule XVII of the Commission's rules of practice.

It is further ordered, That Allen MacCullen or any other officer or officers of this Commission designated by it for that purpose, shall preside at the hearing on such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That, without limiting the scope of the issues otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the proposed transactions are in furtherance of, and not inconsistent with, the orders of this commission pursuant to section 11 (b) (1) of the act dated August 17, 1943 and March 30, 1944.

2. Whether the proposed sale of the common stock of Tucson meets the requirements of the applicable provisions of the act, particularly section 12 (d) thereof.

3. Whether the terms and conditions of the proposed transaction between Federal and Tucson, including the consideration to be paid and received, are detrimental to the public interest or to the interest of investors or consumers.

4. Whether the accounting entries to be made in connection with the proposed transactions are proper and in accordance with sound accounting principles.

5. Whether the fees, commissions or other remunerations to be paid in connection with the proposed transactions are fair and reasonable.

6. Whether it is necessary or appropriate to impose terms and conditions in the public interest or for the protection of investors or consumers, and, if so, what terms and conditions should be imposed.

7. Generally, whether the proposed transactions comply with all of the provisions and requirements of the act and the rules and regulations promulgated thereunder.

It is further ordered, That notice of said hearing is hereby given to the applicants and declarants and to all other persons, said notice to be given Federal Light & Traction Company, The Tucson Gas, Electric Light and Power Company, The Arizona Corporation Commission, The Arizona Power Authority, The Mayor of the City of Tucson, Arizona, City Attorney for Tucson, Arizona, Town of South Tucson, and Town Attorney for South Tucson, Arizona by registered mail and to all other persons by general release of this Commission, distributed to the press and mailed to the mailing list for releases issued under the act, and by publication of this notice and order in the FEDERAL REGISTER.

It is further ordered, That, without in any manner passing upon the merits of the transactions proposed in the applications and declarations (or both) filed pursuant to sections 9 (a), 10, 12 (d) and 12 (f) of the act, the declaration as amended with respect to solicitation of proxies be, and hereby is, permitted to become effective forthwith.

By the Commission.

CONSOLIDATED NATURAL GAS CO., AND EAST OHIO GAS CO.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 12th day of April 1946.

Notice is hereby given that a joint application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Consolidated Natural Gas Company (Consolidated), a registered holding company, and its subsidiary, The East Ohio Gas Company (East Ohio), a public utility company; and

Notice is further given that any interested person may, not later than April 26, 1946, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, said declaration may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under said act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to the application-declaration, which is on file in the offices of the Commission, for a statement of the transaction therein proposed, which is summarized as follows:

East Ohio proposes to issue and sell during the year 1946 50,000 shares of its common capital stock of a par value of $100 per share, which Consolidated proposes to acquire for a cash consideration of $5,000,000. The proceeds from the sale of the common stock will be used to reimburse, in part, East Ohio's treasury for capital expenditures made for additions to its utility plant during the past five years and those to be made during the year 1946.

By the Commission.

The President

PROCLAMATION 2686

CHILD HEALTH DAY, 1946

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the Congress by joint resolution of May 18, 1928 (45 Stat. 617) has authorized and requested the President of the United States to issue annually a proclamation setting apart May 1 as Child Health Day:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, in recognition that the health of American children, like their education, should be accepted as a definite public responsibility, do hereby designate the first day of May of this year as Child Health Day.

And I call upon the people in each of our communities to pledge themselves today to review their community health and medical care services to see how well these services meet the needs of all our children in the light of the goals of the national health program, and to organize a definite plan to achieve within the coming year at least one improvement in community health services which will contribute to the better health of children.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 13th day of April in the year of our Lord nineteen hundred and forty-six, and of the Independence of the United States of America the one hundred and seventieth.

[SEAL]

HARRY S. TRUMAN

By the President:

JAMES F. BYRNES,
Secretary of State.

PROCLAMATION 2687

NATIONAL MARITIME DAY, 1946

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS improvements in modes of ocean transportation during the last one hundred and fifty years have opened possibilities, new in history, of mutually profitable intercourse and closer relations between peoples; and

WHEREAS a signal event in this technical progress was the first successful ocean passage by a steam-propelled vessel, the *Savannah*, which departed from Savannah, Georgia, May 22, 1819; and

WHEREAS in World War II the seamen of the United States Merchant Marine displayed splendid heroism, under stress and under hazard in the waters of every ocean, in meeting the demands on them in the colossal task of supply which was so essential to our victory; and

WHEREAS in peace no less than in war the Merchant Marine makes a vital contribution to the welfare of the Nation; and

WHEREAS the Congress by a joint resolution approved May 20, 1933 (48 Stat. 73) designated May 22 of each year as National Maritime Day and requested the President to issue annually a proclamation calling upon the people of the United States to observe that day:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby call upon the people of the United States to observe May 22, 1946 as National Maritime Day by displaying the flag at their homes or other suitable places, and I direct that the flag be displayed on all Government buildings on that day.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 13th day of April, in the year of our Lord

PART 25—FORMAL EDUCATION REQUIREMENTS FOR APPOINTMENT TO CERTAIN SCIENTIFIC, TECHNICAL AND PROFESSIONAL POSITIONS

POSITIONS FOR WHICH FORMAL EDUCATION REQUIREMENTS PRESCRIBED

The following position is added to § 25.1 (a) (10 F.R. 7081, 12839, 15031):

§ 25.1 *Positions for which formal education requirements prescribed.* (a) • • •

Land Classification Specialist, Grades P-1 and P-2; Bureau of Reclamation, Department of Interior.

NOTE: The duties of this position in the P-1 grade are similar to those for the position of Soil Scientist (Field Operations) P-1 in the Soil Conservation Service, Department of Agriculture. The statement showing justification for educational requirements for Soil Scientist filed with F.R. Doc. 45-10333 (10 F.R. 7081) is therefore applicable to both grades of the above listed position.

Chapter VIII—Supplies and Equipment

Subchapter C—Termination of Contracts

[Joint Termination Regulation (PR 15)]

MISCELLANEOUS AMENDMENTS

The following amendments and additions to the regulations contained in Parts 841, 844 and 848 are hereby prescribed. These regulations are also contained in Change 47, April 20, 1945 (10 F.R. 5171 [1]) as amended by Change 55, March 30, 1946.

AUTHORITY: Parts 841 to 849, issued under sec. 5a, National Defense Act, as amended, 41 Stat. 764, 54 Stat. 1225, 10 U.S.C. 1193-1195; the First War Powers Act, 1941, 55 Stat. 838; 50 U.S.C. Supp. 601-622; and the Contract Settlement Act of 1944, 58 Stat. 649.

NOTE: In order to conform the Joint Termination Regulation to the numbering system used in the Code of Federal Regulations, the following changes have been made: Sections in the original regulations have been treated

[1] See also 10 F.R. 10449, 13171; 11 F.R. 5, 1728.

as code parts, parts as code subparts, and paragraphs as code sections. Thus Section I becomes Part 841, Section II becomes Part 842, part 1 of any section becomes Subpart A, part 2 becomes Subpart B, etc. Paragraphs in the original regulations become sections, with the number to the right of the decimal point corresponding to the original paragraph number, except that where paragraph numbers also contain a decimal point the point is changed to a dash. The original paragraph numbers appear in brackets following text affected.

For an explanation of the numbering and arrangement of the original regulations see §§ 841.113 to 841.113–5.

PART 841—GENERAL PROVISIONS

SUBPART B—DEFINITIONS OF TERMS

1. Section 841.121–7 is amended to read as follows:

§ 841.121–7 *Industrial Readjustment Branch, OP&M.* The term "Industrial Readjustment Branch, OP&M" means the Office of the Assistant Secretary, Material Division. [JTR 121.7]

2. Section 841.121–10 is amended to read as follows:

§ 841.121–10 *Navy material inspector.* The term "Navy material inspector" means (a) a Supervising Inspector of Naval Material, an Inspector of Naval Material, a Naval Inspector of Ordnance, a Supervisor of Shipbuilding, an Inspector of Machinery, a Bureau of Aeronautics Representative, an Officer in Charge of Construction, or (b) any designated representative of any of the foregoing, or (c) any other officer designated by the chief of a bureau to perform the functions of Navy material inspector under this subchapter. [JTR 121.10]

3. Section 841.121–14 is amended to read as follows:

§ 841.121–14 *Readjustment Division, ASF.* The term "Readjustment Division, ASF" means the Deputy Director (P & P) for Terminations and Surplus Disposals, Headquarters, Army Service Forces, or, with respect to the Army Air Forces, means the Deputy Director, as Special Representative of the Under Secretary of War. [JTR 121.14]

PART 844—CONTRACTOR INVENTORY

SUBPART D—PRICE POLICIES AND CONDITIONS APPLICABLE TO SPECIFIC DISPOSITIONS

1. In § 844.445–4 paragraph (b) (3) is amended to read as follows:

§ 844.445–4 *Retentions and sales by war contractors of unserviceable material on the basis of competitive bidding.* • • •

(b) *Determinations that material is unserviceable.* • • •

(3) The Reconstruction Finance Corporation has set up a system of field consultants who may be called upon for assistance in determining whether contractor inventory is serviceable or unserviceable. The services of such consultants may be obtained by application to the regional offices of the Reconstruction Finance Corporation. War contractors and representatives of the War and Navy Departments should, so far as practicable, confer with and be guided by such consultants. The Reconstruction Finance Corporation, or other appropriate disposal agency, may certify in writing to the contracting officer (in the case of the Navy, the NMR&DA) at any time before the material has been declared surplus, that the material is in its judgment scrap. In addition, the disposal agency may certify in writing to an owning agency that all material of any specified class is in its judgment scrap when such material is part of any war contractor's contractor inventory. In either case, when material is covered by such a certificate, the contracting officer (in the case of the Navy, the NMR&DA) may authorize the contractor to dispose of the material or class of material without further review, in accordance with the provisions of this section. Such certificate takes the place of any scrap determination which might otherwise be required.

2. Section 844.447–6 is revoked, as follows:

§ 844.447–6 *Sales to Aluminum Company of America.* [Revoked]

SUBPART E—DISPOSITION OF TERMINATION INVENTORY ON SETTLEMENT AND DISPOSITION OF SURPLUS CONTRACTOR INVENTORY

Paragraph (a) of § 844.452–4 is amended to read as follows:

§ 844.452–4 *Action after declaring surplus contractor inventory.* (a) The contracting officer (including, in the case of the Navy, the NMR&DA) will not make or approve dispositions of contractor inventory after it has been declared to a disposal agency as surplus, except as provided in paragraph (b) of this section.

PART 848—SPECIAL PROCEDURES AND REPORTS

SUBPART F—GOVERNMENT-OWNED PLANT EQUIPMENT UNDER WAR DEPARTMENT CONTRACTS

1. A paragraph is added at the end of paragraph (c) of § 848.864–2, as follows:

§ 848.864–2 *Sales to war contractors in possession not pursuant to options.* • • •

(c) *Submission of data to the Attorney General.* • • •

The report required by this paragraph will be addressed to the Director, Readjustment Division, ASF. The original copy of the report will be forwarded, without inclosures, through channels to the Director, Readjustment Division, ASF. In ASF, the office preparing the report, and in AAF, Headquarters, ATSC, Wright Field, will forward a copy of the report, with all inclosures, direct to the General Counsel, Reconstruction Finance Corporation, 204 Commonwealth Building, Washington 25, D. C., by letter of transmittal requesting that the case be submitted to the Attorney General for approval.

SUBPART H—REPORTS ON PROPERTY DISPOSITION

1. In § 848.882–3 paragraphs (f) and (i) are amended to read as follows:

§ 848.882–3 *Information required on report form.* • • •

(f) The following information will be entered in the various lines of Part III—Section I. It will be noted that entries are to be made only in columns (B), (C), (E), (F), (H) and (I) of this section. Columns (D), (G) and (J) will not be used.

Line 8. *Total pending end of month.* Enter the number of clearance requests which had not been completed at the end of the month.

• • • • • •

(i) The following information will be entered in the various lines of Part III—Section IV. This section expresses the cost of items not yet removed from pending clearance requests shown on lines 18, 19 and 20.

Line 21. *Total pending end of month.* Do not use.

Line 22. *Pending—over 60 days.* Enter the total of lines 23 and 24.

Lines 23. *Pending—over 60 days—within waiver.* Enter the cost of items not yet removed from clearance requests which had been pending for more than 60 days but within a waiver period.

Line 24. *Pending—over 60 days—beyond waiver.* Enter the cost of items not yet removed from clearance requests which had been pending for more than 60 days and for which no waiver was obtained or which were pending beyond the period covered by a waiver.

2. Section 848.883–1 is amended to read as follows:

§ 848.883–1 *General description.* Plant equipment to be reported on sales reports shall include all War Department-owned plant equipment in privately owned plants and Government-owned plants including emergency plant facilities, excluding only (a) plant equipment in permanent industrial installations of the Army such as arsenals, proving grounds, and similar permanent installations, (b) plant equipment in Army installations used or useful for activities of the Army other than the production of material, munitions, and supplies, (c) plant equipment declared surplus, (d) plant equipment outside the continental limits of the United States, and (e) plant equipment classified as scrap or salvage. Sales of items of Government-owned plant equipment, costing $250 or more, falling in the classes in Exhibit A to Order 2 under Surplus Property Administration Regulation 6 (see Appendix C), shall be reported separately for each such class. In addition, a line entry shall be made for each sale of other Government-owned plant equipment, including Exhibit A items costing less than $350. These sales will be identified as "other sales" and will not be classified by commodity classification. For this class of sale, therefore, fill in only Columns (a), (b), (c), (d), (h), and (i) on the Forms SPB–9 described in § 848.883–2. [JTR 883.1]

3. In § 848.883–3 the paragraph discussing columns (e) and (f) of Block 6 is amended to read as follows:

§ 848.883–3 *Block and column entries.* • • •

BLOCK 6. • • •

Columns (e) and (f) Description and Standard Commodity Classification. Enter a short description, such as one key word or an abbreviation of one or more words, and the code number of the commodity classification as shown in Exhibit A to Order 2 under Surplus Property Administration Regulation 6 (see Appendix C) where the item sold is within these classifications. Sales of other classes of plant equipment are to be reported as "other sales." In these cases, do not enter a Standard Commodity Classification code number, but fill in Columns (a), (b), (c), (d), (h), and (i).

4. Section 848.884–1 is amended to amended to read as follows:

§ 848.884–1 *General description.* Plant equipment to be inventoried shall include War Department-owned plant equipment in privately-owned plants and Government-owned plants including emergency plant facilities, excluding only: (a) Plant equipment in permanent industrial installations such as arsenals, and proving grounds; (b) plant equipment in installations used or useful for activities other than the production of matériel, munitions, and supplies; (c) plant equipment declared surplus; (d) plant equipment outside the continental limits of the United States; and (e) plant equipment classified as scrap or salvage. Only those items of plant equipment will be listed where each item has a cost of $350 or more and which fall within one of the standard commodity classifications shown in Exhibit A to Order 2 under Surplus Property Administration Regulation 6 (see Appendix C). PART 601—DESIGNATION OF AIRWAY TRAFFIC CONTROL AREAS, AIRPORT APPROACH ZONES, AIRPORT TRAFFIC ZONES AND RADIO FIXES

DESIGNATION OF AIRPORT APPROACH ZONES

APRIL 9, 1946.

Acting pursuant to the authority vested in me by section 308 of the Civil Aeronautics Act of 1938, as amended, and Special Regulation No. 197 of the Civil Aeronautics Board, I hereby amend Part 601 of the Regulations of the Administrator of Civil Aeronautics as follows:

1. By striking in § 601.2002 the words: "excluding those portions of the zones lying outside the boundaries of civil airways:" and substituting in lieu thereof the following: "excluding those portions of the zones lying outside of control areas as defined in § 601.1:"

2. By deleting from § 601.2000 the following:

Abilene, Tex.	Abilene Air Terminal.
Austin, Tex.	Robert Mueller Airport.
Brownsville, Tex.	Brownsville Airport.
Lake Charles, La.	Lake Charles A. A. F.
Savannah, Ga.	Hunter Field A. A. F.
Marianna, Fla.	Marianna A. A. F.

3. By deleting § 601.200300 (*Alice, Texas, Airport Approach Zone*).

4. By deleting § 601.200305 (*Corpus Christi, Texas, Airport Approach Zone*).

5. By deleting § 601.200315 (*New Orleans, Louisiana, Airport Approach Zone*).

6. By deleting § 601.200318 (*Oklahoma City, Oklahoma, Airport Approach Zone*).

7. By inserting in § 601.2002 the following:

Abilene, Tex.	Abilene Air Terminal
Alice, Tex.	Alice Airport
Austin, Tex.	Robert Mueller Airport
Corpus Christi, Tex.	Cliff Maus Field
Lake Charles, La.	Lake Charles A. A. F.
Laredo, Tex.	Laredo A. A. F.
New Orleans, La.	New Orleans Airport
Oklahoma City, Okla.	Will Rogers Field
Savannah, Ga.	Hunter Field

8. By striking § 601.200307 (*Dallas, Texas, Airport Approach Zone*). Within a 10 mile radius of Love Field including that portion within the limits of Blue Civil Airway No. 5 extending southward to the Duncanville Fan Marker, and excluding those portions of the zone lying outside of airway traffic control area.

9. By striking § 601.200310 (*Jacksonville, Florida, Airport Approach Zone*), and substituting in lieu thereof the following:

§ 601.200310 (*Jacksonville, Florida, Airport Approach Zone*). Within a 10 mile radius of Jacksonville Airport No. 1 including that portion within four miles north of and five miles south of the center line of the on course signal of the east course of the Jacksonville radio range extending eastward to the Fort George Fan Marker, and excluding those portions of the zone lying outside of airway traffic control area.

10. By striking § 601.200308 (*Fort Worth, Texas, Airport Approach Zone*), and substituting in lieu thereof the following:

§ 601.200308 (*Fort Worth, Texas, Airport Approach Zone*). Within a 10 mile radius of Meacham Field including that portion within the limits of Amber Civil Airway No. 4 extending northward to the Haslett Fan Marker, and excluding those portions of the zone lying outside of airway traffic control area.

11. By adding a new § 601.200338 to read as follows:

§ 601.200338 (*Brownsville, Texas, Airport Approach Zone*). Within a 10 mile radius of Brownsville Airport including that portion within five miles on either side of the center line of the on course signal of the north course of the Brownsville radio range extending northward to the Los Fresnos Fan Marker, and excluding those portions of the zone lying outside of airway traffic control area.

This amendment shall become effective 0001 e. s. t., April 15, 1946.

In order to conform Regulations 111 (26 CFR, Cum. Supp., Part 29) and Regulations 103 (26 CFR, 1940 Supp., Part 19) to sections 141 and 142 of the Revenue Act of 1945 (Public Law 214, 79th Congress), approved November 8, 1945, such regulations are amended as follows:

PARAGRAPH 1. There is inserted immediately preceding § 29.22 (b) (13)-1 the following:

SEC. 141. ADDITIONAL ALLOWANCE FOR MILITARY AND NAVAL PERSONNEL. (Revenue Act of 1945.)

(a) *In general.* Section 22 (b) (13) (relating to the exclusion from gross income for military and naval personnel) is amended to read as follows:

(13) *Additional allowance for military and naval personnel.* (A) In the case of compensation received during any taxable year and before the termination of the present war as proclaimed by the President, for active service as a commissioned officer (or a commissioned warrant officer) in the military or naval forces of the United States during such war, or, in the case of a citizen or resident of the United States, as a member of the military or naval forces of any of the other United Nations during such war, so much of such compensation as does not exceed $1,500.

(B) Compensation received during any taxable year and before the termination of the present war as proclaimed by the President, for active service as a member below the grade of commissioned officer (or commissioned warrant officer) in the military or naval forces of the United States during such war.

(b) *Taxable years to which applicable.* Subparagraph (A) of section 22 (b) (13), as amended by subsection (a) of this section, shall be applicable with respect to taxable years beginning after December 31, 1942; subparagraph (B) thereof shall be applicable with respect to taxable years beginning after December 31, 1940.

(c) *Credits or refunds for 1941 and 1942.* If at any time prior to January 1,1947, the allowance of a credit or refund of an overpayment of the tax for any taxable year beginning after December 31, 1940, and before January 1, 1943, is otherwise prevented by the operation of any law or rule of law (other than section 3761, relating to compromises), a credit or refund of the overpayment of such tax to the extent that the overpayment is attributable to the enactment of this section may, nevertheless, be allowed or made if a claim therefor is filed before January 1, 1947.

PAR. 2. Section 29.22 (b). (13)-1, as amended by Treasury Decision 5305, approved November 12, 1943, is further amended to read as follows:

§ 29.22 (b) (13)-1. *Compensation of members of military and naval forces.* In addition to the exemptions and credits otherwise applicable, section 22 (b) (13) provides that there shall be excluded from gross income:

(a) In the case of compensation received for active service as a member below the grade of commissioned officer (or commissioned warrant officer) in the military or naval forces of the United States, the entire amount of such compensation.

(b) In the case of compensation received in a taxable year beginning after December 31, 1942, for active service (1) as a commissioned officer (or commissioned warrant officer) in the military or naval forces of the United States, or (2) as a member of the military or naval forces of any of the other United Nations, if such member is a citizen or resident of the United States, so much of such compensation as does not exceed $1,500.

The exclusions under section 22 (b) (13) and this section are applicable only to compensation received prior to the termination of the present war to be fixed by proclamation of the President. Such exclusions are applicable without regard to the marital status of the recipient of the compensation, and if a husband and wife both meet the requirements of the statute, then each is entitled to the benefit of an exclusion. For the purposes of this section the military and naval forces of the United States include (but are not necessarily limited to) the Army, the Navy, the Marine Corps, the Coast Guard, the Army Nurse Corps, Female, the Navy Nurse Corps, Female, the Women's Army Auxiliary Corps or the Women's Army Corps, the Women's Reserve branch of the Naval Reserve, the Marine Corps Women's Reserve, and the Coast Guard Reserve, including the Coast Guard Women's Reserve. Personnel serving with the Army Specialist Corps are not within the scope of the exemption. For the purposes of this section the term "member of the military or naval forces of any of the other United Nations" shall mean any individual whose duties in the service of any of the United Nations other than the United States correspond to those of any member of the military or naval forces of the United States as defined in this section.

A person is in active service if he is actually serving in such forces, not necessarily in the field or in the theater of war. Personnel in the inactive reserve or on retirement are not in active service. Periods during which a person is absent from duty on account of sickness, wounds, leave, internment by the enemy, or other lawful cause are periods of active service.

In the case of a husband and wife domiciled in a State recognized for Federal income tax purposes as a community property State, any exclusion from gross income under section 22 (b) (13) operates before apportionment of the gross income of the spouses in accordance with community property laws. For example, a man and his wife are domiciled in such a State and he is entitled to the benefit of the exclusion under section 22 (b) (13) as a commissioned officer of the armed forces. He receives during 1943 compensation for active service in such forces in the amount of $2,000. Of such amount only $500 is taken into account in determining the gross income of both husband and wife.

PAR. 3. There is inserted immediately preceding Subpart H the following:

SEC. 142. DEFERMENT OF CERTAIN TAXES OF VETERANS AND SERVICEMEN. (Revenue Act of 1945, approved November 8, 1945.)

(a) *In general.* Chapter 38 (miscellaneous provisions) is amended by inserting at the end thereof a new section reading as follows:

SEC. 3808. DEFERMENT OF TAX ATTRIBUTABLE TO SERVICE PAY FOR COMMISSIONED SERVICE AND OF TAX ATTRIBUTABLE TO PRE-SERVICE EARNED INCOME.

(a) *Definitions.* As used in this section: (1) *Tax attributable to service pay.* The term "tax attributable to service pay" means:

(A) In the case of a war year for which the taxpayer had no gross income other than compensation for active service as a member of the military or naval forces of the United States, the tax imposed under chapter 1 for such year; or

(B) In the case of a war year for which the taxpayer had gross income in addition to compensation for active service as a member of the military or naval forces of the United States, the excess of the tax imposed under chapter 1 for such year over the tax that would have been imposed if such compensation had been excluded from gross income;

except that in the case of a commissioned officer (or a commissioned warrant officer) of the regular component of the Army, Navy, Marine Corps, or Coast Guard, such term shall not apply to any war year unless, at the time prescribed for the payment of the tax under chapter 1 for such year, a period of time was being disregarded under section 3804.

(2) *War year.*—The term "war year." (A) When used with respect to the tax attributable to service pay means any taxable year beginning after December 31, 1939, and before January 1, 1947;

* * * * *

(4) *First installment date.* The term "first installment date" means May 15, 1946, in the case of taxpayers released from active duty in the military or naval forces of the United States prior to December 1, 1945; and in other cases June 15, 1947, or the fifteenth day of the sixth month which begins after the date of the taxpayer's release from active duty in such forces, whichever is the earlier; except that, if the first installment date with respect to any war year would otherwise occur earlier than the fifteenth day of the third month following the close of such year, the first installment date with respect to such year shall be the fifteenth day of such third month.

(b) *Extension of time for payment.* Upon application with respect to any war year, made prior to the first installment date, and under regulations prescribed by the Commissioner with the approval of the Secretary: (1) the time for payment of an amount of the tax under chapter 1 for such year which is equal to the tax attributable to service pay for such year and which has not been paid before the filing of such application;

* * * * *

shall, in lieu of the time otherwise applicable, be as follows: one-twelfth thereof on the first installment date and an additional twelfth thereof every three months thereafter until such tax is paid.

(c) *Suspension of period of limitation.* The running of the period of limitation provided in section 276 (c) (relating to the collection of the tax after assessment) in respect of any tax the time for the payment of which is prescribed under subsection (b), shall be suspended for the period beginning with the date of the filing of the application under such subsection and ending six months after the date prescribed therein for the payment of the last installment of such tax.

(d) *Estimated tax.* If the taxpayer is eligible for the benefits of subsection (b) with respect to any war year:

(1) For the purposes of the application of section 58 with respect to such year, compensation for active service as a member of the military or naval forces of the United States may be disregarded in determining the gross income reasonably expected for such year, and in determining the estimated tax for such year; and

(2) For the purposes of section 294 (d) the tax for such year shall be determined as if such compensation were excluded from gross income.

This subsection shall not apply with respect to a taxpayer for any war year who at the time prescribed for making the declaration of estimated tax for such year is a commissioned officer (or a commissioned warrant officer) of the regular component of the Army, Navy, Marine Corps, or Coast Guard.

(b) *Refund of interest paid.* Any interest paid prior to the date of the enactment of this Act with respect to tax attributable to service pay for any war year, or with respect to tax attributable to pre-service earned income for any war year, shall be credited or refunded if claim therefor is filed with the Commissioner prior to January 1, 1947.

§ 29.3808-1 *Deferment of certain taxes of members of the military or naval forces.*—(a) *In general.* Section 3808 provides that, in the case of members of the military or naval forces of the United States, that portion of the tax under chapter 1 which is attributable to service pay for a war year, may, in lieu of the time otherwise prescribed by law, be paid in 12 equal quarter-annual installments beginning with the "first installment date". As to what constitutes the "first installment date" for the purposes of section 3808 see § 29.3808-2.

The term "war year" as defined in section 3808 (a) (2) means, in the case of tax attributable to service pay, any taxable year beginning after December 31, 1939, and before January 1, 1947.

For the purposes of section 3808 the military or naval forces of the United States include (but are not necessarily limited to) the Army, the Navy, the Marine Corps, the Coast Guard, the Army Nurse Corps, Female, the Navy Nurse Corps, Female, the Women's Army Auxiliary Corps or the Women's Army Corps, the Women's Reserve branch of the Naval Reserve, the Marine Corps Women's Reserve, and the Coast Guard Reserve, including the Coast Guard Women's Reserves. Such forces do not include the Army Specialist Corps.

Section 3808 is applicable only to the individual who performs service as a member of the military or naval forces of the United States. Hence, it has no application to the spouse of such individual, unless the spouse also performs such service.

Nothing contained in section 3808 of these regulations shall be construed to require payment of the tax for any taxable year before the postponed due date of the tax for such year under section 3804, if such section is applicable, nor before the last day of any period of extension allowed under the provisions of section 513 of the Soldiers' and Sailors' Civil Relief Act of 1940.

(b) *Application for deferred payments.* In order to obtain the privilege of deferred payments under section 3808 with respect to tax for a taxable year, the taxpayer must make written application, prior to the first installment date, to the collector of internal revenue for the district in which the return for such taxable year is filed. No particular form is required but the application should contain a complete statement of the facts necessary to determine the taxpayer's eligibility for the benefits of section 3808, the taxable years and the amounts of tax involved, and the due date of the first payment. The essential facts include:

(1) Rank and organization.

(2) Whether the taxpayer is an officer of the regular component of the Army, Navy, Marine Corps or Coast Guard.

(3) Date of induction or entrance into armed forces.

(4) Date of release from active duty, if so released.

(5) If the taxpayer performed service outside the continental United States or on sea duty, the date on which the taxpayer left the continental United States or commenced to serve on sea duty and the date on which he returned to the continental United States or ceased to serve on sea duty.

(6) If, under the provisions of section 513 of the Soldiers' and Sailors' Civil Relief Act, an extension of time for payment of the tax for a war year has been granted, the date upon which such period of extension expires.

(7) The amount of tax for which deferment is claimed for each taxable year involved.

(c) *Interest.* If deferred payments are authorized under the provisions of section 3808, 1/12 of the tax in respect of which deferment is authorized is payable on the first installment date, 1/12 thereof on the corresponding date of the third month following the first installment date, and 1/12 on the corresponding date of each succeeding third month after the preceding installment date until the full amount of the tax is paid.

No interest shall be charged or paid if the tax is paid upon the prescribed dates. Interest at the rate of 6 percent per annum shall be charged on installments not paid at the time prescribed from the date the installment became due until the installment is paid. If the taxpayer fails to pay an installment of the tax on the prescribed date, such failure shall not accelerate the due date of the remaining installments.

Any interest paid prior to November 8, 1945, on that portion of the tax for any taxable year which could be deferred under the provisions of section 3808 shall be credited or refunded to the taxpayer, if claim therefor is filed prior to January 1, 1947, with the collector of internal revenue as the authorized representative of the Commissioner.

(d) *Suspension of period of limitation.* If deferred payments in respect of the tax for any taxable year are authorized in accordance with the provisions of section 3808, the running of the period of limitations under section 276 (c) on the collection of such tax is suspended for the period beginning with the date of filing of the application under section 3808 (b) and ending six months after the date prescribed for payment of the last installment of such tax.

§ 29.3808–2 *First installment date*—(a) *General rule.* Under the definition contained in section 3808 (2) (4), if neither section 3804 and the regulations thereunder nor section 513 of the Soldiers' and Sailors' Civil Relief Act is applicable, the "first installment date" with respect to tax for a war year is as follows:

(1) *Taxpayers released from active duty prior to December 1, 1945.* In the case of taxpayers released from active duty in the military or naval forces of the United States prior to December 1, 1945, the first installment date with respect to tax for a war year is May 15, 1946, or the 15th day of the third month following the close of such war year, whichever is the later.

(2) *Other taxpayers.* In the case of taxpayers released from active duty in the military or naval forces of the United States on or after December 1, 1945, and in the case of taxpayers who have not been released from such active duty, the first installment date with respect to tax for a war year is (i) June 15, 1947, or (ii) the 15th day of the sixth month which begins after the date of the taxpayer's release from active duty, whichever is the earlier, but in no case shall the first installment date be earlier than the 15th day of the third month following the close of such war year. In the case of taxpayers who make their returns on a calendar year basis the "first installment date", if neither section 3804 and the regulations thereunder nor section 513 of the Soldiers' and Sailors' Civil Relief Act is applicable, is as follows:

CALENDAR YEARS 1940 TO 1945, INCLUSIVE

Released from active duty:	*First installment date*
Before Dec. 1, 1945	May 15, 1946.
On or after Dec. 1, 1945, but not later than Nov. 30, 1946.	15th day of sixth month which begins after date of release.
On or after Dec. 1, 1946	June 15, 1947.

CALENDAR YEAR 1946

Released from active duty:	*First installment date*
Before October 1, 1946	March 15, 1947.
During October 1946	April 15, 1947.
During November 1946	May 15, 1947.
On or after Dec. 1, 1946	June 15, 1947.

(b) *Special provisions.* If, by reason of service on sea duty or outside the continental United States, the due date of the tax for a war year is postponed under the provisions of section 3804 and the regulations thereunder or, if collection of the tax for a war year is deferred under the provisions of section 513 of the Soldiers' and Sailors' Civil Relief Act, the "first installment date" may be later than the date determined under the general rule set forth in § 29.3808–2 (a). In such event the first installment date with respect to tax for such war year shall be whichever of the following is the latest:

(1) The date determined under § 29.3808–2 (a), or

(2) The postponed due date of the tax determined under section 3804 and the regulations thereunder, or

(3) The last day of the period of deferment allowed under section 513 of the Soldiers' and Sailors' Civil Relief Act.

§ 9.3808–3 *Tax attributable to service pay.* The term "tax attributable to service pay" is used in section 3808 to characterize that portion of the tax imposed under chapter 1 for a war year which results from the inclusion in gross income of the compensation for active service as a member of the military or naval forces of the United States. Under the definition contained in section 3808 (a) (1) the term "tax attributable to service pay" for a war year means:

(a) If the taxpayer had no gross income for such war year other than the compensation for active service in such forces, the tax imposed under chapter 1, or

(b) If the taxpayer had gross income for such war year in addition to the compensation for active service in such forces, the excess of the tax imposed under chapter 1 for such year over the tax that would be imposed were such compensation excluded from the gross income.

A member of the military or naval forces of the United States is in active service if he is actually serving in such forces, not necessarily in the field or in the theater of war. Personnel in the inactive reserve or on retirement are not in active service. Periods during which a person is absent from duty on account of sickness, wounds, leave, internment by the enemy, or other lawful cause are periods of active service.

In computing the amount of the "tax attributable to service pay" for a war year the tax imposed under chapter 1 shall be determined without regard to the credit under section 31 for taxes paid to a foreign country or a possession of the United States and without regard to the credits provided in sections 32 and 35 for taxes withheld at the source.

For the purposes of section 3808, the term "tax attributable to service pay" has no application to commissioned officers of the regular component of the Army, Navy, Marine Corps, or Coast Guard for any war year unless, by reason of service on sea duty or outside the continental United States, the due date of the tax for such year is postponed under the provisions of section 3804 and the regulations thereunder. For example, a commissioned officer of the regular component of the Army was assigned to duty in Great Britain in February 1942 and served continuously in the European theater thereafter until he returned to the United States in July 1945. Assuming that the officer makes his returns on the calendar year basis, the regular due dates of the taxes under chapter 1 for the war years 1942 to 1944, inclusive, fall prior to January 15, 1946, which is the 15th day of the sixth month after the date of his return to the United States. Accordingly, under the provisions of section 3804, the due dates of the taxes for the taxable years 1942 to 1944, inclusive, are postponed and the taxpayer is eligible for the benefits of section 3808 with respect to the taxes for such years. However, inasmuch as the regular due date of the tax for the taxable year 1945 is March 15, 1946, and such date is later than January 15, 1946, there is no postponement of the due date of the tax for such taxable year under the provisions of section 3804 and payment of the tax for 1945 may not be deferred under the provisions of section 3808.

The computation of the "tax attributable to service pay" may be illustrated by the following example:

Example. Captain B, a reserve officer in the United States Navy, is a married man and has no dependents. During the calendar years 1942 and 1943 he received compensation for active service on sea duty. His base pay amounts to $1,500 in 1942 and $4,000 in 1943. In addition to his service pay, he received income in the form of dividends which amounts to $6,000 in each of the calendar years 1942 and 1943. His allowable deductions for each year for income tax purposes amount to $400 and he had no Victory tax deductions. His wife had no income or deductions for either year. His tax liability for the calendar year 1943 and the amount of such tax attributable to service pay is computed as follows:

1942

§ 29.3808–4 *Estimated tax for war years.* Section 3808 (d) contains special rules for the application of section 58, relating to declarations of estimated tax, and section 294 (d), relating to penalties in connection with estimated tax, in the case of certain members of the military or naval forces of the United States who are eligible for the benefit of deferred payments under section 3808. Under the rules prescribed, if all or part of the tax under chapter 1 for a war year could be deferred under the provisions of section 3808, the amount of the compensation for active service as a member of the military or naval forces of the United States shall not be taken into account:

(a) In determining the gross income reasonably expected for such year for the purpose of ascertaining whether a declaration of estimated tax is required under the provisions of section 58 (a);

(b) In determining the amount of the estimated tax for such year under the provisions of section 58 (b); and

(c) In determining the amount of the tax for such year for the purposes of section 294 (d), relating to penalties in connection with estimated tax.

If the taxpayer is eligible for the benefits of section 3808 the provisions of section 3808 (d) are applicable even though the taxpayer does not take advantage of the authorized deferment or does not make application therefor.

The provisions of section 3808 (d) and this section have no application to a member of the military or naval forces who at the time prescribed for making the declaration of estimated tax for a taxable year is a commissioned officer (or a commissioned warrant officer) of the regular component of the Army, Navy, Marine Corps, or Coast Guard.

PAR. 4. There is inserted immediately preceding § 19.22 (b) (13)–1 the following:

SEC. 141. ADDITIONAL ALLOWANCE FOR MILITARY AND NAVAL PERSONNEL. (Revenue Act of 1945.)

(a) *In general.* Section 22 (b) (13) (relating to the exclusion from gross income for military and naval personnel) is amended to read as follows:

(13) *Additional allowance for military and naval personnel.*

* * * * * *

(B) Compensation received during any taxable year and before the termination of the present war as proclaimed by the President, for active service as a member below the grade of commissioned officer (or commissioned warrant officer) in the military or naval forces of the United States during such war.

(b) *Taxable years to which applicable.*—* * * subparagraph (B) * * * shall be applicable with respect to taxable years beginning after December 31, 1940.

(c) *Credits or refunds for 1941 and 1942.* If at any time prior to January 1, 1947, the allowance of a credit or refund of an overpayment of the tax for any taxable year beginning after December 31, 1940, and before January 1, 1943, is otherwise prevented by the operation of any law or rule of law (other than section 3761, relating to compromises), a credit or refund of the overpayment of such tax to the extent that the overpayment is attributable to the enactment of this section may, nevertheless, be allowed or made if a claim therefor is filed before January 1, 1947.

PAR. 5. Section 19.22 (b) (13)–1, as amended by Treasury Decision 5297, approved September 20, 1943, is further amended to read as follows:

§ 19.22 (b) (13)–1 *Compensation of members of military and naval forces.* In addition to the exemptions and credits otherwise applicable, there shall be excluded from gross income the entire amount of the compensation received in a taxable year beginning after December 31, 1940, for active service as a member below the grade of commissioned officer (or commissioned warrant officer) of the military or naval forces of the United States.

The exclusion from gross income under section 22 (b) (13) and this section is applicable only to compensation received prior to termination of the present war to be fixed by proclamation of the President. Such exclusion is applicable without regard to the marital status of the recipient of the compensation, and if a husband and wife both meet the requirements of the statute, then each is entitled to the benefit of an exclusion.

For the purposes of this section the military and naval forces of the United States include (but are not necessarily limited to) the Army, the Navy, the Marine Corps, the Coast Guard, the Army Nurse Corps, Female, the Navy Nurse Corps, Female, the Women's Army Auxiliary Corps or the Women's Army Corps, the Women's Reserve branch of the Naval Reserve, the Marine Corps Women's Reserve, and the Coast Guard Reserve, including the Coast Guard Women's Reserve. Personnel serving with the Army Specialist Corps are not within the scope of the exemption.

A person is in active service if he is actually serving in the military or naval forces, not necessarily in the field or in the theater of war. Personnel in the inactive reserve or on retirement are not in active service. Periods during which a person is absent from duty on account of sickness, wounds, leave, internment by the enemy, or other lawful cause are periods of active service.

In the case of a husband and wife domiciled in a State recognized for Federal income tax purposes as a community property State, any exclusion from gross income under section 22 (b) (13) operates before apportionment of the gross income of the spouses in accordance with community property laws.

The amount of any overpayment attributable to the application of section 22 (b) (13) to a taxable year beginning in 1941 shall be refunded or credited if a claim therefor is filed before January 1, 1947. Such refund or credit shall be allowed notwithstanding the operation of any provision of law (other than section 3761, relating to compromises) or rule of law. Such provisions or rules of law include, for example, statutes of limitations and *res judicata*.

PAR. 6. There is inserted immediately after subsection (f) of section 3801 the following:

SEC. 142. DEFERMENT OF CERTAIN TAXES OF VETERANS AND SERVICEMEN. (Revenue Act of 1945).

(a) *In general.* Chapter 38 (miscellaneous provisions) is amended by inserting at the end thereof a new section reading as follows:

SEC. 3808. DEFERMENT OF TAX ATTRIBUTABLE TO SERVICE PAY FOR COMMISSIONED SERVICE AND OF TAX ATTRIBUTABLE TO PRE-SERVICE EARNED INCOME.

(a) *Definitions.* As used in this section:

(1) *Tax attributable to service pay.* The term "tax attributable to service pay" means:

(A) In the case of a war year for which the taxpayer had no gross income other than compensation for active service as a member of the military or naval forces of the United States, the tax imposed under chapter 1 for such year; or

(B) In the case of a war year for which the taxpayer had gross income in addition to compensation for active service as a member of the military or naval forces of the United States, the excess of the tax imposed under chapter 1 for such year over the tax that would have been imposed if such compensation had been excluded from gross income;

except that in the case of a commissioned officer (or a commissioned warrant officer) of the regular component of the Army, Navy, Marine Corps, or Coast Guard, such term shall not apply to any war year unless, at the time prescribed for the payment of the tax under chapter 1 for such year, a period of time was being disregarded under section 3804.

(2) *War year.* The term "war year":

(A) When used with respect to the tax attributable to service pay means any taxable year beginning after December 31, 1939, and before January 1, 1947; and

(B) When used with respect to the tax attributable to pre-service earned income means any taxable year beginning after December 31, 1939, but before January 1, 1942, and before the taxpayer entered upon active service as a member of the military or naval forces of the United States, but does not include any year unless part of the tax imposed by chapter 1 for such year became due and payable after the taxpayer entered upon such active service.

(3) *Tax attributable to pre-service earned income.* The term "tax attributable to pre-sevice earned income" means the excess of the tax imposed by chapter 1 for any war year over the tax that would have been imposed for such year if there had been excluded from the net income for such year the amount of the earned net income (as such term was defined in section 25 (a) (4) as in force with respect to such year, except that in computing such earned net income, compensation for active service in such forces shall be disregarded).

(4) *First installment date.* The term "first installment date" means May 15, 1946, in the case of taxpayers released from active duty in the military or naval forces of the United States prior to December 1, 1945; and in other cases June 15, 1947, or the fifteenth day of the sixth month which begins after the date of the taxpayer's release from active duty in such forces, whichever is the earlier; except that, if the first installment date with respect to any war year would otherwise occur earlier than the fifteenth day of the third month following the close of such year, the first installment date with respect to such year shall be the fifteenth day of such third month.

(b) *Extension of time for payment.* Upon application with respect to any war year, made prior to the first installment date, and under regulations prescribed by the Commissioner with the approval of the Secretary:

(1) The time for payment of an amount of the tax under chapter 1 for such year which is equal to the tax attributable to service pay for such year and which has not been paid before the filing of such application; and

(2) The time for the payment of an amount of the tax under chapter 1 for such year which is equal to the tax attributable to pre-service earned income for such year and which has not been paid before the filing of such application,

shall, in lieu of the time otherwise applicable, be as follows: one-twelfth thereof on the first installment date and an additional twelfth thereof every three months thereafter until such tax is paid.

(c) *Suspension of period of limitation.* The running of the period of limitation provided in section 276 (c) (relating to the collection of the tax after assessment) in respect of any tax the time for the payment of which is prescribed under subsection (b), shall be suspended for the period beginning with the date of the filing of the application under such subsection and ending six months after the date prescribed therein for the payment of the last installment of such tax.

* * * * *

(b) *Refund of interest paid.* Any interest paid prior to the date of the enactment of this Act with respect to tax attributable to service pay for any war year, or with respect to tax attributable to pre-service earned income for any war year, shall be credited or refunded if claim therefor is filed with the Commissioner prior to January 1, 1947.

§ 19.3808–1 *Deferment of certain taxes of members of the military or naval forces.*—(a) *In general.* Section 3808 provides that, in the case of members of the military or naval forces of the United States, that portion of the tax under chapter 1 which is attributable to service pay for a war year or to pre-service earned income for a war year, may, in lieu of the time otherwise prescribed by law, be paid in 12 equal quarter-annual installments beginning with the "first installment date." As to what constitutes the "first installment date" for the purposes of section 3808 see § 19.3808–2.

The term "war year" as defined in section 3808 (a) (2) means, in the case of tax attributable to service pay, any taxable year beginning after December 31, 1939, and before January 1, 1947. In the case of the tax attributable to pre-service earned income, the term means any taxable year beginning after December 31, 1939, but before January 1, 1942, and before the taxpayer entered upon active service as a member of the armed forces of the United States, but does not include any taxable year unless part of the tax imposed by chapter 1 for such taxable year became due and payable after the taxpayer entered upon such active service.

For the purposes of section 3808 the military or naval forces of the United States include (but are not necessarily limited to) the Army, the Navy, the Marine Corps, the Coast Guard, the Army Nurse Corps, Female, the Navy Nurse Corps, Female, the Women's Army Auxiliary Corps or the Women's Army Corps, the Women's Reserve branch of the Naval Reserve, the Marine Corps Women's Reserve, and the Coast Guard Reserve, including the Coast Guard's Women's Reserve. Such forces do not include the Army Specialist Corps.

Section 3808 is applicable only to the individual who performs service as a member of the military or naval forces of the United States. Hence, it has no application to the spouse of such individual, unless the spouse also performs such service.

Nothing contained in section 3808 or these regulations shall be construed to require payment of the tax for any taxable year before the postponed due date of the tax for such year under section 3804, if such section is applicable, nor before the last day of any period of extension allowed under the provisions of section 513 of the Soldiers' and Sailors' Civil Relief Act of 1940.

(b) *Application for deferred payments.* In order to obtain the privilege of deferred payments under section 3808 with respect to tax for a taxable year, the taxpayer must make written application, prior to the first installment date, to the collector of internal revenue for the district in which the return for such taxable year is filed. No particular form is required but the application should contain a complete statement of the facts necessary to determine the taxpayer's eligibility for the benefits of section 3808, the taxable years and the amounts of tax involved, and the due date of the first payment. The essential facts include:

(1) Rank and organization.

(2) Whether the taxpayer is an officer of the regular component of the Army, Navy, Marine Corps or Coast Guard.

(3) Date of induction or entrance into armed forces.

(4) Date of release from active duty, if so released.

(5) If the taxpayer performed service outside the continental United States or on sea duty, the date on which the taxpayer left the continental United States or commenced to serve on sea duty and the date on which he returned to the continental United States or ceased to serve on sea duty.

(6) If, under the provisions of section 513 of the Soldiers' and Sailors' Civil Relief Act, an extension of time for payment of the tax for a war year has been granted, the date upon which such period of extension expires.

(7) The amount of tax for which deferment is claimed for each taxable year involved.

(c) *Interest.* If deferred payments are authorized under the provisions of section 3808, 1/12 of the tax in respect of which deferment is authorized is payable on the first installment date, 1/12 thereof on the corresponding date of the third month following the first installment date, and 1/12 on the corresponding date of each succeeding third month after the preceding installment date until the full amount of the tax is paid.

No interest shall be charged or paid if the tax is paid upon the prescribed dates. Interest at the rate of 6 percent per annum shall be charged on installments not paid at the time prescribed from the date the installment became due until the installment is paid. If the taxpayer fails to pay an installment of the tax on the prescribed date, such failure shall not accelerate the due date of the remaining installments.

Any interest paid prior to November 8, 1945, on that portion of the tax for any taxable year which could be deferred under the provisions of section 3808 shall be credited or refunded to the taxpayer, if claim therefor is filed prior to January 1, 1947, with the collector of internal revnue as the authorized representative of the Commissioner.

(d) *Suspension of period of limitation.* If deferred payments in respect of the tax for any taxable year are authorized in accordance with the provisions of section 3808, the running of the period of limitations under section 276 (c) on the collection of such tax is suspended for the period beginning with the date of filing of the application under section 3808 (b) and ending six months after the date prescribed for payment of the last installment of such tax.

§ 19.3808–2 *First installment date.*—(a) *General rule.* Under the definition contained in section 3808 (a) (4), if neither section 3804 and the regulations thereunder nor section 513 of the Soldiers' and Sailors' Civil Relief Act is applicable, the "first installment date" with respect to tax for a war year is as follows:

(1) *Taxpayers released from active duty prior to December 1, 1945.* In the case of taxpayers released from active duty in the military or naval forces of the United States prior to December 1, 1945, the first installment date with respect to tax for a war year is May 15, 1946, or the 15th day of the third month following the close of such war year, whichever is the later.

(2) *Other taxpayers.* In the case of taxpayers released from active duty in the military or naval forces of the United States on or after December 1, 1945, and in the case of taxpayers who have not been released from such active duty, the first installment date with respect to tax for a war year is (i) June 15, 1947, or (ii) the 15th day of the sixth month which begins after the date of the taxpayer's release from active duty, whichever is the earlier, but in no case shall the first installment date be earlier than the 15th day of the third month following the close of such war year.

In the case of taxpayers who make their returns on a calendar year basis the "first installment date", if neither section 3804 and the regulations thereunder nor section 513 of the Soldiers' and Sailors' Civil Relief Act is applicable, is as follows:

CALENDAR YEARS 1940 AND 1941

Released from active duty:	*First installment date*
Before Dec. 1, 1945	May 15, 1946.
On or after Dec. 1, 1945, but not later than Nov. 30, 1946.	15th day of 6th month which begins after date of release.
On or after Dec. 1, 1946	June 15, 1947.

(b) *Special provisions.* If, by reason of service on sea duty or outside the continental United States, the due date of the tax for a war year is postponed under the provisions of section 3804 and the regulations thereunder or, if collection of the tax for a war year is deferred under the provisions of section 513 of the Soldiers' and Sailors' Civil Relief Act, the "first installment date" may be later than the date determined under the general rule set forth in § 19.3808–2 (a). In such event the first installment date with respect to tax for such war year shall be whichever of the following is the latest:

(1) The date determined under § 19.3808–2 (a), or

(2) The postponed due date of the tax determined under section 3804 and the regulations thereunder, or

(3) The last day of the period of deferment allowed under section 513 of the Soldiers' and Sailors' Civil Relief Act.

§ 19.3808–3 *Tax attributable to service pay.* The term "tax attributable to service pay" is used in section 3808 to characterize that portion of the tax imposed under chapter 1 for a war year which results from the inclusion in gross income of the compensation for active service as a member of the military or naval forces of the United States. Under the definition contained in section 3808 (a) (1) the term "tax attributable to service pay" for a war year means:

(a) If the taxpayer had no gross income for such war year other than the compensation for active service in such forces, the tax imposed under chapter 1, or

(b) If the taxpayer had gross income for such war year in addition to the compensation for active service in such forces, the excess of the tax imposed under chapter 1 for such year over the tax that would be imposed were such compensation excluded from the gross income.

A member of the military or naval forces of the United States is in active service if he is actually serving in such forces, not necessarily in the field or in the theater of war. Personnel in the inactive reserve or on retirement are not in active service. Periods during which a person is absent from duty on account of sickness, wounds, leave, internment by the enemy, or other lawful cause are periods of active service.

In computing the amount of the "tax attributable to service pay" for a war year the tax imposed under chapter 1 shall be determined without regard to the credit under section 31 for taxes paid to a foreign country or a possession of the United States and without regard to the credits provided in section 32 for taxes withheld at the source.

For the purposes of section 3808, the term "tax attributable to service pay" has no application to commissioned officers of the regular component of the Army, Navy, Marine Corps, or Coast Guard for any war year unless, by reason of service on sea duty or outside the continental United States, the due date of the tax for such year is postponed under the provisions of section 3804 and the regulations thereunder. For example, a commissioned officer of the regular component of the Army was assigned to duty in Great Britain in February 1942 and served continuously in the European theater thereafter until he returned to the United States in July 1945. The regular due date of the tax under chapter 1 for the war year 1941 falls prior to January 15, 1946, which is the 15th day of the sixth month after the date of his return to the United States. Accordingly, under the provisions of section 3804, the due date of the tax for the taxable year 1941 is postponed and the taxpayer is eligible for the benefits of section 3808 with respect to the tax for such year.

The computation of the "tax attributable to service pay" may be illustrated by the following example:

Example. B, a reserve officer in the United States Army, is married and has no dependents. He makes his returns on the calendar year basis. He entered upon active duty with the armed forces in 1941 and during such year received compensation for active service in the amount of $2,000. In addition to his service pay he received taxable dividends in the amount of $6,000. His allowable deductions for 1941 amount to $700. His wife had no income or deductions. His tax liability for the calendar year 1941 and the amount of such tax attributable to service pay is computed as follows:

Gross income	$8,000
Less: Allowable deductions	700
Net income	7,300
Less: Personal exemption	1,500
Surtax net income	5,800
Less: Earned income credit (minimum)	300
Income subject to normal tax	5,500
Normal tax at 4 percent	220
Surtax on $5,800	534
Tax liability for 1941	754

Computation of tax for 1941 after excluding compensation for active service in armed forces

Gross income	$8,000
Less: Service pay	2,000
Gross income (exclusive of service pay)	6,000
Less: Allowable deductions	700
Net income	5,300
Less: Personal exemption	1,500
Surtax net income	3,800
Less: Earned income credit (minimum)	300
Income subject to normal tax	3,500
Normal tax at 4 percent	140
Surtax on $3,800	282
Total tax	422

Tax liability for 1941	$754
Tax liability for 1941 if compensation for active service excluded	422
Tax attributable to service pay	332

§ 19.3808–4 *Tax attributable to pre-service earned income.* The deferment provided in section 3808 for members of the military or naval forces of the United States with respect to tax attributable to pre-service earned income is applicable only to a war year as defined in section 3808 (a) (2) (B). See § 19.3808–1.

The term "tax attributable to pre-service earned income" means the excess of the tax imposed under chapter 1 for the taxable year over the tax that would be imposed if there were excluded from the net income for such year the amount of the earned net income. For the purpose of such computation the earned net income shall be determined in accordance with the provisions of section 25 (a) (4) under the law applicable to the taxable year, except that in computing the earned net income under such section compensation for active service in the armed forces shall not be taken into account. As to what constitutes earned net income, see § 19.25–2.

In computing the amount of the tax attributable to pre-service earned income for a war year, the tax imposed under chapter 1 shall be determined without regard to the credit under section 31 for taxes paid to a foreign country or a possession of the United States and without regard to the credit under section 32 for tax withheld at the source.

The application of this section may be illustrated by the following example:

Example. A, a married man with two dependent children, was employed as a sales representative in 1941. He received a salary of $100 a week plus commissions on sales and paid his own traveling expenses. On July 1, 1941, he received a commission as colonel in the Army of the United States and in February 1942 he was transferred to Great Britain. A was returned to the United States in August 1945 and was released from active service in September 1945.

During the calendar year 1941 A was paid a total of $18,000, salary and commissions, for his services as a salesman. During the same period he incurred expenses of $3,700 for traveling, meals and lodging in connection with his employment. His base pay as a colonel in the Army for the latter half of 1941 amounted to $2,000. During the calendar year 1941 he also received dividends of $6,000, income from rents, $2,200, and taxable interest in the amount of $800. He paid $3,800, State and local taxes, $2,300, interest on a mortgage, and made contributions to various charitable organizations in the aggregate amount of $1,650. His income tax liability for the calendar year 1941 is computed as follows:

Gross income:	
Salary and commissions (salesman)	$18,000
Compensation for service in armed forces	2,000
Dividends	6,000
Income from rents	2,200
Interest income	800
Total	29,000
Deductions:	
Taxes (State and local)	3,800
Traveling expenses	3,700
Interest paid	2,300
Contributions	$1,650
Total	11,450
Net income	17,550
Less: Personal exemption	$1,500
Credit for dependents	800 2,300
Surtax net income	15,250
Less: Earned income credit (maximum)	1,400
Normal tax net income	13,850
Normal tax (4 percent of $13,850)	554
Surtax	2,800
Total tax	3,354

On February 1, 1946, A filed his income tax return for the calendar year 1941 and at the same time made application for deferred payments under section 3808 on that part of his tax attributable to service pay and to pre-service earned income. Under the facts stated the calendar year 1941 is a "war year" with respect to the tax attributable to service pay since it began after December 31, 1939, and before January 1, 1947. It is also a "war year" with respect to pre-service earned income since it began after December 31, 1939, and before January 1, 1942, and the entire amount of the tax for such year became due and payable after A entered active service as a member of the armed forces. Since A was discharged prior to December 1, 1945, the "first installment date" is May 15, 1946, unless he is entitled to the benefits of section 3804 and such date is earlier than the postponed due date under the latter section. Since A was outside the continental United States on March 15, 1942, the due date of the tax for 1941, and continuously thereafter until August 1945, the postponed due date under section 3804 is the 15th day of the sixth month following his return to the United States, or February 15, 1946. Hence, the "first installment date" is May 15, 1946, and the application for deferment under section 3808 is timely.

The amount of the tax for 1941 which is attributable to service pay for such year is computed as follows:

Gross income for 1941	$29,000.00
Less: Service pay to be excluded	2,000.00
	$27,000.00
Less: Deductions	11,450.00
Net income	15,550.00
Less: Personal exemption	1,500.00
Credit for dependents	800.00
	2,300.00
Surtax net income	13,250.00
Less: Earned income credit (maximum)	1,400.00
Normal tax net income	11,850.00
Normal tax (4 percent of $11,850)	474.00
Surtax	2,182.50
Total tax	2,656.50
Total tax liability for 1941	3,354.00
Tax after service compensation excluded	2,656.50
Tax attributable to service compensation	697.50

The amount of the tax for 1941 which is attributable to pre-service earned income is computed as follows:

Net income for 1941	$17,550.00
Pre-service earned income:	
Earned income (disregarding service pay)	$18,000.00
Deductions attributable to earned income	3,700.00
Earned net income (before limitation)	14,300.00
Earned net income (after limitation)	14,000.00
Net income after exclusion	3,550.00
Less: Personal exemption	1,500.00
Credit for dependents	800.00
	2,300.00
Surtax net income	1,250.00
Less: Earned income credit (10 percent of earned net income or 10 percent of net income, whichever is smaller, but not less than $300)	300.00
Normal tax net income	950.00
Normal tax at 4 percent	38.00
Surtax	75.00
Total	113.00
Total tax liability	3,354.00
Tax if pre-service earned income excluded	113.00
Tax attributable to pre-service earned income	3,241.00
Tax subject to deferment	
Tax attributable to service compensation	697.00
Tax attributable to pre-service earned income	3,241.00
Total	3,938.50

Since the total tax liability for 1941, $3,354.00, is less than $3,938.50, the deferment applies to the total tax and the first installment of $279.50 (1/12 of $3,354) is due and payable on May 15, 1946.

(Sec. 62 of the Internal Revenue Code (53 Stat. 32; 26 U.S.C. 62) and sections 141 and 142 of the Revenue Act of 1945 (Pub. Law 214, 79th Cong.))

TITLE 32—NATIONAL DEFENSE

Chapter XI—Office of Price Administration

PART 1351—FOOD AND FOOD PRODUCTS

[2d Rev. MPR 319, Amdt. 4]

CERTAIN BAKERY PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Second Revised Maximum Price Regulation 319 is amended in the following respects:

1. The last paragraph of section 10 (a) (5) is amended to read as follows:

The regional administrator for such region or any district director authorized by the appropriate regional administrator shall approve or disapprove such maximum price and, in the event of a disapproval, he shall proceed to determine a reasonable maximum price for such product. Whenever authority pursuant to the provisions of this subparagraph has not been delegated to a District Director, he shall receive the applications provided for herein and shall transmit them to the appropriate regional office for processing.

2. Section 10 (b) (2) is amended to read as follows:

(2) If you sold to any other class of purchaser during the base period or if you sold to ultimate consumers in addition to retailers, wholesalers or route sellers, you must report your maximum prices for sales to each class of purchaser on such form, in duplicate, to the Office of Price Administration at Washington, D. C.

3. The last paragraph of section 13 is amended to read as follows:

Any action that may be taken by the Office of Price Administration under this section may be taken by the Administrator, the regional administrator for the region in which the producing plant is located or by a District Director authorized by the appropriate regional administrator.

4. The last paragraph of section 14 (c) is amended to read as follows:

The regional administrator for such region or any district director authorized by the appropriate regional administrator shall approve or disapprove such maximum price and, in the event of a disapproval, he shall proceed to determine a reasonable maximum price for such product. Whenever authority pursuant to the provisions of this subparagraph has not been delegated to a District Director, he shall receive the applications provided for herein and shall transmit them to the appropriate regional office for processing.

This amendment shall become effective April 15, 1946.

NOTE: The record-keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 15th day of April 1946.

BITUMINOUS COAL DELIVERED FROM MINE OR PREPARATION PLANT

A statement of considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 120 is amended in the following respects:

Section 1340.210 (a) (19) is added to read as follows:

(19) (i) A producer operating an underground mine, loading coal inside the mine by both hand and machine methods but loading less than 25% of its production by mechanical means, may file an application containing the information hereinafter set forth with the Solid Fuels Price Branch of the Office of Price Administration, Washington, D. C., requesting authorization to charge as his maximum price for all coals produced at such mine the maximum prices applicable to hand-loading mines in the producing district in which his mine is located.

(ii) Within fifteen days after filing the application or supplying such additional data as OPA may request, the producer may charge the maximum prices applicable to hand-loaded mines, unless he is advised by the Administrator, by order, that his application has been denied. If in any one month mechanical production exceeds 25% of total production for the month, the maximum price for the next preceding month shall revert to that applicable to machine-loaded mines. The OPA may at any time revoke the authority herein granted.

(iii) Each producer, who has received authorization to charge the maximum prices applicable to hand-loaded mines pursuant to this paragraph, must report to the Solid Fuels Price Branch of the OPA, Washington, D. C., within ten days after the last day of each month, the percentage of hand and machine-loaded coals produced during the preceding month and the number and types of machines employed in loading coal inside the mine.

(iv) Each application filed pursuant to this paragraph must be filed by registered mail and must contain:

(a) Producer's name and address, mine name and mine index number, and the producing district in which the mine is located.

(b) A full description of the loading facilities inside the mine, including the number and types of loading machines employed or to be employed.

(c) The tonnages of coal mined during each of the preceding three months by method of mining, i. e., hand and machine. If loading machines are being employed for the first time, an estimate of the percentage of monthly production to be loaded by mechanical means.

This amendment shall become effective April 22, 1946.

Issued this 16th day of April 1946.

PULPWOOD PRODUCED IN THE STATES OF MAINE, VERMONT, NEW HAMPSHIRE, NEW YORK AND THAT PORTION OF CONNECTICUT AND MASSACHUSETTS WEST OF THE CONNECTICUT RIVER

A statement of considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 361 is amended in the following respects:

1. In section 8 (a), subparagraph (18) is added to read as follows:

(18) "Logging services" includes all services in connection with the transportation and/or production of pulpwood up to the point where the pulpwood is sold to a consumer, as specified in Appendix A (a), subparagraph (4) below. It includes all operations in connection therewith, such as hauling, road and camp construction, felling, bucking, cutting, skidding, yarding, peeling, loading and reloading, trucking, etc. It also covers the transportation of gravel, building materials, machinery and the like when performed solely in connection with a logging operation. It does not include services rendered in connection with pulpwood after the pulpwood is sold to the consumer, as specified in Appendix A (a), subparagraph (4) below; the provisions of Maximum Price Regulation 565 apply to these latter services.

2. In Appendix A (a), subparagraph (4) is added to read as follows:

(4) Notwithstanding the provisions of Revised Maximum Price Regulation 165 or Maximum Price Regulation 565, any person may sell and any person may buy one or more logging services in connection with pulpwood to be sold under the regulation at prices acceptable to both parties: *Provided however*, That at the point where the pulpwood is sold to the consumer, the total of all the prices paid for the individual partial operations which comprise the complete operation plus the stumpage may not exceed the appropriate maximum price established under this regulation.

PULPWOOD CONTRACT LOGGING SERVICES IN DESIGNATED STATES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 565 is amended in the following respects:

1. In section 1, paragraphs (c) and (d) are added to read as follows:

(c) (1) Notwithstanding the previous provisions of this regulation, a person may charge and a consumer may pay, a sum not to exceed the charge made by such person during the period May 1, 1944 to April 30, 1945, inclusive, for the same or similar service of driving, rafting and/or booming.

(2) In the event that a seller did not provide such service during the period specified above, such seller may charge and a consumer may pay for such service no more than the charge which the seller's closest competitor made for rendering the same or similar service during the period mentioned hereinbefore.

(3) In the event that a seller is unable to determine a maximum price for such services under subparagraphs (1) and (2) above, such seller shall submit an application for approval of a maximum price to the Paper & Paper Products Branch of the OPA, Washington, D. C. Such application shall set forth: (i) length of drive or tow; (ii) condition of stream bed and improvements; and (iii) volume of pulpwood to be moved.

Unless the Office of Price Administration or a duly authorized representative thereof shall, by letter order mailed to the applicant within 15 days from the filing of an application, approve, reject, adjust, amend, or extend the time within which to do any of the foregoing, such application shall be deemed to have been approved, subject to nonretroactive written rejection or adjustment at any later time by the Office of Price Administration.

For the purposes of this paragraph (c) "similar service" means the service rendered during the period May 1, 1944, to April 30, 1945, inclusive, which most closely resembles the prospective service to be performed from all of the following aspects: length of drive or tow, condition of stream bed and improvements, and the volume of pulpwood moved.

(d) Any person may sell and any person may buy one or more partial logging services at prices acceptable to both parties: *Provided however*, That at the point where the pulpwood is delivered to the consumer, the total of all the prices paid for the individual partial operations which comprise the complete logging service may not exceed the appropriate maximum price or prices established under this regulation.

2. In section 9, paragraph (c) is amended to read as follows:

(c) Form of application, place and time of filing. All applications for adjustment filed under paragraph (a) (1) and (2) of this section must be filed in duplicate with the Paper and Paper Products Branch of the Office of Price Administration by the consumer and the contractor, jointly, except for the services of driving, booming, rafting and trucking which shall be filed in the above manner by the consumer only. At least 15 days prior to the commencement of any operation, all applications must be filed in the above manner on either OPA Form 08-R957 (complete logging service) or OPA Form 08-R956 (incomplete logging service) to show an estimated cost analysis, and shall be accompanied by copies of proposed contracts between the contractor and consumer except for the services of driving, booming, rafting and trucking. Prior to final settlement of any contract involving an adjustment under this section OPA Form 08-R957 (complete logging service) or OPA Form 08-R956 (incomplete logging service) to show an actual cost analysis, must be filed in the above manner, except for the services of driving, booming, rafting and trucking, in which cases the consumer shall file a statement that the contract has been completed and setting forth the actual price to be paid.

3. In section 10 (a), subparagraph (2) is amended to read as follows:

(2) "Contract Logging Services" covers only services rendered by independent contractors to consumers who own or control the stumpage involved. It does not include transactions where commodities, as distinguished from services, are sold; in that case, Revised Maximum Price Regulation 361 governs the transaction. The term "logging services" includes all services in connection with the transportation and/or production of pulpwood, including all operations in connection therewith, such as hauling, road and camp construction, felling, bucking, cutting, skidding, yarding, peeling, loading and reloading, driving, booming, rafting, trucking, etc. It covers the transportation of gravel, building materials, machinery and the like when performed solely in connection with a logging operation. It also includes driving, booming, rafting and trucking of pulpwood, after title to such pulpwood has been acquired by a consumer under Revised Maximum Price Regulation 361.

Notwithstanding the foregoing, "logging services" does not include the aforementioned services when such services are performed in connection with pulpwood which is later sold under Revised Maximum Price Regulation 361; in that case, the provisions of section 8 (a) (18), and Appendix A (a) (4) of Revised Maximum Price Regulation 361 apply.

PART 1351—FOOD AND FOOD PRODUCTS

[FPR 1,[1] Amdt. 3 to Supp. 15]

CERTAIN FRUIT PRESERVES, JAMS AND JELLIES AND APPLE BUTTER

A statement of the considerations involved in the issuance of this amendment has been issued and filed with the Division of the Federal Register.

Supplement 15 to Food Products Regulation No. 1 is amended in the following respects:

1. The table of contents preceding section 1 of the supplement is amended by adding under Article II a new section immediately following section 6 to read as follows:

6a. Recalculation of processors' maximum prices due to increased sugar costs.

2. A new section is added immediately following section 6 to read as follows:

SEC. 6a. *Recalculation of processors' maximum prices due to increased sugar costs*—(a) *Rule for refiguring maximum prices to reflect increased cost of sugar.* Any processor who prior to February 10, 1946, figured his maximum price for an item under section 4, 5 or 6 of this supplement (or who figured it under section 8 (a) on the basis of a price figured under section 4 or 5) and who on or after that date incurred an increase in the cost of sugar used in the item, shall refigure his maximum price under this section at such time as he has on hand no inventory of any portion of the item processed with sugar purchased or contracted for at or below maximum prices in effect under MPR 60[2] prior to February 10, 1946. However, any processor who between February 10, 1946 and April 16, 1946 figured a maximum price for an item under section 6 based on a direct cost of sugar at maximum prices in effect under MPR 60 on and after February 10, 1946, shall not refigure his maximum price under this section. In addition any processor who figures his maximum price for an item for the first time under section 6 on or after April 16, 1946 based on a direct cost of sugar at maximum prices in effect under MPR 60 on and after February 10, 1946 shall not figure a maximum price under this section.

For sales of the item to purchasers other than government procurement agencies, the processor shall figure his maximum price per dozen containers or other unit, f. o. b. shipping point, as follows. He shall:

(1) *Start with maximum price for sales of the item to purchasers other than government procurement agencies.* The processor shall use as his starting point his maximum price for sales of the item to purchasers other than government procurement agencies as figured under sections 4, 5 or 6 of this supplement (or as figured under section 8 (a) on the basis of a price figured under section 4 or 5).

(2) *Add the increased cost of sugar converted to units of the finished product.* Next, the processor shall add the increased cost of sugar incurred by him on or after February 10, 1946, converted to cents per unit of the finished product for the sugar actually used by him in that portion of the item which is processed from sugar purchased on or after that date but not to exceed one-half cent per pound increase for the sugar so purchased and used.

The resulting figure is the processor's maximum price per dozen containers or other unit, f. o. b. shipping point, for sales of the item to purchasers other than government procurement agencies.

(b) *Reports to be filed under this section:* Before making any sales or deliveries to any purchaser of an item for which he refigures his maximum price under this section, the processor shall file with the Office of Price Administration, Washington, D. C., a report in duplicate and signed by him showing:

(1) A description in detail of the item being priced, including its grade and brand name (if any).

(2) His maximum price for the item as required to be figured under this supplement prior to April 16, 1946 (This will be the maximum price as required to be reported under section 9 or section 6 (e) of this supplement). Processors who have not filed the reports required under section 9 or 6 (e) shall in addition to the information required by this section, file the reports required by those sections.

(3) The actual increased cost per dozen containers or other unit resulting from his increased sugar cost.

(4) His maximum price per dozen containers or other unit, f. o. b. shipping point, for sales to purchasers other than government procurement agencies, after figuring his increased cost of sugar under the provisions of this section.

(5) An inventory showing that he does not have on hand any portion of the item, for which he is refiguring his price under this section, which was processed with sugar purchased or contracted for at maximum prices in effect under MPR 60 prior to February 10, 1946.

3. Section 10 is amended in the following respects:

a. The text of paragraph (a) (1) preceding subdivision (i) is amended to read as follows: "Either on his own motion or upon application in accordance with Revised Procedural Regulation No. 1,[3] the Price Administrator may adjust a processor's maximum price for any item figured under section 4, 5, 6 or 6a of this supplement (or figured under section 8 (a) on the basis of a price figured under section 4 or 5) for sales to purchasers other than government procurement agencies, where it appears that:

b. The text of paragraph (b) (1) preceding subdivision (i) is amended to read as follows: "Either on his own motion or upon application in accordance with Revised Procedural Regulation No. 1, the Price Administrator may adjust a processor's maximum price for sales to government procurement agencies of any item figured under section 4, 5, 6 or 6 (a) (or figured under section 8 (a) on the basis of a price figured under section 4 or 5) after application of the provisions of section 8 (h), when the processor has entered into or proposed to enter a government contract or subcontract thereunder, where it appears that:

This amendment shall become effective April 16, 1946.

NOTE: All record-keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 16th day of April 1946:

JAMES G. ROGERS, Jr.,
Acting Administrator.

Approved: April 9, 1946.

AUTHORITY: §§12.1 to 12.162, inclusive, issued under sec. 4 (i), 48 Stat. 1082; sec. 303 (f), 48 Stat. 1082; 47 U.S.C. 154 (i), 303 (f).

DEFINITIONS

§ 12.1 *Amateur service.* The term "amateur service" means a radio service carried on by amateur stations.

§ 12.2 *Amateur operator.* The term "amateur operator" means a person interested in radio technique solely with a personal aim and without pecuniary interest, holding a valid license issued by the Federal Communications Commission authorizing him to operate licensed amateur stations.

§ 12.3 *Amateur station.* The term "amateur station" means a station used by an amateur operator, and it embraces all radio transmitting apparatus at a particular location used for amateur service and operated under a single instrument of authorization.

§ 12.4 *Amateur portable station.* The term "amateur portable station" means an amateur station that is so constructed that it may conveniently be moved about from place to place for communication, but which is not operated while in motion.

§ 12.5 *Amateur mobile station.* The term "amateur mobile station" means an amateur station that is so constructed that it may conveniently be transferred to or from a mobile unit or from one such unit to another, and is ordinarily used while such mobile unit is in motion.

§ 12.6 *Amateur radio communication.* The term "amateur radio communication" means radio communication between amateur stations solely with a personal aim and without pecuniary interest.

AMATEUR OPERATORS

Licenses; Privileges

§ 12.21 *Eligibility for license.* The following are eligible to apply for amateur operator license and privileges:

Class A—Any citizen of the United States who within five years prior to receipt of his application by the Commission has held, for a period of a year or more, an amateur operator license issued by the Commission.

Class B—Any citizen of the United States.

Class C—Any citizen of the United States whose actual residence, address, and amateur station are more than 125 miles airline distant from the nearest location at which examinations are held at intervals of not more than three months for class B amateur operator license; or who is shown by physician's certificate to be unable to appear for examination because of protracted disability; or who is shown by certificate of the commanding officer to be in the armed forces of the United States at a military, naval or Coast Guard station and, for that reason, to be unable to appear for examination at the time and place designated by the Commission.

§ 12.22 *Application for amateur operator license.* Each application for amateur operator license shall comply with the Commission's Rules and Regulations and shall be made in writing on Form 610 (application for amateur operator and/or station license). The application shall be filed with the district field office of the Commission if personal appearance is required for operator examination. If personal appearance is not required, the application shall be sent instead to the Commission, Washington 25, D. C. All applications for class C operating privileges shall be sent to the Commission, Washington 25, D. C.

§ 12.23 *Classification of operating privileges.* Amateur operating privileges are classified as follows:

Class A—All authorized amateur privileges.

Class B or C—All authorized amateur privileges except the use of type A–3 emission on the frequency bands 3900 to 4000 kc and 14150 to 14250 kc.

§ 12.24 *Scope of operator authority.* Amateur operator licenses are valid only for the operation of licensed amateur stations; and, on a temporary basis, for the operation of experimental stations (except class 2 stations) in the experimental service licensed for operation exclusively on a frequency or frequencies above 450 Mc if such services are performed without compensation, direct or indirect, paid or promised.

§ 12.25 *Availability of operator license.* The original operator license of each operator shall be kept in the personal possession of the operator while operating an amateur station. When operating an amateur station at a fixed location, however, the license may be posted in a conspicuous place in the room occupied by the operator. The license shall be available for inspection by any authorized government official whenever the operator is operating an amateur station and at other times upon request made by an authorized representative of the Commission, except when such license has been filed with application for modification or renewal thereof, or has been mutilated, lost, or destroyed, and application has been made for a duplicate license in accordance with § 12.26. No recognition shall be accorded to any photo-copy of an operator license.

§ 12.26 *Duplicate license.* Any licensee applying for a duplicate license to replace an original which has been lost, mutilated, or destroyed, shall submit with the application the mutilated license or a statement setting forth the facts regarding the manner in which the original license was lost or destroyed. If, subsequent to receipt by the licensee of the duplicate license, the original license is found, either the duplicate or the original license shall be returned immediately to the Commission.

§ 12.27 *Renewal of amateur operator license.* An amateur operator license may be renewed upon proper application showing that within the last six months of the license term the licensee has lawfully operated an amateur station or stations licensed by the Commission, and has thereby communicated by radio telegraphy with at least three other such amateur stations in the United States. The applicant shall qualify for a new license by examination if the requirements of this § 12.27 are not fulfilled. Application for renewal of an amateur operator license shall be filed not more than 120 days prior to date of expiration of such license and not later than the date of expiration.

§ 12.28 *Who may operate an amateur station.* An amateur station may be operated only by a person holding a valid amateur operator license, and then only to the extent provided for by the class of privileges granted under the license. When an amateur station is used for telephony, the station licensee may permit any person to transmit by voice, provided that during such transmission call signals are announced as prescribed by § 12.82 and a duly licensed amateur operator maintains actual control over the emissions, including turning the carrier on and off for each transmission and signing the station off after communication with each station has been completed.

§ 12.29 *License term.* An amateur operator license is valid normally for a period of 5 years from the date of issuance of a new, renewed, or modified license.

§ 12.30 *Order of suspension.* No order of suspension of any operator's license shall take effect until 15 days' notice in writing thereof, stating the cause for the proposed suspension, has been given to the operator licensee who may make written application to the Commission at any time within said 15 days for a hearing upon such order. The notice to the operator licensee shall not be effective until actually received by him, and from that time he shall have 15 days in which to mail the said application. In the event that physical conditions prevent mailing of the application at the expiration of the 15-day period, the application shall then be mailed as soon as possible thereafter, accompanied by a satisfactory explanation of the delay. Upon receipt by the Commission of such application for hearing, said order of suspension shall be held in abeyance until the conclusion of the hearing which shall be conducted under such rules as the Commission shall deem appropriate. Upon the conclusion of said hearing the Commission may affirm, modify, or revoke said order of suspension.

§ 12.31 *Proceedings.* Proceedings for the suspension of an operator's license shall in all cases be initiated by the entry of an order of suspension. Respondent will be given notice thereof together with notice of his right to be heard and to contest the proceeding. The effective date of the suspension will not be specified in the original order but will be fixed by subsequent motion of the Commission in accordance with the conditions specified above. Notice of the effective date of suspension will be given respondent, who shall send his operator license to the office of the Commission in Washington, D. C., on or before the said effective date, or, if the effective date has passed at the time notice is received, the license shall be sent to the Commission forthwith.

Examinations

§ 12.41 *When examination is required.* Examination is required for the issuance of a new amateur operator license, and for a change in class of operating privileges. Credit may be given, however, for certain elements of examination as provided in § 12.64.

§ 12.42 *Elements of examination.* The examination for amateur operator privileges comprises the following:

Element 1—Code test: Ability to send and receive, in plain language, messages in the International Morse Code at a speed of not less than 13 words per minute, free of omission or other error for a continuous period of at least 1 minute, during a test period of 5 minutes, counting 5 characters to the word, each numeral or punctuation mark counting as 2 characters.

Element 2—Amateur radio operation and apparatus, including telephone and telegraph.

Element 3—Provisions of treaties, statutes, and regulations affecting amateurs.

Element 4—Advanced amateur telephony.

§ 12.43 *Elements required for various privileges.* The examination for Class A privileges will include all of the examination elements specified in § 12.42.

The examination for Class B and Class C privileges will include elements 1, 2, and 3 specified in § 12.42.

§ 12.44 *Manner of conducting examination.* The examinations for Class A and Class B privileges will be conducted by an authorized Commission employee or representative at locations and at times specified by the Commission.

Each examination for Class C privileges will be conducted and supervised by not more than two volunteer examiners, whom the Commission may designate or permit the applicant to select; in the event the examiner for the code test is selected by the applicant, such examiner shall be the holder of an amateur operator license with Class A or B operating privileges, or shall have held, within the 5 years prior to the date of the examination, a commercial radiotelegraph operator license issued by the Commission or within that time shall have been employed in the service of the United States as the operator of a manually operated radiotelegraph station. The examiner for the written test shall be at least twenty-one years of age.

§ 12.45 *Additional examination for holders of Class C operating privileges.* The Commission may require a licensee holding Class C operating privileges to appear for a Class B examination at a location designated by the Commission. If the licensee fails to appear for the Class B examination when directed to do so, or fails to pass such examination, the Class C operator license previously issued shall be subject to cancellation and, upon cancellation, a new license will not be issued for the Class C privileges.

Whenever the holder of Class C amateur operating privileges changes his actual residence or station location to a location where he would not have been eligible to apply for Class C privileges in the first instance, or whenever a new examining location is established in an area within which the holder of Class C amateur operating privileges would not have been eligible because of such examining location, to apply for Class C privileges, such holder of Class C privileges shall appear within 4 months thereafter at an examining location and time designated by the Commission and be examined for Class B privileges. If, under such circumstances, the licensee fails to appear for the Class B examination, or fails to pass such examination, the Class C operator license previously issued shall be subject to cancellation and, upon cancellation, a new license will not be issued for the Class C privileges.

§ 12.46 *Examination credit.* An applicant for Class A privileges who holds an amateur operator license authorizing Class B privileges will be required to pass only the examination element No. 4, advanced amateur telephony.

An applicant for Class A privileges will be given credit for examination element 4 if within two years prior to the receipt of his application by the Commission he held Class A privileges.

An applicant for any class of amateur privileges will be given credit for examination element one if within five years prior to the receipt of his application by the Commission he held a radiotelegraph first or second class operator license.

No examination credit for other classes of licenses or privileges shall be allowed.

A holder of an amateur operator license authorizing Class C privileges will not thereby be accorded an abridged examination for either Class B or Class A privileges.

§ 12.47 *Examination procedure.* When taking an examination for amateur operator license, or for additional amateur operating privileges, the applicant shall write in longhand, by means of pen and ink. Diagrams shall be drawn either with pen and ink or with pencil; likewise, code tests shall be written with either pen and ink or with pencil. Applicants unable to comply with these requirements, because of physical disability, may dictate their answers to examination questions, and if unable to draw required diagrams, may dictate a detailed description essentially equivalent. If the examination or any part thereof is dictated, the examiner shall certify the nature of the applicant's disability and the name and address of the person(s) taking and transcribing the applicant's dictation.

§ 12.48 *Grading.* Code tests are graded as "passed" or "failed", separately for sending and receiving tests. Failure to pass the required code test for either sending or receiving will terminate the examination.

Seventy-four per cent is the passing grade for written examinations: For the purpose of grading, elements 2 and 3 (required for Class B and Class C privileges) are considered to be a single examination and element 4 (required, in addition to the other elements, for Class A privileges) is considered to be a separate examination.

§ 12.49 *Eligibility for reexamination.* An applicant who fails examination for amateur operator privileges may not take another examination for such privileges within 30 days, except that this limitation shall not apply to an examination for Class B operating privileges following an examination for Class C privileges.

AMATEUR RADIO STATIONS

Licenses

§ 12.61 *Eligibility for amateur station license.* A license for an amateur station will be issued in response to proper application therefor to a licensed amateur operator who has made a satisfactory showing of control of the transmitting station for which license is desired and of control of the specific premises upon which all of the station apparatus is to be located, at a designated fixed location. An amateur station license may be issued to an individual, not a licensed amateur operator (other than an alien or a representative of an alien or of a foreign government), who is in charge of a proposed amateur station located in approved public quarters and established for training purposes in connection with the armed forces of the United States, but not operated by the United States Government.

§ 12.62 *Eligibility of corporations or organizations to hold license.* An amateur station license will not be issued to a school, company, corporation, association, or other organization, nor for their use except that in the case of a bona fide amateur radio organization or society a station license may be issued to a licensed amateur operator as trustee for such society.

§ 12.63 *Application for amateur station license.* (a) Each application for an amateur station license shall comply with the Commission's Rules and Regulations and shall be made in writing, subscribed and verified on Form 602 (application for amateur operator and/or station license). Form 602 should be used where the applicant is in charge of a proposed amateur station located in approved public quarters and established for training purposes in connection with the armed forces of the United States, but not operated by the United States Government.

(b) One application and all papers incorporated therein and made a part thereof shall be submitted for each amateur station license and shall be filed with the district field office of the Commission if personal appearance is required for operator examination in connection with the application for station license. If personal appearance is not required, the station application shall be sent to the Commission, Washington 25, D. C.

§ 12.64 *Location of station.* Only one fixed location will be authorized and designated in the license for each amateur station. Unless remote control of the transmitting apparatus is authorized, such apparatus shall be operated by a duly licensed amateur operator present at the location of such apparatus.

The granting of authority to operate by remote control is contingent upon the filing of a proper application, supported by (1) a showing of the applicant's control of the control point, (2) a description of the means which will be employed to control emission, (3) a description of the equipment and method for monitoring the emissions and (4) a statement of the precautions which will be taken to prevent access by unauthorized persons to the premises on which the controlled transmitting apparatus is located.

§ 12.65 *License period.* The license for an amateur station is valid normally for a period of 5 years from the date of issuance of a new, renewed, or modified license.

§ 12.66 *Authorized apparatus.* An amateur station license authorizes the use under control of the licensee of all transmitting apparatus at the fixed location specified in the station license which is operated on any frequency or frequencies allocated to the amateur service, and in addition authorizes the use, under control of the licensee, of portable and mobile transmitting apparatus operated at other locations.

§ 12.67 *Renewal of amateur station license.* An amateur station license may be renewed upon proper application filed not more than 120 days prior to date of expiration of such license and not later than the date of expiration.

§ 12.68 *Availability of station license.* The original license of each amateur station or a photo-copy thereof shall be posted in a conspicuous place in the room occupied by the licensed operator while the station is being operated at a fixed location or shall be kept in his personal possession. When the station is operated at other than a fixed location, the original station license or a photo-copy thereof shall be kept in the personal possession of the station licensee (or a licensed representative) who shall be present at the station while it is being operated as a portable or mobile station. The original station license shall be available for inspection by any authorized government official at all times while the station is being operated and at other times upon request made by an authorized representative of the Commission, except when such license has been filed with application for modification or renewal thereof, or has been mutilated, lost, or destroyed, and application has been made for a duplicate license in accordance with § 12.26.

§ 12.69 *Revocation of station license.* Whenever the Commission shall institute a revocation proceeding against the holder of any radio station license under § 312 (a), it shall initiate said proceeding by serving upon said licensee an order of revocation effective not less than 15 days after written notice thereof is given the licensee. The order of revocation shall contain a statement of the grounds and reasons for such proposed revocation and a notice of the licensee's right to be heard by filing with the Commission a written request for hearing within 15 days after receipt of said order. Upon filing of such written request for hearing by said licensee the order of revocation shall stand suspended and the Commission will set a time and place for hearing and shall give the licensee and other interested parties notice thereof. If no request for hearing on any order of revocation is made by the licensee against whom such an order is directed within the time hereinabove set forth, the order of revocation shall become final and effective, without further action of the Commission. When any order of revocation has become final, the person whose license has been revoked shall forthwith deliver the station license in question to the inspector in charge of the district in which the licensee resides.

§ 12.70 *Modification of station license.* (a) Whenever the Commission shall determine that public interest, convenience, and necessity would be served, or any treaty ratified by the United States will be more fully complied with, by the modification of any radio station license either for a limited time, or for the duration of the term thereof, it shall issue an order for such licensee to show cause why such license should not be modified.

(b) Such order to show cause shall contain a statement of the grounds and reasons for such proposed modification, and shall specify wherein the said license is required to be modified. It shall require the licensee against whom it is directed, to be and appear at a place and

time therein named, in no event to be less than 30 days from the date of receipt of the order to show cause why the proposed modification should not be made and the order of modification issued.

(c) If the licensee against whom the order to show cause is directed does not appear at the time and place provided in said order, a final order of modification shall issue forthwith.

Call Signals

§ 12.81 *Assignment of call signal.* (a) The calls of amateur stations will be assigned systematically by the Commission with the following exceptions:

(1) A specific unassigned call may be reassigned to the most recent holder thereof;

(2) A specific unassigned call may be assigned to a previous holder if not under license during the past five years;

(3) A specific unassigned call may be assigned to an amateur organization in memoriam to a deceased member and former holder thereof;

(4) A specific call may be temporarily assigned to a station connected with an event, or events, of general public interest.

(b) An amateur call will consist of a sequence of 1 or 2 letters, a numeral designating the call area, and 2 or 3 letters. The call areas are as follows:

No.
1. Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut.
2. New York, New Jersey.
3. Pennsylvania, Delaware, Maryland, District of Columbia.
4. Virginia, North and South Carolina, Georgia, Florida, Alabama, Tennessee, Kentucky, Puerto Rico and Virgin Islands.
5. Mississippi, Louisiana, Arkansas, Oklahoma, Texas, New Mexico.
6. California, Hawaii and Pacific possessions except those included in area 7.
7. Oregon, Washington, Idaho, Montana, Wyoming, Arizona, Nevada, Utah, Alaska and adjacent islands.
8. Michigan Ohio, West Virginia.
9. Wisconsin, Illinois, Indiana.
0 (or zero). Colorado, Nebraska, North and South Dakota, Kansas, Minnesota, Iowa, Missouri.

§ 12.82 *Transmissions of call signals.* (a) An operator of an amateur station shall transmit the call of the station called or being worked and the call assigned the station which he is operating at the beginning and end of each transmission and at least once every 10 minutes during every transmission of more than 10 minutes' duration. In the case of stations conducting an exchange of several transmissions in sequence, with each transmission less than 3 minutes' duration, the call of the communicating stations need be transmitted only once every 10 minutes of operation as well as at the beginning and at the termination of the correspondence.

(b) In addition to complying with the requirements of paragraph (a) of this section, an operator of an amateur station operated as a portable or mobile station using radiotelegraphy shall transmit immediately after the call of such station, the fraction-bar character (DN) followed by the number of the amateur call area in which the portable or mobile amateur station is then being operated, as for example:

Example 1. Portable or mobile amateur station operating in the third amateur call area calls a fixed amateur station: W1ABC W1ABC DE W2DEF DN 3 W2DEF DN 3 W2DEF DN 3 AR.

Example 2. Fixed amateur station answers the portable or mobile amateur station: W2DEF W2DEF W2DEF DE W1ABC K.

Example 3. Portable or mobile amateur station calls a portable or mobile amateur station: W3GHI W3GHI W3GHI DE W4JKL DN 4 W4JKL DN 4 W4JKL DN 4 AR.

When telephony is used, the call of the station shall be preceded by the words "this is" or the word "from" instead of the letters "de", followed by an announcement of the geographical location in which the portable or mobile station is being operated.

Example 4. Portable or mobile amateur radiotelephone station operating in the third call area calls a fixed amateur station: W1ABC W1ABC W1ABC "this is" or the word "from" W2DEF W2DEF W2DEF operating portable (or mobile) three miles north of Bethesda, Maryland, over.

(c) When telephony is used, the transmission of call prescribed by paragraphs (a) and (b) of this section may be made by the person transmitting by voice in lieu of a duly licensed operator provided the licensed operator maintains the control required by § 12.28.

(d) When using telephony, phonetic aids to identify the call of the station may be employed. To avoid confusion, however, the names of countries, states, or cities shall not be used for this purpose.

Portable and Mobile Stations

§ 12.91 *Requirements for portable and mobile operation.* An amateur station may be operated as a portable station on any authorized amateur frequency and as a mobile station on any authorized amateur frequency above 25 Mc.

§ 12.92 *Special provisions for portable stations.* Prior to operating, an amateur station as a portable station, the licensee shall give written notice to the inspector in charge of the district in which the portable operation is intended. This notice shall state the station call, the name of the licensee, the date or dates of proposed operation, and the contemplated portable station location as specifically as possible. An amateur station operated under the provisions of this section shall not be operated during any period exceeding 1 month without giving additional notice to the inspector in charge of the radio inspection district in which the station is intended to be further operated, nor for more than 4 consecutive periods of 1 month each at the same location. This section does not apply to operation on frequencies above 25 Mc.

§ 12.93 *Special provisions for nonportable stations.* The specific provisions of these rules relative to portable stations are not applicable to a nonportable station except that:

(a) An amateur station that has been moved from one permanent location to another permanent location may be operated at the latter location, in accordance with the provisions governing portable stations (including notice to the inspector in charge of the district in which the station is located) for a period not exceeding 4 consecutive months, but in no event beyond the expiration date of the license, provided a formal application for modification of license to change the permanent location has been filed with the Commission.

(b) The licensee of an amateur station who changes residence temporarily and moves his amateur station to a temporary location associated with his temporary residence, or the licensee-trustee for an amateur radio society which changes the normal location of its amateur station to a different and temporary location may use the station at the temporary location if the station is to remain there for a period of not more than 4 months and the following requirements are met:

(1) Advance notice in writing shall be given by the amateur station licensee or licensee-trustee to the Commission in Washington, D. C., and to the inspector in charge of the district in which the station is to be temporarily operated.

(2) Similar notice shall be given for each change in station location and for transfer of the station to the former permanent location, or to a new permanent location before the transmitting apparatus is operated.

(c) When the station is operated under the provisions of this section the calling procedure specified in § 12.82 shall be used, including transmissions of the fractional bar character when telegraphy is used followed by the number of the amateur call area in which the station is being operated. When telephony is used, an announcement shall be made of the geographical location in which the station is being operated.

Use of Amateur Stations

§ 12.101 *Points of communications.* An amateur station may be used to communicate only with other amateur stations, except that in emergencies or for test purposes it may also be used temporarily for communication with other classes of stations licensed by the Commission, and with United States Government stations. Amateur stations may also be used to communicate with any radio station other than amateur which is authorized by the Commission to communicate with amateur stations. Amateur stations may be used also for transmitting signals, or communications, or energy, to receiving apparatus for the measurement of emissions, temporary observation of transmission phenomena, radio control of remote objects, and for similar experimental purposes.

§ 12.102 *No remuneration for use of station.* An amateur station shall not be used to transmit or receive messages for hire, nor for communication for material compensation, direct or indirect, paid or promised.

§ 12.103 *Broadcasting prohibited.* An amateur station shall not be used for broadcasting any form of entertainment, nor for the simultaneous retransmission by automatic means of programs or signals emanating from any class of station other than amateur.

§ 12.104 *Radiotelephone tests.* The transmission of music by an amateur station is forbidden. However, single audio-frequency tones may be transmitted for test purposes of short duration for the development and perfection of amateur radiotelephone equipment.

Allocation of Frequencies

§ 12.111 *Frequencies for use of amateur stations.* (a) The following bands of frequencies[1] are allocated for use by amateur stations:

(1) *Below 25 Mc:*

1750 to 2050 kc.
3500 to 4000 kc.
7000 to 7300 kc.
14000 to 14400 kc.

(2) *Above 25 Mc:*

28 to 29.7 Mc.
50 to 54 Mc.
144 to 148 Mc.
1215 to 1295 Mc.
2300 to 2450 Mc.
5250 to 5650 Mc.
10000 to 10500 Mc.
21000 to 22000 Mc.

(b) The band of frequencies 420 to 450 Mc is allocated for use by amateur stations (and temporarily by other services for special air navigational aids) subject to the limitation of 50 watts peak antenna power.

(c) The band of frequencies 235 to 240 Mc is allocated for use by amateur stations until January 1, 1949; the frequency band 220 to 225 Mc is allocated for use by amateur stations beginning January 1, 1949.

(d) Amateur stations may be operated with types A–0, A–1, A–2, A–3, A–4 and special emission for frequency modulation on the frequency band 27.185–27.455 Mc (allocated for operation of scientific, industrial and medical apparatus).

§ 12.112 *Use of frequencies above 30000 Mc.* Licensed amateur stations may be operated, subject to further order of the Commission, with any type of emission authorized for amateur stations, on any frequency or frequencies above 30000 Mc.

§ 12.113 *Individual frequency not specified.* Transmissions by an amateur station may be on any frequency within any authorized amateur band. Sideband frequencies resulting from keying or modulating a carrier wave shall be confined within the authorized amateur band.

§ 12.114 *Types of emission.* All bands of frequencies allocated to the amateur service may be used for the transmission of type A–1 emission, and for type A–0 emission for short periods of time when required for authorized remote control purposes or for experimental purposes.

§ 12.115 *Frequency bands for additional types of emission using amplitude modulation.* The following additional types of emissions using amplitude modulation may be used on the following bands of frequencies:

28.1 to 29.7 Mc A–3.
50 to 54 Mc A–2, A–3, A–4.
144 to 148 Mc A–2, A–3, A–4.
235 to 240 Mc A–2, A–3, A–4.
420 to 450 Mc A–2, A–3, A–4, A–5.
1215 to 1295 Mc A–2, A–3, A–4, A–5.
2300 to 2450 Mc A–2, A–3, A–4, A–5.
5250 to 5650 Mc A–2, A–3, A–4, A–5.
10000 to 10500 Mc A–2, A–3, A–4, A–5.
21000 to 22000 Mc A–2, A–3, A–4, A–5.

Any type of emission may be used by amateur stations on amateur frequency bands above 1215 Mc.

§ 12.116 *Additional bands for radiotelephony.* Amateur stations may be used for radiotelephony with amplitude modulation (type A–3 emission) in the frequency bands 3900 to 4000 kc and 14150 to 14250 kc provided the station is licensed to a person who holds an amateur operator license endorsed for Class A operating privileges, and actual operation and control of the station is maintained by an operator holding Class A privileges.

§ 12.117 *Frequency modulation.* The following bands of frequencies may be used by amateur stations for frequency-modulated radiotelephone transmissions and for radiotelegraph transmissions employing carrier shift or other frequency modulation techniques:

29 to 29.7 Mc.	1215 to 1295 Mc.
52.5 to 54 Mc.	2300 to 2450 Mc.
144 to 148 Mc.	5250 to 5650 Mc.
235 to 240 Mc.	10000 to 10500 Mc.
420 to 450 Mc.	21000 to 22000 Mc.

Equipment and Operation

§ 12.131 *Maximum authorized power.* Except on frequencies within the band 420–450 Mc (where peak antenna power shall not exceed 50 watts), each amateur transmitter may be operated with a power input not exceeding 1 kilowatt to the plate circuit of the final amplifier stage of an amplifier-oscillator transmitter or to the plate circuit of an oscillator transmitter. An amateur transmitter operating with a power input exceeding 900 watts to the plate circuit shall provide means for accurately measuring the plate power input to the vacuum tube or tubes supplying power to the antenna.

§ 12.132 *Power supply to transmitter.* The licensee of an amateur station using frequencies below 144 Mc shall use adequately filtered direct-current plate power supply for the transmitting equipment to minimize modulation from this source.

§ 12.133 *Purity and stability of emissions.* Spurious radiation from an amateur station being operated with a carrier frequency below 144 Mc shall be reduced or eliminated in accordance with good engineering practice. This spurious radiation shall not be of sufficient intensity to cause interference in receiving equipment of good engineering design including adequate selectivity characteristics, which is tuned to a frequency or frequencies outside the frequency band of emission normally required for the type of emission being employed by the amateur station. In the case of A–3 emission, the amateur transmitter shall not be modulated to the extent that interfering spurious radiation occurs, and in no case shall the emitted carrier wave be amplitude-modulated in excess of 100 percent. Means shall be employed to insure that the transmitter is not modulated in excess of its modulation capability for proper technical operation. For the purposes of this section a spurious radiation is any radiation from a transmitter which is outside the frequency band of emission normal for the type of transmission employed, including any component whose frequency is an integral multiple or submultiple of the carrier frequency (harmonics and subharmonics), spurious modulation products, key clicks and other transient effects, and parasitic oscillations. When using amplitude modulation on frequencies below 144 Mc, simultaneous frequency modulation is not permitted and when using frequency modulation on frequencies below 144 Mc simultaneous amplitude modulation is not permitted. The frequency of the emitted carrier wave shall be as constant as the state of the art permits.

§ 12.134 *Modulation of carrier wave.* Except for brief tests or adjustments, and except for operation in the band 27.185 to 27.455 Mc, an amateur radiotelephone station shall not emit a carrier wave on frequencies below 144 Mc unless modulated for the purpose of communication.

§ 12.135 *Frequency measurement and regular check.* The licensee of an amateur station shall provide for measurement of the emitted carrier frequency or frequencies and shall establish procedure for making such measurement regularly. The measurement of the emitted carrier frequency or frequencies shall be made by means independent of the means used to control the radio frequency or frequencies generated by the transmitting apparatus and shall be of sufficient accuracy to assure operation within the amateur frequency band used.

§ 12.136 *Logs.* Each licensee of an amateur station shall keep an accurate log of station operation, including the following:

(a) The date and time of each transmission. (The date need only be entered once for each day's operation. The expression "time of each transmission" means the time of making a call and need not be repeated during the sequence of communication which immediately follows; however, an entry shall be made in the log when signing off so as to show the period during which communication was carried on.)

(b) The signature of each licensed operator who manipulates the key of a radiotelegraph transmitter or the signature of each licensed operator who operates a transmitter of any other type and the name of any person not holding an amateur operator license who transmits by voice over a radiotelephone transmitter. The signature of the operator need

[1] The frequencies specified in these rules may not be used by amateurs except pursuant to and subject to the limitations and restrictions prescribed by Commission Orders. The frequencies and types of emission which may be used by amateurs as of April 1, 1946, 3:00 a. m., eastern standard time, are prescribed in Commission Order No. 130–D. The use of additional frequencies will be authorized from time to time by modification of Order No. 130–D. The assignment and use of all frequencies below 25 Mc, contained in this part are subject to change in accordance with the Commission's final report of allocations below 25 Mc., in Docket Proceeding No. 6651.

only be entered once in the log, in those cases when all transmission are made by or under the supervision of the signatory operator, provided a statement to that effect also is entered. The signature of any other operator who operated the station shall be entered in the proper space for that operator's transmission.

(c) Call of the station called. (This entry need not be repeated for calls made to the same station during any sequence of communication, provided the time of signing off is given.)

(d) The input power to the oscillator, or to the final amplifier stage where an oscillator-amplifier transmitter is employed. (This need be entered only once, provided the input power is not changed.)

(e) The frequency band used. (This information need be entered only once in the log for all transmission until there is a change in frequency to another amateur band.)

(f) The type of emission used. (This need be entered only once until there is a change in the type of emission.)

(g) The location of the station (or the approximate geographical location of a mobile station) at the time of each transmission. (This need be entered only once provided the location of the station is not changed. However, suitable entry shall be made in the log upon changing the location. Where operating at other than a fixed location, the type and identity of the vehicle or other mobile unit in which the station is operated shall be shown.)

(h) The message traffic handled. (If record communications are handled in regular message form, a copy of each message sent and received shall be entered in the log or retained on file at the station for at least 1 year.)

§ 12.137 *Retention of logs.* The log shall be preserved for a period of at least 1 year following the last date of entry. The copies of record communications and station log required by section 12.136 shall be available for inspection by authorized representatives of the Commission.

Special Conditions

§ 12.151 *Additional conditions to be observed by licensee.* In all respects not specifically covered by this part each amateur station shall be operated in accordance with good engineering and good amateur practice.

§ 12.152 *Restricted operation.* (a) If the operation of an amateur station causes general interference to the reception of transmissions from stations operating in the domestic broadcast service when receivers of good engineering design including adequate selectivity characteristics are used to receive such transmissions and this fact is made known to the amateur station licensee, the amateur station shall not be operated during the hours from 8 o'clock p. m. to 10:30 p. m., local time, and on Sunday for the additional period from 10:30 a. m. until 1 p. m., local time, upon the frequency or frequencies used when the interference is created. (b) In general, such steps as may be necessary to minimize interference to stations operating in other services may be required after investigation by the Commission.

§ 12.153 *Second notice of same violation.* In every case where an amateur station licensee is cited within a period of twelve consecutive months for the second violation of the provisions of §§ 12.111, 12.113, 12.115, 12.116, 12.117, 12.132, or 12.133, the station licensee, if directed to do so by the Commission, shall not operate the station and shall not permit it to be operated from 6 p. m. to 10:30 p. m., local time, until written notice has been received authorizing the resumption of full-time operation. This notice will not be issued until the licensee has reported on the results of tests which he has conducted with at least two other amateur stations at hours other than 6 p. m. to 10:30 p. m., local time. Such tests are to be made for the specific purposes of aiding the licensee in determining whether the emissions of the station are in accordance with the Commission's rules. The licensee shall report to the Commission the observations made by the cooperating amateur licensees in relation to the reported violations. This report shall include a statement as to the corrective measures taken to insure compliance with the rules.

§ 12.154 *Third notice of same violation.* In every case where an amateur station licensee is cited within a period of twelve consecutive months for the third violation of §§ 12.111, 12.113, 12.115, 12.116, 12.117, 12.132 or 12.133, the station licensee if directed by the Commission, shall not operate the station and shall not permit it to be operated from 8 a. m. to 12 midnight, local time, except for the purposes of transmitting a prearranged test to be observed by a monitoring station of the Commission to be designated in each particular case. The station shall not be permitted to resume operation during these hours until the licensee is authorized by the Commission, following the test, to resume full-time operation. The results of the test and the licensee's record shall be considered in determining the advisability of suspending the operator license or revoking the station license, or both.

§ 12.155 *Answers to notices of violations.* (Under title III of the act.) Any licensee receiving official notice of a violation of the terms of the Communications Act of 1934, any legislative act, Executive order, treaty to which the United States is a party, or the Rules and Regulations of the Federal Communications Commission, shall, within 3 days from such receipt, send a written answer direct to the Federal Communications Commission at Washington, D. C., and a copy thereof to the office of the Commission originating the official notice when the originating office is other than the office of the Commission in Washington, D. C.: *Provided, however,* That if an answer cannot be sent nor an acknowledgement made within such 3-day period by reason of illness or other unavoidable circumstances, acknowledgement and answer shall be made at the earliest practicable date with a satisfactory explanation of the delay. The answer to each notice shall be complete in itself and shall not be abbreviated by reference to other communications or answers to other notices. If the notice relates to some violation that may be due to the physical or electrical characteristics of transmitting apparatus, the answer shall state fully what steps, if any, are taken to prevent future violations, and if any new apparatus is to be installed, the date such apparatus was ordered, the name of the manufacturer, and promised date of delivery. If the notice of violation relates to some lack of attention or improper operation of the transmitter, the name of the operator in charge shall be given.

§ 12.156 *Operation in emergencies.* In the event of widespread emergency conditions affecting domestic communication facilities, the Commission may confer with representatives of the amateur service and others, and if deemed advisable, declare that a state of general communications emergency exists, designating the area or areas concerned (normally not exceeding 1,000 miles from center of the affected area), whereupon it shall be incumbent upon each amateur station in such area or areas to observe the following restrictions for the duration of such emergency:

(a) Transmissions, other than those relating to relief work or other emergency service, such as amateur station networks can provide, shall not be made within the 1750–2050 kilocycles or 3500–4000 kilocycle bands. Incidental calling, testing and working, including casual conversation or remarks not pertinent or necessary to constructive handling of the emergency situation shall be prohibited.

(b) Frequencies within the bands 2025–2050 kilocycles, 3500–3525 kilocycles and 3975–4000 kilocycles shall be reserved for emergency calling channels, for initial calls from isolated stations or first calls concerning very important emergency relief matters or arrangements. All stations having occasion to use such channels shall change, as quickly as possible, to other frequencies for carrying on their communications.

(c) A 5-minute listening period for the first 5 minutes of each hour shall be uniformly observed for initial calls of major importance, both in the designated emergency calling channels and throughout the 1750–2050 kilocycles and 3500–4000 kilocycle bands. Only stations isolated or engaged in handling official traffic of the highest priority may continue with transmissions in these listening periods. No replies to calls or resumption of routine traffic shall be made in the 5-minute listening periods:

(d) The Commission may designate certain amateur stations to assist in promulgation of its emergency announcement, to police the 1750–2050 kilocycle and 3500–4000 kilocycle bands and to warn non-complying stations observed to be operating therein. The operators of these observing stations shall report fully to the Commission the identity of any stations failing to comply, after notice, with any of the pertinent provisions of this section. Such designated stations will act in an advisory capacity when able to provide information on emergency circuits. Their policing authority shall be limited to the transmission of information from responsible official sources, and full reports of non-compliance which may serve as a basis for investigation and action under section 502 of the Communications Act. Such policing authority shall apply only to the 1750–2050 kilocycle and 3500–4000 kilocycle bands. Individual policing transmissions shall refer to this section of the rules by number (§ 12.156) and shall specify briefly and concisely the date of the Commission's declaration and the area and nature of the emergency. Policing observer stations shall not enter into discussions with other stations beyond the furnishing of essential facts relative to the emergency.

(e) The special conditions imposed under this section will cease to apply only after the Commission shall have declared such emergency to be terminated.

§ 12.157 *Obscenity, indecency, profanity.* No licensed radio operator or other person shall transmit communications containing obscene, indecent, or profane words, language, or meaning.

§ 12.158 *False signals.* No licensed radio operator shall transmit false or deceptive signals or communications by radio, or any call letter or signal which has not been assigned by proper authority to the radio station he is operating.

§ 12.159 *Unidentified communications.* No licensed radio operator shall transmit unidentified radio communications or signals.

§ 12.160 *Interference.* No licensed radio operator shall wilfully or maliciously interfere with or cause interference to any radio communication or signal.

§ 12.161 *Damage to apparatus.* No licensed radio operator shall willfully damage, or cause or permit to be damaged, any radio apparatus or installation in any licensed radio station.

§ 12.162 *Fraudulent licenses.* No licensed radio operator or other person shall obtain or attempt to obtain, or assist another to obtain or attempt to obtain, an operator license by fraudulent means.

APPENDIX 1— EXAMINING POINTS

Amateur operator examinations are given frequently, under announced schedules, at the Commission's office in Washington, D. C., and at each of its district offices. For a list of such offices, see below:

Examinations are also given frequently, by appointment, at the Commission's offices at the following points:

Cleveland, Ohio. Tampa, Fla.
Savannah, Ga. Juneau, Alaska.
San Diego, Calif.

Examinations are also given at greater intervals at the places named below, which are visited for that purpose by Commission examiners from the district offices for such locations. For current schedules, exact time, place, and other details, inquiry should be addressed to the office conducting examinations at the chosen point.

Quarterly Examinations

Birmingham, Ala. Nashville, Tenn.
Charleston, W. Va. Oklahoma City, Okla.
Cincinnati, Ohio Omaha, Nebr.
Columbus, Ohio Pittsburgh, Pa.
Corpus Christi, Tex. St. Louis, Mo.
Davenport, Iowa Salt Lake City, Utah
Des Moines, Iowa San Antonio, Tex.

Semiannual Examinations

Albuquerque, N. Mex. Klamath Falls, Oreg.
Amarillo, Tex. Las Vegas, Nev.
Bakersfield, Calif. Lihue, T. H.
Bangor, Maine Mobile, Ala.
Billings, Mont. Phoenix, Ariz.
Bismarck, N. Dak. Portland, Maine
Boise, Idaho Reno, Nev.
Butte, Mont. Roanoke, Va.
Cumberland, Md. Salisbury, Md.
El Paso, Tex. Spokane, Wash.
Hartford, Conn. Tucson, Ariz.
Hilo, T. H. Wichita, Kans.
Jacksonville, Fla. Wilmington, N. C.

Annual Examinations

Kaunakakai, T. H. Lanai, T. H.
Wailuku, T. H.

Arrangements have also been made, including cooperation of other Federal agencies, for Classes A and B examinations in outlying areas as follows:

Alaska: United States Signal Corps stations; at other points by coast guard officers.

Guam: District communications officer, United States naval station.

Hawaii: At not exceeding one point on any island, by the inspector in charge (Honolulu).

APPENDIX 2—EXTRACTS FROM GENERAL RADIO REGULATIONS (CAIRO REVISION)

ARTICLE 5—*Classification of emissions.*

SECTION 1. Emissions shall be classified below according to the purpose for which they are used, assuming their modulation or their possible keying to be only in amplitude.

1. Continuous waves:

Type A0—Waves the successive oscillations of which are identical under fixed conditions.[1]

Type A1—Telegraphy on pure continuous waves. A continuous wave which is keyed according to a telegraph code.

Type A2—Modulated telegraph. A carrier wave modulated at one or more audible frequencies, the audible frequency or frequencies or their combination with the carrier wave being keyed according to a telegraph code.

Type A3—Telephony. Waves resulting from the modulation of a carrier wave by frequencies corresponding to the voice, to music, or to other sounds.

Type A4—Facsimile. Waves resulting from the modulation of a carrier wave by frequencies produced at the time of the scanning of a fixed image with a view to its reproduction in a permanent form.

Type A5—Television. Waves resulting from the modulation of a carrier wave by frequencies produced at the time of the scanning of fixed or moving objects.[2]

NOTE: The band widths to which these emissions correspond are indicated in Appendix 3.

2. Damped waves:

Type B—Waves composed of successive series of oscillations the amplitude of which, after attaining maximum, decreases gradually, the wave trains being keyed according to a telegraph code.

[1] These waves are used only in special cases, such as standard frequency emissions.

[2] "Objects" is used here in the optical sense of the word.

SEC. 2. In the above classification, the presence of a carrier wave is assumed in all cases. However, such carrier wave may or may not be transmitted.

This classification does not contemplate exclusion of the use, by the administrations concerned, under specified conditions, of types of waves not included in the foregoing definitions.

APPENDIX 3—TABLE OF FREQUENCY-BAND WIDTHS OCCUPIED BY THE EMISSIONS

The frequency bands necessary for the various types of transmissions, at the present state of technical development, are indicated below. This table is based solely upon amplitude modulation. For frequency or phase modulation, the band widths necessary for the various transmissions are many times greater.

Type of transmission		*Total width of the band in cycles for transmission with 2 side bands*
A0	Continuous waves, no signaling.	----------
A1	Telegraphy, pure, continuous wave. Morse code. Baudot code. Stop-start printer.	Numerically equal to the telegraph speed in bauds for the fundamental frequency, 3 times this width for the 3d harmonic, etc. (For a code of 8 time elements (dots or blanks) per letter and 48 time elements per word, the speed in bauds shall be equal to 0.8 times the speed in words per minute.)
	Scanning-type printer	300–1,000, for speeds of 50 words per minute, according to the conditions of operation and the number of lines scanned (for example, 7 or 12). (Harmonics are not considered in the above values.)
A2	Telegraphy modulated to musical frequency.	Figures appearing under A1, plus twice the highest modulation frequency.
A3	Commercial radiotelephony	Twice the number indicated by the C. C. I. F. opinions (about 6,000 to 8,000).[1]
	Broadcasting	15,000 to 20,000.
A4	Facsimile	Approximately the ratio between the number of picture components[2] to be transmitted and the number of seconds necessary for the transmission.
A5	Television	Approximately the product of the number of picture components[2] multiplied by the number of pictures transmitted per second.

[1] It is recognized that the band width may be wider for multiple-channel radiotelephony and secret radiotelephony.

[2] Two picture components, one black and one white, constitute a cycle; thus, the modulation frequency equals one-half the number of components transmitted per second.

PART 35—UNIFORM SYSTEM OF ACCOUNTS FOR WIRE-TELEGRAPH AND OCEAN-CABLE CARRIERS

TRAFFIC DAMAGE AWARDS

The Commission in meeting on April 10, 1946, effective immediately, amended paragraph (b) and adopted paragraph (c) of § 35.4281 to read as follows:

§ 35.4281 *Traffic-damage awards.* • • • (b) The records supporting the entries in this account shall be so maintained as to show the amounts of settlements made during the accounting period with respect to delayed-delivery, nondelivery, error, and other causes, separately with respect to messages and to money orders.

(c) There shall be classed as delayed-delivery claims, those arising from delays in transmission or delivery; as nondelivery claims, those arising from failure to deliver; as error claims, those arising from error in transmission or delivery, except such as may be classified as delayed-delivery or nondelivery claims; and as other types of claims, those arising from causes not shown above, such as libel, fraud, and similar bases.

FEDERAL COMMUNICATIONS COMMISSION.

COMMERCIAL TELEVISION APPLICATIONS[1]

PUBLIC NOTICE OF PROCEDURE FOR HANDLING

The Commission, on April 11, 1946, effective immediately, adopted the following procedure for handling commercial television applications. Conditional grants will not be issued where applications are incomplete as has been the practice in FM broadcasting.

1. *Complete applications.* Applications now on file which are complete under either the new or old engineering standards will be considered. An application will be considered complete even though it does not answer completely all questions pertaining to equipment. These parts may be supplied later if information is not now available from the manufacturers of equipment. Specifically the equipment items referred to are the following numbered paragraphs in Form 330: Paragraphs 18, 19, 20, 21, 22, 23, 24 (a) (6) and (g). If applications are not current regarding financial or other matters that relate to the qualifications of the licensee including the manner in which it is proposed to provide the 28 hour program service per week as required under the Commission's Rule 3.661, these matters should be brought up to date.

2. *Incomplete applications.* An examination of the file of pending applications indicates a high percentage of the applications are incomplete. Applications under this category must be completed before they will be given consideration. Applicants who know they have incomplete applications on file should proceed to complete them within the next sixty days. In the case of applications found incomplete at the time of processing, the applicant will be requested to furnish additional information within thirty days. Those that are not complete at that time will be dismissed. Applications should be brought to completion under the new Standards of Good Engineering Practice concerning Television Broadcast Stations adopted December 19, 1945 (11 F.R. 1105).

3. *Applications set for hearing.* In order to give the Commission's Engineering Department an opportunity to study the issues involved in advance of the hearing, it is requested that sections of the application dealing with antennas, transmitter sites and coverage (including radials) be submitted at least ten days in advance of the hearing, using the new standards as a basis for all computations.

FEDERAL POWER COMMISSION.

[Docket No. G-709]

BIG INCH GAS, INC.

NOTICE OF APPLICATION

APRIL 11, 1946.

Notice is hereby given that on March 29, 1946, Big Inch Gas, Inc. ("Applicant"), a Delaware corporation with principal office at 100 West 10th Street, Wilmington, Delaware, filed with the Federal Power Commission an application pursuant to section 7 of the Natural Gas Act, as amended, for a certificate of public convenience and necessity authorizing the construction of the facilities necessary for the conversion of, and the operation of "Big Inch" Pipe Line for the transportation of natural gas.

In the application, "Big Inch" Pipe Line is described as follows:

The main pipe line, 1,340 miles in length, extends from Longview, Texas, through the States of Texas, Arkansas, Missouri, Illinois, Indiana, Ohio, West Virginia, Pennsylvania, and New Jersey to a terminal point at Linden, New Jersey. Of the total, 1,246 miles is 24-inch from Longview, Texas, to Phoenixville, Pennsylvania. 84 miles is 20-inch pipe from Phoenixville to Linden, New Jersey, and 8.6 miles of 24-inch and 1.5 miles of 20-inch pipe is in submerged river crossings. In addition to the main line, there is about 20 miles of 20-inch pipe and 20 miles of 16-inch, 14-inch, and 12-inch pipe between Phoenixville, and Philadelphia, Pennsylvania.

Applicant proposes to acquire "Big Inch" Pipe Line from War Assets Corporation, and to begin the necessary construction and conversion work immediately upon acquisition of the line. The conversion program includes the cleaning and testing of the line and the installation of compressors with capacity of over 100,000 horsepower at thirteen or more stations.

Applicant proposes to operate the line with a capacity of approximately 275,000,000 cubic feet of gas daily and at a maximum pressure of 800 to 820 pounds per square inch. Applicant states that it proposes to sell natural gas initially to utility companies in metropolitan areas of New York, New Jersey and eastern Pennsylvania at a price not in excess of 24¢ per thousand cubic feet, and that a market for the capacity of the line at a load factor of 90% has already been developed with utility companies. At the earliest possible time, the application states, applicant proposes to broaden its markets to serve utility companies in Delaware and Maryland.

Applicant states that it has commitments for the purchase of 300,000,000 cubic feet of gas per day from suppliers in the Carthage area and other areas in eastern Texas adjacent to the line with reserves adequate for capacity operations for over thirty years.

The estimated over-all capital cost of the acquisition of the line and the construction and other work necessary to place the line in operating condition, as stated in the application, is $70,000,000.

Any interested State commission is requested to notify the Federal Power Commission whether the application is one which should be considered under the cooperative provisions of Part 67 of the provisional rules of practice and regulations under the Natural Gas Act, and if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with the reasons for such request.

Any person desiring to be heard or to make any protest with reference to said application should, on or before the 27th day of April 1946, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's provisional rules of

ANGELIKA VON HOFFMANN

In re: Bank account owned by Angelika Von Hoffmann.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Angelika Von Hoffmann, whose last known address is Moltkestr. 8, Potsdam, Germany, is a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to Preussische Staatsbank (Seehandlung), by Brown Brothers Harriman & Co., 59 Wall Street, New York, New York, arising out of a checking account, entitled Preussische Staatsbank for the account of Angelika Von Hoffmann, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Angelika Von Hoffmann, the aforesaid national of a designated enemy country;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on April 3, 1946.

MAREO WOOYENO

In re: Bank account owned by Mareo Wooyeno.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Mareo Wooyeno, whose last known address is Japan, is a national of a designated enemy country (Japan);

2. That the property described as follows: That certain debt or other obligation owing to Mareo Wooyeno, by Irving Trust Company, New York, New York, arising out of a checking account, entitled Mr. Mareo Wooyeno, maintained at the branch office of the aforesaid bank located at 162 Fifth Avenue, New York, New York, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

LOUISE RUNDZIEHER

In re: Estate of Louise Rundzieher, also known as Louise Erbacher, deceased; File D-28-9661; E. T. sec. 13451.

Under the authority of the Trading with the Enemy Act, as amended, and Exective Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding;

That the property described as follows:

All right, title, interest and claim of any kind or character whatsoever of Carl Erbacher and Gorg Erbacher, and each of them, in and to the Estate of Louise Rundzieher, also known as Louise Erbacher, deceased,

is property payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Carl Erbacher, Germany.
Gorg Erbacher, Germany.

That such property is in the process of administration by Seth H. Lanes, as Substituted Administrator, C. T. A., acting under the judicial supervision of Essex County Orphans' Court, Newark, New Jersey;

And determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

COSTS AND EXPENSES INCURRED IN CERTAIN ACTIONS OR PROCEEDINGS IN CERTAIN NEW JERSEY COURTS

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the Alien Property Custodian:

Having found that each of the persons named in Column 1 of Exhibit A, attached hereto and by reference made a part hereof, was a person within the designated enemy country or enemy-occupied territory appearing opposite such person's respective name in Column 2 of said Exhibit A;

Having determined that it was in the interest of the United States to take measures in connection with representing each of said persons in the court or administrative action or proceeding identified in Column 3 of said Exhibit A, and having taken such measures;

Finding that as a result of such action or proceeding each of said persons obtained or was determined to have an interest in property, which interest is particularly described in Column 4 of said Exhibit A;

Finding that such property is in the possession, custody or control of the person described in Column 5 of said Exhibit A; and

Finding that the Alien Property Custodian has incurred, in each of such court or administrative actions or proceedings, costs and expenses in the amount stated in Column 6 of said Exhibit A,

hereby vests in the Alien Property Custodian, to be used or otherwise dealt with in the interest, and for the benefit, of the United States, from the property in the possession, custody, or control of the persons described in said Column 5 of said

Exhibit A, the sums stated in said Column 6 of said Exhibit A, such sums being the amounts of such property equal to the costs and expenses incurred by the Alien Property Custodian in such actions or proceedings.

This order shall not be deemed to limit the powers of the Alien Property Custodian to return such property if and when it should be determined that such return should be made.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

[Vesting Order 6142]

RENATE VON HOFFMANN

In re: Bank account owned by Renate Von Hoffmann.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Renate Von Hoffmann, whose last known address is Moltkestr. 8, Potsdam, Germany, is a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to Preussische Staatsbank, (Seehandlung), by Brown Brothers Harriman & Co., 59 Wall Street, New York, New York, arising out of a checking account, entitled Preussische Staatsbank, Berlin, for the account of Renate Von Hoffmann, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Renate Von Hoffmann, the aforesaid national of a designated enemy country;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on April 3, 1946.

COSTS AND EXPENSES INCURRED IN CERTAIN ACTIONS OR PROCEEDINGS IN CERTAIN NEW YORK COURTS

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the Alien Property Custodian:

Having found that each of the persons named in Column 1 of Exhibit A, attached hereto and by reference made a part hereof, was a person within the designated enemy country or enemy-occupied territory appearing opposite such person's respective name in Column 2 of said Exhibit A;

Having determined that it was in the interest of the United States to take measures in connection with representing each of said persons in the court or administrative action or proceeding identified in Column 3 of said Exhibit A, and having taken such measures;

Finding that the Alien Property Custodian has incurred, in each of such court or administrative actions or proceedings, costs and expenses in the amount stated in Column 4 of said Exhibit A,

hereby vests in the Alien Property Custodian, to be used or otherwise dealt with in the interest, and for the benefit, of the United States, from the property which each of the persons named in said Column 1 of said Exhibit A obtains or is determined to have as a result of the action or proceeding described in said Column 3 of said Exhibit A the sums stated in said Column 4 of said Exhibit A, such sums being the amounts of such property equal to the costs and expenses incurred by the Alien Property Custodian in such actions or proceedings.

This order shall not be deemed to limit the powers of the Alien Property Custodian to return such property if and when it should be determined that such return should be made.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on April 8, 1946.

KLARA H. COLLITZ

In re: Estate of Klara H. Collitz, deceased; File D-28-10268; E. T. sec. 14638.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

That the property described as follows: All right, title, interest and claim of any kind or character whatsoever of Frau Sanitatsrat Joseph Hirsch, Frau Rechtsanwalt Kate Helmsen, Frau Hella Von Bogen, Frau Sanitatsrat A. Totzke, Frau Johanna Thedens, Willy von Bogen, Children of Frau Johanna Thedens, names unknown, Mase Friederichs, Ernst Friederichs, and Descendants of Frau Sanitatsrat Joseph Hirsch, and each of them, in and to the Estate of Klara H. Collitz, deceased,

is property payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Frau Sanitatsrat Joseph Hirsch, Germany.
Frau Rechtsanwalt Kate Helmsen, Germany.
Frau Hella Von Bogen, Germany.
Frau Sanitatsrat A. Totzke, Germany.
Frau Johanna Thedens, Germany.
Willy von Bogen, Germany.
Children of Frau Johanna Thedens, names unknown, Germany.
Mase Friederichs, Germany.
Ernst Friederichs, Germany.
Descendants of Frau Sanitatsrat Joseph Hirsch, Germany.

That such property is in the process of administration by Frederick H. Hennighausen and John Phelps, as Executors, acting under the judicial supervision of the Orphans' Court of Baltimore City, Maryland;

And determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on April 12, 1946.

COSTS AND EXPENSES INCURRED IN CERTAIN ACTIONS OR PROCEEDINGS IN CERTAIN NEW YORK COURTS

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the Alien Property Custodian:

Having found that each of the persons named in Column 1 of Exhibit A, attached hereto and by reference made a part hereof, was a person within the designated enemy country or enemy-occupied territory appearing opposite such person's respective name in Column 2 of said Exhibit A;

Having determined that it was in the interest of the United States to take measures in connection with representing each of said persons in the court or administrative action or proceeding identified in Column 3 of said Exhibit A, and having taken such measures;

Finding that the Alien Property Custodian has incurred, in each of such court or administrative actions or proceedings, costs and expenses in the amount stated in Column 4 of said Exhibit A,

hereby vests in the Alien Property Custodian, to be used or otherwise dealt with in the interest, and for the benefit, of the United States, from the property which each of the persons named in said Column 1 of said Exhibit A obtains or is determined to have as a result of the action or proceeding described in said Column 3 of said Exhibit A the sums stated in said Column 4 of said Exhibit A, such sums being the amounts of such property equal to the costs and expenses incurred by the Alien Property Custodian in such actions or proceedings.

This order shall not be deemed to limit the powers of the Alien Property Custodian to return such property if and when it should be determined that such return should be made.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on April 8, 1946.

[Vesting Order CE 243]

COSTS AND EXPENSES INCURRED IN CERTAIN ACTIONS OR PROCEEDINGS IN CERTAIN OHIO, MICHIGAN, MINNESOTA, WISCONSIN, MISSOURI AND INDIANA COURTS

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the Alien Property Custodian:

Having found that each of the persons named in Column 1 of Exhibit A, attached hereto and by reference made a part hereof, was a person within the designated enemy country or enemy-occupied territory appearing opposite such person's respective name in Column 2 of said Exhibit A;

Having determined that it was in the interest of the United States to take measures in connection with representing each of said persons in the court or administrative action or proceeding identified in Column 3 of said Exhibit A, and having taken such measures;

Finding that the Alien Property Custodian has incurred, in each of such court or administrative actions or proceedings, costs and expenses in the amount stated in Column 4 of said Exhibit A,

hereby vests in the Alien Property Custodian, to be used or otherwise dealt with in the interest, and for the benefit, of the United States, from the property which each of the persons named in said column 1 of said Exhibit A obtains or is determined to have as a result of the action or proceeding described in said Column 3 of said Exhibit A, the sums stated in said Column 4 of said Exhibit A, such sums being the amounts of such property equal to the costs and expenses incurred by the Alien Property Custodian in such actions or proceedings.

This order shall not be deemed to limit the powers of the Alien Property Custodian to return such property if and when it should be determined that such return should be made.

Any person, except a national of a designated enemy country asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on April 8, 1946.

OFFICE OF PRICE ADMINISTRATION.

[Rev. SO 119, Order 154]

ROBERTS & MANDER STOVE CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* Roberts & Mander Stove Company, Hatboro, Pennsylvania, may compute its adjusted ceiling prices for all articles of the line of gas and gas combination ranges which it manufactures, as follows:

(1) For an article which has a properly established ceiling price in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by 5.9 per cent.

(2) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the ceiling price (exclusive of all permitted increases or adjustment charges) hereafter properly determined or established in accordance with section 3, 7, or 8 of Maximum Price Regulation No. 64, increased by 5.9 per cent or the ceiling price determined in accordance with section 5 of Maximum Price Regulation No. 64 which price may not be increased under this order.

(3) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Retailers ceiling prices.* For sales in each zone by retailers other than mail order houses to ultimate consumers of the models listed below the ceiling prices including the Federal excise tax but not including any state or local taxes imposed at the point of sale are as follows:

Model	Article	Ceiling prices for sales to ultimate consumers			
		Zone 1	Zone 2	Zone 3	Zone 4
		Each	*Each*	*Each*	*Each*
L-35	Gas range	$107.25	$110.25	$112.50	$116.75
L-45	do	112.95	115.95	118.50	122.75
L-55	do	130.95	133.95	136.50	141.25
L-65	do	128.50	131.95	134.95	139.95
L-75	do	161.25	165.25	168.50	174.25
L-9	Gas combination.	182.75	187.95	192.25	199.95
L-95	do	189.50	194.75	199.25	206.95

The ceiling prices above include delivery and installation. If the retailer does not provide installation, he shall compute his ceiling price by subtracting $6.00 in the case of gas ranges and $9.00 in the case of gas combination ranges from his ceiling price as shown above for sales on an installed basis. If the retail dealer sells a stove equipped with any of the items listed below, he may add to the applicable ceiling price for the stove shown above an amount no greater than that set forth below opposite that item of equipment:

Additional equipment:	*Amount which may be added*
Gum filter "Q"	$0.95
Hi-Lo valves (for model L-9)	1.75
Simmer burners (for model L-9)	8.95
Simmer burners (for models L-35, L-45, L-55, L-65, and L-75)	7.25
Lamp assembly "A"	6.50
Lamp assembly "B"	6.50
Lamp assembly "C"	13.75
Lamp assembly "D"	13.75
Lamp assembly "E"	6.50
Cast iron water front	9.25

In all other respects these prices are subject to each retail seller's customary terms, discounts, allowances, (other than trade-in allowances) and other price differentials in effect on sales of similar articles.

(c) *Labelling.* The manufacturer shall, before delivering any range covered by this order after the effective date thereof, attach securely to the inside oven door panel a label which plainly states the applicable OPA retail ceiling price established by this order for sales of the range to ultimate consumers in each zone and the states included in each zone. The label shall also state that the retail prices shown thereon include the Federal excise tax, delivery, and installation and that if the seller does not provide installation, the ceiling price is $6.00 less than the price shown on the label in the case of gas ranges and $9.00 less than the price shown on the label in the case of combination ranges. There shall also be a statement that the label may not be removed until after the range is sold to an ultimate consumer.

(d) *Zones.* For the purposes of this order Zones 1, 2, 3, and 4, are those defined by Order No. 86 under Revised Supplementary Order No. 119.

(e) *Relationship of this order to Maximum Price Regulation No. 64.* All the provisions of Maximum Price Regulation No. 64 continue to apply to sales of articles covered by this order except to the extent that they are modified by this order.

(f) This order may be revoked or amended by the Price Administrator at any time.

(g) This order shall be become effective on the 16th day of April 1946.

Issued this 15th day of April 1946.

PAUL A. PORTER,
Administrator.

[Rev. SO 119, Order 155]

ARGUS, INC.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* Argus, Inc. of Ann Arbor, Michigan, may compute its adjusted ceiling prices to apply to its sales of all articles of photographic equipment which it manufactures from February 28, 1946, as follows:

(1) For an article which has a properly established ceiling price in effect be-

fore the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by 9.2 percent.

(2) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be increased under this order.

(3) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Resellers' ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

A reseller who determines his maximum resale price under the General Maximum Price Regulation shall calculate his ceiling price by adding to his invoice cost the same percentage markup which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all of the following tests:

(1) It belongs to the narrowest trade category which includes the article being priced.

(2) Both it and the article being priced were purchased from the same class of supplier.

(3) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage markup is applied.

(4) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620–759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts and allowances on sales to each class of purchaser in effect during March 1942, or thereafter properly established under OPA regulations.

(d) *Change in resellers' margins.* Reseller's maximum prices adjusted in accordance with this order are subject to further adjustments which may result from any change in resellers' margins which may be effected by the Office of Price Administration to obtain absorption by resellers of any industry-wide increase in manufacturers' maximum prices.

(e) The provisions of Supplementary Order No. 153 shall not apply to sales covered by this order.

(f) *Notification.* At the time of or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the articles. This notice may be given in any convenient form.

(g) This order may be revoked or amended by the Price Administrator at any time.

(h) This order shall become effective on the 16th day of April 1946.

Issued this 15th day of April 1946.

PAUL A. PORTER,
Administrator.

LOCKE MACHINE CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* The Locke Machine Company of 971 East 63d Street, Cleveland 14, Ohio, may compute its adjusted ceiling prices for the Musselman Bicycle Coaster brakes and parts which it manufactures, as follows:

(1) For an article which has a properly established ceiling price in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by 18 percent.

(2) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be increased under this order.

(3) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Resellers' ceiling prices.* Distributors and dealers who sell the article in the same form in which the manufacturer has sold it at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

A reseller who determines his maximum resale price under the General Maximum Price Regulation shall calculate his ceiling price by adding to his invoice cost the same percentage mark-up which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all the following tests:

(1) It belongs to the narrowest trade category which includes the article being priced.

(2) Both it and the article being priced were purchased from the same class of supplier.

(3) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage mark-up is applied.

(4) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620–759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances on sales to each class of purchaser in effect during March 1942, or thereafter properly established under OPA regulations.

(d) *Notification.* At the time of or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order; the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the articles. This notice may be given in any convenient form.

(e) The provisions of Supplementary Order No. 153 are not applicable to any sales covered by this order.

(f) This order may be revoked or amended by the Price Administrator at any time.

(g) This order shall become effective on the 16th day of April 1946.

Issued this 15th day of April 1946.

Administrator.

ABEL AND BACH CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119; it is ordered:

(a) *Manufacturer's ceiling prices.* Abel and Bach Company, Milwaukee, Wisconsin, may compute its adjusted ceiling prices for all articles of luggage, sample cases and portable radio cases which it manufactures as follows.

(1) For an article which has a properly established ceiling price in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by 21.6 percent.

(2) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be increased under this order.

(3) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Resellers' ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

A reseller who determines his maximum resale price under the General Maximum Price Regulation shall calculate his ceiling price by adding to his invoice cost the same percentage mark-up which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all the following tests:

(1) It belongs to the narrowest trade category which includes the article being priced.

(2) Both it and the article being priced were purchased from the same class of supplier.

(3) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage mark-up is applied.

(4) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620–759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances on sales to each class of purchaser in effect during March 1942, or thereafter properly established under OPA regulations.

(d) *Change in resellers' margins.* Resellers' maximum prices adjusted in accordance with this order are subject to further adjustments which may result from any change in resellers' margins which may be effected by the Office of Price Administration to obtain absorption by resellers of any industry-wide increase in manufacturers' maximum prices.

(e) The provisions of Supplementary Order No. 153 are not applicable to any sales covered by this order.

(f) *Notification.* At the time of or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the articles. This notice may be given in any convenient form.

(g) This order may be revoked or amended by the Price Administrator at any time.

(h) This order shall become effective on the 16th day of April 1946.

Issued this 15th day of April 1946.

ODIN STOVE MFG. CO.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 11 of Maximum Price Regulation No. 64; *It is ordered:*

(a) This order establishes maximum prices for sales of two models of gas ranges manufactured by the Odin Stove Mfg. Company, 342 West 12th Street, Erie, Pennsylvania.

(1) For sales in each zone by wholesale distributors to retail dealers the maximum prices, including the Federal excise tax, are those set forth below:

Model	Maximum prices for sales to retail dealers			
	Zone 1	Zone 2	Zone 3	Zone 4
	Each	*Each*	*Each*	*Each*
1613–G	$103.64	$108.79	$110.95	$113.90
1623–G	114.72	117.03	119.34	122.58

These prices are f. o. b. wholesale distributor's city. In all other respects they are subject to each seller's customary terms, discounts, allowances and other price differentials in effect on sales of similar articles.

(2) For sales in each zone by retail dealers to ultimate consumers the maximum prices, including the Federal excise tax but not including any state or local taxes imposed at the point of sale, are those set forth below:

Model	Maximum prices for sales to ultimate consumers			
	Zone 1	Zone 2	Zone 3	Zone 4
	Each	*Each*	*Each*	*Each*
1613–G	$167.25	$170.25	$174.25	$178.95
1623–G	179.30	183.25	186.75	191.95

These prices include delivery and installation. If the retail dealer does not provide installation he shall compute his maximum price by substracting $6.00 from his maximum price as shown above for sales on an installed basis. In all other respects these prices are subject to each seller's customary terms, discounts, allowances (other than trade-in allowances) and other price differentials in effect on sales of similar articles.

(b) At the time of, or prior to, the first invoice to each purchaser for resale at wholesale after the effective date of this order the manufacturer shall notify the purchaser in writing of the maximum prices and conditions established by this order for resales by the purchaser. This notice may be given in any convenient form.

(c) The manufacturer shall, before delivering any range covered by this order, after the effective date thereof, attach securely to the inside oven door panel a label which plainly states the OPA retail ceiling prices established by this order for sales of the range to ultimate consumers in each zone together with a list of the states included in each zone. The label shall also state that the retail prices shown thereon include the Federal excise tax, delivery and installation, and that if the seller does not provide installation, the maximum price is $6.00 less than the price shown on the label.

(d) For purposes of this order Zones 1, 2, 3, and 4 comprise the following areas:

Zone 1. The following counties in the state of Pennsylvania: Erie, Crawford, Warren, McKean, Potter, Mercer, Venango, Forest, Elk, Cameron, Lawrence, Butler, Clarion, Jefferson, Clearfield, Beaver, Allegheny, Armstrong, Indiana, Blair, Westmoreland, Cambria and Washington; the following counties in the state of Ohio: Ashtabula, Trumbull, Mahoning, Columbiana, Jefferson, Harrison, Carroll, Stark, Portage, Geauga, Lake, Cuyahoga, Medina, Summit, Wayne, Holmes, Tuscarawas, and Coshocton; the following counties in the state of New York: Chautaugua, Cattaraugus, Allegany, Erie, Wyoming, Genesee, and Niagara; the following counties in the state of West Virginia: Hancock, Brooke and Ohio.

Zone 2. The counties of Pennsylvania, New York, Ohio and West Virginia not included in Zone 1, Vermont, New Hampshire, Rhode Island, Massachusetts, Connecticut, New Jersey, Delaware, Maryland, Virginia, North Carolina, Kentucky, Tennessee, Indiana, Illinois, Michigan, Wisconsin and the District of Columbia.

Zone 3. Minnesota, North Dakota, South Dakota, Iowa, Nebraska, Kansas, Missouri, Arkansas, Oklahoma, South Carolina, Louisiana, Maine, Mississippi, Alabama, Georgia, Florida, and Texas except the counties of El Paso, Hudspeth, Culberson, Loving, Winkler, Ector, Midland, Ward, Crane, Upton, Pecos, Reeves, Jeff Davis, Presidio, Brewster and Terrill.

Zone 4. Montana, Wyoming, Washington, Oregon, California, Idaho, Navada, Arizona, Utah, Colorado, New Mexico, and the counties of Texas not included in Zone 3.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) This order shall become effective on the 29th day of April 1946.

Issued this 15th day of April 1946.

PAUL P. COLLINS

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion accompanying this order, and pursuant to § 1358.102 (b) of Maximum Price Regulation No. 260; *It is ordered*, That:

(a) Paul P. Collins, 75 West Main Street, Windsor, Pa. (hereinafter called "manufacturer") and wholesalers and retailers may sell, offer to sell or deliver and any person may buy, offer to buy or receive each brand and size or frontmark, and packing of the following domestic cigars at the appropriate maximum list price and maximum retail price set forth below:

Brand	Size or frontmark	Packing	Maximum list price	Maximum retail price
			Per M	*Cents*
Royal Craft	Queens [1]	50	$75	10

[1] Prices apply only to this brand and frontmark using 30 percent Havana (Type 81) and 30 percent Porto Rico (Type 46) filler tobacco as specified in application. Attention of manufacturer is directed to average retail price ceiling requirement of Maximum Price Regulation 260.

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 16, 1946.

Issued this 15th day of April 1946.

HERRING-HALL MARVIN SAFE CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* Herring-Hall Marvin Safe Company, of 1550 Grand Boulevard, Hamilton, Ohio, may compute its adjusted ceiling prices for the safes and vaults, which it manufactures as follows:

(1) For an article in its line during October 1941, the adjusted ceiling price is the highest price charged during that month to each class of purchaser increased by 15.9 percent.

(2) For an article not in its line during October 1941, but which has a properly established ceiling price, in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by the percentage determined in accordance with "Note 3" in section 8 of Revised Supplementary Order No. 119.

(3) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be increased under this order.

(4) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Resellers' ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

A reseller who had a properly established maximum price in effect before this order was issued for an article covered by this order may add to that maximum price an adjustment charge in the same dollar-and-cents amount as the adjustment charge authorized by this order for, and which he had paid to his supplier.

If the reseller did not have a properly established maximum price for the article in effect before this order was issued he shall first determine a maximum price (exclusive of adjustment charges), and to that price he may add an adjustment charge in the same dollar-and-cents amount as the adjustment authorized by this order for, and which he has paid to, his supplier. To find his maximum price (exclusive of adjustment charges) for this purpose the reseller shall add to his invoice cost, less an adjustment charge stated on that invoice, the same percentage mark-up which he has on the "most comparable article" for which he has properly established ceiling price. For this purpose the "most comparable article" is the one which meets all of the following tests:

(1) It belongs to the narrowest trade category which includes the article being priced.

(2) Both it and the article being priced were purchased from the same class of supplier.

(3) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage mark-up is applied.

(4) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that Section will reflect the supplier's prices as adjusted in accordance with this order.

The provisions of Supplementary Order No. 153 shall not apply to resale prices determined under this order.

(c) *Terms of sale.* Maximum prices adjusted by this order are subject to each seller's terms, allowances and other price differentials in effect during March 1942, or which have been properly established under the applicable OPA regulation.

(d) *Notification.* At the time of or prior to the first invoice to a purchaser for resale, showing a price adjusted in accordance with the terms of this order, the seller shall notify the purchaser in writing of the methods established in paragraph (b) of this order for determining adjusted maximum prices for resales of the articles covered by this order. This notice may be given in any convenient form.

(e) *Revocation or amendment.* This order may be revoked or amended by the Price Administration at any time.

(f) *Effective date.* This order shall become effective on the 15th day of April, 1946.

The provisions of Supplementary Order 153 shall not apply to resale prices determined under this order.

Issued this 15th day of April 1946.

Administrator.

[MPR 592, Order 17]

MODULAR SIZE CLAY BUILDING BRICK, FACING TILE AND STRUCTURAL CLAY BUILDING TILE

DETERMINATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 10 of Maximum Price Regulation No. 592; *It is ordered:*

(a) The manufacturer's maximum prices for sales of modular size clay building brick and facing tile shall be determined by use of the following formula:

(1) He shall take his current maximum price established under Maximum Price Regulation 592, as amended, for his standard size clay building brick (2¼" x 3¾" x 8") when pricing a modular size clay building brick; or his current maximum price established under Maximum Price Regulation 592, as amended, for his standard size clay facing tile (2¼" x 3¾" x 8") when pricing a modular size clay facing tile and use such maximum price as a basis (100%) to determine his maximum price for the new modular size.

(2) He shall then multiply his current maximum price determined under (1) above by the percentage figure appearing in the table, below, opposite the modular size to be priced. This results in his maximum price for the particular modular size being priced.

Modular nominal size face dimensions:	Percentage factor
2⅔" x 8"	100
3" x 8"	115
4" x 8"	155
5⅓" x 8"	210
8" x 8"	325
4" x 12"	235
5⅓" x 12"	320
6" x 12"	365
8" x 12"	490
4" x 16"	315
8" x 16"	660

(b) Any person purchasing modular size clay building brick and facing tile from any manufacturer who has determined his maximum prices pursuant to (a) above shall employ the formula set forth in (a) (1) and (a) (2), above, using his maximum resale price for the standard size clay building brick or clay facing tile, whichever may be the case, as a basis (100%) in determining his maximum resale prices for the modular sizes. If the reseller is unable to utilize this formula, he shall establish his maximum prices under the appropriate section of the General Maximum Price Regulation.

(c) The formula set forth in (a) above, applies to stretcher units finished on one side, of 4" nominal thickness. Shapes, two-finish face units and stretcher units of nominal thickness other than 4" shall be priced in the same relation to units covered by the formula above as are now in use. If such price relationships have not been established, the manufacturer shall apply for approval or authorization of maximum prices under section 9 or 10 or Maximum Price Regulation No. 592.

(d) The manufacturer's maximum prices for modular sizes of structural clay building tile shall be the same as his established maximum prices for his sizes of structural clay tile displaced by the new modular size, pursuant to the following table:

Modular (nominal)	*Present size Displaced (actual)*
4" x 12"	3⅝" x 12"
5⅓" x 12"	5" x 12"
6" x 12"	5" x 12"
8" x 8"	7¾" x 7¾"
8" x 12"	7¾" x 12"
8" x 16"	7¾" x 16"
12" x 12"	12" x 12"

(e) A manufacturer who is not able to price modular sizes of structural clay tile under the pricing method set forth in (d) above shall apply for approval or authorization of maximum prices under sections 9 or 10 of Maximum Price Regulation 592.

(f) Any person purchasing modular sizes of structural clay building tile from any manufacturer who has determined his maximum prices pursuant to (d) above shall employ the formula set forth in (d) above in determining his maximum resale prices for the modular sizes. If he cannot determine his maximum resale prices by use of this formula, he shall establish a price under the appropriate section of the General Maximum Price Regulation.

(g) Before offering for sale or delivery for the first time any item at maximum prices determined under this Order, the manufacturer shall file revised price lists with the Office of Price Administration, Building and Construction Price Division, Washington 25, D. C.

(h) The maximum prices established herein shall be subject to at least the same cash, quantity and other discounts, transportation allowances, services, and other terms and conditions of sale as the seller extended or rendered on comparable sales to purchasers of the same class during March 1942.

(i) Modular size brick, facing tile and structural tile mean products manufactured in accordance with specifications set forth in the "Proposed American Standard Size of Clay and Concrete Masonry Units A-62.3" issued by the American Standards Association.

(j) All provisions of Maximum Price Regulation 592 not inconsistent with this order shall apply to sales covered by this Order.

(k) This order may be amended or revoked by the Office of Price Administration at any time.

NOTE: The reporting requirement of this order has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This Order No. 17 shall become effective April 15, 1946.

Issued this 15th day of April 1946.

SMALL ELECTRICAL APPLIANCES

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to § 1499.159e of Maximum Price Regulation No. 188, *It is ordered:*

Order No. 6 is amended in the following respects:

1. Section 2 (b) (2) is amended to read as follows:

(2) "Manufacturer's ceiling prices", for the purpose of calculating resellers' ceiling prices means his ceiling price subject to his customary transportation terms (exclusive of Federal excise tax), as provided by Section 3 of this order, or his adjusted ceiling price subject to his customary transportation terms, exclusive of Federal excise tax, authorized under the provisions of Supplementary Orders Nos. 118, 119, 148 or paragraph (a) (19) under Order A-2 under § 1499.159b of Maximum Price Regulation No. 188, unless the Office of Price Administration specifically prohibits the use of such adjusted prices as a basis for determining retail prices in accordance with the provisions of this order.

2. Sections 4 (b) (2) (ii) and 4 (b) (2) (iii) are amended to read as follows:

(ii) The retail ceiling price for a sale by a mail order house of a small electrical appliance which it purchases from a manufacturer at a price no higher than the manufacturer's ceiling price determined under section 3 of this order and which the mail order house sold during 1941, shall be no greater than the last price listed in a catalog or price list in effect prior to April 1, 1942.

(iii) The retail ceiling price for a sale by a mail order house of a small electrical appliance which it purchases from a manufacturer at a price authorized for the manufacturer's sales under Supplementary Orders Nos. 118, 119, 148 or paragraph (a) (19) under Order A-2, under Section 1499.159b of Maximum Price Regulation No. 188, or which the mail order house did not sell during 1941, is the total of the following adjusted to the nearest five cents:

(a) The manufacturer's ceiling price to the class of distributor to which he sells small electrical appliances in the largest dollar volume and which resells from its own stocks.

(b) 64% of that ceiling price.

(c) The amount of the Federal excise tax (if any) payable by the manufacturer on a sale at that ceiling price.

3. Sections 4 (c) (2) (ii) and 4 (c) (2) (iii) are amended to read as follows:

(ii) The retail ceiling price for a sale by a mail order house of a small electrical appliance which it purchases from a manufacturer at a price no higher than the manufacturer's ceiling price determined under section 3 of this order and which the mail order house sold during 1941, shall be no greater than the last price listed in a catalog or price list in effect prior to April 1, 1942.

(iii) The retail ceiling price for a sale by a mail order house of a small electrical appliance which it purchases from a manufacturer at a price authorized for the manufacturer's sales under Supplementary Orders Nos. 118, 119, 148 or paragraph (a) (19) under Order A-2 under § 1499.159b of Maximum Price Regulation No. 188 or which the mail order house did not sell during 1941, is the total of the following adjusted to the nearest five cents:

(a) The manufacturer's ceiling price to the class of distributor or chain store to which he sells small electrical appliances in the largest dollar volume and which resells from its own stocks.

(b) 60% of that ceiling price.

(c) The amount of the Federal excise tax (if any) payable by the manufacturer on a sale at that ceiling price.

4. Paragraph (d) is added to read as follows:

(d) *Discounts.* (1) Dealers' ceiling prices fixed by this section are subject to cash discounts, delivery terms and allowances in effect during March 1942 or established under applicable OPA regulations.

(2) Dealers who did not sell small electrical appliances during March 1942, shall allow the same cash discounts, delivery terms and other price differentials which the dealer's closest competitor dealer who did sell small electrical appliances during March 1942, is required to allow in accordance with the provisions of this order.

A dealer who cannot ascertain the cash discounts, delivery terms, etc., which his nearest competitor dealer is required to allow shall apply to the nearest District Office of the Office of Price Administration for an order under this section establishing the conditions to which his ceiling prices are subject. Such application may be made by letter and shall state the type of business he is operating (distributor, dealer) when he started to sell small electrical appliances, and the classes of purchasers to whom he sells. An order will be issued under this section establishing the terms, allowances and other price differentials and conditions of sale in line with the conditions of sale generally fixed by this order.

If a dealer who did not sell small electrical appliances during March 1942, does not allow the same discounts, delivery terms and other price differentials allowed by his nearest competitor who did sell small electrical appliances during March 1942, or does not file an application in accordance with the provision of this section, or if he fails to provide any of the information required by this section, the Price Administrator may, on his own motion, issue orders under this section fixing discounts, allowances, and other price differentials in line with conditions of sale fixed by this order. Conditions of sale so established will apply to all sales and deliveries made on and after April 22, 1946.

5. Paragraph (c) under section 5 is amended to read as follows:

(c) Distributors' ceiling prices fixed by this section are subject to his cash discounts, delivery terms, and allowances in effect during March 1942 or established under applicable OPA regulations. Distributors who did not sell small electrical appliances shall allow the same cash discounts, delivery terms and other price differentials which his closest competitive distributor who was distributing small electrical appliances during March 1942, is required to allow in accordance with the provisions of this order.

A distributor who cannot ascertain the cash discounts, delivery terms, etc., which his nearest competitor distributor is required to allow shall apply to the nearest District Office of the Office of Price Administration for an order under this section establishing the conditions to which his ceiling prices are subject. Such application may be made by letter and shall state the type of business he is operating (distributor, dealer) when he started to sell small electrical appliances and the classes of purchasers to whom he sells. An order will be issued under this section establishing the terms, allowances and other price differentials and conditions of sale in line with the conditions of sale generally fixed by this order.

If a distributor who did not sell small electrical appliances during March 1942, does not allow the same discounts, delivery terms and other price differentials allowed by his nearest competitor who did sell small electrical appliances during March 1942, or does not file an application in accordance with the provision of this section, or if he fails to provide any of the information required by this section, the Price Administrator may, on his own motion, issue orders under this section fixing discounts, allowances and other price differentials in line with such condition of sale fixed by this order. Condition of sale so established will apply to all sales and deliveries made on and after April 22, 1946.

6. Section 9 is amended to read as follows:

SEC. 9. *Revocation of certain ceiling prices.* Regardless of any provisions of the General Maximum Price Regulation, Maximum Price Regulation No. 210, Maximum Price Regulation No. 188, or any approval or order obtained or issued thereunder by the Office of Price Administration, including Order No. 4332 under Maximum Price Regulation No. 188, but excepting Regional Administrators' orders of general applicability under the General Maximum Price Regulation, fixing resellers' ceiling prices for unbranded small electrical appliances, all ceiling prices heretofore or hereafter established by any seller under those regulations or orders do not apply to any sales of deliveries made after February 1, 1946, except those manufacturers' ceiling prices continued in effect by section 3 of this order.

In addition, all resellers' ceiling prices approved or established by orders at any time under Supplementary Orders Nos. 118 or 119 shall not apply to any articles which are delivered by the manufacturer on or after March 31, 1946. Resellers' ceiling prices for such articles shall be determined in accordance with this provision of this order.

Provided, however, that ceiling prices established for sales of electric irons by sections 2.2 and 2.3 of Supplementary Regulation 14J and by orders under paragraph (a) (19) of Order A-2 higher than the ceiling prices determined under the provisions of this order.

This amendment shall become effective on the 22d day of April 1946.

NOTE.—The reporting and record keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 16th day of April 1946.

ROBERTS & MANDER STOVE CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119; *It is ordered:*

That Order No. 86 under Revised Supplementary Order No. 119 be amended in the following respect:

Paragraph (b) is amended to read as follows:

(b) *Retail dealers' ceiling prices.* For sales in each zone by retail dealers to ultimate consumers the ceiling prices for the models of gas and combination ranges manufactured by the Roberts & Mander Stove Company and listed below are as follows:

Model	Article	Ceiling prices for sales to ultimate consumers			
		Zone 1	Zone 2	Zone 3	Zone 4
		Each	*Each*	*Each*	*Each*
K-1	Gas range	$71.50	$73.25	$74.50	$76.95
K-1T	do	82.50	83.95	85.50	87.95
K-3	do	88.75	91.50	93.75	97.75
K-3T	do	99.75	102.50	104.75	108.75
L-1	do	90.25	92.50	94.25	97.25
L-T1	do	79.50	81.50	83.25	86.25
L-2	do	101.25	103.95	106.25	110.25
L-T2	do	90.50	93.25	95.50	99.50
K-9	Combination range	169.50	173.95	177.75	184.25
K-9T	do	180.25	184.95	188.75	195.25

These prices include delivery and installation. If the retail dealer does not provide installation he shall compute his ceiling price by deducting $9.00 in the case of combination ranges and $6.00 in the case of gas ranges not of the combination type from his ceiling price as shown above for sales on an installed basis. If the retail dealer sells a stove equipped with any of the items of optional equipment listed below, he may add to the applicable ceiling price for the stove shown above an amount no greater than that set forth below opposite that item of equipment:

Regional and District Office Orders.

[Dallas Order G-1 Under Gen. Order 68]

BUILDING MATERIALS IN DALLAS COUNTY, TEX.

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to the provisions of General Order No. 68, it is hereby ordered:

SECTION I. *What this order does.* This order establishes maximum prices for all retail sales of certain building materials specifically described in Appendix A of this order when such sales are made in the geographical area comprising Dallas County, Texas.

SEC. II. *Definition of retail sales.* The term retail sale as used in this order means any sale of the building materials covered by this order to an ultimate user or to a contractor who will resell the same on an installed basis.

SEC. III. *Maximum prices.* Maximum prices for commodities subject to this order are those set forth in Appendix A, which is specifically made a part of this order, subject to the terms and conditions of sale and other limitations set forth therein.

SEC. IV. *Relation of this order to other regulations.* The maximum prices fixed by this order supersede any maximum prices or price determining method previously established by any other regulation or order issued by the Office of Price Administration for the commodities covered by this order.

SEC. V. Each seller making sales subject to this order shall post a copy of Appendix A of this order plainly visible to all purchasers in each of his places of business located in the area covered by this order.

SEC. VI. *Invoices and notification.* Each seller making sales subject to this order shall, if requested by any purchaser of commodities subject hereto, make available to such purchaser for inspection a copy of this order. Each seller covered by this order is required to furnish each purchaser with an invoice at the time of sale, which must contain the following information:

1. Name and address of the purchaser.
2. A description of each commodity sold.
3. The quantity of each commodity sold.
4. The price charged for each commodity sold.
5. The type of sale, whether f. o. b. railroad car, f. o. b. seller's yard or store, delivered to job site in free delivery area, or delivered outside free delivery area.
6. If delivery is made outside the seller's free-delivery zone, the amount of any delivery charges made stated separately on the invoice.
7. A statement of cash discounts allowed for prompt payment.
8. A separate statement of any amount added for the extension of credit.

Each seller is required to keep a duplicate of such invoice in his place of business, and make it available for inspection by the Office of Price Administration during regular business hours.

SEC. VII. *Addition of increase in supplier's prices prohibited.* The maximum prices set out by this order may not be increased by a dealer to reflect increases in purchase costs or in supplier's maximum prices occurring after the effective date hereof; but increases in the maximum prices set hereby to reflect such increases are within the discretion of the District Director.

SEC. VIII. *What this order prohibits.* Regardless of any obligation no person shall:

1. Sell, or in the course of trade or business buy, building materials at higher prices than the maximum prices set by this order; but less than the maximum prices may at any time be charged, paid or offered.
2. Obtain higher than maximum prices by
   (i) Making a charge for delivery of building material items delivered within the free delivery zone hereinafter defined;
   (ii) Making a charge for delivery outside the free delivery zone in excess of that permitted by this order;
   (iii) Making a charge higher than this order authorizes for the extension of credit;
   (iv) Failure to give the discounts required by this order for prompt payment;
   (v) Using any tying agreement or requiring that the buyer purchase anything in addition to the building materials requested by him; or
   (vi) Using any other device by which a higher than maximum price is obtained directly or indirectly.

SEC. IX. *Enforcement.* 1. Persons violating any provisions of this order are subject to civil and criminal penalties, including suits for treble damages, provided for by the Emergency Price Control Act of 1942, as amended.

2. Persons who have any evidence of any violation of this order are urged to communicate with the Dallas District Office of the Office of Price Administration.

SEC. X. *Building materials not covered by this order.* There are building materials sold and delivered in the area covered by this order which are not included in, and for which prices are not established in this order. The maximum prices for such building materials, when sold by any person covered by this order, shall continue to be determined under the applicable maximum price regulation. Sellers who are in doubt as to the regulation applicable to such building materials should consult the Dallas District Office of the Office of Price Administration.

This order may be amended or revoked at any time by the Office of Price Administration.

This order shall become effective January 17, 1946.

The following provisions are applicable to all sales of building material items covered by both I and II of this Appendix A.

1. *Terms of sale.* Maximum prices hereinabove established are subject to the following cash discount:

(a) For sellers who were in business during March 1942, the same cash discount they had in effect during March 1942 for each quantity and type of sale made.

(b) For sellers who were not in business during March 1942, the cash discount which their most competitive seller who was in business during March 1942 is required to make under the provisions of this order.

2. *Additions for the extension of credit.* The following additions for the maximum prices hereinabove established may be made for the extension of credit beyond 30 days:

(a) Sellers who were in business during March 1942 are permitted to add to prices established hereinabove for the extension of credit beyond a period of 30 days the same additions that they had in effect during March 1942 for the same type and quantity of sale. If no extra charges were made for the extension of credit during March 1942, none may be added.

(b) Sellers who were not in business during March 1942 are permitted to make the same charge for the extension of credit which their most closely competitive seller is permitted to make under the provisions of this order.

3. Free delivery zone as used in this order includes all points within the corporate limits of the cities of Dallas, Highland Park, University Park, Texas, and all points in Dallas County, Texas within a radius of 10 miles of the place from which delivery is made.

4. The following delivery charges may be made when delivery is made outside the free delivery zone hereinabove described of all commodities subject to this order:

(a) For sellers who were in business during March 1942, the same delivery charge they had in effect during March 1942 for each type and quantity of sale made.

(b) For sellers who were not in business during March 1942, the delivery charge which their most competitive seller, who was in business during March 1942, may make under the provisions of this order.

5. The term "lumber dealer" as used in this appendix refers to any person who makes sales of building material items covered by this order from a retail distribution yard, as the same is defined in Revised Maximum Price Regulation 215 as amended or revised.

(1) For the purpose of this order, the term free delivery zone includes all points within the corporate limits of Ft. Worth, Texas, and all points within a radius of 10 miles of the place from which delivery is made.

(2) If delivery is made outside the free delivery zone, sellers are permitted to add to the maximum prices hereinabove established a delivery charge not in excess of the charge which each seller made for the same type and quantity of sale during March, 1942.

(3) Maximum prices hereinabove established are subject to the same discounts for cash which each seller subject to this order had in effect for the same type and quantity of sale during March, 1942.

(4) If credit is extended for a period of more than 30 days, sellers subject to this order may make an extra charge for credit which shall not be in excess of charges they had in effect during March of 1942.

(5) Any seller who was not in business during March 1942, shall establish his charges for the extension of credit beyond the period of 30 days by taking the credit charges established by his most closely competitive seller.

[Region V Order G-17 Under RMPR 251, Amdt. 1]

Installed Mineral Wool Insulation in Tarrant County, Texas

For the reasons set forth in the opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region V of the Office of Price Administration by section 9 of Revised Maximum Price Regulation No. 251, *It is hereby ordered*, That section (h) of Order No. G-17 under section 9 of Revised Maximum Price Regulation No. 251 be and it is hereby revoked and amended to read as follows:

(h) *Records, invoicing and notification requirements*—(1) *Record keeping requirements.* Every seller of mineral wool insulation sold on an installed basis, whether the sale is made as a part of a general contract calling for installation of other commodities or not, shall preserve records showing the following information:

(i) The date on which the installation was completed.

(ii) The name and address of the seller and buyer.

(iii) The number of square feet and type of insulation installed, the thickness of insulation material, and the areas in which such insulation material was installed.

(iv) The price charged for each separate category exactly as stated in Table I, including category number and drawing number.

(v) The terms of sale.

(vi) A statement of any special insulation and related work and incidental construction work.

(2) *Invoicing requirements.* Any seller subject to this order, upon request of a purchaser, must furnish an invoice which contains all of the information set out in paragraphs (i) through (vi) of section (h) (1) of this order.

(3) *Notification requirements.* Every person making sales subject to this order shall notify the purchaser of the existence of this order, and, if requested, show the purchaser a copy of this order as well as a copy of Revised Maximum Price Regulation No. 251.

Except as herein amended or revised, Order No. G-17 under section 9 of Revised Maximum Price Regulation No. 251 shall be and is continued in full force and effect in all other respects.

[Sioux Falls Order G-1 Under Gen. Order 68, Amdt. 2]

Certain Building and Construction Materials in Sioux Falls, S. D., Area

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to the provisions of General Order 68, *It is ordered*, That section 2 of Order No. G-1 is hereby amended to read:

Sec. 2. *Definitions*—(a) *Retail sale.* For the purpose of this order a retail sale means a sale to an ultimate user or to any contractor; provided that for the purposes of this order, a "retail sale" shall not include any sale to the United States Government or any of its political subdivisions.

(b) *Contractor.* Any person who sells material or equipment, and in connection therewith, assumes responsibility for its incorporation into a building, structure, or construction project at a fixed site, by charging a single price for the commodity installed, by guaranteeing performance and use or by any other objective evidence shall be considered a contractor.

(c) *Applicators.* Purchasers by applicators, as herein defined, of asphalt and tarred roofing products and insulation are excluded from the coverage of this order. Applicators are herein defined as contractors engaged exclusively in the business of applying roofing and/or siding and/or insulation to buildings.

(d) *Consumer's sale.* The sale of less than two tons of one or more of the items listed in Appendix A to one purchaser at one time is a consumer's sale.

(e) *Truck load sale.* The sale of two tons or more of one or more of the items listed in Appendix A to one purchaser at one time constitutes a truck load sale.

(f) *Common brick.* For the purposes of this order common brick means baked clay products and does not include concrete products.

This amendment shall become effective immediately.

Issued this 9th day of April 1946.

E. J. Winterstein,
District Director.

[Little Rock Order G-1 Under Gen. Order 68]

Building Materials in Pulaski County, Ark.

For the reasons set forth in an opinion issued simultaneously herewith, and pursuant to the provisions of General Order No. 68, it is hereby ordered:

Section I. *What this order does.* This order establishes maximum prices for all retail sales of certain building materials specifically described in Appendix A of this order when such sales are made in the geographical area comprising Pulaski County, Arkansas.

Sec. II. *Definition of retail sales.* The term "retail sale" as used in this order means any sale of the building materials covered by this order to an ultimate user or to a contractor who will resell the same on an installed basis,

Sec. III. *Maximum prices.* Maximum prices for commodities subject to this order are those set forth in Appendix A, which is specifically made a part of this order, subject to the terms and conditions of sale and other limitations set forth therein.

Sec. IV. *Relation of this order to other regulations.* The maximum prices fixed by this order supersede any maximum prices or price determining method previously established by any other regulation or order issued by the Office of Price Administration for the commodities covered by this order.

Sec. V. Each seller making sales subject to this order shall post a copy of Appendix A of this order plainly visible to all purchasers in each of his places of business located in the area covered by this order.

Sec. VI. *Invoices and notification.* Each seller making sales subject to this order shall, if requested by any purchaser of commodities subject hereto, make available to such purchaser for inspection a copy of this order. Each seller covered by this order is required to furnish each purchaser with an invoice at the time of sale, which must contain the following information:

1. Name and address of the purchaser, and place of delivery if different from purchaser's address.
2. A description of each commodity sold, using description in Appendix A.
3. The quantity of each commodity sold.
4. The price charged for each commodity sold.
5. The type of sale, whether f. o. b. railroad car, f. o. b. seller's yard or store, delivered to job site in free delivery area, or delivered outside free delivery area.
6. If delivery is made outside the seller's free delivery zone, the amount of any delivery charges made stated separately on the invoice.
7. A statement of cash discounts allowed for prompt payment.

Each seller is required to keep a duplicate of such invoice in this place of business, and make it available for inspection by the Office of Price Administration during regular business hours.

This order may be amended or revoked at any time by the Office of Price Administration.

This order shall become effective January 18, 1946.

[1] An addition of 2 cents per square foot may be made if cut to customer's specifications.

[2] An addition of 50 cents per 100 square feet may be made if cut to customer's specifications.

1. *Terms of sale.* Maximum prices hereinabove listed are subject to a 2% cash discount when sold to customers licensed by the Contractors General Licensing Board of the State of Arkansas, provided payment is made before the 10th day of the month following date of delivery.

2. *Additions for the extension of credit.* The following additions for the maximum prices hereinabove established may be made for the extension of credit beyond 30 days:

(a) Sellers who were in business during March 1942 are permitted to add to prices established hereinabove for the extension of credit beyond a period of 30 days the same additions that they had in effect during March 1942 for the same type and quantity of sale. If no extra charges were made for the extension of credit during March 1942, none may be added.

(b) Sellers who were not in business during March 1942 are permitted to make the same charge for the extension of credit which their most closely competitive seller is permitted to make under the provisions of this order.

3. Free delivery zone as used in this order includes all points within the corporate limits of Little Rock, North Little Rock, Park Hill, Rose City, Levy and Cammack Village, Arkansas.

4. *Additions for delivery outside free delivery zone.* Where delivery is made outside the free delivery zone, maximum prices hereinabove listed may be increased by a delivery charge not in excess of 20¢ per mile: *Provided, however*, The mileage charge is computed on the basis of the nearest actual highway mileage from the point to which delivery is made to the nearest point located within the free delivery zone herein defined. No charge may be made for return trip.

[Oklahoma City Order G-1 under Gen. Order 68]

Building Materials in Oklahoma City

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to the provisions of General Order No. 68, it is hereby ordered:

Section I. *What this order does.* This order establishes maximum prices for all retail sales of certain building materials specifically described in Appendix A of this order when such sales are made in the geographical area comprising the corporate limits of Oklahoma City, Oklahoma.

Sec. II. *Definition of retail sales.* The term retail sale as used in this order means any sale of the building materials covered by this order to an ultimate user or to a contractor who will resell the same on an installed basis.

Sec. III. *Maximum prices.* Maximum prices for commodities subject to this order are those set forth in Appendix A, which is specifically made a part of this order, subject to the terms and conditions of sale and other limitations set forth therein.

Sec. IV. *Relation of this order to other regulation.* The maximum prices fixed by this order supersede any maximum prices or price determining method previously established by any other regulation or order issued by the Office of Price Administration for the commodities covered by this order.

Sec. V. Each seller making sales subject to this order shall post a copy of Appendix A of this order plainly visible to all purchasers in each of his places of business located in the area covered by this order.

SEC. VI. *Invoices and notification.* Each seller making sales subject to this order shall, if requested by any purchaser of commodities subject hereto, make available to such purchaser for inspection a copy of this order. Each seller covered by this order is required to furnish each purchaser with an invoice at the time of sale, which must contain the following information:

1. Name and address of the purchaser.
2. A description of each commodity sold.
3. The quantity of each commodity sold.
4. The price charged for each commodity sold.
5. If commodity was delivered, address to which delivery was made.
6. A statement of cash discounts allowed for prompt payment.
7. A separate statement of any amount added for the extension of credit.

Each seller is required to keep a duplicate of such invoice in his place of business, and make it available for inspection by the Office of Price Administration during regular business hours.

SEC. VII. *Addition of increase in supplier's prices prohibited.* The maximum prices set out by this order may not be increased by a dealer to reflect increases in purchase costs or in supplier's maximum prices occurring after the effective date hereof; but increases in the maximum prices set hereby to reflect such increases are within the discretion of the District Director.

SEC. VIII. *What this order prohibits.* Regardless of any obligation no person shall:

1. Sell, or in the course of trade or business buy, building materials at higher prices than the maximum prices set by this order; but less than the maximum prices may at any time be charged, paid or offered.

2. Obtain higher than maximum prices by:

(i) Making a charge for delivery;
(ii) Making a charge higher than this order authorizes for the extension of credit;
(iii) Failure to give the discounts required by this order for prompt payment;
(iv) Using any tying agreement or requiring that the buyer purchase anything in addition to the building materials requested by him; or
(v) Using any other device by which a higher than maximum price is obtained directly or indirectly.

SEC. IX. *Enforcement.* 1. Persons violating any provisions of this order are subject to civil and criminal penalties, including suits for treble damages, provided for by the Emergency Price Control Act of 1942, as amended.

2. Persons who have any evidence of any violation of this order are urged to communicate with the Oklahoma City District Office of the Office of Price Administration.

SEC. X. *Building materials not covered by this order.* There are building materials sold and delivered in the area covered by this order which are not included in, and for which prices are not established in this order. The maximum prices for such building materials, when sold by any person covered by this order, shall continue to be determined under the applicable maximum price regulation. Sellers who are in doubt as to the regulation applicable to such building materials should consult the Oklahoma City District Office of the Office of Price Administration.

This order may be amended or revoked at any time by the Office of Price Administration.

This order shall become effective February 10, 1946.

1. *Additions for the extension of credit.* The following additions for the maximum prices hereinabove established may be made for the extension of credit beyond 30 days:

(a) Sellers who were in business during March 1942 are permitted to add to prices established hereinabove for the extension of credit beyond a period of 30 days the same additions that they had in effect during March 1942 for the same type and quantity of sale. If no extra charges were made for the extension of credit during March 1942, none may be added.

(b) Sellers who were not in business during March 1942 are permitted to make the same charge for the extension of credit which their most closely competitive seller is permitted to make under the provisions of this order.

2. *Additions for delivery on sales of less than $10.00.* No additions for delivery may be made to the prices hereinabove listed except that a 50¢ charge may be made for delivering an order totaling less than $10.00.

3. *Additions for Oklahoma state sales tax.* Sellers may add to the prices listed in this Appendix A the sales tax required to be collected by the law of the State of Oklahoma. This tax shall be separately stated in the dealer's invoice, sales slip or receipt.

[Chicago Order G-1 Under Rev. Supp. Service Reg. 50 and RMPR 165]

PHOTOSTATING VETERANS' DISCHARGE PAPERS IN CHICAGO, ILL.

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the District Director of the Chicago Metropolitan District of the Office of Price Administration by § 1499.648 (c) (4) of Revised Supplementary Service Regulation No. 50 to Revised Maximum Price Regulation No. 165, and by delegation of authority from the Regional Administrator of Region VI, this order is hereby issued.

SECTION 1. *What this order covers.* This order establishes maximum prices for sale made by any seller, of the service of photostating discharge papers of veterans formerly in the Armed Forces of the United States and of persons discharged from the United States Merchant Marine.

SEC. 2. *Definitions.* For the purpose of this order the term:

"Photostat" means the poduction of photo copies directly on prepared paper, by means of any machine designed for that purpose;

"Sellers of photostatic service" includes not only any person performing the operation of photostating, but also any person who procures photostats for purchasers, from such photostaters.

"Veteran" means any person discharged from any branch of the Armed Forces of the United States or from the United States Merchant Marine.

"Discharge papers" means any paper, pamphlet, certificate, scroll, photograph or any other printed matter pertaining to service rendered in the Armed Forces of the United States or United States Merchant Marine.

SEC. 3. *Geographical applicability.* This order shall apply to sales made within the corporate limits of the city of Chicago, Illinois.

SEC. 4. *Prohibition against selling photostatic services on veteran's discharge papers above maximum prices.* On and after the effective date of this order regardless of any contract, agreement, or other obligation, no person or persons covered by this order shall sell or offer to sell the service of photostating discharge papers of any veteran of the United States Armed Forces or of the United States Merchant Marine at prices higher than the maximum prices set forth in Appendix A of this order.

SEC. 5. *Maximum prices.* The maximum prices which any seller may charge for the service of photostating (including the service of procuring photostats) discharge papers of any veteran of the United States Armed Forces or of the United States Merchant Marine, within the area covered by this order, shall be those set forth in Appendix A attached hereto.

SEC. 6. *Relation to other regulations.* The maximum prices fixed by this order supersede any maximum prices or pricing methods previously fixed by Revised Maximum Price Regulation No. 165, or by any other regulation or order covering the services herein specified. All photostating services not specifically covered by the provisions of this order shall remain subject to the provisions of Revised Maximum Price Regulation No. 165.

SEC. 7. *Posting.* Every seller making sales covered by this order shall post in each of his establishments in a place and manner plainly visible to any purchaser the list containing the maximum prices for the photostatic services set forth in Appendix A hereof. There is attached to this order for your convenience two copies of Appendix A containing the items covered with the respective prices applicable. One such copy of such list may be detached and used as the poster herein above required to be posted.

SEC. 8. *Sales slips and records.* Every seller covered by this order shall give to the purchaser a sales slip, receipt, or other evidence of purchase which shall show the date, name and address of the seller, the description, quantity and price of each item sold. The seller shall prepare such sales slip, receipt, or other evidence of purchase in duplicate and keep one copy of same for as long as the Emergency Price Control Act of 1942, as amended, remains in full force and effect. Each such seller shall also keep such records of each sale as he customarily kept.

SEC. 9. *Violation.* On and after the effective date of this order, any person covered by this order, who sells or offers to sell at a price higher than the ceiling price permitted by this order, or otherwise violates any of the provisions of this order, shall be subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended.

SEC. 10. *Evasion.* No person subject to this order may evade any of the provisions of the order by any stratagem, scheme or device. No person subject to this order may, as a condition of selling the service in question, require a customer to buy anything else. Any such evasion is punishable as a violation of this order.

This order may be modified, amended or revoked at any time.

This order shall become effective March 25, 1946.

Issued this 19th day of March 1946.

JAMES F. RILEY,
District Director.

[Region I Order G–19 Under SR 15, MPR 280 and MPR 329, Amdt. 15]

FLUID MILK IN NEW HAMPSHIRE

For the reasons set forth in an Opinion issued simultaneously herewith which has been filed with the Division of the Federal Register, and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by § 1351.408 of Maximum Price Regulation 329, Region I Order No. G–19 (Fluid Milk in the State of New Hampshire) is hereby amended in the following respects:

(1) The provisions of subparagraph (2) of paragraph (b) in effect prior to the issuance of Amendment No. 13 to Order No. G–19 are amended as set forth:

a. To the terms of the subdivision headed Zone 3, there is added the following enactment: "*Provided*, That between 12:01 a. m. of April 1, 1946 and 12:01 a. m. of May 1, 1946 the maximum producer price listed for Milk Marketing Area (23)—Milford, Amherst, Wilton; Area (71) — Merrimac; Area (79) — Brookline; is not $3.95 but is $4.10 if purchaser weighs and tests the milk and $4.15 if purchaser does not weigh and test the milk".

b. To the terms of the subdivision headed Zone 4, there is added the following enactment: "*Provided*, That between 12:01 a. m. of April 1, 1946 and 12:01 a. m. of May 1, 1946 the maximum producer price listed for Milk Marketing Areas (50) (New Ipswich) and (49) (Greenville) is not $3.95 but is $4.10 if purchaser weighs and tests the milk and $4.15 if purchaser does not weigh and test the milk".

(2) To the provisions of paragraph (e) there is added the following enactment: "*Provided*, That between 12:01 a. m. of April 1, 1946 and 12:01 a. m. of May 1, 1946, the maximum price which may be paid for standard milk of 3.7% butterfat content bought or received from producers in Region I for ultimate resale in the towns of Mount Vernon, Temple, Mason and Lyndeboro is $4.10 if purchaser weighs and tests the milk and $4.15 if purchaser does not weigh and test the milk".

This amendment is effective as of 12:01 a. m. April 1, 1946.

This action has the prior written approval of the Secretary of Agriculture.

Issued this 12th day of April 1946.

[Region II Order G–10 Under Rev. SO 119]

BUCH MFG. CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16, and authority delegated under section 19 to the Regional Administrator of Region II under Revised Supplementary Order No. 119, *it is ordered*, That:

(a) *Manufacturers' ceiling prices.* Buch Manufacturing Company, Elizabethtown, Pa., may increase its properly established maximum prices (exclusive of any other increases or adjustments permitted by any other Order or Regulation immediately prior hereto) for the following products or product lines of which it is the manufacturer, to each class of purchaser, by an amount not in excess of 17% of such maximum prices:

Garden barrows.
Steel tray barrows.
Lawn rollers.
Linoleum rollers.
Tampers.

(b) *Definitions.* All words and phrases used in this Order shall receive the same definition as in Revised Supplementary Order No. 119 or any revision or amendment thereto.

(c) *Maximum prices which may be increased.* The increase permitted by this order shall be applied to those properly established maximum prices for the products or product lines covered by this order which were in effect immediately prior to the date of the application on which this order is issued exclusive of any adjustment charges or increases which may have been permitted on or before that date. Any adjustments permitted by Order No. 16, issued March 13, 1946, by the Administrator of Region II, is specifically excluded.

A reseller shall calculate his ceiling price by adding to his invoice cost the same percentage markup which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage markup is supplied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620–759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(e) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances, on sales to each class of purchaser in effect during March 1942, or thereafter properly established under O. P. A. regulations.

(f) *Saving clause.* Except as modified by this order, each seller affected shall in all respects remain subject to all the applicable provisions of the appropriate applicable price regulations.

(g) *S. O. 153 excluded.* The provisions of Supplementary Order No. 153 shall not apply to sales of the commodities or products included in this order.

(h) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser on such invoice, in writing, of the methods established in paragraph (d) of this order for determining adjusted maximum prices for resales of the products or articles covered by this order. Such notice shall include a statement that the provisions of Supplementary Order No. 153 do not apply to resellers' maximum prices for such articles or products. This notice may be given in any convenient form.

(i) *Revocation.* Order No. 16 under Supplementary Order No. 119 issued March 13, 1946, by the Administrator for Region II, is hereby revoked.

All requests for adjustments in maximum prices not specifically granted by this order are hereby denied, and to the extent of such denial a review may be requested in accordance with the provisions of Revised Procedural Regulation No. 1.

This order may be revoked, amended, or modified by the Regional Administrator or the Price Administrator at any time.

This order shall become effective April 9, 1946.

Issued this 9th day of April 1946.

Regional Administrator.

WHEREAS a dispute exists between the Chicago, Rock Island & Pacific Railway Company, a carrier, and certain of its employees represented by the Brotherhood of Railroad Trainmen, a labor organization; and

WHEREAS this dispute has not heretofore been adjusted under the provisions of the Railway Labor Act, as amended; and

WHEREAS this dispute, in the judgment of the National Mediation Board, threatens substantially to interrupt interstate commerce within the state of Illinois and other states in the western part of the country to a degree such as to deprive that portion of the country of essential transportation service:

NOW, THEREFORE, by virtue of the authority vested in me by section 10 of the Railway Labor Act, as amended (45 U.S.C. 160), I hereby create a board of three members, to be appointed by me, to investigate the said dispute. No member of the said board shall be pecuniarily or otherwise interested in any organization of railway employees or any carrier.

The Board shall report its findings to the President with respect to the said dispute within thirty days from the date of this order.

As provided by section 10 of the Railway Labor Act, as amended, from this date and for thirty days after the board has made its report to the President, no change, except by agreement, shall be made by the Chicago, Rock Island & Pacific Railway Company or its employees in the conditions out of which the said dispute arose.

Chapter XI—Production and Marketing Administration (War Food Distribution Orders)

[WFO 144, Amdt. 5]

PART 1416—GRAIN

EXEMPTION FOR WHEAT SOLD UNDER EMERGENCY WHEAT PURCHASE PROGRAM

War Food Order No. 144, as amended (11 F.R. 2501, 3243, 3392), is further amended as follows:

1. By adding immediately after paragraph (a) (17) the following new paragraph:

(18) "Elevator operator" means a person who owns or operates a grain elevator, warehouse, or barge-loading facility and who receives grain for resale, from producers or truckers in wagon or truck lots.

2. By adding immediately after paragraph (z) the following new paragraph:

(aa) *Exemption for wheat sold under Emergency Wheat Purchase Program.* In any case where wheat has been delivered to an elevator operator for the account of the Commodity Credit Corporation under the Emergency Wheat Purchase Program, or in any case where wheat owned by the Commodity Credit Corporation has been sold to an elevator operator and resold by such elevator operator in furtherance of such program and pursuant to instructions issued by the Director, such wheat, or an equal amount of wheat grading No. 3 or better, or grading No. 4 or 5 on test weight only, shall be exempt from all the restrictions of this order, regardless of whether such wheat is in the hands of the Commodity Credit Corporation, an elevator operator, or any other subsequent purchaser to whom delivery has been made in accordance with the Director's instructions: *Provided, however*, That whenever a specified quantity of wheat acquired under the Emergency Wheat Purchase Program is released by the Commodity Credit Corporation from the requirements of such program, such wheat shall, upon such release, again become subject to all the restrictions of this order.

This amendment shall become effective at 12:01 a. m., e. s. t., April 17, 1946. With respect to violations, rights accrued, liabilities incurred, or appeals taken, prior to said date, under War Food Order No. 144, all provisions of said order shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

(E.O. 9280, 7 F.R. 10179; E.O. 9577, 10 F.R. 8087)

(Sec. 5, 38 Stat. 719 as amended by sec. 3, 52 Stat. 112; 15 U.S.C. sec. 45b) [Cease and desist order, M. Portnow, Docket 4887 February 27, 1946]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 27th day of February A. D. 1946.

In the Matter of Felix Portnow, Trading as M. Portnow

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, and a stipulation as to the facts entered into between respondent herein and Richard P. Whiteley, Assistant Chief Counsel for the Commission, which provides, among other things, that without further evidence or other intervening procedure the Commission may issue and serve upon the respondent herein findings as to the facts and conclusion based thereon and an order disposing of the proceeding, and the Commission having made its findings as to the facts and conclusion that said respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent, Felix Portnow, individually and trading as M. Portnow, or under any other name or names, and his representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of respondent's device designated Portnow's Patented Wonder Truss, or any other device of substantially similar construction, or performing substantially similar functions, whether sold under the same name or under any other name, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated any advertisement by means of the United States mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or by implication:

(a) That respondent's truss will end all rupture troubles or will furnish rupture relief for all types and kinds of ruptures.

(b) That respondent's truss will cure rupture in adults or is effective in the treatment of all types of rupture or hernia or will provide relief for all ruptures without the intervention of surgical procedure.

(c) That respondent's truss will be of any value whatsoever in conditions of irreducible hernia.

(d) That respondent's truss is new in the sense that it operates in the control of rupture in a different manner or upon a different principle from other trusses in common use.

(e) That respondent is a hernia specialist.

(f) That respondent is a member of the Jewish Workmen's Circle.

(g) That respondent conducts the largest truss store in the City of New York.

2. Disseminating or causing to be disseminated by any means any advertisement for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of respondent's device, which advertisement contains any representation prohibited in paragraph 1 hereof.

It is further ordered, That the respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

PART 1306—IRON AND STEEL

[MPR 350, Amdt. 4]

PACKERS' TIN CANS AND CONDENSED MILK CANS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

In Appendix A, a new paragraph (i) is added to read as follows:

(i) Any person desiring to modify any discounts, special allowances, or credit terms established by paragraph (h) above may file an application for permission to do so with the Office of Price Administration, Washington, D. C. The Office of Price Administration will grant permission to make such modifications in discounts, special allowances or credit terms which it finds will result in a maximum price structure adapted to the applicant's needs in the transition and post-war periods. In granting such permission, the Office of Price Administration will make appropriate reductions in maximum prices established by this regulation for the applicant's sales in order to compensate for any net increases in revenue obtained by the applicant on account of such modifications. Any application filed in accordance with this paragraph shall set forth the following: the modification requested; information demonstrating that it will result in a maximum price structure adapted to the applicant's needs in the transition and post-war periods; and information which will enable the Office of Price Administration to make the reductions in maximum prices described above. The Office of Price Administration may request such additional information as it deems relevant.

This amendment shall become effective April 16, 1946.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 16th day of April 1946.

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[RMPR 169, Amdt. 71]

BEEF AND VEAL CARCASSES AND WHOLESALE CUTS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Revised Maximum Price Regulation No. 169 is amended in the following respects:

1. Section 1364.407 (d) (4) is amended to read as follows:

(4) Not later than the tenth day following each three months quota period ending August 31, November 30, February 28 or 29 or May 31, each hotel supply house making sales of "retail meat items" to ultimate consumers or sales of "wholesale meat items" to retail stores, pursuant to paragraph (a) of § 1364.416, shall file with the appropriate Regional Office of the Office of Price Administration a statement showing for such three months quota period (i) the total volume by weight of all meats (fabricated, fresh, frozen, cured and/or corned, cooked, dried, canned or otherwise processed, including sausage and similar products thereof) and/or variety meats and edible byproducts sold by such establishment other than to contract schools; (ii) the total volume by weight of all "retail meat items" sold by such establishment to ultimate consumers, and (iii) the total volume by weight of "wholesale meat items" sold by such establishment to retail stores.

2. Section 1364.416 (a) is amended to read as follows:

(a) Any hotel supply house may sell and/or deliver "retail meat items" to ultimate consumers and "wholesale meat items" to retail stores subject to the conditions set out in the following subparagraphs:

(1) The total of the volume by weight of its sales of "retail meat items" to ultimate consumers plus the volume by weight of its sales of "wholesale meat items" to retail stores, during any three months quota period beginning June 1, September 1, December 1 or March 1 must not exceed 20% of the volume by weight of the sales and/or deliveries made by it pursuant to paragraph (a) of § 1364.415 during the same three months quota period.

(2) Its sales of "retail meat items" to ultimate consumers must be made at prices no higher than those established for "Groups 3 and 4 stores."

(3) Its sales of "wholesale meat items" to retail stores must be made at prices no higher than the applicable prices fixed by Revised Maximum Price Regulations Nos. 169, 239 and 148 and Maximum Price Regulation No. 398 (whichever regulation applies) for sales to retail stores by persons other than a hotel supply house, peddler truck seller, wholesaler or intermediate distributor.

(4) No hotel supply house shall make sales to ultimate consumers or retail stores pursuant to this paragraph (a) until (i) such hotel supply house shall have filed with the appropriate regional office of the Office of Price Administration a statement in affidavit form showing that from September 15, 1942 through December 15, 1942 such establishment regularly and generally made sales of meats to such class of purchasers from the same selling establishment in conjunction with its sales from that selling establishment to purveyors of meals and (ii) such hotel supply house has received written authorization from the appropriate regional office approving such affidavit and authorizing the sale and/or delivery of fabricated beef cuts and/or fabricated veal cuts to purveyors of meals at maximum prices specified in § 1364.452 (o) (4) or § 1364.467 (n) (4) as the case may be, in addition to the sale of "retail meat items" to ultimate consumers and/or in addition to the sale of "wholesale meat items" to retail stores.

(5) Under no circumstances may a hotel supply house sell and/or deliver fabricated beef cuts or fabricated veal cuts to persons other than purveyors of meals.

(6) (i) "Retail meat items" means retail meat cuts and/or variety meats and edible by-products and/or processed meat products which are described and for which maximum prices are established for Groups 3 and 4 stores in Maximum Price Regulation 355, "Retail Ceiling Prices for Beef, Veal, Lamb and Mutton and all Variety Meats and Edible Byproducts"; Maximum Price Regulation 336, "Retail Ceiling Prices for Pork Cuts and Processed Meat Products", and Maximum Price Regulation 394, "Retail Ceiling Prices for Kosher Beef, Veal, Lamb and Mutton Cuts."

(ii) "Wholesale meat items" means beef, veal, lamb and mutton wholesale cuts, boneless processing beef and ground beef and miscellaneous beef items and boneless and miscellaneous veal cuts, all as defined in Revised Maximum Price Regulation Nos. 169 and 239; wholesale pork cuts as defined in Revised Maximum Price Regulation 148 and variety meats and edible by-products as defined in Maximum Price Regulation 398.

(iii) "Groups 3 and 4 stores" means the stores classified as such in Maximum Price Regulations Nos. 355, 336 and 394.

3. Section 1364.416 (b) is amended to read as follows:

(b) Any hotel supply house the total of whose sales or deliveries of "retail meat items" to ultimate consumers plus its sales or deliveries of "wholesale meat items" to retail stores during any three months quota period exceeds 20% of the actual sales or deliveries made by it pursuant to paragraph (a) of § 1364.415 during the same three months quota period shall thereafter be required to use the maximum prices specified in § 1364.452 (o) (5) or § 1364.467 (n) (5), as the case may be, on sales of fabricated beef cuts and/or fabricated veal cuts to purveyors of meals.

4. Section 1364.455 (b) (1) (iii) (b) is amended to read as follows:

(b) Ultimate consumers and/or retail stores pursuant to § 1364.416, and/or

This amendment shall become effective as of March 1, 1946.

NOTE: The reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 16th day of April 1946.

PAUL A. PORTER,
Administrator.

Approved: April 12, 1946.

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[RMPR 239, Amdt. 24]

LAMB AND MUTTON CARCASSES AND WHOLESALE CUTS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Revised Maximum Price Regulation No. 239 is amended in the following respects:

1. Section 1364.159 (b) (4) is amended to read as follows:

(4) Not later than the tenth day following each three months quota period ending August 31, November 30, February 28 or 29, or May 31, each hotel supply house making sales of "retail meat items" to ultimate consumers or sales of "wholesale meat items" to retail stores, pursuant to § 1364.168a (a), shall file with the appropriate Regional Office of the Office of Price Administration a statement showing for such three months quota period (i) the total volume by weight of all meats (fabricated, fresh, frozen, cured and/or corned, cooked, dried, canned or otherwise processed, including sausage and similar products thereof) and/or variety meats and edible by-products sold by such establishment other than to contract schools; (ii) the total volume by weight of all "retail meat items" sold by such establishment to ultimate consumers, and (iii) the total volume by weight of "wholesale meat items" sold by such establishment to retail stores. *Provided, however,* That no such report need be filed under this paragraph (b) if the similar report required by § 1364.407 (d) (4) of Revised Maximum Price Regulation No. 169 (Beef and Veal Carcasses and Wholesale Cuts) is filed in lieu thereof.

2. Section 1364.168a (a) is amended to read as follows:

(a) Any hotel supply house may sell and/or deliver "retail meat items" to ultimate consumers and "wholesale meat items" to retail stores subject to the conditions set out in the following subparagraphs:

(1) The total of the volume by weight of its sales of "retail meat items" to ultimate consumers plus the volume by weight of its sales of "wholesale meat items" to retail stores, during any three months quota period beginning June 1, September 1, December 1, or March 1, must not exceed 20 percent of the volume by weight of the sales and/or deliveries made by it pursuant to paragraph (a) of § 1364.168 during the same three months quota period.

(2) Its sales of "retail meat items" to ultimate consumers must be made at prices no higher than those established for "Groups 3 and 4 stores."

(3) Its sales of "wholesale meat items" to retail stores must be made at prices no higher than the applicable prices fixed by Revised Maximum Price Regulations Nos. 169, 239, and 148 and Maximum Price Regulation No. 398 (whichever regulation applies) for sales to retail stores by persons other than a hotel supply house, peddler truck seller, wholesaler or intermediate distributor.

(4) No hotel supply house shall make sales to ultimate consumers or retail stores pursuant to this paragraph (a) until (i) such hotel supply house shall have filed with the appropriate regional office of the Office of Price Administration a statement in affidavit form showing that from September 15, 1942, through December 15, 1942, such establishment regularly and generally made sales of meats to such class of purchasers from the same selling establishment in conjunction with its sales from that selling establishment to purveyors of meals and (ii) such hotel supply house has received written authorization from the appropriate regional office approving such affidavit and authorizing the sale and/or delivery of fabricated lamb cuts and/or fabricated mutton cuts to purveyors of meals in addition to the sale of "retail meat items" to ultimate consumers and/or in addition to the sale of "wholesale meat items" to retail stores.

(5) Under no circumstances may a hotel supply house sell and/or deliver fabricated lamb cuts or fabricated mutton cuts to persons other than purveyors of meals.

(6) (i) "Retail meat items" means retail meat cuts and/or variety meats and edible by-products and/or processed meat products which are described and for which maximum prices are established for Groups 3 and 4 stores in Maximum Price Regulation 355, "Retail Ceiling Prices for Beef, Veal, Lamb and Mutton and all Variety Meats and Edible Byproducts", Maximum Price Regulation 336, "Retail Ceiling Prices for Pork Cuts and Processed Meat Products", and Maximum Price Regulation 394, "Retail Ceiling Prices for Kosher Beef, Veal, Lamb and Mutton Cuts."

(ii) "Wholesale meat items" means beef, veal, lamb and mutton wholesale cuts, boneless processing beef and ground beef and miscellaneous beef items and boneless and miscellaneous veal cuts, all as defined in Revised Maximum Price Regulations Nos. 169, and 239; wholesale pork cuts as defined in Revised Maximum Price Regulation 148 and variety meats and edible by-products as defined in Maximum Price Regulation 398.

(iii) "Groups 3 and 4 stores" means the stores classified as such in Maximum Price Regulations Nos. 355, 336, and 394.

3. Section 1364.168a (b) is amended to read as follows:

(b) Any hotel supply house the total of whose sales or deliveries of "retail meat items" to ultimate consumers plus its sales or deliveries of "wholesale meat items" to retail stores during any three months quota period exceeds 20% of the actual sales or deliveries made by it pursuant to paragraph (a) of § 1364.168 during the same three months quota period shall thereafter be required to use the maximum prices specified for sales by selling establishments other than hotel supply houses on sales of fabricated lamb cuts and/or fabricated mutton cuts to purveyors of meals.

4. Section 1364.160 (a) (5) (iii) (b) is amended to read as follows:

(b) Ultimate consumers and/or retail stores pursuant to § 1364.168a, and/or

This amendment shall become effective as of March 1, 1946.

NOTE: The reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 16th day of April 1946.

PART 1346—BUILDING MATERIALS

[MPR 224, Amdt. 15]

CEMENT

A statement of the considerations involved in the issuance of this Amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 224 is amended in the following respect:

Section 1346.104 (a) (1) (c) is amended to read as follows:

(c) The maximum price determined pursuant to the above pricing method may be increased by a manufacturer by an amount not in excess of $0.30 per barrel when the following conditions are met:

The sale is made f. o. b. a mill located within the geographical area defined herein; or

The sale is made on a delivered basis and the delivered destination point is within the geographical area defined herein.

The geographical area referred to herein is defined to be the State of Arizona; that part of California south of and including the Counties of Santa Barbara, Kern, Inyo and Mono; and the Counties of Clark and Lincoln in the State of Nevada.

Any manufacturer who has increased his maximum selling prices of cement pursuant to this subdivision shall furnish to each buyer purchasing cement for resale in the same form on or before the date the manufacturer makes his first delivery to the buyer at the adjusted price, a written statement to read as follows:

Effective April 22, 1946, the Office of Price Administration has granted an additional adjustment to manufacturers of cement of 10¢ per barrel, making a total increase of 30¢ per barrel over the manufacturers' March 1942 prices. Any person who resells the cement in the same form is permitted to add the actual dollars-and-cents amount of this additional price increase to his existing maximum prices for cement actually purchased at the increased price for resale in the same form.

This Amendment No. 15 shall become effective April 22, 1946.

Issued this 17th day of April 1946.

PAUL A. PORTER,
Administrator.

PART 1346—BUILDING MATERIALS

[MPR 272, Amdt. 8]

CAST-IRON BOILERS AND CAST-IRON RADIATION

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith has been filed with the Division of the Federal Register.

Section 1346.269 is added to Maximum Price Regulation No. 272 to read as follows:

§ 1346.269 *Other applications for adjustment*—(a) *Who may adjust maximum prices.* The Office of Price Administration or any duly authorized representative thereof may adjust maximum prices for any of the commodities covered by this regulation as hereinafter provided.

(b) *Who may apply*—(1) *Commodities listed in paragraph* (e). Any manufacturer of a commodity listed in paragraph (e) of this section may file an application for adjustment in his maximum prices setting for the information required by the form in section 27, in accordance with Revised Procedural Regulation No. 1, issued by the Office of Price Administration, where his supply of the commodity could not be replaced if he discontinued production except at a price equal to or higher than the requested adjusted maximum price.

(2) *Other commodities.* Any manufacturer of any commodity covered by this regulation may file an application for adjustment in his maximum prices setting forth the information required by the form OPA 678:2475 in section 27, in accordance with Revised Procedural Regulation No. 1, issued by the Office of Price Administration, where:

(i) He sells the commodity to a reseller who generally purchases more than 50 percent of the manufacturer's total production of that commodity, or to other manufacturers for use in the manufacture of other products, or to industrial or commercial users; and

(ii) The purchasers referred to in (i) above agree in writing that the increase in acquisition costs resulting from an adjustment granted the manufacturer will not be used by them as the basis for an increase in the maximum prices of the commodities they sell.

(c) *Amount of adjustment.* The adjustment will not be greater than the following:

(1) An amount sufficient to make the adjusted price equal to manufacturing cost plus packing cost, and shipping cost where delivered prices are quoted or freight is allowed or equalized, where the applicant's current over-all earnings on an annual basis represent an increase of 15 percent or more over his average annual net earnings for the base period years 1936 to 1939, inclusive, adjusted for changes in net worth.

(2) An amount sufficient to make the adjusted price equal to total cost, where the applicant's current over-all earnings on an annual basis do not exceed by 15 percent but are not appreciably less than his average annual over-all earnings during the base period years 1936 to 1939, inclusive, adjusted for changes in net worth. In no event, however, shall such adjustment exceed the amount permitted under (1) to the extent that such adjustment will result in current over-all earnings which exceed base period over-all earnings by 15 percent or more.

(3) An amount sufficient to make the adjusted price equal to total cost plus a reasonable net profit on the commodity or line where the applicant's current over-all earnings on an annual basis are appreciably less than his average annual over-all earnings during the base period years 1936 to 1939, inclusive, adjusted for changes in net worth. In no event, however, shall such adjustment exceed the amount permitted under (1) to the extent

that such adjustment will result in current over-all earnings which exceed base period over-all earnings by 15 percent or more.

(4) Any adjustment granted a manufacturer under paragraph (b) (1) above on the ground that the loss of his production would force his customers to resort to higher cost sources of supply, shall not exceed the amount permitted under sub-paragraphs (1) to (3), inclusive, and shall be further limited to an amount equal to the difference between his existing maximum price and the selling price of the next higher competitive seller able to supply the applicant's customers.

(5) Any adjustment granted a manufacturer under paragraph (b) (2) above on the ground that purchasers have agreed to absorb the amount of the increase, shall not exceed the amount permitted under subparagraphs (1) to (3), inclusive, and shall be further limited to the amount which the purchasers have agreed in writing to absorb.

(6) If the applicant produces the commodity in a line or series of sizes, types or models, and if it is not practical to determine the manufacturing cost or total cost, as the case may be, of each size, type or model, a uniform adjustment may be made for the entire line or series. However, any such adjustment for a line or series shall be subject to the limitations in subparagraphs (1) to (5) inclusive, above.

(d) *Meaning of terms used.* The term "manufacturing cost" means the total of direct materials, direct labor, and manufacturing expenses or factory overhead, applicable to the article.

The term "total cost" means the total of manufacturing cost and reasonable general, administrative, and selling expenses applicable to the article, excluding non-operating expense items and income and excess profits taxes.

The term "over-all earnings" means net profits before income and excess profits taxes experienced on the company's entire operations.

Whenever the applicant is currently operating at a level substantially lower than his normal volume, the overhead included in "manufacturing cost" and "total cost" may be adjusted to reasonable levels based upon a normal rate of operations.

In evaluating costs, the Office of Price Administration will give consideration to whether they are based on a representative period of normal production.

Depreciation included in cost shall be at normal rates which do not exceed those approved by the Bureau of Internal Revenue.

In cases where the company was not in business during 1936–1939 and in extremely unusual cases where the period 1936–1939 cannot be considered a representative peacetime period, the Office of Price Administration may make an exception to the use of this base period.

(e) *Commodities covered by paragraph (b) (1).* There is set forth below a list of the specific commodities for which an application for adjustment may be filed under paragraph (b) (1). The individual commodities are listed under the broad trade categories in which each such commodity is included. The listing of any commodity includes within the coverage of paragraph (b) (1) any service or repair part for such commodity.

This amendment shall become effective April 22, 1946.

Issued this 17th day of April 1946.

PAUL A. PORTER,
Administrator.

PART 1351—FOOD AND FOOD PRODUCTS

[FPR 1,[1] Amdt. 4 to Supp. 2]

PROCESSED BEANS, PROCESSED MACARONI PRODUCTS AND PROCESSED NOODLE PRODUCTS

A statement of the considerations involved in the issuance of this amendment has been issued and filed with the Division of the Federal Register.

Supplement 2 to Food Products Regulation No. 1 is amended in the following respects:

1. In section 3 (a) the first sentence in the first undesignated paragraph is amended to read as follows:

"Processed beans" means dried beans of any variety cooked prior to packaging or in the package and packed with or without sauce or any type of meat or vegetable compounds serving the same purpose as meat, in amounts consistent with good business practice.

2. Section 7a is amended in the following respects:

a. Paragraph (a) is amended to read as follows:

(a) *For sales to purchasers other than government procurement agencies.*—(1) *When adjustments may be made.* Either on his own motion or upon application in accordance with Revised Procedural Regulation No. 1,[2] the Price Administrator may adjust a processor's maximum price for any item of processed beans figured under section 4 (or figured under section 6 (a) on the basis of a price figured under section 4) for sales to purchasers other than government procurement agencies, where it appears that:

(i) The maximum price is below the median price at which sales of the item (regardless of brand) may be made to purchasers other than government procurement agencies by processors located in the general processing area;

(ii) The processor would be entitled to a price increase under the standards set forth in subparagraph (2), below; and

(iii) In the judgment of the Price Administrator, an increase in the processor's maximum price would be in furtherance of the purposes of the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, and Executive Orders Nos. 9250, 9328, 9599, 9651 and 9697.

(2) *Amount of adjustment.* The maximum price, as adjusted under this section, shall in no event be higher than the median price at which sales of the item (regardless of brand) may be made to purchasers other than government procurement agencies by processors located in the general processing area. Subject to this limitation and the limitation of subparagraph (1) (iii), above, the adjusted maximum price shall not exceed the following amount:

(i) Processing costs for the item if the processor's percentage of net operating profits (before income and excess profits taxes) to net sales of packed fruits, berries and vegetables, during the most recent fiscal year, was 6 per cent or higher; or

(ii) Total costs for the item, if the processor's percentage of net operating profits (before income and excess profits taxes) to net sales of packed fruits, berries and vegetables, during the most recent fiscal year, was less than 6 percent but no lower than 3 percent; or

(iii) Total costs for the item plus a profit equal to 3 percent of the adjusted maximum price, if the processor's percentage of net operating profits (before income and excess profits taxes) to net sales of packed fruits, berries and vegetables, during the most recent fiscal year, was lower than 3 percent.

b. Paragraph (b) is amended to read as follows:

(b) *For sales to government procurement agencies*—(1) *When adjustments may be made.* Either on his own motion or upon application in accordance with Revised Procedural Regulation No. 1, the Price Administrator may adjust a processor's maximum price for sales to government procurement agencies of any item of processed beans figured under section 4 (or figured under section 6 (a) on the basis of a price figured under section 4), when the processor has entered into or proposes to enter into a government contract or subcontract thereunder, where it appears that:

(i) The maximum price is below the median price at which sales of the item (regardless of brand) may be made to government procurement agencies by processors located in the general processing area;

(ii) The processor would be entitled to a price increase under the standards set forth in subparagraph (2), below; and

(iii) In the judgment of the Price Administrator, an increase in the processor's maximum price would be in furtherance of the purposes of the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, and Executive Orders Nos. 9250, 9328, 9599, 9651 and 9697.

(2) *Amount of adjustment.* The maximum price, as adjusted under this section, shall in no event be higher than the median price at which sales of the item (regardless of brand) may be made to purchasers other than government procurement agencies by processors located in the general processing area. Subject to this limitation and the limitation of subparagraph (1) (iii), above, the adjusted maximum price shall not exceed the following amount:

(i) Processing costs for the item if the processor's percentage of net operating profits (before income and excess profits taxes) to net sales of packed fruits, berries and vegetables, during the most recent fiscal year, was 6 percent or higher; or

(ii) Total costs for the item, if the processor's percentage of net operating profits (before income and excess profits taxes) to net sales of packed fruits, berries and vegetables, during the most recent fiscal year, was less than 6 percent but no lower than 3 percent; or

(iii) Total costs for the item plus a profit equal to 3 percent of the adjusted maximum price, if the processor's percentage of net operating profits (before income and excess profits taxes) to net sales of packed fruits, berries and vegetables, during the most recent fiscal year, was lower than 3 percent.

(3) *Contracts pending disposition of application for adjustment.* Upon the filing of an application for adjustment under this paragraph (b), or within 30 days prior thereto, and until final disposition of the application, contracts may be entered into or proposed and bids submitted at the price or prices requested in the application, and deliveries may be made under such contracts, except that the processor may not receive and the buyer may not pay the amount by which the price exceeds the maximum price unless and until an order granting a higher price has been issued. The processor shall include in any sale, contract to sell, or offer to sell at the price requested in an application the following:

(i) His maximum price for sales of the item to government procurement agencies.

(ii) A statement that the quoted price is subject to approval by the Office of Price Administration.

(iii) A statement that an appropriate application has been filed, or will be filed within 30 days, with the Office of Price Administration.

Any government agency may appear as an interested party in the case of any such application.

c. Paragraph "(c) *Definitions*" is redesignated paragraph "(e) *Definitions*", paragraph "(d) *Form of application*" is revoked and new paragraphs (c) and (d) are added to read as follows:

(c) *Form and place of filing application.* Applications shall be filed with the Office of Price Administration, Washington, D. C., in duplicate on Office of Price Administration Form No. 6039–2526, and shall contain the information specified in that form. Copies may be obtained from any field office of the Office of Price Administration or from the Wholesale-Retail and Fruit and Vegetable Branch, Food Price Division, Office of Price Administration, Washington, D. C. The Office of Price Administration may request the processor to file any additional cost data based upon operating experience.

(d) *Determination of limitations on adjustment in certain cases.* If the particular item of processed beans (regardless of brand), is not the "basic item" of that product, for the purpose of making adjustments the Price Administrator may determine the applicable median price at which sales of the item (regardless of brand) may be made to the appropriate class of purchasers by processors located in the general processing area, by customary differential from the reported maximum prices for the basic item of the same product sold by processors in the same or nearest general processing area.

"Basic item" of any processed bean product means the item (regardless of brand) for which the greatest number of maximum prices have been reported.

d. In the redesignated paragraph (e) subparagraphs (6) and (7) are added to read as follows:

(6) "Government contract" means any contract with the United States or any agency thereof or with the Government or any agency thereof of any country whose defense the President deems vital to the defense of the United States under the terms of the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States."

(7) "Subcontract" means any purchase order or agreement to make or furnish any commodity needed for the performance of another Government contract or subcontract thereunder.

e. Paragraphs (f) and (g) are added to read as follows:

(f) *Effect of prior adjustments.* In determining adjustments under this section, changes in prices resulting from the granting of prior adjustments to other processors under this section shall so far as practicable, be disregarded.

(g) *Relationship with Revised Supplementary Order No. 9.* No application for adjustment filed after April 22, 1946, under Revised Supplementary Order No. 9[3] with respect to maximum prices of processors for sales to government procurement agencies of processed beans will be granted.

This amendment shall become effective April 22, 1946.

NOTE: All record-keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 17th day of April 1946.

PAUL A. PORTER,
Administrator.

Approved: April 8, 1946.

[FPR 2, Amdt. 4 to Supp. 1]

SALES OF GRAIN BY RETAILERS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Section 6 (b) (2) of Supplement 1 to Food Products Regulation 2 is amended to read as follows:

(2) If you do your own hauling, your delivery charge shall be: 5 cents per hundred pounds for distances of not more than 5 miles; or 7½ cents per hundred pounds for distances over 5 miles; or at your option, the "hauling allowance" as defined herein.

(i) Any Regional Administrator, or any District Director authorized by the appropriate Regional Administrator, may adjust the delivery charge provided in this subparagraph (2) insofar as it applies to deliveries to a specified locality from any named point or points, when it appears that the nature of the haul is such that the charges otherwise permitted are, in view of the unusual local conditions, inadequate and are likely to disrupt the movement of the commodity to that locality.

This amendment shall become effective April 22, 1946.

Issued this 17th day of April 1946.

A statement of the considerations involved in the issuance of this amendment has been issued and filed with the Division of the Federal Register.

Maximum Price Regulation 426 is amended in the following respects:

1. Sections 5a (a) (2) and (3) are deleted and the following are substituted:

(2) The order is taken directly by the packer from the consumer and not through any agent except a regularly paid employee; and

(3) Delivery is made directly by the packer to the consumer in person at the shipping point where the produce was grown or delivery is made directly by the packer to the consumer by mail or express; and

(4) Delivery is not made through any agent except a regularly paid employee or a carrier; and

(5) The sale provides for delivery of not more than five packages in one lot to any one person.

2. The first sentence of section 5 a (b) is amended to read as follows "Original sales of produce by "primary sellers" as defined in Appendix J, country shippers, growers, grower-packers or grower-distributors to packers of gift packages are exempt from this regulation if the produce sold is to be used and resold in gift packages exempted under the conditions set forth in paragraph (a)."

PART 1365—HOUSEHOLD FURNITURE

[3d Rev. MPR 213[1], Amdt. 3]

NEW COIL AND FLAT BEDSPRINGS AND METAL BEDS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith; and it has been filed with the Division of the Federal Register.

Third Revised Maximum Price Regulation No. 213 is amended in the following respects:

1. Section 6 is amended to read as follows:

SEC. 6. *Jobbers' maximum prices for bedsprings described in Appendix A and B, and for metal beds described in Appendix C.* This section establishes jobbers' maximum prices for the standard classes of bedsprings and metal beds described in section 16, Appendices A, B, and C of this regulation. Jobbers' maximum prices for other classes of bedsprings and metal beds are determined under section 9 of this regulation. Section 10 of this regulation sets forth the obligations of jobbers in regard to the tagging of each bedspring and metal bed with the retail maximum (ceiling) price. A jobber is a person who receives delivery of a bedspring or metal bed and resells it without substantially changing its form to a person other than the ultimate consumer.

(a) *Jobbers who sold the same manufacturer's bedsprings or metal beds in March 1942.* To determine a jobber's maximum price for a sale under certain conditions of a particular manufacturer's bedspring or metal bed listed in section 16 of the regulation the jobber shall follow the steps stated below:

(1) *First.* The jobber shall choose the most comparable bedspring or metal bed, whichever is applicable, made by the same manufacturer which the jobber was selling in March 1942.

(2) *Second.* The jobber shall determine the dollar amount by which his price for the sale of this most comparable article under the same conditions in March 1942 exceeds the manufacturer's March 1942 regularly quoted f. o. b. factory LCL price to retailers for that article. "Regular quoted price" to retailers is the highest price at which the manufacturer made a substantial number of his sales to retailers.

[1] 11 F.R. 394, 2511.

(3) *Third.* The jobber shall then add the dollar amount determined in (2) above to the manufacturer's current f. o. b. factory LCL maximum price to retailers.

(4) The jobber shall subtract five cents from the result of the third step. The resulting figure is the jobber's maximum price. However, if the resulting figure is an amount less than the manufacturer's maximum price for the particular sale, the jobber's maximum price shall be that maximum price of the manufacturer.

If the manufacturer did not have a regularly quoted f. o. b. factory LCL price to retailers in March 1942, the jobber shall determine his maximum price under the steps stated above, except that in the second step, he shall substitute the manufacturer's "March 1942 regularly quoted f. o. b. factory carload price to retailers" for the manufacturer's "March 1942 regularly quoted f. o. b. factory LCL price to retailers" and in the third step, he shall substitute the manufacturer's "March 1942 f. o. b. factory carload maximum price to retailers", for the manufacturer's "March 1942 f. o. b. factory LCL maximum price to retailers".

(b) *Jobbers who did not sell the same manufacturer's bedspring or metal beds in March 1942.* If a jobber did not sell the same manufacturer's bedspring or metal bed in March 1942, his warehouse maximum price or his delivered maximum price for an article covered by this regulation shall be the maximum price established below:

(1) *Delivered maximum price.* The jobber's delivered maximum price shall be the manufacturer's delivered maximum price for the sales to the same class of purchaser of the same article to the same point of delivery. If the manufacturer does not have such a delivered maximum price the jobber's delivered maximum price shall be determined as follows:

(i) *First.* The jobber shall take the manufacturer's f. o. b. factory LCL maximum price to retailers for the same article, and

(ii) *Second.* The jobber shall add the freight cost actually incurred by him for shipment of the article from the manufacturer's factory to the jobber's point of delivery. The resulting sum is the jobber's delivered maximum price; except that the freight cost which may be added shall not exceed the freight charges for direct shipment of such an article from the manufacturer's factory to the jobber's point of delivery by the least expensive readily available public carrier.

(2) *Warehouse maximum price.* The jobber's f. o. b. warehouse maximum price shall be the manufacturer's warehouse maximum price for the same article f. o. b. warehouse in the same city. If the manufacturer has no such warehouse maximum price, the jobber's warehouse maximum price shall be determined as follows:

(i) *First.* The jobber shall take the manufacturer's f. o. b. factory LCL maximum price to retailers for the same article and

(ii) *Second.* The jobber shall add the freight costs actually incurred by him for shipment of the article from the manufacturer's factory to the jobber's warehouse. The resulting sum shall be the jobber's warehouse maximum price; except that the freight cost which may be added shall not exceed the freight charges for direct shipment of such an article from the manufacturer's factory to the jobber's warehouse by the least expensive readily available public carrier.

2. Step 5 in section 9 (b) (1) is amended by substituting "184 percent" for "191 percent".

3. Appendix A in section 16 is amended in the following respects:

(a) The list of f. o. b. factory LCL maximum prices for the articles listed below, are amended to read as follows:

OFFICE OF PRICE ADMINISTRATION.

[SO 133, Order 26]

DEXTER CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to Supplementary Order No. 133, it is ordered:

(a) *Manufacturer's ceiling prices.* The Dexter Company, Fairfield, Iowa, shall determine its ceiling prices for the line of washing machines it manufactures in accordance with the provisions of sections 3 and 5 of Revised Maximum Price Regulation No. 86, except that it shall increase its ceiling prices for each model by 25.7 percent instead of the 9.5 percent provided in section 5.

(b) *Distributor's ceiling prices.* Distributors shall establish their prices under section 15 of Revised Maximum Price Regulation No. 86 using in their calculations the manufacturers' ceiling prices as established under paragraph (a) of this order and the retail ceiling prices listed in paragraph (c) below.

(c) *Dealer's ceiling prices.* The ceiling prices for sales in each zone by dealers to ultimate consumers of the nine models of washing machines listed below are as follows:

Model	Ceiling prices for sales to ultimate consumers		
	Zone 1	Zone 2	Zone 3
402 E	$70.35	$75.35	$80.35
451 E	81.00	86.00	91.00
474 E	91.50	96.50	101.50
498 E	160.85	165.85	170.85
423 G	113.65	118.65	123.65
345 E	81.00	86.00	91.00
445 E	91.50	96.50	101.50
645 E	149.95	154.95	159.95
345 G	113.65	118.65	123.65

(d) For the purposes of this order Zones 1, 2 and 3 comprise the following states:

Zone 1. North Dakota, South Dakota, Nebraska, Kansas, Minnesota, Iowa, Missouri, Wisconsin, Illinois, Michigan, Indiana, Kentucky and Ohio.

Zone 2. Oklahoma, Arkansas, Louisiana, Mississippi, Alabama, Georgia, South Carolina, Tennessee, North Carolina, Virginia, West Virginia, Maryland, District of Columbia, New Jersey, Delaware, Pennsylvania, New York, Connecticut, Massachusetts, New Hampshire, Vermont, Maine and Rhode Island.

Zone 3. Washington, Oregon, California, Nevada, Idaho, Montana, Wyoming, Utah, Colorado, Arizona, New Mexico, Texas and Florida.

(e) *Notification.* At the time of, or prior to, the first invoice to each distributor covering articles sold at prices adjusted under this order the manufacturer shall notify him of the method of determining ceiling prices established by this order for resales by the distributor. This notice may be given in any convenient form.

(f) *Relationship to Maximum Price Regulation No. 86.* The ceiling prices established by this order supersede those established by Order No. 100 under Supplementary Order No. 119 with respect to any machines sold by the manufacturer at prices adjusted in accordance with this order. All the provisions of Revised Maximum Price Regulation No. 86 continue to apply to all sales and deliveries of machines covered by this order, except to the extent that these provisions are modified by this order.

(g) *Definitions.* Unless the context requires otherwise, the definitions set forth in the various sections of Revised Maximum Price Regulation No. 86 shall apply to the terms used herein.

(h) *Reports to be filed.* The manufacturer shall file the report described in section 5 of Supplementary Order No. 133, with the Office of Price Administration, Washington 25, D. C.

(i) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 15th day of April 1946.

Issued this 15th day of April 1946.

PAUL A. PORTER,
Administrator.

[SO 133, Order 27]

REEVES STEEL AND MFG. CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 4 and 6 of Supplementary Order No. 133, it is ordered:

(a) *Manufacturer's maximum prices.* The Reeves Steel and Manufacturing Company, Dover, Ohio, may increase its maximum prices as established under Maximum Price Regulation No. 188 (exclusive of any industry-wide increase which may be granted) for sales and deliveries of its metalware since March 21 by 8.6%.

(b) *Resellers' ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

A reseller who determines his maximum resale price under the General Maximum Price Regulation shall calculate his ceiling price by adding to his invoice cost the same percentage mark-up which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage mark-up is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

The provisions of Supplementary Order No. 153 shall not apply to the determination of resale maximum prices for articles covered by this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's customary terms, discounts, allowances and other price differentials on sales to each class of purchaser in effect during March 1942, or established under any applicable OPA regulation.

(d) *Notification.* At the time of, or prior to, the first invoice to a purchaser for resale showing a ceiling price adjusted in accordance with the terms of this order, the seller shall notify each purchaser in writing of the adjusted ceiling prices for resales of the article covered by this order. This notice may be given in any convenient form.

This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 15th day of April 1946.

Issued this 15th day of April 1946.

PAUL A. PORTER,
Administrator.

These maximum prices are for the articles described in the manufacturer's application dated January 3, 1946.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. For sales to persons other than consumers, they are f. o. b. factory, 2% 10 days, net 30. The maximum price to consumers is net, delivered.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, Washington, D. C., under the Fourth Pricing Method, § 1499.158, of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement, with the proper model number and the ceiling price inserted in the blank spaces:

Model No. ------
OPA Retail Ceiling Price—$------
Do Not Detach

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the manufacturer shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) Jobbers' maximum prices for sales of the articles covered by this order shall be established under the provisions of section 4.5 of SR 14J.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) This order shall become effective on the 16th day of April 1946.

Issued this 15th day of April 1946.

2. One light design for in-opening casements and fixed windows (see table).
   - A. With sliding louvre in bottom rail.
   - B. One removable glass panel.
   - C. One removable screen panel.

NOTE: One light windows will only be furnished up to the maximum sizes listed. For larger size windows, two light combination windows can be furnished.

3. Extras:

Oriel windows	List plus 33⅓%
Intermediate sizes	List plus 33⅓%
Reversed windows	No extra charge.

If reversed all-weather windows are required for stationary windows, so state on order.

4. On 83", 87", and 91" heights, do not add 33⅓% as this has been done on basic price.

5. NOTES: The screen insert prices are to be used when extra screen panels are required. (Specify on order whether upper or lower panels are required.) The same prices also apply to deductions when screen panels are to be omitted.

Glass inserts are to be used when spare glass panels are required. (Specify on order whether upper or lower panels are required.)

(h) The maximum net prices established by this order shall be subject to discounts and allowances and the rendition of services which are at least as favorable as those which each seller extended or rendered or would have extended or rendered to purchasers of the same class on comparable sales of commodities in the same general category during March 1942.

(i) Each seller covered by this order, except on sales to consumers, shall notify each of his purchasers, in writing, at or before the issuance of the first invoice after the effective date of this order, of the maximum prices established for purchasers upon resale.

(j) Storm Windows of Aluminum, Inc. shall attach a tag to each item covered by this order containing substantially the following information:

OPA Maximum Retail Price—$_____
Plus actual installation charges not exceeding $2.00 per window opening.

(k) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective April 16, 1946.

Issued this 15th day of April 1946.

PAUL A. PORTER,
Administrator.

[Rev. SO 119, Order 158]

LA-Z-BOY CHAIR CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* La-Z-Boy Chair Company, Monroe, Michigan, may compute its adjusted ceiling prices for all articles of upholstered furniture in its line of La-Z-Boy Chairs and Stools which it manufactures, as follows:

(1) For an article in its line during October 1941, the adjusted ceiling price is the highest price charged during that month to each class of purchaser increased by 20 percent.

(2) For an article not in its line during October 1941, but which has a properly established ceiling price, in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by the percentage determined in accordance with "Note 3" in section 8 of Revised Supplementary Order No. 119.

(3) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be increased under this order.

(4) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Reseller's ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

(1) A retailer who must determine his ceiling price under Maximum Price Regulation No. 580, and a wholesaler who must determine his ceiling price under Maximum Price Regulation No. 590, shall compute their ceiling prices in the manner provided by those regulations. However, if the supplier's invoice states both an "unadjusted maximum price" and a selling price, the reseller shall compute his ceiling prices under those regulations as they have been modified by Order No. 4800 under § 1499.159b of Maximum Price Regulation No. 188.

(2) A reseller who determines his maximum resale price under the General Maximum Price Regulation, and whose supplier's invoice states both an "unadjusted maximum price" and a selling price, shall compute his ceiling prices under that regulation as modified by Order No. 4800 under § 1499.159b of Maximum Price Regulation No. 188.

If his supplier's invoice does not state an "unadjusted maximum price", the reseller shall calculate his ceiling price by adding to his invoice cost the same percentage markup which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose, the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of article to which, according to customary trade practices, an approximately uniform percentage markup is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method, the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(3) The provisions of Supplementary Order No. 153 shall not apply to the determination of ceiling prices for resales of articles covered by this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances on sales to each class of purchaser in effect during March 1942, or thereafter, properly established under OPA regulations.

(d) *Notification.* At the time of, or prior to, the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this revised order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the articles. This notice may be given in any convenient form.

(e) All requests for adjustment of maximum prices not specifically granted by this order are hereby denied.

(f) This order may be revoked or amended by the Price Administrator at any time.

(g) This order shall become effective on April 17, 1946.

Issued this 16th day of April 1946.

PAUL A. PORTER,
Administrator.

ADMIRAL CORP.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register, and pursuant to section 11 of Maximum Price Regulation No. 64, *It is ordered:*

(a) This order establishes maximum prices for sales of two models of electric ranges manufactured for Admiral Corporation, 3800 Cortland Street, Chicago 47, Ill., as follows:

(1) For sales in each zone by wholesale distributors to retail dealers, the maximum prices including the Federal excise tax, are those set forth below:

Article	Model	Maximum prices for sales by wholesale distributors to retail dealers		
		Zone 1	Zone 2	Zone 3
		5 units or more		
Electric range (without lamp and timer)	R-1	$105.56	$106.94	$109.76
Electric range (de luxe with lamp and timer)	R-2	151.41	152.84	155.94
		Less than 5 units		
Electric range (without lamp and timer)	R-1	109.68	111.11	114.05
Electric range (deluxe with lamp and timer)	R-2	157.35	158.93	162.07

If Model R-1 is sold equipped with a lamp and timer, $12.81 may be added to the prices shown above.

These maximum prices are f. o. b. the seller's city; and are subject to each seller's customary terms, discounts, allowances, and other price differentials in effect on sales of similar articles.

(2) For sales in each zone by retail dealers to ultimate consumers, the maximum prices including the Federal excise tax, but not including any state or local taxes imposed at the point of sale, are those set forth below:

Article	Model	Maximum prices for sales by retail dealers to ultimate consumers		
		Zone 1	Zone 2	Zone 3
Electric range (without lamp and timer)	R-1	$174.95	$177.25	$181.95
Electric range (deluxe with lamp and timer)	R-2	249.95	252.50	257.50

If Model R-1 is sold equipped with a lamp and timer, $20.00 may be added to the prices shown above.

These maximum prices include a one year warranty, delivery, and installation with connections furnished by the purchaser. $3.50 must be deducted from the maximum prices if the range is not installed by the dealer to connections furnished by the purchaser. In all other respects, these maximum prices are subject to each seller's customary terms, discounts, allowances, other than trade in allowances, and other price differentials, in effect on sales of similar articles.

(b) At the time of, or prior to, the first invoice to a purchaser for resale after the effective date of this order, Admiral Corporation shall notify the purchaser of the maximum prices and conditions established by this order for resales by the purchaser.

In addition, before delivering any article covered by this order, Admiral Corporation shall attach to it a tag or other label, showing: the model number of the article; its applicable maximum prices for sales to ultimate consumers in each zone; and a list of the states included in each zone.

The tag or label shall state, also, that the maximum price includes a one year warranty, delivery, and installation to connections furnished by the purchaser; and that $3.50 must be deducted if such installation is not made to such connections.

(c) For the purposes of this order, Zones 1, 2, and 3 comprise the following states:

Zone 1. Illinois, Indiana, Michigan, and Ohio.

Zone 2. Alabama, Arkansas, Connecticut, Delaware, Georgia, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Minnesota, Mississippi, Missouri, Nebraska, New Jersey, New Hampshire, New York, North Carolina, North Dakota, Pennsylvania, Rhode Isand, South Carolina, South Dakota.

Zone 2. Tennessee, Vermont, Virginia, West Virginia, Wisconsin, and the District of Columbia.

Zone 3. Arizona, California, Colorado, Florida, Idaho, Montana, Nevada, New Mexico, Oklahoma, Oregon, Texas, Utah, Washington and Wyoming.

(d) This order may be revoked or amended by the Price Administrator at any time.

(e) This order shall become effective on the 17th day of April 1946.

Issued this 16th day of April 1946.

S. P. HITCHINGS ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

On January 10, 1946, S. P. Hitchings, Box 690, R. R. 13, Kirkwood, Missouri filed an application for the establishment of maximum prices on sales of the sausage product known as "Scrapple (Ozark Breakfast)" and made in accordance with the individual secret formula submitted by the applicant. That application was assigned Docket No. 6036.3-389-2(a)-69.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in an opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum prices other than at retail for the sausage product known as "Scrapple (Ozark Breakfast)" and made by S. P. Hitchings in accordance with the individual formula submitted to the Office of Price Administration with the application for this order, except that boneless processing beef, cutter and canner grade, may be substituted as the beef ingredient, shall be determined by the seller as follows:

(1) The base price for this product is established at the following amount per hundredweight: $13.50.

NOTE: If sold not boxed, 50 cents per cwt. must be deducted from the above price.

(2) To the base price should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage which is not Kosher sausage, all beef sausage or sausage containing meat and meat by-products from swine only. In determining the proper zone differential to be added, the zone descriptions provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of "Scrapple (Ozark Breakfast)" to a wholesaler, peddler-truck-seller, or intermediate distributor, S. P. Hitchings shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Scrapple (Ozark Breakfast)" have been established by the Office of Price Administration at the base price of $13.50 per hundredweight, to which may be added the zone differentials provided in section 12 (b) of MPR 389 (see section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler-truck-seller, or an intermediate distributor you must figure your ceiling prices for this product pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of "Scrapple (Ozark Breakfast)" to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Scrapple (Ozark Breakfast)" have been estbalished by the Office of Price Administration. We are required to inform you that if you are a retailer, you must figure your ceiling price for this item in accordance with the provisions of Maximum Price Regulation No. 336.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labelling and invoicing provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, in addition to the pricing provisions of paragraph (b) and (c) of section 12 shall be applicable to all sales made under this order.

(e) All prayers of the application not herein granted are denied.

(f) This Order No. 40 may be revoked or amended by the Price Administrator at any time.

This Order No. 40 shall become effective April 17, 1946.

Issued this 16th day of April 1946.

NICHOLS-FOSS PACKING CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

On January 31, 1946, Nichols-Foss Packing Company, Bay City, Michigan filed an application for the establishment of maximum prices on sales of the sausage product known as "Barbecued Beef Loaf" and made in accordance with the individual secret formula submitted by the applicant. That application was assigned Docket No. 6036.3-389-2(a)-66.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in the opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum prices other than at retail for the sausage product known as "Barbecued Beef Loaf" and made by Nichols-Foss Packing Company in accordance with the individual formula submitted to the Office of Price Administration with the application for this order except that boneless processing beef, cutter and canner grade, may be substituted as the beef ingredient, shall be determined by the seller as follows:

(1) The base price for this product is established at the following amount per hundredweight: $30.25.

NOTE: If sold not boxed, 50 cents per cwt. must be deducted from the above price.

(2) To the base price should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for all beef sausage. In determining the proper zone differential to be added, the zone descriptions provided in Section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of "Barbecued Beef Loaf" to a wholesaler, peddler-truck-seller, or intermediate distributor, Nichols-Foss Packing Company shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Barbecued Beef Loaf" have been established by the Office of Price Administration at the base price of $30.25 per hundredweight, to which may be added the zone differentials provided in section 12 (b) of MPR 389. (See section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler-truck-seller, or an intermediate distributor you must figure your ceiling prices for this product pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of "Barbecued Beef Loaf" to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Barbecued Beef Loaf" have been established by the Office of Price Administration. We are required to inform you that if you are a retailer you must figure your ceiling price for this item in accordance with the provisions of Maximum Price Regulation No. 336.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labelling and invoicing provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, in addition to the pricing provisions of paragraph (b) and (c) of section 12 shall be applicable to all sales made under this order.

(e) All prayers of the application not herein granted are denied.

(f) This Order No. 41 may be revoked or amended by the Price Administrator at any time.

This Order No. 41 shall become effective April 17, 1946.

Issued this 16th day of April 1946.

[MPR 389, Order 42]

HENRY EHMS ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

On February 18, 1946, Henry Ehms, 10831 Shoemaker Rd., Detroit, Michigan, filed an application for the establishment of maximum prices on sales of the sausage product known as "Cervelet" and made in accordance with the individual secret formula submitted by the applicant. That application was assigned Docket No. 6036.3-389-2 (a)-68.

Due consideration has been given to the application and an opinion in support of the order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in the opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum prices other than at retail for the sausage product known as "Cervelet" and made by Henry Ehms in accordance with the individual formula submitted to the Office of Price Administration with the application for this order, except that boneless processing beef, cutter and canner grade, may be substituted as the beef ingredient, shall be determined by the seller as follows:

(1) The base price for this product is established at the following amount per hundredweight: $29.25.

NOTE: If sold not boxed, 50 cents per cwt. must be deducted from the above price.

(2) To the base price should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage which is not Kosher sausage, all beef sausage or sausage containing meat and meat byproducts from swine only. In determining the proper zone differential to be added, the zone descriptions provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in Section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of "Cervelet" to a wholesaler, peddler-truck-seller, or intermediate distributor, Henry Ehms shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Cervelet" have been established by the Office of Price Administration at the base price of $29.25 per hundredweight, to which may be added the zone differentials provided in section 12 (b) of MPR 389 (see section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler-truck-seller, or an intermediate distributor you must figure your ceiling prices for this product pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of "Cervelet" to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Cervelet" have been established by the Office of Price Administration. We are required to inform you that if you are a retailer, you must figure your ceiling price for this item in accordance with the provisions of Maximum Price Regulation No. 336.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labelling and invoicing provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, in addition to the pricing provisions of paragraph (b) and (c) of section 12 shall be applicable to all sales made under this order.

(e) All prayers of the application not herein granted are denied.

(f) This Order No. 42 may be revoked or amended by the Price Administrator at any time.

This Order No. 42 shall become effective April 17, 1946.

Issued this 16th day of April 1946.

PAUL A. PORTER,
Administrator.

[MPR 389, Order 43]

BLOOMINGTON PACKING CO., INC., ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

On January 21, 1946, Bloomington Packing Company, Inc., Bloomington, Indiana, filed an application for the establishment of maximum prices on sales of the sausage product known as "Cooked Salami" and made in accordance with the individual secret formula submitted by the applicant. This application was assigned Docket No. 6036.3-389-2 (a)-73.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in the opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum prices other than at retail for the sausage product known as "Cooked Salami" and made by Bloomington Packing Company, Inc., in accordance with the individual formula submitted to the Office of Price Administration with the application for this order, except that 50% lean pork trimmings and boneless processing beef, cutter and canner grade, may be substituted for the respective pork and beef ingredients, if desired, and the respective percentages of both beef and pork may vary between 40% and 60% as desired, provided the total of all beef and pork used constitutes 100% of the meat ingredients used therein, shall be determined by the seller as follows:

(1) The base price for this product is established at the following amount per hundredweight: $26.00.

NOTE: If sold not boxed, 50 cents per cwt. must be deducted from the above price.

(2) To the base price should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage which is not Kosher sausage, all beef sausage or sausage containing meat and meat byproducts from swine only. In determining the proper zone differential to be added, the zone description provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of "Cooked Salami" to a wholesaler, peddler-truck-seller, or intermediate distributor, Bloomington Packing Company, Inc., shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Cooked Salami" have been established by the Office of Price Administration at the base price of $26.00 per hundredweight, to which may be added the zone differential provided in section 12 (b) of MPR 389 (See section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler-truck-seller, or an intermediate distributor you must figure your ceiling prices for this product pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of "Cooked Salami" to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Cooked Salami" have been established by the Office of Price Administration. We are required to inform you that if you are a retailer, you must figure your ceiling price for this item in accordance with the provisions of Maximum Price Regulation No. 336.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labelling and invoicing provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, in addition to the pricing provisions of paragraph (b) and (c) of section 12 shall be applicable to all sales made under this order.

(e) All prayers of the application not herein granted are denied.

(f) This Order No. 43 may be revoked or amended by the Price Administrator at any time.

This Order No. 43 shall become effective April 17, 1946.

Issued this 16th day of April 1946.

PAUL A. PORTER,
Administrator.

[Rev. SO 119, Order 162]

CLEVELAND HEATER CO.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 162 under Revised Supplementary Order No. 119. Docket No. 6123-SO 119-55. Adjustment of maximum prices for automatically operated storage water heaters, as specified in Maximum Price Regulation 591, manufactured by The Cleveland Heater Company of Cleveland, Ohio.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 13 of Revised Supplementary Order No. 119, *It is ordered:*

(a) *Maximum prices for The Cleveland Heater Company, Cleveland, Ohio.* (1) The above manufacturer may determine his maximum prices for his line of automatic gas and electric storage water heaters and tank heaters by increasing by 12 percent his prices on these items in effect on October 1, 1941, to each class of purchaser.

(2) Since the provisions of this order are not intended to reduce properly established maximum prices, the manufacturer may continue to use as his maximum prices to each class of purchaser his properly established prices in effect under Maximum Price Regulation No. 591 in the event that such prices exceed the prices in effect to each class of purchaser on October 1, 1941 plus the increase provided for in (1) above.

(3) The maximum prices set forth above shall be subject to discounts and allowances including transportation allowances and price differentials which are at least as favorable as those the manufacturer extended or rendered or would have extended or rendered to each class of purchaser on commodities in the same general category.

(b) *Reseller's maximum prices.* All resellers of the commodities covered by this order (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their presently established maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted the manufacturer by this order.

(c) *Notification to all purchasers.* The manufacturer shall send the following notice to every purchaser of the commodities covered by this order at or before the time of the first invoice after

the adjustment granted by this order is put into effect:

Order No. 162 under Revised Supplementary Order No. 119 authorizes a 12 percent increase in October 1, 1941 net prices for sales of automatic gas and electric storage water and tank heaters, manufactured by this company.

Resellers (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their existing maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted by Order No. 162.

(d) All prayers for relief not granted herein are denied.

(e) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective April 16, 1946.

Issued this 16th day of April 1946.

PAUL A. PORTER,
Administrator.

AUTOMATIC WASHER CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, *It is ordered:*

(a) This order establishes ceiling prices for sales of the line of washing machines manufactured by the Automatic Washer Company, 373 West 3rd Street, N. Newton, Iowa.

(1) The manufacturer shall adjust his current ceiling prices under Revised Maximum Price Regulation No. 86 as amended for the line of washing machines he produces by 1.18 percent.

(2) The ceiling prices for sales in each zone by distributors to dealers for the models of washing machines listed below purchased by distributors from the manufacturer at prices adjusted under this order are as follows:

[SO 133, Order 28]

LEOPOLD CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to Supplementary Order No. 133, it is ordered:

(a) *Manufacturer's maximum prices.* The Leopold Company, Burlington, Iowa, may increase by 4.19 percent, its maximum prices in effect immediately prior to the issuance of this order, for sales of wood office furniture which it manufactures. The adjustment charge permitted by this order must be stated separately by the manufacturer on each invoice.

(b) *Maximum prices of purchasers for resale.* Resellers of any article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

A reseller who had a properly established maximum price in effect before this order was issued for an article covered by this order may add to that maximum price an adjustment charge in the same dollar-and-cents amount as the adjustment charge authorized by this order for, and which he has paid to, his supplier.

If the reseller did not have a properly established maximum price for the article in effect before this order was issued he shall first determine a maximum price (exclusive of adjustment charges), and to that price he may add an adjustment charge in the same dollar-and-cents amount as the adjustment authorized by this order for, and which he has paid, to his supplier. To find his maximum price (exclusive of adjustment charges) for this purpose the reseller shall add to his invoice cost, less the adjustment charge stated on that invoice, the same percentage mark-up which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage mark-up is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling prices, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(c) *Terms of sale.* Maximum prices adjusted by this order are subject to each seller's terms, discounts, allowances, and other price differentials, in effect during March, 1942, or which have been properly established under the applicable OPA regulation.

(d) *Notification.* At the time of, or prior to, the first invoice to a purchaser for resale showing a maximum price adjusted in accordance with the terms of this order, the seller shall notify such purchaser in writing of the methods established in paragraph (b) for determining adjusted maximum prices for sales of the articles covered by this order. This notice may be given in any convenient form.

(e) *Reports.* The manufacturer shall file the report described in Section 5 of Supplementary Order No. 133 with the Office of Price Administration, Washington 25, D. C.

(f) *Revocation or amendment.* This order may be revoked or amended by the Price Administrator at any time.

(g) The provisions of Supplementary Order No. 153 shall not apply to resale prices of articles covered by this order.

(h) *Effective date.* This order shall become effective on the 16th day of April 1946.

Issued this 16th day of April 1946.

Administrator.

BITUMINOUS COAL PRODUCERS IN DISTRICT 10

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, under authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and in accordance with § 1340.203 of Maximum Price Regulation No. 120, *It is ordered:*

Order No. 1617 under Maximum Price Regulation No. 120 is amended in the following respect:

Paragraph (a) is amended to read as follows:

(a) On and after April 1, 1946, bituminous coal producers operating mines in District No. 10, who are members of the Coal Producers Association of Illinois or the St. Clair-Madison County Coal Operators Association, and under contract with the Progressive Mine Workers of America to pay a wage increase retroactive to April 1, 1946, when an agreement has been reached for a new wage contract, and the following named producers operating mines set after their respective names, may enter into agreements with purchasers of their coals other than retail dealers, to adjust their current maximum prices upon deliveries made prior to an increase in maximum prices as a result of the new wage agreement in the amount of the price adjustment.

Producer	Mine name	Mine Index No.	Producing District No.
The Consolidated Coal Co.	Nos. 7 and 15	32 and 33	10
Producers Coal Co.	Stonefort and Carrier Mills	2025 and 2026	10
Number 5 Pinckneyville Mining Co.	No. 5	137	10

[MPR No. 188, Order 148 Under 2d Rev. Order A-3]

GUNN FURNITURE CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register, and pursuant to Second Revised Order No. A-3 under § 1499.159b of Maximum Price Regulation No. 188, it is ordered:

(a) *Manufacturer's maximum prices.* Gunn Furniture Company of Grand Rapids, Michigan, may increase its maximum prices in effect immediately prior to September 21, 1944, for sales of the wood office furniture which it manufactures by 20 per cent of each such maximum price, provided the amount of such increase is separately stated on each invoice or other written evidence of sale, as an adjustment charge.

(b) *Maximum prices of purchasers for resale.* A reseller who had a properly established maximum price in effect before this order was issued for an article covered by this order may add to that maximum price an adjustment charge in the same dollar-and-cents amounts as the adjustment charge authorized by this order for, and which he has paid to, his supplier.

If the reseller did not have a properly established maximum price for the article in effect before this order was issued he shall first determine a maximum price (exclusive of adjustment charges), and to that price he may add an adjustment charge in the same dollar-and-cents amount as the adjustment authorized by this order for, and which he has paid to, his supplier. To find his maximum price (exclusive of adjustment charges) for this purpose the reseller shall add to his invoice cost, less the adjustment charge stated on that invoice, the same percentage mark-up which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage markup is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for as long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(c) *Terms of sale.* Maximum prices adjusted by this order are subject to each seller's terms, discounts, allowances, and other price differentials in effect during March, 1942, or which have been properly established under the applicable OPA regulations.

(d) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale, showing a price adjusted in accordance with the terms of this order, the seller shall notify the purchaser in writing of the methods established in paragraph (b) of this order for determining adjusted maximum prices for resales of the articles covered by this order. This notice may be given in any convenient form.

(e) *Revocation or amendment.* This order may be revoked or amended by the Price Administrator at any time.

(f) *Effective date.* This order shall become effective on the 16th day of April 1946.

Issued this 16th day of April 1946.

(2) *Charge for extra or optional equipment.* A charge for each item of extra or optional equipment, when delivered as original equipment with the applicable truck chassis, which shall not exceed 121.5% of the list price in effect on January 1, 1941, for each such item of equipment to the applicable class of purchaser, subject to the discounts in effect on that date; excepting that for the following equipment the charge shall not exceed the list price stated below, subject to the discount in effect on March 31, 1942:

Cab, Driver's; Model 221 (includes extra sun visor, plate safety glass windshield, and marker lights on front of cab): $201.08.

The Federal Motor Truck Company shall determine the list price for each item of extra or optional equipment which it proposes to adjust above the January 1, 1941, list price. The adjusted prices shall be filed with this Office within thirty days after the effective date of this order. In the event that any such list price is subsequently reduced the Federal Motor Truck Company shall file the new list price so established within fifteen days.

The Federal Motor Truck Company shall notify resellers of Federal Motor truck models contained in this order of the list prices established under the provisions of this subparagraph for each item of extra or optional equipment which it adjusts above the list price in effect on January 1, 1941. Such notice shall be given resellers not later than the filing of such list prices with this Office.

(3) *Transportation expenses.* A charge to cover transportation expense, if any, from Detroit, Michigan, to the point at which delivery is made to the purchaser, computed in accordance with the seller's method in effect on March 31, 1942, plus transportation tax at the current legal rate.

(4) *Federal excise taxes.* A charge to cover expense of Federal excise taxes, at the current legal rate, on the truck including extra and optional equipment, computed in accordance with the seller's method in effect on March 31, 1942.

(5) *Handling and delivery charge.* A charge for handling and delivery computed in accordance with the method, and at the same rate, the seller had in effect on March 31, 1942.

(b) A reseller may sell, delivered at its place of business, each Federal motor truck containing a chassis listed in subparagraph (1) of paragraph (a) at a price not to exceed the total of the following charges:

(1) *Charge for the new truck chassis.* A charge for the chassis not to exceed the applicable list price, f. o. b. factory, listed in subparagraph (1) of paragraph (a), to which shall be applied the reseller's discount in effect on March 31, 1942, to the applicable class of purchaser.

(2) *Charge for extra or optional equipment.* A charge for extra or optional equipment delivered with the applicable truck chassis, which shall not exceed the list price established by the Federal Motor Truck Company under subparagraph (2) of paragraph (a), to which shall be applied the reseller's discount in effect on March 31, 1942, to the applicable class of purchaser.

(3) *Transportation charge.* A charge to cover transportation expense which shall not exceed the rail freight charge at carload rate, by the most direct route, for the transportation of the truck and extra or optional equipment from Detroit, Michigan, to the receiving station nearest to the place at which delivery is made to the purchaser, except that where the truck and extra or optional equipment is transported by truck-away, the charge may be the truck-away charge, at truckload rate, for the most direct route from Detroit, Michigan, to the place at which delivery is made to the purchaser, plus transportation tax:

(4) *Federal excise taxes.* A charge for Federal excise taxes equal to the charge made by the manufacturer to cover such tax on the truck, including extra and optional equipment.

(5) *State and local taxes.* A charge equal to the reseller's expense for State and local taxes on the resale of the truck, including extra and optional equipment.

(6) *Handling and delivery charge.* A charge for handling and delivery equal to the charge the reseller had in effect March 31, 1942.

(7) *Other charges.* The dollar amount of all other charges the reseller had in effect on March 31, 1942, to the applicable class of purchaser.

(c) A reseller that cannot establish a price under paragraph (b) because it was not in business on March 31, 1942, is authorized to sell each Federal motor truck containing a chassis described in subparagraph (1) of paragraph (a) at a price not to exceed the total of the following charges:

(1) *Charge for new truck chassis.* A charge for the chassis not to exceed the applicable list price, f. o. b. factory, listed in subparagraph (1) of paragraph (a).

(2) *Charge for extra or optional equipment.* A charge for extra or optional equipment delivered with the applicable truck chassis, which shall not exceed the list price established by the Federal Motor Truck Company under subparagraph (2) of paragraph (a).

(3) *Transportation charge.* A charge to cover transportation expense which shall not exceed the rail freight charge at carload rate, by the most direct route, for the transportation of the truck and extra or optional equipment from Detroit, Michigan, to the receiving station nearest to the place at which delivery is made to the purchaser, except that where the truck and extra or optional equipment is transported by truck-away, the charge may be the truck-away charge, at truckload rate, for the most direct route from Detroit, Michigan, to the place at which delivery is made to the purchaser, plus transportation tax.

(4) *Federal excise taxes.* A charge for Federal excise taxes equal to the charge made by the manufacturer to cover such tax on the new truck, including extra and optional equipment.

(5) *State and local taxes.* A charge equal to the reseller's expense for State and local taxes on the resale of the truck, including extra and optional equipment.

(6) *Handling and delivery charge.* A charge for handling and delivery equal to the reseller's actual expense for handling and delivery of the truck.

(d) *Resales in territories and possessions.* A reseller is authorized to sell in a territory or possession each new Federal motor truck containing a chassis described in subparagraph (1) of paragraph (a) at a price not to exceed the maximum price established in paragraph (b) or (c), whichever is applicable, to which it may add a sum equal to the expense incurred by or charged to it, for payment of territorial and insular taxes on the purchase, sale or introduction of the truck in the territory or possession, when not charged under paragraph (b) or (c); export premiums; boxing and crating for export purposes; marine and war risk insurance; landing, wharfage and terminal operations; assembly costs, if any; ocean freight; and freight to port of embarkation when not charged under paragraph (b) or (c).

(e) All requests not granted herein are denied.

(f) This order may be amended or revoked by the Administrator at any time.

(g) The list price of $250.00 for Driver's Cab Model 221 authorized by Order 347 under Maximum Price Regulation 136, as amended, issued November 3, 1944, is hereby revoked.

NOTE: Where the manufacturer has an established price in accordance with section 8 of Revised Maximum Price Regulation 136, which is different than a price permitted under paragraph (a) because of substantial changes in design, specifications or equipment of the truck, the reseller may add to its price under paragraph (b), (c) or (d) any increase in price to it over the price it would otherwise pay under paragraph (a), plus its customary markup on such a cost increase, but in the case of a decrease in the price under paragraph (a) the reseller must reduce its price under paragraph (b), (c) or (d) by the amount of the decrease and its customary markup on such an amount.

This order shall become effective April 16, 1946.

Issued this 16th day of April 1946.

STOCK SCREEN GOODS

ADJUSTABLE PRICING ORDER

Applications have been received from manufacturers of stock screen goods subject to the provisions of Maximum Price Regulation 381 (Stock Screen Goods) and from the Pine Stock Millwork Industry Advisory Committee for increased prices on stock screen goods on the basis that present costs impede production at present ceiling prices. Data substantiating the request for increased prices have been received and the Office of Price Administration is presently determining the amount of the increase which may be granted.

Stock screen goods are urgently needed under the emergency housing program. It appears that authorization to use adjustable pricing, pending final action on the pending request for an increase in prices, is necessary to promote distribution and production of stock screen goods for use under the emergency housing program. The granting of such authorization will not interfere with the purpose of the Emergency Price Control Act of 1942, as amended.

After due consideration of the foregoing, and pursuant to section 6 (d) of Maximum Price Regulation 381 (Stock Screen Goods), *It is ordered:*

(a) That manufacturers may sell and deliver, and persons may buy and receive from such manufacturers, stock screen goods subject to the provisions of Maximum Price Regulation 381 at prices adjustable upward in accordance with action taken by the Office of Price Administration after delivery.

(b) Manufacturers who make sales of stock screen goods under Maximum Price Regulation 381 may collect and purchasers may pay no higher than the maximum prices currently in effect for such stock screen goods pending action by the Office of Price Administration. Any balance due may be collected upon establishment by the Office of Price Administration of the new maximum prices.

(c) This order shall be automatically revoked upon the establishment by the Office of Price Administration of new maximum prices for stock screen goods subject to Maximum Price Regulation 381.

(d) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective April 16, 1946.

Issued this 16th day of April 1946.

PAUL A. PORTER,
Administrator.

STOCK MILLWORK

ADJUSTABLE PRICING ORDER

Applications have been received from manufacturers of stock millwork subject to Revised Maximum Price Regulation 293 and from the Pine Stock Millwork Industry Advisory Committee for increased prices on such stock millwork on the basis that present costs impede production at present ceiling prices. Data substantiating the request for increased prices have been received and the Office of Price Administration is presently determining the amount of the increase which may be granted.

Stock millwork is urgently needed for construction under the emergency housing program. It appears that authorization to use adjustable pricing, pending final action on the pending request for an increase in prices, is necessary to promote production and distribution of stock millwork for use in home construction. The granting of such authorization will not interfere with the purpose of the Emer-

gency Price Control Act of 1942, as amended.

After due consideration of the foregoing, and pursuant to section 12 of Revised Maximum Price Regulation No. 293, Stock Millwork; *It is ordered:*

(a) That manufacturers subject to Revised Maximum Price Regulation 293 may sell and deliver, and persons may buy and receive from such manufacturers, stock millwork subject to the provisions of Revised Maximum Price Regulation 293 at prices adjustable upward in accordance with action taken by the Office of Price Administration after delivery.

(b) Manufacturers who make sales of stock millwork under Revised Maximum Price Regulation 293 may collect and purchasers may pay no higher than the maximum prices currently in effect for such millwork pending action by the Office of Price Administration. Any balance due may be collected upon the establishment by the Office of Price Administration of new maximum prices.

(c) This order shall be automatically revoked upon the establishment by the Office of Price Administration of new maximum prices for stock millwork subject to Revised Maximum Price Regulation 293.

(d) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective April 16, 1946.

Issued this 16th day of April 1946.

Administrator.

CHRYSLER CORP.

APPROVAL OF CEILING PRICES

Order No. 6 under section 11 of Maximum Price Regulation No. 599 is amended, revised and redesignated Revised Order No. 6 to read as follows:

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register, and pursuant to section 11 of Maximum Price Regulation No. 599; *It is ordered:*

(a) This order establishes ceiling prices for sales of automobile radios sold by Chrysler Corporation and/or its wholly-owned subsidiaries as follows:

(1) (i) The ceiling prices for sales by Chrysler Corporation and/or its wholly-owned subsidiaries of the radios listed below, on an uninstalled or installed basis, to a purchaser for resale are the prices set forth opposite each radio for sale in the quantities specified.

Article	Model	Brand name	Ceiling prices for sales of— Uninstalled radios to purchasers for resale in quantities of— (1-3)	(4-9)	(10-49)	(50-99)	100 and over	Installed radios to purchasers for resale
Radio	602	Mopar	$29.25	$28.26	$27.32	$25.46	$24.11	$33.00
	802	do	34.88	33.71	32.52	30.12	28.26	38.63

(ii) The ceiling prices for sales by any purchaser for resale other than the Chrysler Corporation and/or its wholly owned subsidiaries to another purchaser for resale of the radios listed below on an uninstalled or installed basis, are the prices set forth opposite each radio for sales under the conditions specified.

Article	Model	Brand name	Ceiling prices for sales to a purchaser for resale: Uninstalled	Installed
Radio	602	Mopar	$29.25	$34.06
	802	do	34.88	39.92

(iii) The ceiling prices for sales by the Chrysler Corporation and/or its wholly-owned subsidiaries and by any other seller to an ultimate consumer, of the radios listed below on an uninstalled basis or installed basis are the prices set forth opposite each radio under the conditions of sale specified.

Article	Model	Brand name	Ceiling prices for sales to consumers: Uninstalled	Installed
Radio	602	Mopar	$43.32	$47.07
	802	do	52.45	56.20

(2) Ceiling prices for sales to purchasers for resale are subject to the same terms and conditions of sale to which the sellers ceiling prices for other extra or optional equipment or accessories are subject under the provisions of Maximum Price Regulations 594, 452 and orders thereunder. Ceiling prices for sales to consumers are delivered prices. In case of a radio sold on an installed basis the prices fixed by the order include all installation charges including those for installation of any antenna which is installed at the same time.

(3) The ceiling prices fixed by this order are exclusive of Federal excise tax. In addition to these ceiling prices, each seller may collect the amount of the Federal excise tax which he pays to the Government and/or his supplier. State and local taxes may also be collected.

(b) Sellers of the radios covered by this order are not required to comply with the tagging requirements of Maximum Price Regulation No. 599, but each seller shall notify a purchaser for resale of the ceiling prices, terms and conditions of sale established by this revised order.

(c) The ceiling prices established by this revised order apply to sales of all radios which Chrysler Corporation and/or its wholly-owned subsidiaries deliver to a purchaser on or after the effective date of this order.

(d) *Description.* (1) Auto radio, Model No. 602, Mopar, covered by this order is an auto radio of 6 tubes, battery operation, 1 band, 5 push buttons, 7" separately housed EM speaker, metal case 6" x 4½" x 14".

(2) Auto radio, Model No. 802, Mopar, covered by this order is an auto radio of 8 tubes, battery operation, 1 band, 7" dynamic speaker, 7 automatic push buttons, metal case.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 16th day of April 1946.

Issued this 16th day of April 1946.

PAUL A. PORTER,
Administrator.

[Rev. SO 119, Order 161]

SARGENT AND CO.

AUTHORIZATION OF MAXIMUM PRICES

Order No. 161 under Supplementary Order 119. Sargent and Company, New Haven, Connecticut. Docket No. 6123-SO 119-76.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 13 of Supplementary Order No. 119, it is ordered:

(a) *Maximum prices for Sargent and Company of New Haven, Conn.* (1) The above manufacturer may determine his maximum prices for his line of builders' hardware and related items subject to Revised Price Schedule No. 40 and Maximum Price Regulation No. 591 by increasing by 18.6 percent his prices on these items in effect on October 1, 1941 to each class of purchaser.

(2) Since the provisions of this order are not intended to reduce properly established maximum prices, the manufacturer may continue to use as his maximum prices to each class of purchaser his properly established prices in effect under Maximum Price Regulation No. 591 and Revised Price Schedule No. 40 in the event that such prices exceed the prices in effect to each class of purchaser on October 1, 1941 plus the increase provided for in (1) above.

(3) The maximum prices set forth above shall be subject to discounts and allowances including transportation allowances and price differentials which are at least as favorable as those the manufacturer extended or rendered or would have extended or rendered to each class of purchaser on commodities in the same general category.

(b) *Resellers' maximum prices.* All resellers of the commodities covered by this order shall determine their maximum prices in accordance with the provisions of Supplementary Order 151 issued by the Office of Price Administration.

(c) *Notification to all purchasers.* The manufacturer shall send the following notice to every purchaser of the commodities covered by this order at or before the time of the first invoice after the adjustment granted by this order is put into effect:

Order No. 161 under Revised Supplementary Order No. 119 authorizes an 18.6 percent increase in October 1, 1941 net prices for sales of builders' hardware and related items manufactured by this company.

Resellers shall determine their maximum prices in accordance with Supplementary Order 151 issued by the Office of Price administration.

(d) All prayers for relief not granted herein are denied.

(e) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

PAUL A. PORTER,
Administrator.

[MPR 591, Order 428]

REEVES STEEL AND MFG. CO.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 428 under section 16 of maximum price regulation No. 591. Docket No. 6123-591.16-112. Specified Mechanical Building Equipment. Adjustment of maximum prices for sales of air tight wood heaters, spouting, stove pipe and elbows, furnace pipe and fittings, and wall ties, manufactured by the Reeves Steel and Manufacturing Company of Dover, Ohio.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 16 of Maximum Price Regulation 591, it is ordered:

(a) *Adjustment of maximum prices for the Reeves Steel and Manufacturing Company of Dover, Ohio.* The Reeves Steel and Manufacturing Company may increase its properly established maximum prices for its line of air tight wood heaters, spouting, stove pipe and elbows, furnace pipe and fittings and wall ties in effect on April 15, to each class of purchaser by 8.6 percent.

(b) *Maximum prices for resellers.* The maximum prices for sales by a reseller of any of the commodities for which adjustment is granted the Reeves Steel and Manufacturing Company under this Order shall be his maximum price to each class of purchaser in effect on April 15, 1946, plus the actual dollars-and-cents increase in present acquisition costs resulting from the adjustment granted the Reeves Steel and Manufacturing Company under this order.

(c) *Notification to all purchasers.* The Reeves Steel and Manufacturing Company shall send the following notice to every purchaser of the commodities covered by this order at or before the time of the first billing after the adjustment granted by this order is put into effect:

Order No. 428 under Section 16 of Maximum Price Regulation No. 591 provides for an 8.6 percent increase in net prices for sales of Air Tight wood heaters, spouting, stove pipe and elbows, furnace pipe and fittings, and wall ties, manufactured by the Reeves Steel and Manufacturing Company of Dover, Ohio. Resellers may add the actual dollars-and-cents increase in their acquisition cost resulting from the adjustment granted the manufacturer to their existing maximum prices.

(d) *Reports.* On or before September 15, 1946 the Reeves Steel and Manufacturing Company, shall file with Prefabrication and Building Equipment Branch, Office of Price Administration, Washington 25, D. C., a report giving the following information:

1. Profit and loss statements covering over-all operations which show complete analyses of cost of goods sold and general, selling and administrative expenses for the five month period ended May 31, 1946, and for the three months' period ended August 31, 1946.

2. Balance sheets and analyses of surplus for the above periods.

(e) All requests not granted in this order are denied.

(f) This order may be revoked or amended by the Price Administrator at any time.

This Order No. 428 shall become effective April 16, 1946.

Issued this 16th day of April 1946.

PAUL A. PORTER,
Administrator.

PART 131—GENERAL LICENSES UNDER EXECUTIVE ORDER NO. 8389, APRIL 10, 1940, AS AMENDED, AND REGULATIONS ISSUED PURSUANT THERETO

PROPERTY OF SIAM AND NATIONALS THEREOF

APRIL 19, 1945.

General License No. 96 under Executive Order No. 8389, as amended, Executive Order No. 9193, as amended, section 5 (b) of the Trading with the Enemy Act, as amended by the First War Powers Act, 1941, relating to foreign funds control.

§ 131.96 *Property of Siam and of nationals thereof generally licensed.*—(a) *Property of Siam and of nationals thereof licensed.* Any property which is subject to the proviso of paragraph (a) of § 131.94 (General License No. 94) solely by reason of the interest therein of Siam (Thailand) for any national thereof is hereby licensed to be regarded as property in which no blocked country or national thereof has or has had any interest.

(b) *Application of section to certain nationals.* This section shall not apply with respect to any national of Siam who is a national of a blocked country other than Siam: *Provided, however,* That for the purpose only of this section the following shall be deemed to be nationals only of Siam:

(1) Any individual residing in Siam except (i) any individual who was within a country licensed by § 131.94 (General License No. 94) on the effective date thereof as to that country, (ii) any individual who on December 7, 1945, was within a blocked country excepted from § 131.94 (General License No. 94), and (iii) any citizen or subject of Germany or Japan who at any time on or since December 7, 1941 has been within the territory of either such country or within any other territory while it was designated as "enemy territory" under General Ruling No. 11;

(2) Any partnership, association, corporation, or other organization organized under the laws of Siam, unless, by reason of the interest of persons not licensed hereby, it is a national of a blocked country other than Siam.

(c) *Definition.* As used in this section, the term "blocked country" shall be deemed to include countries licensed by § 131.93 (General License No. 94).

PART 903—DELEGATIONS OF AUTHORITY

[Directive 41, as Amended Apr. 17, 1946]

PREFERENCE RATING AUTHORITY OF THE ARMY AND NAVY MUNITIONS BOARD, MARITIME COMMISSION AND WAR SHIPPING ADMINISTRATION

§ 903.154 *Directive 41.*—(a) *Purpose and effect.* The purpose of this directive is to delegate to and define the authority of the Army and Navy Munitions Board, Maritime Commission and War Shipping Administration with respect to the assignment of MM preference ratings. This directive, as amended, does not affect the validity of MM ratings properly assigned under it before it was amended.

(b) *Priorities instructions of the Army and Navy Munitions Board.* The Army and Navy Munitions Board, after approval by the Civilian Production Administration, may issue instructions governing the assignment of preference ratings within limits prescribed by CPA Priorities Policy Decisions covering contracts, purchase orders and other similar procurement documents for the delivery of materials (including products, commodities, equipment, accessories, parts or assemblies) to or for the account of:

(1) The Army (including the Panama Canal) and the Navy (including the Marine Corps and the Coast Guard).

(2) U. S. Army and Marine Corps Post Exchanges, U. S. Navy and Coast Guard Ships Service Departments, War Shipping Administration Training Organization Ships Service Activities, all for overseas or shipboard use only (except for specified quantities of items as specifically approved for domestic use in CPA Priorities Policy Decisions).

(3) The following agencies of the Federal Government: Coast and Geodetic Survey, National Advisory Committee on Aeronautics, Civil Aeronautics Administration (only for activities performed at the request or under the sponsorship of the Army or Navy), Selective Service System, Office of Scientific Research and Development, Weather Bureau, U. S. Soldiers Home (Washington, D. C.).

(4) American Red Cross and United Service Organizations, Inc., activities directly connected with military personnel overseas.

(c) *Deliveries which may be rated MM by the ANMB.* The Army and Navy Munitions Board may assign MM preference ratings to:

(1) Deliveries in fulfillment of contracts and purchase orders of the kinds described in paragraph (b), including deliveries of material to be incorporated in construction, but only if the construction is covered by subparagraphs (2) through (5) below. All other construction will be rated only by the Civilian Production Administration, even though the facilities when completed will be owned, leased or operated by the Army or Navy or other agency mentioned in paragraph (b).

(2) Command construction; that is the following types of projects ordered built by either the Chief of Staff, U. S. Army, or the Chief of Naval Operations, U. S. Navy: air fields; military housing; facilities for the repair of finished items of munitions; ports and depots; overseas or theatre of operations construction; seacoast fortifications; military hospitals; maneuvering, training and staging areas and proving grounds; and Manhattan District project.

(3) Army engineers construction for the Veterans Administration; that is Veterans Administration construction projects and remodelling of buildings to be leased to the Veterans Administration for use as regional or branch offices, where the Administrator of Veterans Affairs has requested the Army Engineers to do the construction, or remodelling.

(4) Panama Canal construction; that is, projects (other than command construction) which are owned by the Panama Canal.

NOTE: Subparagraph (5) formerly (6), redesignated Apr. 17, 1946. Former subparagraph (5) deleted Apr. 17, 1946.

(5) NACA construction; that is construction projects of the National Advisory Committee on Aeronautics which are required for aeronautical development and research as directed by the Army Air Forces or Bureau of Aeronautics of the Navy.

(d) *Deliveries which may be rated MM by the Maritime Commission and the War Shipping Administration.* The

Maritime Commission and War Shipping Administration may assign MM preference ratings to the deliveries specified in paragraphs (1) through (4) below within limits prescribed by CPA Priorities Policy Decisions, and only upon individual applications which show that the materials or equipment cannot be obtained without priorities assistance by the latest date and in the minimum quantity practicable:

(1) *Ships' stores.* Deliveries to or for the account of the Maritime Commission or War Shipping Administration of ships' stores for use on shipboard;

(2) *Maintenance and repair of ships.* Deliveries to private ship repair yards of materials and equipment needed for immediate incorporation into ships under the control of the Maritime Commission or War Shipping Administration which are being repaired in the yards;

(3) *Ship yard inventories.* Deliveries to private ship repair yards for inventory purposes of the kinds of material normally stocked in the minimum quantities necessary for the repair and maintenance of ships under the control of the Maritime Commission or War Shipping Administration; and

(4) *Ship construction and conversion.* Deliveries of materials and equipment to be incorporated into ships which are being constructed, outfitted or converted under contracts with the Maritime Commission or War Shipping Administration.

(e) *Restrictions on rating authority.* (1) Any preference rating certificate which assigns a rating to the delivery of tires or tubes shall before issuance be reviewed and approved by the Civilian Production Administration.

(2) [Deleted Apr. 17, 1946.]

(f) *Redelegation of authority to assign ratings.* The authority delegated to the Army and Navy Munitions Board in paragraph (c) may be redelegated by the Board only to authorized officials of the agencies enumerated in paragraphs (b) (1), (b) (2) and (b) (3). The authority delegated to the Maritime Commission and War Shipping Administration in paragraph (d) may be redelegated by them only to authorized officials of those agencies.

(g) *Method of assigning ratings.* (1) [Deleted Sept. 12, 1945.]

(2) Preference ratings assigned under this directive shall be assigned on Form WPB-542, or as prescribed in subparagraph (3) below.

(3) When any Government agency having the authority assigns a preference rating to deliveries to be made to or for its account, it may do so by placing the rating on the purchase order or contract and endorsing the order or contract with a certification substantially as follows: "By authority of the Civilian Production Administration the preference ratings indicated are assigned to the deliveries on this purchase order or contract." This certification may be placed on a purchase order or contract by means of a rubber stamp or printed on the order or contract form. The certification need not be signed separately if the purchase order or contract is signed by an official who is authorized to assign the ratings on behalf of the agency which is placing the order or contract. This method of assigning the rating may not be used when the assignment of the rating is subject to review and approval by the Civilian Production Administration before issuance.

(4) [Deleted Apr. 17, 1946.]

(5) Every rating assigned under this directive on a form or certification shall be assigned in the manner prescribed therein without attaching any further conditions or qualifications, except that in approving any Form WPB-542 for tires or tubes the Civilian Production Administration may limit the use of the rating to a specific make of tire or tube, or may provide that delivery may only be obtained from a specified supplier.

(h) *Application and extension of ratings.* Ratings assigned under this directive may be applied and extended only in accordance with applicable regulations of the Civilian Production Administration.

(i) [Deleted Sept. 12, 1945.]

(j) *Authority to change destination of shipments or to allot materials.* Specific authority to issue on Form GA-209 instructions to contractors and subcontractors for change in destination of shipments of items being produced for Army or Navy programs, or authority to allot specific materials for specified purposes, may be delegated from time to time to officers of the Army and Navy respectively, by the Civilian Production Administrator or Director of the Bureau of Reconversion Priorities of the Civilian Production Administration.

(k) *Directives and delegations of authority superseded.* This directive supersedes Directives 23, 31 and 32 and all individual delegations of authority to assign preference ratings which have heretofore been issued by officials of the War Production Board or Civilian Production Administration to the Army and Navy Munitions Board or to any service of the Army, to the Army Air Forces or to any Bureaus of the Navy or Maritime Commission or to the War Shipping Administration.

(l) [Deleted Apr. 1, 1946.]

Issued this 17th day of April 1946.

JOHN C. HOUSTON, Jr.,
Director,
Bureau of Reconversion Priorities.

Chapter XI—Office of Price Administration

[RMPR 208, Amdt. 12]

PART 1389—APPAREL

MAXIMUM PRICES FOR STAPLE WORK CLOTHING

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 208 is amended in the following respects:

1. The first sentence of section 2.2 is amended to read as follows:

SEC. 2.2 *List prices (Rule 1).* The ceiling price for a garment priced under this section is the "base price," determined under paragraph (a) below, multiplied by the applicable percentage listed in Appendix B.

2. The first sentence of section 2.3 (b) is amended to read as follows:

(b) *How to calculate the ceiling price.* The ceiling price for a garment priced under this section is the formula price, determined under (1) below, multiplied by the applicable percentage listed in Appendix B.

3. In the example in section 2.3 (d), the sixth, seventh, and eighth lines following the table are amended to read as follows:

Adjustment from Appendix B:[1]
1.28 x $12.48: $15.97 ceiling price reported.

4. Footnote 1 to the example in section 2.3 (d) is amended to read as follows:

[1] The adjustment of 1.28 assumes that the base prices of Lot Nos. 991 and 807 were established pursuant to a price list issued after January 1, 1942. Accordingly, Part A of Column 3 of the table in Appendix B is applicable.

5. The first sentence of section 2.4 (b) is amended to read as follows:

(b) *How to calculate the ceiling price.* The ceiling price for a garment priced under this section is the formula price, determined under (1) below, multiplied by the applicable percentage listed in Appendix B.

6. In the example in section 2.4 (c), Line Nos. 6 and 7 are amended to read as follows:

Adjustment from Appendix B:[2]
1.28 x $16.65½: $21.31½ ceiling price for Lot No. 669.

7. Footnote 2 to the example in section 2.4 (c) is amended to read as follows:

[2] The adjustment of 1.28 assumes that the base price of Lot No. 667 was established pursuant to a price list issued after January 1, 1942. Accordingly, Part A of Column 3 of the Table in Appendix B is applicable.

8. Section 2.6 is amended to read as follows:

SEC. 2.6 *Maximum prices in other cases (Rule 5).* (a) The maximum price of a garment of staple work clothing which cannot be priced under Rules 1, 2, 3 or 4 shall be a price, in line with the level of prices established by this regulation, determined by the Office of Price Administration upon application by the seller. The application shall be filed with the Apparel Price Branch, Office of Price Administration, Washington 25, D. C., setting forth the following:

(1) Description of body material (including type, weight, width, finish, net cost per yard, and the source of supply).

(2) Size range in which the garment is to be made.

(3) Number of yards per dozen used in fabricating the garment.

(4) Lot number of the garment.

(5) Requested prices, terms and discounts to each class of trade.

(6) Names of three competitors, and their prices to the same class of trade for similar garments made of the same body material.

(7) A sample of the garment.

Pending action on such an application, a person must not sell or deliver the garment except in accordance with the provisions of section 5.6 (b) (Adjustable pricing agreements).

(b) In connection with any order issued under this section, the maximum price of a garment which is the same as a garment specifically priced in such order, except for the substitution of body material, shall be a price calculated in accordance with the formula set forth in section 2.4 (Rule 3). The definitions and reporting requirements of that section shall be applicable to prices determined under this paragraph. (However, this paragraph shall not be applicable in those instances in which the order issued under this section contains a formula similar to that provided in section 2.4.)

(c) Maximum prices authorized by orders issued under this section prior to April 15, 1946, may be adjusted in accordance with the table set forth below. In order to determine the amount of the adjustment applicable to a particular garment, you must know the effective date of the order and the body material used in the garment. The adjustment may then be derived from the table by finding, for the body material used in the garment, the "percentage multiplier" applicable for the period in which the order was first effective. The new maximum price is calculated by multiplying the price originally authorized by the applicable percentage multiplier.

For example: An order under section 2.6 issued and effective November 17, 1945, established for the M Manufacturing Company the following maximum prices:

Lot No. 1, men's 8 oz. sanforized denim pant ---------- $12.48
Lot No. 2, men's 1.65 sanforized covert one-piece work suit ---------- 16.70

Inasmuch as the order was issued between September 1, 1944, and December 1, 1945, M determines the adjustment from column 4 of the table below. The percentage multipliers for 8 oz. sanforized denim and 1.65 sanforized pants covert listed in column 4 are 1.24 and 1.30, respectively. Accordingly, M's new maximum price for Lot No. 1 is $12.48 x 1.24, or $15.47½; M's ceiling for Lot No. 2 is $21.71 ($16.70 x 1.30), plus 4% of $21.71, or $22.58 (see the note following the table).

9. Section 5.9 is amended to read as follows:

SEC. 5.9 *How this regulation may be amended.* Any person who seeks a modification of any provision of this regulation may file a petition for amendment of general applicability in accordance with Revised Procedural Regulation No. 1 issued by the Office of Price Administration.

10. Appendix B is amended to read as follows:

APPENDIX B—ADJUSTMENTS TO BE MADE IN BASE PRICES OF GARMENTS PRICED UNDER SECTION 2.2 AND IN FORMULA PRICES OF GARMENTS PRICED UNDER SECTIONS 2.3 AND 2.4.

The amount of the adjustment to be made in the base price of a garment being priced under section 2.2 (Rule 1), or in the formula price of a garment being priced under section 2.3 (Rule 2) or 2.4 (Rule 3), to find its ceiling price, is given in the table below. The amount of the adjustment is dependent on the following three factors:

(a) The body material of which the garment is made (column 1).

(b) The weight and finish of the particular body material (column 2).

(c) The date of the "last issued written price list" pursuant to which the base prices were established for garments priced under section 2.2 (column 3). If the base prices for garments priced under section 2.2 were established pursuant to a price list issued on or after January 1, 1942, the seller must use Part A of column 3. If they were established pursuant to a price list issued prior to January 1, 1942, he uses Part B.

The maximum price for a garment is obtained by multiplying the base or formula price by the percentage indicated in the table below.

NOTE: For garments made from jean, drill, twill or poplin materials purchased after September 17, 1945, which were sold and delivered on an adjustable pricing basis, instead of taking the applicable adjustments listed in the table below, you are limited to the adjustments shown in the Table II (as revised by Amendment 11, issued April 9, 1946) which was part of this Appendix prior to April 17, 1946.

Example 1. Manufacturer X has determined a base price for his 8 oz. (2.00 yd.) sanforized denim dungaree, under Rule 1, of $10.80 per dozen. This base price was derived from a price list issued March 6, 1942.

X consults Part A of the table (since the base price was established pursuant to a price list issued after January 1, 1942) and finds that the adjustment listed for 8 oz. (2.00 yd.) sanforized denim is 1.28. 1.28 x $10.80 gives $13.82 per dozen as the maximum price for this dungaree.

Example 2. Manufacturer Y desires to find his maximum price for a men's 1.65 sanforized covert work pant. Under section 2.3 (Rule 3), he has found a formula price of $17.42 per dozen for this garment. The base price under section 2.2 of the whipcord work pant which was used in arriving at the Rule 3 price of $17.42 was established by a price list issued December 20, 1941.

The adjustment listed in Part B of Column 3 for 1.65 sanforized covert is 1.25. 1.25 x $17.42 gives $21.77½ as the maximum price for this lot number.

Example 3. Manufacturer Z has determined a base price for his 2.20 sanforized denim one-piece work suit, under Rule 1, of $29.00 per dozen. This base price was derived from a price list issued March 10, 1942.

The adjustment listed in Part A of Column 3 for 2.20 sanforized denim is 1.28, $29.00 multiplied by 1.28 equals $37.12. Inasmuch as this is a one-piece work suit, according to the note to the table, Z takes 4% of $37.12 (or $1.48) and adds this amount to $37.12. Therefore, Z's maximum price for this garment is $37.12 plus $1.48, or $38.60 per dozen.

Example 4. Manufacturer A has determined a base price for his 2.85 sanforized jean shirt, under Rule 1, of $13.00 per dozen. This base price was derived from a price list issued March 5, 1942.

Between December 10, 1945 and April 17, 1946, A sold and delivered quantities of this shirt (which was made from fabrics purchased after September 17, 1945) at the ceiling price in effect on July 1, 1945, and reserved

Administration may assign such preference ratings to the deliveries specified in paragraphs (1) through (4) below within limits prescribed by CPA Priorities Policy Decisions, and only upon individual applications which show that the materials or equipment cannot be obtained without priorities assistance by the latest date and in the minimum quantity practicable:

(1) *Ships' stores.* Deliveries to or for the account of the Maritime Commission or War Shipping Administration of ships' stores for use on shipboard;

(2) *Maintenance and repair of ships.* Deliveries to private ship repair yards of materials and equipment needed for immediate incorporation into ships under the control of the Maritime Commission or War Shipping Administration which are being repaired in the yards;

(3) *Ship yard inventories.* Deliveries to private ship repair yards for inventory purposes of the kinds of material normally stocked in the minimum quantities necessary for the repair and maintenance of ships under the control of the Maritime Commission or War Shipping Administration; and

(4) *Ship construction and conversion.* Deliveries of materials and equipment to be incorporated into ships which are being constructed, outfitted or converted under contracts with the Maritime Commission or War Shipping Administration.

(e) *Restrictions on rating authority.* (1) Any preference rating certificate which assigns a rating to the delivery of tires or tubes shall before issuance be reviewed and approved by the Civilian Production Administration.

(2) [Deleted Apr. 17, 1946.]

(f) *Redelegation of authority to assign ratings.* The authority delegated to the Army and Navy Munitions Board in paragraph (c) may be redelegated by the Board only to authorized officials of the agencies enumerated in paragraphs (b) (1), (b) (2) and (b) (3). The authority delegated to the Maritime Commission and War Shipping Administration in paragraph (d) may be redelegated by them only to authorized officials of those agencies.

(g) *Method of assigning ratings.* (1) [Deleted Sept. 12, 1945.]

(2) Preference ratings assigned under this directive shall be assigned on Form WPB–542, or as prescribed in subparagraph (3) below.

(3) When any Government agency having the authority assigns a preference rating to deliveries to be made to or for its account, it may do so by placing the rating on the purchase order or contract and endorsing the order or contract with a certification substantially as follows: "By authority of the Civilian Production Administration the preference ratings indicated are assigned to the deliveries on this purchase order or contract." This certification may be placed on a purchase order or contract [illegible] tification need not be signed separately if the purchase order or contract is signed by an official who is authorized to assign the ratings on behalf of the agency which is placing the order or contract. This method of assigning the rating may not be used when the assignment of the rating is subject to review and approval by the Civilian Production Administration before issuance.

(4) [Deleted Apr. 17, 1946.]

(5) Every rating assigned under this directive on a form or certification shall be assigned in the manner prescribed therein without attaching any further conditions or qualifications, except that in approving any Form WPB–542 for tires or tubes the Civilian Production Administration may limit the use of the rating to a specific make of tire or tube, or may provide that delivery may only be obtained from a specified supplier.

(h) *Application and extension of ratings.* Ratings assigned under this directive may be applied and extended only in accordance with applicable regulations of the Civilian Production Administration.

(i) [Deleted Sept. 12, 1945.]

(j) *Authority to change destination of shipments or to allot materials.* Specific authority to issue on Form GA–209 instructions to contractors and subcontractors for change in destination of shipments of items being produced for Army or Navy programs, or authority to allot specific materials for specified purposes, may be delegated from time to time to officers of the Army and Navy respectively, by the Civilian Production Administrator or Director of the Bureau of Reconversion Priorities of the Civilian Production Administration.

(k) *Directives and delegations of authority superseded.* This directive supersedes Directives 23, 31 and 32 and all individual delegations of authority to assign preference ratings which have heretofore been issued by officials of the War Production Board or Civilian Production Administration to the Army and Navy Munitions Board or to any service of the Army, to the Army Air Forces or to any Bureaus of the Navy or Maritime Commission or to the War Shipping Administration.

PART 1389—APPAREL

MAXIMUM PRICES FOR STAPLE WORK CLOTHING

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

1. The first sentence of section 2.2 is amended to read as follows:

SEC. 2.2 *List prices (Rule 1).* The ceiling price for a garment priced under this section is the "base price," determined under paragraph (a) below, multiplied by the applicable percentage listed in Appendix B.

2. The first sentence of section 2.3 (b) is amended to read as follows:

(b) *How to calculate the ceiling price.* The ceiling price for a garment priced under this section is the formula price, determined under (1) below, multiplied by the applicable percentage listed in Appendix B.

3. In the example in section 2.3 (d) the sixth, seventh, and eighth lines following the table are amended to read as follows:

Adjustment from Appendix B:[1]
1.28 x $12.48: $15.97 ceiling price reported

4. Footnote 1 to the example in section 2.3 (d) is amended to read as follows:

[1] The adjustment of 1.28 assumes that the base prices of Lot Nos. 991 and 807 were established pursuant to a price list issued after January 1, 1942. Accordingly, Part A of Column 3 of the table in Appendix B is applicable.

5. The first sentence of section 2.4 (b) is amended to read as follows:

(b) *How to calculate the ceiling price.* The ceiling price for a garment priced under this section is the formula price, determined under (1) below, multiplied by the applicable percentage listed in Appendix B.

6. In the example in section 2.4 (c), Line Nos. 6 and 7 are amended to read as follows:

Adjustment from Appendix B:[2]
1.28 x $16.65½: $21.31½ ceiling price for Lot No. 669.

7. Footnote 2 to the example in section 2.4 (c) is amended to read as follows:

[2] The adjustment of 1.28 assumes that the base price of Lot No. 667 was established pursuant to a price list issued after January 1, 1942. Accordingly, Part A of Column 3 of the Table in Appendix B is applicable.

8. Section 2.6 is amended to read as follows:

SEC. 2.6 *Maximum prices in other cases (Rule 5).* (a) The maximum price of a garment of staple work clothing which cannot be priced under Rules 1, 2, 3 or 4 shall be a price, in line with the level of prices established by this regulation, determined by the Office of Price Administration upon application by the seller. The application shall be filed with the Apparel Price Branch, Office of Price Administration, Washington 25, D. C., setting forth the following:

(1) Description of body material (including type, weight, width, finish, net cost per yard, and the source of supply).

(2) Size range in which the garment is to be made.

(3) Number of yards per dozen used in fabricating the garment.

(4) Lot number of the garment.

(5) Name of the garment.

(6) Names of three competitors, and their prices to the same class of trade for similar garments made of the same body material.

(7) A sample of the garment.

Pending action on such an application, a person must not sell or deliver the garment except in accordance with the provisions of section 5.6 (b) (Adjustable pricing agreements).

(b) In connection with any order issued under this section, the maximum price of a garment which is the same as a garment specifically priced in such order, except for the substitution of body material, shall be a price calculated in accordance with the formula set forth in section 2.4 (Rule 3). The definitions and reporting requirements of that section shall be applicable to prices determined under this paragraph. (However, this paragraph shall not be applicable in those instances in which the order issued under this section contains a formula similar to that provided in section 2.4.)

(c) Maximum prices authorized by orders issued under this section prior to April 15, 1946, may be adjusted in accordance with the table set forth below. In [illegible] garment applicable to a particular garment, you must know the effective date of the order and the body material used in the garment. The adjustment may then be derived from the table by finding, for the body material used in the garment, the "percentage multiplier" applicable for the period in which the order was first effective. The new maximum price is calculated by multiplying the price originally authorized by the applicable percentage multiplier.

For example: An order under section 2.6 issued and effective November 17 1945 established for the M Manufacturing Company the following maximum prices

Lot No. 1, men's 8 oz sanforized denim pant	$12.48
Lot No. 2, men's 1.65 sanforized covert one-piece work suit	16.70

Inasmuch as the order was issued between September 1, 1944, and December 1, 1945, M determines the adjustment from column 4 of the table below. The percentage multipliers for 8 oz. sanforized denim and 1.65 sanforized pants covert listed in column 4 are 1.24 and 1.30, respectively. Accordingly, M's new maximum price for Lot No. 1 is $12.48 x 1.24, or $15.47½; M's ceiling for Lot No. 2 is $21.71 ($16.70 x 1.30), plus 4% of $21.71, or $22.58 (see the note following the table).

9. Section 5.9 is amended to read as follows:

SEC. 5.9 *How this regulation may be amended.* Any person who seeks a modification of any provision of this regulation may file a petition for amendment of general applicability in accordance with Revised Procedural Regulation No. 1 issued by the Office of Price Administration.

10. Appendix B is amended to read as follows:

BASE PRICES OF GARMENTS PRICED UNDER SECTION 2.2 AND IN FORMULA PRICES OF GARMENTS PRICED UNDER SECTIONS 2.3 AND 2.4.

The amount of the adjustment to be made in the base price of a garment being priced under section 2.2 (Rule 1), or in the formula price of a garment being priced under section 2.3 (Rule 2) or 2.4 (Rule 3), to find its ceiling price, is given in the table below. The amount of the adjustment depends on the following three factors:

(a) The body material of which the garment is made (column 1).

(b) The weight and finish of the particular body material (column 2).

(c) The date of the last issued written price list pursuant to which the base prices were established for garments priced under section 2.2 (column 3). If the base prices for garments priced under section 2.2 were established pursuant to a price list issued on or after January 1, 1942 the seller must use Part A of column 3. If they were established pursuant to a price list issued prior to January 1, 1942, he uses Part B.

The maximum price for a garment is obtained by multiplying the base or formula price by the percentage indicated in the table below.

NOTE: For garments made from jean, drill, twill or poplin materials purchased after September 17, 1945, which were sold and delivered on an adjustable pricing basis, instead of taking the applicable adjustments listed in the table below, you are limited to the adjustments shown in the Table II (as revised by Amendment 11, issued April 9, 1946) which was part of this Appendix prior to April 17, 1946.

Example 1. Manufacturer X has determined a base price for his 8 oz. (2.00 yd.) sanforized denim dungaree, under Rule 1, of $10.80 per dozen. This base price was derived from a price list issued March 6, 1942.

X consults Part A of the table (since the base price was established pursuant to a price list issued after January 1, 1942) and finds that the adjustment listed for 8 oz. (2.00 yd.) sanforized denim is 1.28. 1.28 x $10.80 gives $13.82 per dozen as the maximum price for this dungaree.

Example 2. Manufacturer Y desires to find his maximum price for a men's 1.65 sanforized covert work pant. Under section 2.3 (Rule 3), he has found a formula price of $17.42 per dozen for this garment. The base price under section 2.2 of the whipcord work pant which was used in arriving at the Rule 3 price of $17.42 was established by a price list issued December 20, 1941.

The adjustment listed in Part B of Column 3 for 1.65 sanforized covert is 1.25. 1.25 x $17.42 gives $21.77½ as the maximum price for this lot number.

Example 3. Manufacturer Z has determined a base price for his 2.20 sanforized denim one-piece work suit, under Rule 1, of $29.00 per dozen. This base price was derived from a price list issued March 10, 1942.

The adjustment listed in Part A of Column 3 for 2.20 sanforized denim is 1.28, $29.00 multiplied by 1.28 equals $37.12. Inasmuch as this is a one-piece work suit, according to the note to the table, Z takes 4% of $37.12 (or $1.48) and adds this amount to $37.12. Therefore, Z's maximum price for this garment is $37.12 plus $1.48, or $38.60 per dozen.

Example 4. Manufacturer A has determined a base price for his 2.85 sanforized jean shirt, under Rule 1, of $13.00 per dozen. This base price was derived from a price list issued March 5, 1942.

Between December 10, 1945 and April 17, 1946, A sold and delivered quantities of this shirt (which was made from fabrics purchased after September 17, 1945) at the ceiling price in effect on July 1, 1945, and reserved

the right to collect the difference, if any, between that ceiling and any higher ceiling which may thereafter be established by the Office of Price Administration. By virtue of the note set forth above, A may not collect on these contracts the difference between his July 1, 1945, ceiling and $16.12 ($13.00 times 1.24, the adjustment listed for 2.85 jean in the table below). He is limited to the difference between his July 1, 1945, ceiling and $13.05 ($13.00 plus [0.175 cents, the adjustment listed in Table II as revised by Amendment 11, times 29.5 yards, the yardage consumed per dozen shirts]).

17. Section 6.5 (b) (3) is revoked.

18. In the examples of labelling in section 6.5 (b) (5), the figures "$2.08" and "$1.14" are amended to read "$2.58" and "$1.30," respectively.

19. In sub-paragraphs (2) and (3) of section 7.2 (a), the figures "$1.61," "$1.64," "$14.88" and "$15.13" are amended to read "$1.90," "$1.93," "$17.33" and "$17.68," respectively.

20. Section 7.3 is amended to read as follows:

SEC. 7.3 *Ceiling prices for sales by manufacturers of thirty yard minimum boys' bib overalls.* Ceiling prices for sales by manufacturers of thirty yard minimum boys' bib overalls shall be as follows:

(1) Location of seller's place of business	(2) Sales to group I retail sellers and to wholesalers	(3) Sales to group II retail sellers
East and central region	$15.14	$17.93
Mountain and Pacific region	15.49	18.28

NOTE: The ceiling price of a thirty yard minimum boys' bib overall which is of substandard quality, i.e., a "second" or "imperfect," is found by taking the ceiling price of a first quality garment found in the table above and deducting 10%.

All prices are f. o. b. seller's place of business, net 30 days. Manufacturers of these garments must also observe the special quota rule set forth in section 2.7.

Sales by manufacturers to any person who is not a wholesaler (as defined in section 3.2) or a Group I or Group II Retail Seller must be made at prices listed in Column (2).

21. In the third and fifth paragraphs of the notice in section 7.4 (a), the figures "$1.61," "$1.64," "$14.88" and "$15.13" are amended to read "$1.90," "$1.93," "$17.33," and "$17.68," respectively.

22. Paragraphs (b) and (c) of Appendix F are amended to read as follows:

(b) The seller should then divide the total of these costs by the total number of garments in all the lots.

(c) Finally, the seller should add to the figure found in (b) an amount equal to the product obtained by multiplying that amount by the percentage listed in Part A of Column 3 of the table in Appendix 3 for the body material of which the garment is made. The resulting figure is the "average supplier's price" for the garment.

Example: X, a Group I retail seller, purchases men's 3.60 sanforized chambray shirts from the Y Manufacturing Company, the Z Company, and the A Company, all bearing the same lot-number. During the period January 1, 1944 to June 30, 1944, X received the following shipments:

	(1) Lots of this garment received (dozen)	(2) Net cost per dozen on each lot	(3) Total net cost
1	120	$8.50	$1,020.00
2	60	8.62½	517.50
3	240	8.75	2,100.00
	420		3,637.50

Column (3) ÷ column (1) = $8.66 per dozen.
X then finds, in Part A of Column 3 of Appendix B that the adjustment applicable to 3.60 sanforized chambray is 1.32. 1.32 x $8.66 equals $11.43.
Accordingly, X's "average supplier's price" for these shirts is $11.43 per dozen.

This amendment shall become effective April 17, 1946.

NOTE: The reporting and record keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 17th day of April 1946.

Revised Maximum Price Regulation No. 137 is amended in the following respects:

1. Section 9 (b) (2) is added to read as follows:

(2) *Aviation gasoline*—(i) *December 1941 may be used.* Where a seller in the States of California, Oregon or Washington made no sales from a retail establishment of aviation gasoline below 87 octane ASTM in March, 1942, the sellers' maximum price shall be the highest price charged to a purchaser of the same class by such seller at each retail establishment during December, 1941, for each grade of aviation gasoline below 87 octane ASTM plus or minus the increases or reductions provided for in section 10.

(ii) *Six cent margin.* A seller of aviation gasoline of less than 87 octane ASTM delivered into fuel tanks of aircraft at an airport in the States of California, Oregon and Washington may, if he chooses, fix a maximum price for each grade of motor fuel by adding six cents per gallon to the applicable maximum tank wagon price of the reference seller for the point where the retail establishment (airport) is located.

This amendment shall become effective April 18, 1946.

Issued this 18th day of April 1946.

PART 1352—FLOOR COVERINGS

[MPR 65, Amdt. 4]

RESALE OF FLOOR COVERINGS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith, and it has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 65 is amended in the following respect:

1. Section 1352.51d (f) is amended to read:

(f) The seller's selling price for the article not exceeding his maximum price established under § 1352.51 of this regulation.

This amendment shall become effective on April 17, 1946.

NOTE: The reporting provisions of this amendment have been approved by the Bureau of the Budget, in accordance with the Federal Reports Act of 1942, as amended.

Issued this 17th day of April 1946.

PAUL A. PORTER,
Administrator.

PART 1381—SOFTWOOD LUMBER

[RMPR 402]

WESTERN RED CEDAR LUMBER

Maximum Price Regulation 402 is redesignated Revised Maximum Price Regulation 402 and is revised and amended to read as set forth below:

A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register. The standards and specifications used in this regulation were, prior to such use, in general use in the Western red cedar lumber industry.

ARTICLE V—PRICE TABLES AND GENERAL NOTES

ARTICLE VI—TABLES OF PERMITTED ESTIMATED WEIGHTS

AUTHORITY: § 1381.551 issued under 56 Stat. 23,765; 57 Stat. 566; Pub. Law 383, 78th Cong.; Pub. Law 108, 79th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681; E.O. 9599, 10 F.R. 1015; E.O. 9697, 11 F.R. 1929.

ARTICLE I—SCOPE OF THE REGULATION

Section 1. *Prices higher than ceiling prohibited.* (a) On and after April 22, 1946, regardless of any contract or other obligation, no person shall sell or deliver, and no person shall buy or receive in the course of trade or business, any Western red cedar lumber for direct-mill shipment at prices higher than the maximum prices fixed by this regulation, and no person shall agree, offer, or attempt to do any of these things.

(b) Prices lower than the maximum prices may, of course, be charged and paid.

SEC. 2. *What products are covered.* This regulation covers all Western red cedar (Thuja plicata) lumber produced in those parts of Oregon, Washington, and Canada lying west of the crest of the Cascade Mountains, and in California and Alaska. Any such lumber produced in these areas is covered, regardless of the kind of mill or plant in which it is produced, with the exception of mouldings, railroad cross and switch ties, and shingles. Mouldings are covered by Maximum Price Regulation 601—Softwood Mouldings, ties by Maximum Price Regulation 556—Western Railroad ties and Wooden Mine Material, and shingles by Revised Maximum Price Regulation 164—Western Softwood Shingles. As to other items, this regulation applies whether the particular item is specifically priced in the price tables or not.

SEC. 3. *What transactions are covered*—(a) *Direct-mill shipments.* The maximum price for direct-mill shipments applies to all shipments, other than those out of distribution yard stock, no matter who the seller is, and no matter whether he usually is known as a mill, wholesaler, retailer, or anything else. (The prices for yard sales may be found either in Maximum Price Regulation No. 215 or in the General Maximum Price Regulation.)

(b) *How to tell a mill from a distribution yard.* The term "mill", as used here, covers what are known in the trade as sawmills, planing mills, and concentration yards. Three types of establishment are described below: The first, (1), a typical sawmill or planing mill; the second, (2), a typical concentration yard; and the third, (3), a typical distribution yard. An establishment which resembles (1) or (2) more than it does (3) is considered a mill; and one which resembles (3) more than it does (1) or (2) is considered a distribution yard.

(1) "A typical sawmill or planing mill" is an establishment which is chiefly engaged in manufacturing West Coast species of lumber from logs or rough lumber by sawing or planing, and which is located in or near a lumber producing area;

(2) "A typical concentration yard" is an establishment which concentrates and prepares lumber for commercial shipment, which keeps in stock mostly West Coast species of lumber, which has its lumber brought in chiefly in rough green form by truck from small local sawmills and sells chiefly for rail shipment, and which has been located at its particular site to be near the lumber producing area;

(3) "A typical distribution yard" is a wholesale or retail lumber yard as defined in 2d Revised Maximum Price Regulation 215—Distribution Yard Sales of Softwood Lumber.

(c) *No quantity limits.* There are no quantity limits on the transactions covered by this regulation. All direct-mill sales, large or small, are covered.

SEC. 4. *What persons are covered.* Any person who makes the kind of sale or purchase described above, for himself or others, is subject to this regulation. The term "person" includes an individual, corporation, partnership, association or any other organized group, their legal successors and representatives, the United States or any government or any of their political subdivisions or any agency of any of the foregoing.

ARTICLE II—MAXIMUM PRICES AND TERMS OF SALE

SEC. 5. *Basic prices and cash discount*—(a) *Basic prices.* The maximum prices f. o. b. mill are set forth in Article V—Price Tables.

(b) *Cash discounts.* If cash is paid the maximum price must be reduced by the seller's August 1941 cash discount. For example, if the August 1941 discount for cash was 2%, and the maximum price without discount according to this regulation is $30.00, the maximum price when cash is paid is $29.40. A seller, not in business in August, 1941, must allow 2% cash discount for payment within 10 days.

SEC. 6. *Direct-mill retail sales.* An addition of $3.50 per thousand board feet may be made on a sale of less than 18,000 ft. BM (or less than carload if by rail), to any buyer who does not purchase for resale, where the shipment originates at a mill and the seller:

(a) Sees that the lumber is delivered to the job side at such time and in such manner as the buyer specifies;

(b) Gives the buyer the privilege of exchanging the lumber and returning unused material; and

(c) Agrees to make good any shortage promptly from stocks kept on hand for this purpose.

The size of the sale is determined by the total quantity involved in the transaction without regard to whether it is broken up into smaller orders or deliveries.

SEC. 6a. *Distributors' direct-mill sales*—(a) *Definitions*—(1) *Direct mill distributor.* A direct-mill distributor is a person who has been registered and assigned a registration number as required under paragraph (b) of this section, and who makes either a wholesale-type or commission-type sale of lumber covered by the regulation.

(2) *Wholesale-type sale.* A wholesale-type sale is a direct-mill sale in which the seller buys lumber from a mill or concentration yard or wholesaler and takes title to and delivers the lumber to the buyer in substantially the same form.

(3) *Commission-type sale.* A commission-type sale is a direct-mill sale through a commission-man. For purposes of this section, a commission-man is a person who represents, and customarily sells lumber in carload quantities for, two or more independently owned mills or concentration yards, receives his compensation from the mills in the form of commission based on the amount of the lumber sold, and operates independently of both buyer and seller.

(b) *Application for and granting of registration as a direct-mill distributor*—(1) *Application.* All persons desiring to operate as direct-mill distributors must

apply to the Lumber Branch of the Office of Price Administration, Washington 25, D. C., for, and receive, a registration number before charging or receiving the additions provided in paragraph (c) of this section. Applications shall contain, all information relative to the applicant's connection with any saw mills, concentration yards or other lumber producers which may have any bearing on the question of "control relationship" as described in paragraph (c) (5) of this section, including specifically any financial interest, any arrangement for distribution of profits, any loan arrangements, family relationship by blood or marriage, past employer-employee relationship, and any other direct or indirect beneficial interest between the applicant and such other operation.

(2) *Registration.* Upon the filing of an application as set forth in (b) (1) of this section, the Office of Price Administration shall issue an order registering the applicant as a direct-mill distributor. The issuance of an order of registration is proof merely that an application has been filed, but does not constitute a finding by the Office of the existence or nonexistence of a "control relationship" with a mill. Paragraph (b) (5) sets forth when an addition may not be made by a direct-mill distributor, even though registered.

(3) *Distribution yards.* Distribution yards subject to Second Revised Maximum Price Regulation 215 do not have to be registered and may charge the mark-up or receive the commission permissible on direct-mill distributors' sales when making a direct-mill sale, subject however to all the conditions and limitations set forth in paragraph (c) of this section on a sale by a registered direct-mill distributor.

(c) *Direct-mill distributors' additions*—(1) *Wholesale type sales.* Except as specified in subparagraph (5) of this paragraph registered direct-mill distributors may add 5 percent to the basic f. o. b. mill prices established in or approved under this regulation on wholesale type direct-mill sales of lumber covered by the regulation. The distributor's addition must be evened out to the nearest quarter dollar per M'BM, or, in the case of plastering or fence lath, or shingles, to the nearest 5 cents per 1,000 pieces. For example, if the maximum price for a particular item is $32.00 f. o. b. mill, the ceiling price for a wholesale-type sale is $33.50. This mark-up applies only to carload quantities if shipped by rail, except that sales for resale purposes in less than carload quantities may carry a direct-mill distributor's mark-up when shipped in a pool carload; or to quantities of 5 M'BM or more if shipped by truck or water.

(2) *Commission-type sales.* Except as specified in subparagraph (5) of this paragraph, the f. o. b. mill maximum price on commission type direct-mill sales of lumber covered by this regulation and made through a registered direct-mill distributor is 3 percent higher than the basic f. o. b. mill prices established in or approved under this regulation. The f. o. b. mill price including the distributor's commission must be evened out to the nearest quarter dollar per M'BM, or, in the case of plastering or fence lath, or shingles, to the nearest 5 cents per 1,000 pieces. The mill must allow the direct-mill distributor making a commission-type sale a commission at least equal to the excess over the basic f. o. b. mill prices. For example, if the maximum price for a particular item is $35.00 the mill ceiling on a commission-type sale made through a registered direct-mill distributor is $36.00 and the mill must allow the distributor at least $1.00. This mark-up applies only to carload quantities if shipped by rail, except that sales for resale purposes in less than carload quantities may carry a direct-mill distributors' mark-up when shipped in a pool carload; or to quantities of 5 M'BM or more if shipped by truck or water.

(3) *Mill's price or realization on commission type sales.* This section increases maximum prices only on sales by direct-mill distributors. The mill's price, or realization after deducting a commission of at least 3 percent may never be higher than the basic mill prices established in this regulation. The mill, of course, may sell at a price at which it will realize less than its regular ceiling.

(4) *Pyramiding prohibited.* The price additions permitted in this section may not be made more than once to the basic f. o. b. mill price in the regulation regardless of the number of persons participating in the transaction. For example: if direct-mill distributor making a "commission-type" sale sells a car of $30.00 lumber to a yard which, in turn, sells for direct-mill shipment to a consumer, the mill's ceiling price on the sale through the distributor is $31.00 (3 percent addition) and the yard's ceiling price to the consumer is $31.50 (5 percent addition). Note that the yard cannot add its 5 percent either to the $31.00 on a purchase through a direct-mill distributor making a commission-type sale, or to $31.50 if the purchase was from a direct-mill distributor making a "wholesale type" sale. In both cases, the 5 percent may be added only to the basic f. o. b. mill price of $30.00.

(5) *When additions may not be made by registered direct-mill distributors.* (i) On any sale for which the invoice from the mill or concentration yard does not contain the statement, "This mill has no control relationship with any direct-mill distributor."

(ii) On any sale which carries an addition for a direct-mill retail type sale.

(iii) On any sale of less than carload quantity when shipped by rail, except that sales for resale purposes in less than carload quantities may carry a direct-mill distributors mark-up when shipped in a pool carload; or of less than 5 M'BM when shipped by truck or water.

(iv) On any sale of lumber which originates from a mill or concentration yard which has a control relationship with a direct-mill distributor. However, where a sale is made to or through a direct-mill distributor under this section, and the invoice rendered by the mill contains the statement referred to in subdivision (i) of this paragraph, the direct-mill distributor may legally make the mark-up or addition unless the direct-mill distributor knows or has reason to know that the mill's statement is false.

A "control relationship" includes any of the following relationships:

(a) *Profit sharing, direct or indirect.* This means a financial interest by a direct-mill distributor in the profits, return or realization of a mill or concentration yard, or by a mill or concentration yard in the profits, return or realization of a direct-mill distributor, and includes common ownership or control of a mill and direct-mill distributor by a third person. It also includes any arrangement whereby a distributor or producer shares in the profits of the other, whether such arrangement is written or oral, direct or indirect. It does not include such interest as arises from a genuine indebtedness of such distributor or producer to the other where the obligation of the debtor is limited in amount to repayment of the loan plus a rate of interest no greater than the maximum legal rate of interest in the State where the loan is made, or no greater than 6%, if no maximum rate is prescribed.

Where a mill or concentration yard is a corporation, stock ownership of 10 percent or less of the total outstanding stock issue by a direct-mail distributor is not a "control relationship."

(It is to be noted that the section of the regulation which makes it unlawful to pay or receive any purchasing commission or other compensation over the permissible maximum prices, remains in effect. In this connection, the granting of a loan on unusually low rates of interest, or in any other unusually favorable terms, would ordinarily constitute additional compensation in violation of such prohibition.)

(b) *Family relationship.* A family relationship exists if an owner or any part owner of a mill or concentration yard, or any member of his family, has any interest in a direct-mill distributor, (or vice versa) and such interest was acquired on or after January 1, 1942. Member of a family means any person related to an individual or his spouse by blood or marriage within the fifth degree.

(c) *Past employer-employee relationships which were terminated after December 31, 1945.*

(d) *Report of changes.* Where a direct-mill distributor has made an application for registration and any of the facts set forth in the application, have changed, or new facts have arisen since the filing of the application, having any bearing on the question of "control relationship," either before or after registration has been granted, he shall file a written report of such change or addition with the Lumber Branch of the Office of Price Administration, Washington 25, D. C., within 10 days after such a change. Reports shall be deemed filed on the date received, or, if sent by registered mail, on the date of mailing.

(e) *Suspension of licenses.* Any person making a sale under this regulation is subject to the provisions of Licensing Order No. 1. A violation of any provision of this regulation is a violation of the seller's license. Violations of the license or of this regulation may result in suspension of the license in accordance with the provisions of the Emergency Price Control Act of 1942, as amended.

(f) *Distributors' invoicing requirements.* The invoice on any distributors' direct-mill sale must be plainly marked "wholesaler's direct-mill sale", or "commission-man's direct-mill sale", or "distribution yard's direct-mill sale", as the case may be, and must show the name of the direct-mill distributor and his registration number.

SEC. 7. *Sales on delivered basis*—(a) *Rail charges.* (1) Only two methods of selling are recognized by this regulation. Any other method is prohibited, as a device to evade the ceiling by manipulation of freight.

The two permitted methods are: on a delivered basis using the estimated weights in Article VI, or on an f. o. b. mill basis with actual freight (figured, of course, on actual weights) to be paid by the purchaser.

The two methods may not be combined in a single transaction; that is, a seller may not sell on a basis which gives him the benefit of favorable estimated weights but require the use of actual weights on items where estimated weights would be unfavorable to him. Note that sales described as "ceiling delivered", or as f. o. b. mill with freight paid or included to a given destination, are to be treated as sales on a delivered basis. In such cases, the given estimated weights must be used. However, sales f. o. b. mill with seller to pay the freight to a stated destination and include it in his invoice to the buyer is a sale on an f. o. b. mill basis and settlement on the basis of the actual weights must be made.

(2) The estimated green weights may be used only when green lumber is actually specified and shipped.

(3) The transportation charge, when estimated weights are used, must be evened out to the nearest quarter-dollar per 1,000 feet board measure or surface measure, as the case may be.

(b) *Common or contract carrier (other than rail).* Where transportation is by common or contract carrier (other than rail) the only rule is that actual cost of transportation may be added to the f. o. b. mill ceiling.

(c) *Private truck.* When shipment is by truck owned or controlled by the seller, the following amounts may be added for transportation: For distances up to and including 10 miles, $1.50 per M'; over 10 and up to and including 20 miles, $2.00 per M'; and over 20 and up to and including 30 miles, $2.50 per M'. Where the distance is greater than 30 miles, the seller may charge the amount of the railroad charge at the carload rate for the most similar haul or $3.00 per M', whichever is greater. Distance as used in this paragraph, means the distance from the mill to the point of destination as measured by the speedometer. No addition may be made for the return trip.

(d) *Trucking to rail shipping point.* When a truck haul precedes rail shipment, as when a mill located away from a railhead hauls lumber by truck to the railroad, no addition may be made for the truck haul. However, a mill may apply for special permission to make an addition for a prerail truck haul where its rail connection has been abandoned since September 5, 1941, and it has no comparable rail shipping point.

The application should be made by letter to the Lumber Branch of the Office of Price Administration, Washington, D. C. The addition may not be made on quotations or sales until permission has been received.

(e) *Truck delivery after rail haul.* When truck delivery to yard or job site follows a rail haul, and is specified in the order, the actual cost of truck delivery may be added. This may include the actual cost of handling and reloading involved in transfer from rail cars to trucks.

(f) *All-truck haul.* When an all-truck haul ends in delivery to the job site, no special addition may be made above the charges provided in paragraphs (b) and (c) of this section.

(g) *Government bill of lading.* Where shipment is made on government bill of lading, the maximum price payable to the seller may be computed by determining what would be the maximum delivered price on the basis of estimated weights and commercial rates and subtracting therefrom the commercial rate times the actual weights.

SEC. 8. *Mixed car or mixed truck shipments.* (a) $2.00 per MBM additional may be charged for a mixed car or mixed truck shipment. No addition may be made for a mixed cargo shipment without special authorization under section 12.

(b) A mixed car shipment consists of four or more items as defined in paragraph (c) below, of at least 1000 board feet each. A mixed truck shipment consists of four or more items of at least 250 board feet each.

(c) For the purpose of paragraph (b) the following classifications of lumber regardless of species, whether covered by this or other price regulations, constitute separate items whether one or all classifications within a group are loaded.

1. Boards and strips (any working not listed below), dimension, plank, timbers and box.
2. Flooring.
3. Siding.
4. Ceiling, partition.
5. Finish, thick clears, shop.
6. Lath, shingle Band sticks (12 M pieces min. truck or car).
7. Gutter.
8. Casing and base, Mouldings, Battens, Lattice.
9. Shingles, shakes, stained or natural, any species (20 squares minimum truck or car).
10. Downspout, capping, grooved roofing.

SEC. 9. *Sales for export.* The maximum prices for export sales of Western red cedar lumber are governed by the Second Revised Maximum Export Price Regulation.

SEC. 10. *Lumber produced in Canada.* The maximum prices for lumber produced in Canada west of the crest of the Cascade Mountains and sold in the United States shall be the maximum prices f. o. b. mill set forth in the Article V plus additions for transportation permitted by section 7. However, the amount of the transportation addition may not be greater than if the shipment had originated at Seattle, Washington.

SEC. 11. *Maximum prices for Alaskan lumber*—(a) The maximum prices f. o. b. mill for shipments originating in Alaska shall be the maximum f. o. b. mill prices set forth in Article V plus an amount equal to freight under the Maritime Commission's published freight rate from Seattle, Washington, to the mill's shipping point, including surcharges, War Risk insurance, and wharfage and handling charges under the published Seattle Wharfage and Handling rate for comparable lumber.

(b) The maximum delivered prices for shipments originating in Alaska shall be the maximum price arrived at according to paragraph (a) plus transportation charges permitted by section 7.

SEC. 12. *Items, services, or extras not listed.* (a) If a seller wishes to sell an item which is not specifically priced in the price tables, or wishes to make an addition for special workings, specifications, services, or other extras for which additions are not specifically permitted, he must apply to the Lumber Branch, Office of Price Administration, Washington, D. C., for a maximum price. He must provide the following information:

(1) The requested price;

(2) A complete description of the item to be priced;

(3) The price differential between it and the most comparable item in the price tables, between October 1, 1941 and June 1, 1942, from the seller's own records, or if that is impossible, from the experience of the trade. If no established price differential which can be used for comparison existed, a detailed analysis of the calculation of the price should be furnished;

(4) Applications under this section will be considered only when accompanied by a true copy of an order or of a customer's inquiry which forms the basis of the application, and a written statement by the purchaser showing that none of the items specifically priced in the regulation will serve the purpose for which the stock is to be used, and that it has been his custom to purchase lumber on these special specifications.

(b) As soon as the request has been filed, quotations and deliveries may be made at the requested price, but the same shall be subject to approval by the Office of Price Administration and payment may not be made until the price has been approved.

ARTICLE III—SPECIFIC DUTIES AND PRIVILEGES AND PROHIBITED PRACTICES

SEC. 13. *Invoicing.* An invoice must be rendered in all sales as follows:

(a) *Basic price.* All invoices must contain a complete description of the lumber to show whether the price is proper or not. Any working, specification, or extra which affects the maximum price must be mentioned in the description. The amount added for these does not have to be separately shown.

When an invoice does not contain a complete description of an item shipped, the maximum price which may be charged or paid for that item is that of the lowest priced item to which the incomplete description could be applied, or

$18.00 per M'BM if the invoice does not contain any description.

(b) *Transportation charges.* In delivered sales, the invoice must contain the:

(1) Point of origin of shipment;

(2) Destination;

(3) Rail rate (if estimated weights are used; otherwise the actual amount for transportation); and in the case of the sales of imported lumber, the method of calculation of the freight addition;

(4) The words "direct-mill shipment."

(c) *Delivery and related charges.* Any separate charge which the seller is permitted to make for truck delivery after rail haul must be separately shown on the invoice.

(d) *Direct-mill retail sale.* If the price exceeds the basic mill price because of a "direct-mill retail sale" mark-up authorized in this regulation, the invoice should show the amount of the mark-up separately labeled "direct-mill retail sale."

(e) *Statements as to "control relationship."* A mill or concentration yard must make either one of the following two statements on all invoices issued by it, whichever statement is applicable:

(1) This mill has no "control relationship" with any direct-mill distributor.

(2) This mill has a "control relationship" with a direct-mill distributor.

If a mill or concentration yard makes a statement on an invoice that it has no control relationship with a direct-mill distributor, and such statement is false, the maximum prices at which the lumber, covered by such invoice, may be sold by it, is 5% less than the f. o. b. mill prices set forth in the price tables. However, the direct-mill distributor who makes the addition or mark up under this section shall not be considered as buying or selling above the ceiling prices where the mill's invoice bears a statement that it "has no control relationship with any direct-mill distributor" even though the mill's statement is false, unless the direct-mill distributor knows, or has reason to know, that such statement is false.

SEC. 14. *What records must be kept.* (a) All sellers and buyers of Western red cedar lumber must keep for inspection by the Office of Price Administration records which will show a complete description of the items of lumber sold (i. e., grade, condition of dressing, quantity, etc.,) the name and address of the other party to the transactions, the date of sale and the price for each item.

(b) Such records must be retained for the duration of the Emergency Price Control Act, as amended.

SEC. 15. *Prohibited practices.*—(a) *General.* Any practice which is a device to get the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to changes in credit practices and cash discounts and to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying agreements, trade understandings and the like.

(b) *Specific practices.* The following are some of the specific practices prohibited:

(1) Getting the effect of a higher price by changing credit practices from what they were in August 1941. This includes decreasing credit periods or making greater charges for extension of credit.

(2) Refusing to ship except in specified or restricted random lengths, or in mixed cars, or under other circumstances which bring the seller an extra return.

(3) Selling as specified lengths or widths, a specific lot or shipment of lumber which is substantially equivalent to random lengths or widths, or reselling intact as specified lengths or widths a specific lot or shipment bought by the seller as standard or random lengths or widths, unless specifically permitted in the price tables. This prohibition shall not apply to shipments or deliveries which have been sorted out as to widths and lengths and then resold.

(4) Grading as a special grade lumber which can be graded as a standard grade; or wrongly or falsely grading or invoicing lumber.

(5) Making additions for special specifications, services, or other extras which are not specifically permitted.

(6) Refusing to sell on an f. o. b. mill basis, and insisting on selling on a delivered basis.

(7) Failing to invoice properly and in accordance with the requirements of this regulation.

(8) Unnecessarily routing lumber through a distribution yard.

(9) Quoting a gross price above the maximum price, even if accompanied by a discount the effect of which is to bring the net price below the maximum.

(10) Making additions for kiln-drying or other services, treatments, or specifications unless they are expressly ordered by the buyer.

(11) Making the buyer take something he does not want in order to get what he does want; for example, making a buyer who orders No. 2 boards take all the upper grades that develop.

(12) Breaking up an order or apportioning deliveries in order to get the $3.50 direct-mill retail sale addition.

(13) Applying additions permitted by the footnotes to the tables in Article V unless the order in writing expressly requires the working, grade, size, length, or condition for which the additions are permitted.

(c) *Adding commission to ceiling prohibited.* It is unlawful for any person to charge, receive, or pay a commission for the service of procuring, buying, selling, or locating lumber, or for any related service (such as "expediting") which does not involve physical handling of lumber, if the commission plus the purchase price results in a total payment by the buyer of lumber which is higher than the maximum price of the lumber. For purposes of this regulation, a commission is any service charge or payment which is figured either directly or indirectly on the basis of the quantity, price, or value of the lumber in connection with which the service is performed.

This prohibition has no application to the case of a bona fide employer-employee relationship where the employee serves only one employer insofar as lumber procurement is concerned, and where the compensation paid by the employer is a fixed salary and is not based directly or indirectly on the quantity, price or value of the lumber in connection with which the service is rendered.

(d) *Combination grades.* Lumber sold on combination grades may not be sold above the maximum price for the lowest priced grade actually named in the combination. For example, the maximum price for lumber sold as No. 2 and better is the maximum price fixed for No. 2. It is permissible to quote with higher and or lower grades developing, but when the lumber is shipped, the quantities falling in each grade must be tallied separately on a board foot basis, separately identified by grade and separately invoiced at prices not in excess of ceiling prices for the respective grades.

SEC. 16. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

ARTICLE IV—MISCELLANEOUS

SEC. 17. *Petitions for amendments and applications for adjustment.*—(a) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1 issued by the Office of Price Administration.

(b) *Applications for adjustment*—(1) *Who may apply.* Any producer of lumber, the major part of whose total production in 1945 was Red Cedar lumber subject to this regulation may apply for adjustment if he can show that:

(i) Increased costs result in hardship which will impede his production of Western Red Cedar lumber and that

(ii) His existing maximum price is less than manufacturing costs if his current over-all profits are favorable in relation to those of a representative peace-time period; or that his existing maximum price is less than total costs if his current over-all profits are comparable to his over-all profits for a representative peace-time period; or that his existing maximum price does not afford a reasonable profit if current over-all profits are unfavorable compared to those in a representative peace-time period.

(2) *Factors which may also be considered.* The following factors are relevant to the consideration of whether maximum prices are at such a level that production or supply of Western Red Cedar lumber is impeded or threatened:

(i) Whether greater efficiency in production or merchandising can reasonably be expected so that an adjustment would not be necessary.

(ii) Whether the seller previously sold Western Red Cedar lumber at a price which was below his total unit costs.

(3) *Form and contents of application.* The application shall be filed with the Lumber Branch, Office of Price Administration, Washington 25, D. C. and must contain:

(i) Profit and loss statements, in the detail normally prepared by the applicant, covering the company's entire operations for the years 1936 through 1939, the last calendar or fiscal year preceding the filing of the application, the last quarter of such calendar or fiscal year and the available interim periods for the current calendar or fiscal year.

The filing of these data is optional, provided reports are available from the Bureau of Internal Revenue. Should the applicant prefer, this information will be requested by the Office of Price Administration directly from the Bureau of Internal Revenue.

(ii) Operating statements for Western Red Cedar lumber, for the last calendar or fiscal year preceding the filing of the application, the last quarter of such calendar or fiscal year and the available interim periods for the current calendar or fiscal year.

(iii) A tabulation showing the production of Western Red Cedar lumber for the last calendar or fiscal year preceding the filing of the application, the last quarter of such calendar or fiscal year and the available interim periods for the current calendar or fiscal year.

Companies which have previously submitted any of the above required data may omit such items from the data submitted with their applications and indicate when they were submitted.

If any of the above information has been submitted prior to application on OPA forms A & B for any of the specified periods or if the exact information required in this section has been reported as part of a prior application for adjustment of a maximum price, the applicant may so indicate and omit these periods from the current application.

SEC. 18. *Enforcement.* (a) Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for suspension of license provided for by the Emergency Price Control Act of 1942, as amended.

(b) War procurement agencies and their contracting or paying finance officers are not subject to any liability, civil or criminal, imposed by this regulation. Persons who make sales covered by this regulation to war procurement agencies and buyers to whom lumber has been allocated by any such agencies are, however, subject to all the liabilities imposed by this regulation. "War procurement agencies" include the War Department, the Navy Department, the United States Maritime Commission and the Lend-Lease Section in the Procurement Division of the Treasury Department, or any of their agencies.

SEC. 19. *Licensing.* The provisions of Licensing Order No. 1 licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

ARTICLE V—PRICE TABLES AND GENERAL NOTES

The maximum prices for Western Red Cedar Lumber, f. o. b. mill, for one thousand feet board measure or other measure where so designated, shall be as follows:

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13).)

Lengths:
1. Specified lengths, add $3.00.
2. Random lengths as set forth in Standard Grading and Dressing Rules No. 12, paragraph 734.

Working charges:
3. Rabbeted siding, add $2.50.

Miscellaneous:
4. For old bundling where new bundling specified, add $2.00, the usual percentage of short lengths to be included.
5. Deduct $1.00 for orders totaling 35M' or more in one shipment of items listed in tables 1, 2 and/or 3; except on shipments where orders specify separated lots, and where a lot contains less than 35M', the deduction does not apply on the less-than-35M' lots.

Additions and deductions per 1,000 feet board measure. (See Sec. 15 (b) (13).)

Grain:
1. For vertical grain:
4" to 6" wide, add $5.00.
8" to 12" wide, add $10.00.

Lengths:
2. Regular loading: 3% 4' and/or 5'—7% 6' and/or 7'—90% 8' to 16' or longer.
3. Short lengths: 3' to 7' in all widths, deduct $15.00 per M'BM.
4. Specified lengths, add $5.00 up to 15'; 16' to 20' add $10.00 to R/L price.
5. Additions for omitting short lengths:

7' and shorter	$2.00
9' and shorter	3.00
10' and shorter	5.00
12' and shorter	6.00

Miscellaneous:
6. Patterns not conforming to association standard patterns or finished to greater overall size add $2.00.

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13).)

Grain:
1. For vertical grain, add $5.00 for 1"; $2.50 for 3/4" and 1/2".

Lengths:
2. Regular loading:
3% 4' and/or 5'.
7% 6' and/or 7'.
90% 8' to 16' or longer.
3. Specified lengths, add $5.00 per M'.
4. Shorts: 3' to 5' deduct $15.00; 1' to 2 1/4' deduct $25.00 from R/L 4' to 16' price.

Thickness:
5. For 9/16" thickness, deduct $2.00 from 1" price of same width.

1" x 22"	130.00	127.00	97.00
1" x 24"	130.00	127.00	97.00

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13).)

Grain:
1. Specified grain add to mixed grain same size and grade:
14" to 18" widths $15.00
20" to 24" widths 20.00

Lengths:
2. Regular loading: 5% 6' and/or 7'; 95% 8' to 16' or longer.
3. Accumulated shorts deduct from the R/L price of the same size and grade:
1' to 2 1/2'—2" to 6" widths $30.00
1' to 2 1/2'—8" to 12" widths 35.00
1' to 2 1/2'—14" and wider 45.00
3' to 5'—2" to 6" widths 20.00
3' to 5'—8" to 12" widths 25.00
3' to 5'—14" and wider 30.00
4. Specified lengths add to the R/L price of the same size and grade:
6' to 15' $5.00
16' to 20' 10.00
21' to 24' 15.00
25' to 32' 25.00
Longer than 32' 30.00
5. Omitting lengths from R/L specifications add to the R/L price of the same size and grade:
6' and 7' $1.00
9' and shorter 3.00
10' and shorter 5.00
12' and shorter 6.00
6. Fractional lengths add $3.00 per M'BM to the specified length price of the next longer length and compute footage on next longer length.

Widths:
7. Fractional and odd widths not listed, same price as next wider listed width. Compute footage on nominal fractional or odd rough width.

Thickness:
8. For 25/4" to 1/2" S2S net, deduct $10.00 from 1" prices of corresponding size and grade.
9. For 9/16" to 1 1/16" inclusive S2S net, deduct $5.00 from 1" of corresponding size and grade.
10. Shims, 3/16" surfaced hit and miss or full rough thickness, price by adding $2.50 to 5/4 price of corresponding size and grade, and reduce this price by 1/4 and compute on 1" surface measure.

Working Charges:
11. Surfaced green, deduct $5.00 from surfaced dry price.
12. Surfacing thicker and/or wider than American Lumber Standards add $3.00 to the standard surfaced price.
13. Resawing add $4.00.

Miscellaneous:
14. Selecting B and Better all clear (eliminating knots and sap), including boat lumber, add $10.00 to the B and better price of the same size and length.
15. Tank stock, paragraph 777, add $5.00 to the B and better price of the same size and length.
16. Pipe stock, paragraph 727, add $4.00 to the B and better price of the same size and length.
17. Casing, Base and Jambs, 1 x 4" and thicker, and/or wider, use corresponding finish price, size and weight.
18. Rough dry deduct $3.00 from surfaced dry price. Rough green deduct $8.00 from surfaced dry price.

6/4" and 8/4", 20" to 24" widths 20.00

Lengths:
2. Regular loading: 5% 6' and/or 7'; 90% 8' to 16' or longer.

Lengths—Continued
3. Accumulated shorts deduct from the R/L price of the same size and grade:
1' to 2 1/2'—2" to 6" widths $30.00
1' to 2 1/2'—8" to 12" widths 35.00
1' to 2 1/2'—14" and wider 45.00
3' to 5'—2" to 6" widths 15.00
3' to 5'—8" to 12" widths 20.00
3' to 5'—14" and wider 25.00
4. Specified lengths add to the R/L price of the same size and grade:
6' to 15' $5.00
16' to 20' 10.00
21' to 24' 15.00
25' to 32' 25.00
Longer than 32' 30.00
5. Omitting lengths from R/L specifications add to the R/L price of the same size and grade:
6' and 7' $1.00
9' and shorter 3.00
10' and shorter 5.00
12' and shorter 6.00
6. Fractional lengths add $3.00 to the specified length price of the next longer length and compute footage on next longer length.

Widths:
7. Fractional and odd widths not listed, same price as next wider listed width. Compute footage on nominal fractional or odd rough width.

Thickness:
8. Fractional and odd thickness not listed, add $3.50 to next less listed size and compute footage on actual rough measure.

Working charges:
9. Surfaced green, deduct $5.00 from surfaced dry price.
10. Surfacing thicker and/or wider than American lumber standards add $3.00 to the standard surfaced price.
11. Resawing add $4.00.

Miscellaneous:
12. Selecting B and better all clear (eliminating knots and sap), including boat lumber, add $10.00 to the B and better price of the same size and length.
13. Tank stock, paragraph 777, add $5.00 to the B and better price of the same size and length.
14. Pipe stock, paragraph 727, add $4.00 to the B and better price of the same size and length.
15. Casing, base and jambs, 5/4 x 4" and thicker and/or wider use corresponding finish price, size and weight.
16. Rough dry deduct $3.00 from the surfaced dry price. Rough green deduct $8.00 from surfaced dry price.

TABLE 8—NO. 1 SHOP

Mixed grain rough, dry, R/L, 6' and longer:	Per M' BM
4/4" x 6" and wider, R/W	$40.00
5/4" x 6" and wider, R/W	43.00
6/4" x 6" and wider, R/W	43.00
8/4" x 6" and wider, R/W	48.00
12/4" x 6" and wider, R/W	58.00

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13).)

1. For surfacing add $3.00.
2. For No. 2 shop developing deduct $12.50.
3. For green deduct $5.00.

TABLE 9—GUTTER

B & Better green (Ohio or Boston pattern), R/L, 8' and longer:	Per M' BM
3" x 4"	$80.00
4" x 4"	85.00
4" x 5"	85.00
4" x 6"	85.00
5" x 7"	95.00
6" x 8"	95.00

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13).)

Lengths:
1. Specified lengths add to the R/L price of the same size and grade:
15' and shorter $5.00
16' to 20' 10.00
21' to 24' 15.00
25' to 32' 25.00
Longer than 32' 30.00
2. Specified 16' and longer: add $10.00.

Miscellaneous:
3. All other patterns, except Ohio or Boston, add $10.00.
4. For dry stock add $5.00.

TABLE 10—DOWNSPOUT

Dry R/L 3' and longer per lineal foot (includes all members)	B and better	C
2 3/4" x 2 3/4"—1 3/4" inside diameter	$0.12	$0.09
3 3/4" x 3 3/4"—2 3/4" inside diameter	.16	.12
3 1/4" x 3 1/4" with 3" spline	.22	------
3 3/4" x 3 3/4" with 4" spline	.24	------

1. Regular loading random length is as follows:

"B and better"	"C"
10%, 3' to 7'	10%, 3' to 7'
90%, 8' and longer	90%, 8' and longer

At the option of shipper, 10% 3' to 7' "B and better" may be included in the "C" at the "C" R/L price.
2. For specified lengths, add 2¢ per lineal foot.

TABLE 11—PICKETS

No. 1 pickets, dry square or gothic point per 1,000 pieces, S4S, bundled	3'	3 1/2'	4'	5'	6'

5/16" x 1 3/4"	$0.41
5/16" x 1 3/4"	.46
7/16" x 1 3/4"	.54

1. Regular loading, random lengths 6' to 16' or longer in multiples of 1', not over 15% in lengths under 10'.

Lengths:
2. Excess short lengths 4' to 9', deduct $0.05 per 100 lineal feet.
3. For specified lengths, add $0.05 per 100 lineal feet.

Thickness:
4. For S4S 1/2" thickness deduct $0.09 per 100 lineal feet.

TABLE 15—LOG SIDING

No. 1 green, R/L, 4' to 16' or longer:	Per M'BM
2" x 6", 8" and 10", finished to 1 3/4"	$37.00
3" x 8" and 10", finished to 2 1/4"	37.00

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13)).

Grade:
1. No. 2 deduct $5.00.

Lengths:
2. Specified lengths add $3.00.
3. For omitting 4' to 9' add $2.00 to R/L price.

Condition:
4. For dry stock add $5.00.

TABLE 16—BOARDS AND SHEATHING

1" x 12"	4.00	44.00	37.00	32.00

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13).)

Lengths:
1. Specified lengths add $3.00 to R/L price of same size and grade.
2. Fractionnl lengths add $1.00 to the specified length price of the next longer length. Compute footage on next longer length.
3. 4' and 5' lengths, all grades (No. 3 and better) may be included in No. 3 at R/L No. 3 price.

Widths:
4. Fractional or odd widths same price as next wider even width. Compute footage on fractional or odd rough width.

Thickness:
5. For 5/4" or 6/4" add $3.00 to 1" price of the same width and grade.

Working charges:
6. Surfaced green deduct $3.00.

Miscellaneous:
7. Selected knotty red cedar, paneling, any working, add $5.00 per M'BM to price of corresponding width and grade.
8. No. 4 rough or surfaced, dry or green, 1 x AW-R/L $15.00. Use green weights for green and dry weights for dry.
9. Rough dry deduct $2.00.
10. Rough green deduct $5.00.
11. Shims (see note 8, general notes) 1/2" and thinner add $2.50 to 5/4" price of corresponding size and grade and then reduce this price by 3/4; 8/4" and thicker add $2.50 to 6/4 price and reduce this price 1/4. Compute on 1" surface measure.

12" x 12"	2.00	26.00	21.00	18.00

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13).)

Lengths:
1. Specified lengths 8' to 20' add $3.00 to R/L price.
2. Odd or fractional lengths add $1.00 to the specified length price of the next longer even length. Compute footage on next longer even length.

Widths:
3. Odd or fractional widths not listed same price as next even wider width. Compute footage on nominal odd or fractional width.

Thickness:
4. Odd and/or fractional thicknesses not listed add $3.50 to the next less listed size. Compute footage on nominal odd or fractional rough measure.

Working charges:
5. Surfacing add $2.00 to corresponding rough price.
6. Surfacing 1/4" off add $3.00 to corresponding rough price.
7. T & G, grooved for splines, and outgauging add $5.00 to the rough price.
8. Square butting add $1.00.

Miscellaneous:
9. Rough dry, stock up to 6" thicknesses, add $5.00.
10. No. 4 rough or surfaced, dry or green, 2" and thicker x A. W.-A. L. $15.00. Use green weights for green and dry weights for dry.
11. All heart foundation lumber, 3" and thicker, paragraph 790, add $5.00 to No. 1 price.

Trunking, paragraph 768:	
2 x 4, 3 x 4 and 4 x 6" R/L 4' and longer	35.00

Additions and deductions per 1,000 feet board measure (see sec. 15 (b) (13)).

Lengths:
1. Omitting 4' to 9' add $2.00.
2. Lengths 21' to 24' add $2.00.
3. Specified lengths add $5.00.

GENERAL NOTES

1. All grade and size terms and "paragraph" references and measuring terms appearing in this regulation refer to, and have the meaning given in the Standard Grading and Dressing Rules No. 12, issued by the West Coast Lumbermen's Association, effective March 1, 1943.

2. The reference "N. B." and "O. B." as employed in siding schedules is descriptive of the manner in which lengths are bundled. "N. B." or new bundling is as defined in paragraph 734 of Standard Grading and Dressing Rules No. 12. "O. B." or old bundling contemplates lengths 3 feet and longer in multiples of one foot, with each length bundled separately. Random length shipments of "N. B." and "O. B." includes 33 1/3% of 7' and shorter lengths.

3. No. 4 covers the down-fall which otherwise would be wasted. May be rough or surfaced. Defects include splits, check, shake, skips, rot, stain, worm holes, knot holes, wane and other defects which in combination will not impair the lumber for the purpose intended.

4. No lumber is sold on less than 1" count. All lumber is priced per 1,000 feet, board measure, except downspouts, pickets, battens, lath and lattice which are priced as designated.

5. Ripping and/or resawing not otherwise provided add $1.00 per M'BM; for diagonal or tapered add $5.00 per M'BM, and product of strip to be shipped.

6. For bundled where not provided add $1.00 per M'BM; on standard bundled items, where not bundled deduct $1.00 per M'BM.

7. Prices in all tables applying to items covered by American Lumber Standards apply to any standard working when finished A. L. S. size.

8. Shims: Shims are boards that are too thin to be surfaced to standard thickness but of sufficient thickness to surface hit and miss to 3/16", 1/4", 9/16", 5/8" or 13/16" of may be rough if full thickness.

*9. No part of the premium for Selected B and Better provided in footnote 14, table 6 or in footnote 12, table 7, may be charged except for direct mill shipment and where final delivery is to boat builders or other industrial users who have historically required and used this grade.

*10. No part of the premium provided in tables 6 and 7 for paragraphs 777 and 727 may be charged except on direct mill shipments and where final delivery is to manufacturers of wooden tanks or other containers historically requiring tank stock and pipe stock grades.

11. The premium provided in tables 6 and 7 for specified grain may be added only to either vertical grain or flat grain as specified by buyer. In no instance shall the premium be charged for both V. G. and F. G.

PART 1352—FLOOR COVERINGS

[RPS 57, Amdt. 7]

WOOL FLOOR COVERINGS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith, and it has been filed with the Division of the Federal Register.

Revised Price Schedule No. 57 is amended in the following respects:

1. Section 1352.1 (a) is amended to read as follows:

(a) On and after April 8, 1946, the maximum price for any unit of wool floor coverings for which the manufacturer has a maximum price properly established under this section, or under § 1352.10a, on that date, shall be 105 percent of that properly established maximum price, exclusive of any increases or adjustment charges in such maximum price permitted by any order, schedule or regulation of the Office of Price Administration.

2. Section 1352.1 (b) is amended to read as follows:

(b) The maximum price for sales of any new unit of wool floor covering differing only in color or pattern from a unit which has a maximum price properly established under paragraphs (a) or (c), or under § 1352.10a, is the same as the maximum price for the unit already priced, provided such change in color or pattern does not reduce the cost of producing the new unit.

3. Section 1352.1a is amended to read as follows:

§ 1352.1a *Adjustment of maximum prices.* Each manufacturer of wool floor coverings may increase his maximum prices established under § 1352.1 or 1352.10a of this revised price schedule for his sales of the wool floor coverings which he manufactures by 4½ percent: *Provided*, That the amount of such increase is separately stated as an adjustment charge on each invoice or other written evidence of sale.

4. Section 1352.1b (f) is amended to read:

(f) The seller's selling price for the article not exceeding his maximum price established under §§ 1352.1 or 1352.10a of Revised Price Schedule No. 57.

This amendment shall become effective on April 17, 1946.

NOTE: The reporting provisions of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942, as amended.

Issued this 17th day of April 1946.

PART 1366—USED CONSUMER DURABLE GOODS

[MPR 429, Amdt. 7]

CERTAIN CONSUMER DURABLE GOODS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Maximum Price Regulation No. 429 is amended in the following respects:

1. The first paragraph of section 1 (e) is amended by deleting the words "and time clocks."

2. The second paragraph of section 1 (e) is amended to read as follows:

But this regulation does not cover sales of mechanical refrigerators (covered by Maximum Price Regulation No. 139); frozen food cabinets and lockers, farm freezers and commercial ice cream cabinets (covered by General Maximum Price Regulation) nor does it cover the sale of business machines such as counting, accounting, recording, reproducing and writing machines, time clocks, registers, and machines for handling checks, mail, fares or tickets, or for sorting or changing coins (covered by General Maximum Price Regulation for sales by manufacturers of their own makes and by Maximum Price Regulation No. 596 for resellers).

This amendment shall become effective on the 23d day of April 1946.

Issued this 18th day of April 1946.

PART 1365—HOUSEHOLD FURNITURE

[3d Rev. MPR 213, Amdt. 4]

NEW COIL AND FLAT BEDSPRINGS AND METAL BEDS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith; and it has been filed with the Division of the Federal Register.

Third Revised Maximum Price Regulation No. 213 is amended in the following respect:

Section 9 (b) (1) (iii) is added to read as follows:

(iii) If, prior to April 23, 1946, maximum prices have been established by an individual pricing order, or under the automatic pricing provision of section 9 (b) (1) of this regulation, for sales of any article covered by this regulation which is not listed in section 16, the manufacturer shall compute new maximum prices for his sales of that article, as follows:

(*a*) He shall determine the weight of the wire in the article.

(*b*) He shall determine the weight of the angles, flats and strips in the article.

(*c*) He shall add to his maximum price established under that individual pricing order or under the automatic pricing provision of section 9 (b) (1) of this regulation, the increase in his material cost, figured at $9.00, per ton, in the case of wire; and $7.00, per ton, in the case of angles, flats and strips.

The manufacturer's new maximum prices, so computed, the weight of the wire, and the total weight of the angles, flats and strips, in the article shall be reported to the Office of Price Administration, Washington 25, D. C., before the article is first offered for sale at a price higher than the maximum price previously established for the article by the in-line order, or under the automatic pricing provisions of section 9 (b) (1) of this regulation. If the reported maximum price is incorrectly calculated, the Office of Price Administration will issue an order establishing the correct maximum price for sales of the article, which maximum price shall apply to all sales of the article after April 23, 1946.

Retail maximum prices established by such in-line order, or under the automatic pricing provision of section 9 (b) (1) of this regulation, shall not be increased in any amount.

This amendment shall become effective on April 23, 1946.

NOTE: The reporting provisions of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942, as amended.

Issued this 18th day of April 1946.

HOG AND SHEEP SUPRARENAL GLANDS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Second Revised Supplementary Regulation No. 14 is amended in the following respects:

1. Paragraph (a) of section 1.2 is amended by the addition of the following sentence at the end thereof: "It also applies to any person who sells or delivers hog and/or sheep suprarenal glands."

2. Subparagraph (3) of section 1.2 (b) is added to read as follows:

(3) *Hog and sheep suprarenal glands.* As used in this section 1.2 hog and sheep suprarenal glands means suprarenal glands obtained from the slaughter of hogs and sheep, and selected in accordance with standard commercial practice.

3. Subparagraph (3) of section 1.2 (c) is added to read as follows:

(3) For sales and deliveries after April 23, 1946, of hog and/or sheep suprarenal glands, the applicable maximum selling prices, f. o. b. shipping point, shall be as follows:

	Per pound
Hog suprarenal glands	$2.50
Sheep suprarenal glands	2.50

4. Paragraph (d) of section 1.2 is amended by the addition of the following sentence to be added at the end thereof: "Similarly, at the time of or prior to the first invoice on and after April 23, 1946, covering the sale of hog or sheep suprarenal glands each seller shall notify each purchaser of the maximum prices set forth in this section."

5. Paragraph (e) of section 1.2 is amended by changing the words "pancreas glands" appearing therein to read "pancreas and/or suprarenal glands".

This amendment shall become effective April 23, 1946.

Issued this 18th day of April 1946.

[2d Rev. SR 14, Amdt. 25]

LUMBER PRESERVATIVELY TREATED BY NON-PRESSURE METHODS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Second Revised Supplementary Regulation 14 to the General Maximum Price Regulation is hereby amended by adding a new section to Article III to read as follows:

SEC. 3.13 *Lumber preservatively treated by non-pressure method*—(a) *Persons covered.* Any person who sells lumber impregnated with a wood preservative by a non-pressure method is subject to this regulation.

(b) *Maximum prices f. o. b. plant.* The maximum price f. o. b. treating plant for lumber preservatively treated by a non-pressure method shall be the sum of the following:

(1) The highest price, f. o. b. plant, charged by the seller during March 1942 or otherwise established under the General Maximum Price Regulation, for a given species, size and grade of treated lumber *less* the untreated lumber cost, including inbound transportation, for that same item of untreated lumber received from the supplier who furnished the largest quantity of that item to the seller during 1942.

(2) The current "mill ceiling" (untreated) price for the species, size and grade of lumber to be sold.

(3) Actual inbound transportation charges, not exceeding the charges permitted under the Maximum Price Regulation covering mill sales of untreated material of the particular species involved. Where treating-in-transit rates are used, this item (3) is not to be used, but the seller shall compute transportation, both inbound and outbound, under paragraph (c) below.

(c) *Delivered sales, and treating-in-transit.* (1) Where treating-in-transit rates are used, the maximum price at final destination is the sum of items (1) and (2) in paragraph (b) plus the through rate from the original loading-out point indicated on the freight bills surrendered in connection with the outbound shipment. To these freight charges may also be added the transit charge.

(2) Where transit privileges do not apply, the additions for inbound transportation may not exceed the actual weights of the untreated material times the actual inbound rate. The maximum addition for outbound freight is an amount equal to the actual weight of the treated material times the actual outbound rate.

(d) Within a period of thirty days after the first use of any maximum price computed by means of any one of the formulas set forth in this section, the seller shall submit a report to the Lumber Branch, Office of Price Administration, Washington 25, D. C., in the form of a statement setting forth the type of preservative used, the treatment process used, and the factors considered in arriving at the selling price, separately listing, in dollars and cents, the various formulary items as well as the computed maximum selling price.

(e) Any person who did not sell lumber preservatively treated by non-pressure methods in March 1942 shall file an application for a maximum price with the Lumber Branch, Office of Price Administration, Washington 25, D. C. The application shall set forth:

(1) A complete description of the lumber preservative and treating method for which a maximum price is sought.

(2) The maximum price proposed by the seller together with a detailed explanation of the method by which the seller calculated such price.

(3) The reasons why the seller believes the proposed price to be in line with the level of maximum prices established by this amendment.

The seller shall also submit such additional pertinent information as the Lumber Branch may require. The Lumber Branch will establish a price for the applicant which is comparable with the average of the prices established under this amendment for his competitors. Any maximum price established under this subsection (e) shall be subject to adjustment by the Lumber Branch at any time.

Note: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This amendment shall become effective April 23, 1946.

Issued this 18th day of April 1946.

Administrator.

Chapter XVIII—Office of Economic Stabilization

PART 4003—SUPPORT PRICES; SUBSIDIES

[Directive 41, Amdt. 4]

LIVESTOCK SLAUGHTER PAYMENTS

Pursuant to the authority vested in me by the Stabilization Act of 1942, as amended, and by Executive Order 9250 of October 3, 1942 (7 F.R. 7871), Executive Order 9328 of April 8, 1943 (8 F.R. 4681), Executive Order 9599 of August 18, 1945 (10 F.R. 10155), Executive Order 9651 of October 30, 1945 (10 F.R. 13487), Executive Order 9697 of February 14, 1946 (11 F.R. 1691), and Executive Order 9699 of February 21, 1946 (11 F.R. 1929); *It is hereby ordered:*

Directive 41 is amended by the addition of paragraph (e) to section 7 to read as follows:

(e) (1) Reconstruction Finance Corporation is also directed to withhold payment of subsidy claims upon certification by a District Director of the Office of Price Administration or the Secretary of Agriculture (or his duly authorized representative) that the slaughterer's report, after correction for errors, filed with the Office of Price Administration or the Department of Agriculture pursuant to Control Order 2 or War Food Order No. 75-7, shows that he has slaughtered livestock in excess of his authorized quota.

(2) The withholding shall apply to the cattle subsidy (exclusive of extra-compensation payments), calf subsidy or hog subsidy, depending on which species of livestock the slaughterer has slaughtered in excess of his authorized quota, due the slaughterer on the particular species of livestock slaughtered at the particular establishment during the accounting period involved.

(3) The appropriate District Director of the Office of Price Administration and the Secretary of Agriculture or his duly authorized representative shall, as promptly as possible, certify to Reconstruction Finance Corporation:

(i) The name of any slaughterer whose report, after correction for errors, filed pursuant to Control Order 2 or War Food Order No. 75-7, shows a slaughter of any species of livestock in excess of his authorized quota for such species of livestock; and

(ii) The address of the establishment and the accounting or quota period for which the report is filed; and

(iii) The species of livestock for which the slaughterer's report shows a slaughter in excess of his authorized quota.

(4) If a slaughterer has exceeded his authorized quota by an amount which is not in excess of 3 percent of such quota or 2000 pounds live weight, whichever is larger, he may apply to the Secretary of Agriculture or the Price Administrator, at Washington, D. C., depending on whether his report was filed with the Office of Price Administration or the Department of Agriculture, for a release of the subsidy withheld pursuant to this paragraph (e). Upon a finding by the Secretary of Agriculture or his duly authorized representative, or the Price Administrator that the slaughterer's excess slaughter was due to extenuating circumstances and that the release of the subsidy withheld would not be inconsistent with the stabilization program, the Secretary of Agriculture or his duly authorized representative or the Price Administrator may so certify to Reconstruction Finance Corporation, and thereupon the subsidy withheld shall be payable forthwith.

Issued and effective this 16th day of April 1946.

CHESTER BOWLES,
Economic Stabilization Director.

Chapter II—United States Maritime Commission

Subchapter A—General Provisions and Rules of Procedure

[Gen. Order 41, Supp. 2]

PART 201—RULES OF PROCEDURE BEFORE THE COMMISSION

PLEADING AND PRE-HEARING PROCEDURES; FORM AND SERVICE OF DOCUMENTS

Section 201.54 (originally designated § 4.14) is amended to read:

§ 201.54 *Bill of particulars.* Within five (5) days after receipt of service of the complaint, the respondent may file a request for a bill of particulars with the Commission for service upon the complainant. Within ten (10) days after receipt of such request, complainant shall file with the Director of the Division of Regulation and serve upon respondent either (a) the bill of particulars requested or (b) a reply to such request setting forth the particular matters contained in the request which are objected to and the reasons for the objections. The time for filing answer to complaint shall be extended to a date ten (10) days after receipt by respondent of the bill of particulars or of notice of the Commission's disallowance of same.

[1] Not filed with Division of the Federal Register.

Section 201.73 (originally designated § 6.03) is amended by inserting before the words "bills of particulars" the words "requests for" so said section shall read:

§ 201.73 *Complaints and other documents served by Commission.* Complaints filed pursuant to § 201.41 (originally designated § 4.01), amendments to complaints, petitions to intervene, requests for bills of particulars, and memoranda filed pursuant to §§ 201.121-201.131 (originally designated §§ 9.01 to 9.11), inclusive, will be served by the Commission, and the mailing date shall constitute the date of service. Therefore, in addition to and accompanying the original of every document filed with the Commission for service by the Commission, there must be a sufficient number of copies for service on each party to the proceeding.

By order of the United States Maritime Commission.

[Misc. 1829187]

WISCONSIN

RESTORATION ORDER NO. 1171 UNDER FEDERAL POWER ACT

APRIL 9, 1946.

By Departmental order of December 1, 1943, creating Power Site Classification No. 347, the following described land, an island in the Flambeau River, was withdrawn for power purposes:

4TH PRINCIPAL MERIDIAN

T. 35 N., R. 5 W., sec. 11, lot 8.
The area described contains 3.71 acres.

Pursuant to the determination of the Federal Power Commission (DA-1, Wisconsin) and in accordance with Departmental Order No. 1799 of March 19, 1943, 8 F.R. 3743, the above-described land is hereby declared open to disposition under the public land laws, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1063), as amended by the act of August 26, 1935 (49 Stat. 838, 846, 16 U.S.C. sec. 818), and to the special restriction that no building or other improvement shall be so located or constructed on said land as to interfere with, or be subject to interference by, the construction and operation of any power development by the United States or its licensees.

This order shall not become effective to change the status of this land until 10:00 a. m. on the 63rd day from the date on which it is signed. At that time the land shall, subject to valid existing rights, the provisions of existing withdrawals, and the provisions of section 24 of the Federal Power Act as above stated, become subject to application, petition, location, or selection as follows:

(a) For a period of 90 days, commencing on the day and at the hour named above, the public land affected by this order shall be subject to (1) application under the homestead laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U.S.C. sec. 682a), by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U.S.C. sec. 282), subject to the requirements of applicable law, and (2) application under any applicable public land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) For a period of 20 days immediately prior to the beginning of such 90-day period, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on the first day of the 90-day period, shall be treated as simultaneously filed.

(c) Commencing at 10:00 a. m. on the 91st day after the land becomes subject to application, as hereinabove provided, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public land laws.

(d) Applications by the general public may be presented during the 20-day period immediately preceding such 91st day, and all such applications, together with those presented at 10:00 a. m. on that day, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for this land, which shall be filed in the General Land Office at Washington, D. C., shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circ. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Subchapter I of Title 43 of the Code of Federal Regulations and applications under the small tract act of June 1, 1938, shall be governed by the regulations contained in Part 257 of that title.

FRED W. JOHNSON,
Commissioner.

SMALL TRACT CLASSIFICATION No. 75

California No. 33

SAN BERNARDINO MERIDIAN

T. 2 N., R. 8 E.,
Sec. 11, E½SE¼;
Sec. 12, SW¼SW¼.

The areas described aggregate 23,675.19 acres.

2. These lands are located in a desert area about 140 to 150 miles east of Los Angeles near the southern boundary of San Bernardino County. Tps. 1 N., Rs. 10 and 11 E., and T. 1 S., R. 9 E., are immediately north of the Joshua Tree National Monument, and the remainder of the lands within 12 miles of the Monument. All the lands are located within the Twentynine Palms community, named for the original oasis which long has been a feature of this region, and adjoin or are near other public domain previously classified for leasing under the small tract program. U. S. Highway 60–70 from Los Angeles connects with a macadam road about 13 miles east of Banning to Twentynine Palms. Many of the roads from Twentynine Palms are graded gravel and can be traveled throughout the year. The lands are within a rather broad alluvial valley, except those in T. 1 S., R. 9 E., which are located in Pinto Cove at the base of the northern extremities of the Pinto Mountains. The lands involved range in elevation from 1,300 to 2,300 feet above sea level.

3. Water for the entire area is obtained from ground water supplies. The group of springs located in the south-central portion of T. 1 N., R. 9 E., have furnished a dependable supply of good quality water for many years. Water has been obtained from wells throughout the area ranging in depth from 30 to 275 feet. The depth to water under the classified lands cannot be very accurately determined due to the presence of numerous faults and because only a few wells have been drilled in these townships. The cost of drilling and equipping the deeper wells probably will be found to be more feasible as a group undertaking rather than by individual action. Water from developed wells is sold and delivered locally. This is a common practice in the vicinity of these lands, and is often the cheapest and most desirable method of obtaining culinary water. It is possible that some of the water companies operating in the communities will provide water if sufficient settlement takes place.

4. Pursuant to § 257.8 of the Code of Federal Regulations (43 CFR Part 257, Cum. Sup., as amended by Circ. 1613, February 27, 1946), a preference right to a lease is accorded to those applicants whose applications (a) were regularly filed, under the regulations issued pursuant to the act, prior to 8:30 a. m. on March 4, 1946, and (b) are for the type of site for which the land subject thereto has been classified. As to such applications, this order shall become effective upon the date on which it is signed.

5. As to the land not covered by the applications referred to in paragraph 4, this order shall not become effective to permit the leasing of such land under the small tract act of June 1, 1938, cited above, until 10:00 a. m. on June 13, 1946. At that time such land shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for other preference-right filings.* For a period of 90 days from 10:00 a. m. on June 13, 1946, to close of business on September 11, 1946, inclusive, to (1) application under the small tract act of June 1, 1938, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U.S.C. secs. 279–283), subject to the requirements of applicable law, and (2) application under any applicable public land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Advance period for simultaneous preference-right filings.* All applications by such veterans and persons claiming preference rights superior to those of such veterans filed on or after 8:30 a. m. on March 4, 1946, together with those presented at 10:00 a. m. on May 24, 1946, shall be treated as simultaneously filed.

(c) *Date for nonpreference-right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on September 12, 1946, any of the land remaining unappropriated shall become subject to application under the small tract act by the public generally.

(d) *Advance period for simultaneous nonpreference-right filings.* Applications under the small tract act by the general public filed on or after 8:30 a. m. on March 4, 1946, together with those presented at 10:00 a. m. on August 23, 1946, shall be treated as simultaneously filed.

6. Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

7. All applications for the lands referred to in paragraphs 4 and 5, which shall be filed in the District Land Office at Los Angeles, California, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circ. 324, May 22, 1914, 43 L. D. 254), to the extent that such regulations are applicable. Applications under the small tract act of June 1, 1938, shall be governed by the regulations contained in part 257 of Title 43 of the Code of Federal Regulations.

8. Lessees under the small tract act of June 1, 1938, will be required, within a reasonable time after execution of the lease, to construct upon the leased land, to the satisfaction of the Commissioner of the General Land Office, improvements which under the circumstances are presentable, substantial, and appropriate for the use for which the lease is issued. Leases will be for a period of five years, at an annual rental of $5 for home, cabin, health, convalescent, and recreational sites, payable yearly in advance. The rental for business sites will be in accordance with a schedule of graduated charges based on gross income, with a minimum charge of $20, payable yearly in advance, the remainder, if any, to be paid within 30 days after each yearly anniversary of the lease.

9. The land covered by applications filed subsequent to 8:30 a. m. on March 4, 1946, will be leased in tracts of approximately 5 acres each with dimensions of about 330 by 660 feet where the applications describe the tract in accordance with the regulations (43 CFR 257.16, 257.17), except that the land classified for business and for combination home and business will be leased in 1¼-acre tracts approximately 165 by 330 feet. The longest dimensions of all such tracts shall extend as follows:

In T. 1 N., R. 8 E., north and south;
In Tps. 1 N., Rs. 10 and 11 E., north and south;
In Tps. 2 N., Rs. 8 and 9 E., east and west;
In T. 1 S., R. 9 E., east and west.

but where only one 5-acre tract in a 10-acre subdivision is embraced in a preference-right application mentioned in paragraph 4, the register is authorized to accept an application for the remaining 5-acre tract extending in the same direction so as to fill out the subdivision, notwithstanding the direction of the tract may be contrary to that specified just above for the particular township.

10. Leasing under applications filed subsequent to 8:30 a. m. on March 4, 1946, for business and for combination home and business purposes of the SE¼SE¼ sec. 13, T. 1 N., R. 10 E., shall start at the corner common to secs. 13 and 24 of that township and secs. 18 and 19, T. 1 N., R. 11 E.; such leasing of the S½ lots 1, 2 of SW¼ and S½SE¼ sec. 18 and N½ and SE¼ sec. 19, T. 1 N., R. 11 E., shall start in the SW¼SW¼ sec. 18 and in the NW¼NW¼ sec. 19 at the corner common to secs. 13 and 24, T. 1 N., R. 10 E., and secs. 18 and 19, T. 1 N., R. 11 E.; such leasing of the E½SE¼ sec. 11 and SW¼SW¼ sec. 12, T. 2 N., R. 8 E., shall start in the SW¼SW¼ sec. 12 at the northeast corner of this subdivision, and from each of these starting points each additional unit leased shall adjoin a leased tract in order to facilitate consolidation of the business center. A deviation from this practice will be permitted, however, if circumstances arise where it would be advisable to have a particular type of business separated from the main business center.

11. All inquiries relating to these lands shall be addressed to the Register, District Land Office, Los Angeles 12, California.

Commissioner.

RECORD OF WORKING HOURS BY EMPLOYEES IN PULPWOOD OPERATIONS

NOTICE OF OPPORTUNITY TO SHOW CAUSE WITH RESPECT TO PROPOSED AMENDMENT

In the matter of the amendment to the record keeping regulations, Part 516, issued pursuant to authority contained in section 11 (c) of the Fair Labor Standards Act of 1938.

Notice is hereby given of opportunity to show cause why the following proposed amendment to Title 29, Chapter V, Code of Federal Regulations, Part 516, issued September 15, 1941, pursuant to authority contained in section 11 (c) of the Fair Labor Standards Act of 1938, should not be adopted by the Administrator:

§ 516.2 (b) *Record of hours worked by unsupervised employees engaged in woods operations on pulpwood, including the hauling of pulpwood in or from the woods.* An employer of an employee who is employed in woods operations on pulpwood, including the hauling of pulpwood in or from the woods, away from supervision under circumstances in which it is impracticable or impossible for the employer to ascertain the number of hours worked by the employee in any way other than on the representation of such employee, may instruct and require such employee to enter on an appropriate form, furnished by the employer, the number of hours the employee has worked on each day during the workweek.

The employer shall give full and detailed instructions to such employee with respect to the entries to be made on the form to the end that the employee may fully understand the nature and purpose of the report as the basis for determining the straight-time and overtime compensation to be paid to him and the necessity for completeness and accuracy of the entries to be made by the employee. Such a record, when signed by the employee as a true and accurate statement of the hours he has worked, shall be kept and preserved by the employer and, with respect to the hours worked by the employee away from supervision, shall be considered to meet the requirement of these regulations insofar as they require the recording of the hours worked each day, provided that the employer has used such means as are reasonably available to determine that the hours actually worked by such an employee have been accurately recorded.

All objections, protests or statements in opposition to or in support of the proposed amendment should be filed in writing with the Administrator of the Wage and Hour Division, 165 West 46th Street, New York 19, New York, within 15 days following the publication of this notice.

Signed at New York, New York, this 10th day of April 1946.

L. METCALFE WALLING,
Administrator.

P. C. WILSON

ORDER DESIGNATING APPLICATION FOR CONSOLIDATED HEARING ON STATED ISSUES

In re application of P. C. Wilson, Canton, Ohio, for construction permit. Docket No. 6915, File No. B2–P–4117.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 27th day of March, 1946;

The Commission having under consideration the above application of P. C. Wilson, for a permit to construct a new standard broadcast station at Canton, Ohio;

It is ordered, That the said application be designated for hearing in a consolidated proceeding with the application of W. J. Marshall, Cleveland, Ohio (File No. B2–P–4497), upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the applicant to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the areas and populations proposed to be served.

4. To determine whether the operation of the proposed station would cause objectionable interference with the service proposed in the pending application of W. J. Marshall, Cleveland, Ohio (File No. B2–P–4497), and/or with any other pending applications for broadcast facilities, and if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with services rendered by any existing broadcast station and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice concerning standard broadcast stations.

7. To determine upon a comparative basis which, if either, of the applications in this consolidated proceeding, should be granted.

By the Commission.

OJAI BROADCASTING CO.

ORDER DESIGNATING APPLICATION FOR CONSOLIDATED HEARING ON STATED ISSUES

In re application of OJAI Broadcasting Company, Ventura, California; for construction permit; Docket No. 7469; File No. B5–P–4463.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 27th day of March 1946;

The Commission having under consideration the above entitled application of OJAI Broadcasting Company for a construction permit (File No. B5–P–4463) for a new standard broadcast station at Ventura, California, to be operated on 1590 kilocycles, with power of 1 kilowatt, unlimited time:

It is ordered, That the said application be designated for hearing in a consolidated proceeding with the application of Walter L. Edwards, Porterville, California (File No. B5–P–4545; Docket No. 7470) upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the applicant corporation, its officers, directors, and stockholders to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the areas and populations proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with the service proposed in the pending application of Walter L. Edwards (File No. B5–P–4545, Docket No. 7470) or any other pending application for facilities in the United States and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with a proposed Class III broadcast station, as defined in the North American Regional Broadcasting Agreement, to be operated at Tijuana, B. C., Mexico, on 1590 kilocycles, and the nature and extent of any such interference.

6. To determine whether the operator of the proposed station would involve objectionable interference with any existing stations, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

7. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice concerning standard broadcast stations.

8. To determine whether the erection of the antenna system proposed would be consistent with existing Civil Aeronautics Administration requirements.

9. To determine on a comparative basis which, if either, of the applications in this consolidated proceeding should be granted.

PRESS WIRELESS, INC.

NOTICE OF HEARING

In re applications of Press Wireless, Inc., dated November 8, 1945, for modification of licenses to delete special provisions limiting communication between applicants two stations to service messages and traffic originating in or destined to points outside the 48 states, and the District of Columbia; class of service, fixed public press; class of stations, point-to-point telegraph; locations, Hicksville, New York; Los Angeles, California; File Nos. 317–MLH–A, 316–MLH–A.

You are hereby notified that the Commission having examined the above-described applications, and being unable to determine upon examination of such applications that public interest, convenience or necessity would be served by the granting thereof, has designated the matters for hearing for the following reasons:

1. To determine whether there is a public need for additional telegraph communication channels for handling domestic press telegraph traffic between New York, N. Y., and Los Angeles, California which cannot adequately be met by existing wire facilities.

2. To determine applicant's financial ability to provide the necessary physical equipment, offices and qualified personnel in order to render efficient and economical domestic press telegraph service between New York, N. Y. and Los Angeles, California.

3. To determine the nature of the service proposed to be rendered by applicant, including the charges, practices, classifications or regulations in connection with such proposed service and the speed, transmission qualities and scheduled hours of operation which applicant expects to provide for such proposed service.

4. To determine the relative efficiency and economy of the proposed domestic press telegraph service between New York, N. Y. and Los Angeles, California to be rendered by applicant as compared with that provided by The Western Union Telegraph Company.

5. To determine the extent to which applicant's authorized frequencies and facilities would be used for rendering the proposed service and further to determine whether applicant's use thereof is the most efficient and economical use of such frequencies and facilities.

6. To determine, generally, what effect the rendition of the proposed service by applicant will have upon the international communications service rendered by it, and particularly, whether the use of frequencies by applicant for the proposed service will result in interference with operations conducted by it on the authorized frequencies used for international communications service.

7. To determine any other relevant facts which would indicate whether or not a grant of the above applications would serve public interest, convenience or necessity.

The applicant is hereby given an opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.384 (a) of the Commission's rules and regulations. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's rules and regulations.

File No. B3–P–4413.

[1] D. A.—night and day.

You are hereby notified that the Commission has examined the application in the above-entitled case and has designated the matter for hearing in consolidation with the application of Fort Worth Broadcasting Company, Fort Worth, Texas (File No. B3–P–4439, Docket No. 7369) on the following issues:

1. To determine the legal, technical, financial and other qualifications of the partnership and the partners to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with any existing broadcast stations, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast services to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in any pending applications for broadcast facilities, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice concerning standard broadcast stations.

7. To determine whether the erection of the antenna system proposed herein would be consistent with Civil Aeronautics Administration requirements.

8. To determine on a comparative basis which, if any, of the applications in this consolidated proceeding should be granted.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.384 of the Commission's rules of practice and procedure. Persons other than the applicant herein and the applicants already made a party by consolidation, who desire to be heard must file a petition to intervene in accordance with the provisions of §§ 1.102, 1.141 and 1.142 of the Commission's rules of practice and procedure.

KELO, SIOUX FALLS, S. DAK.[1]

PUBLIC NOTICE CONCERNING PROPOSED ASSIGNMENT OF LICENSE

The Commission hereby gives notice that on March 15, 1946, there was filed with it an application (B4–TC–475) for its consent under section 310 (b) of the Communications Act (47 U.S.C.A. 310) to the proposed assignment of license of standard broadcast station KELO, Sioux Falls, South Dakota, from the Sioux Falls Broadcast Association, Inc. to the Midcontinent Broadcasting Co., State Theater Building, Sioux Falls, South Dakota. The proposal to assign said license is based upon an agreement of February 27, 1946, entered into between Sioux Falls Broadcast Association, Inc. and Midcontinent Broadcasting Co. pursuant to which the former agreed to sell to the latter all the real and personal property of KELO for a consideration of $100,000 plus 50 shares of licensee's common capital stock owned by Sam Fantle, Jr. Of this amount $50,000 in cash and the 50 shares of stock together with a promissory note for $50,000 signed by purchaser and endorsed by Sam Fantle, Jr. and his wife, Evelyn Fantle, payable $10,000 a year beginning July 1, 1947, with 3% interest per annum shall be placed in escrow with the Northwest Security National Bank of Sioux Falls, South Dakota. The selling corporation shall deposit with said bank a deed to the realty and bill of sale of the personalty described in the contract. The money deposited and note as well as the deed and bill of sale are to be delivered to the respective parties upon the closing date which is to be not later than 30 days following the effective date of the Order of the Commission consenting to the transfer. If within one year from date of the agreement the Commission has not consented to the transfer or if the Commission has denied such consent either party may cancel the agreement upon notice. Within 6 months from closing purchaser shall remove its office equipment and other personalty from the premises occupied by KSOO and separation is to be made of other properties between KSOO and KELO. Further details as to the arrangements and the application may be found from an inspection of the papers on file at the offices of the Commission.

In the Commission's decision of September 6, 1945, granting the application for transfer of control of the Crosley Corporation (Docket No. 6767), it was announced that public hearings would be held to consider proposed new rules and regulations for the handling of assignment and transfer applications including provision for public notice by the applicant and the Commission of the filing of such applications and pertinent details in cases where a controlling interest is involved. Thereafter on October 3, 1945, the Commission also gave public notice (10 F.R. 12926) that pending the issuance of such proposed new rules, hearing thereon, and final adoption, such applications would be deferred unless applicants desired to follow the procedure proposed in the WLW decision, and supplement their applications so as to come within the framework of the announced procedure including the provision for public notice. Pursuant thereto the Commission was advised on April 2, 1946, that notice would be inserted in the "Daily Argus Leader," a newspaper of general circulation in Sioux Falls, S. Dak., twice a week for three weeks beginning April 9, 1946, of the proposed assignment of the license and acquisition by assignee of the properties of KELO.

In accordance with the procedure proposed in the WLW decision and that announced in the Commission's release, no action will be had upon the KELO application for a period of 60 days from April 9, 1946, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above-described contract.

ELECTRONIC TIME, INC.

ORDER DESIGNATING APPLICATION FOR CONSOLIDATED HEARING ON STATED ISSUES

In re application of Electronic Time, Inc., for construction permit. File No. B1–PEX–87.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 10th day of April, 1946;

The Commission having under consideration the application of Electronic Time, Inc. (File No. B1–PEX–87) for a construction permit for a developmental AM broadcast station in New York City, to broadcast the time of day on a frequency between 25 and 30 megacycles (to be selected by the Commission) for reception by watch-size receivers capable of operating only on this frequency; and

It appearing that several individuals have filed with the Commission affidavits protesting the grant of the application of Electronic Time, Inc., which affidavits raise a question regarding the general qualifications of the applicant to receive the permit applied for; and

It further appearing that this application raises a number of issues which cannot be resolved on the basis of information now before the Commission;

It is ordered, That this application be, and it is hereby, designated for hearing, for the purpose of determining:

1. The legal, technical, financial and other qualifications of the applicant corporation, and of its officers, directors and stockholders to construct and operate the proposed station.

2. The program of development, experimentation and research which the applicant proposes to conduct, its technical facilities therefor, and the means whereby it proposes to finance this program.

3. The program service which applicant intends to develop and render and whether, and the extent to which, this service is rendered or could be rendered by radio stations in established broadcast services, or by other facilities.

4. The frequency or frequencies, power, and type of emission necessary or adequate technically to conduct the program of development, experimentation and research proposed by applicant.

5. The type of non-experimental authorization or authorizations, if any, for which applicant proposes to make application to the Commission, in the event of the grant of its present experimental application and the successful outcome of its proposed program of experimentation and development.

6. The need for modifying the Commission's Report of Allocations above 25 megacycles, dated May 25, 1945, to permit the assignment of a frequency to applicant's proposed developmental station in the 25–30 megacycle band, and to permit the establishment of a service consisting of time-reporting broadcast stations such as that proposed by the applicant.

THE MIDDLE WEST CORP.

SUPPLEMENTAL ORDER RELEASING JURISDICTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 16th day of April A. D. 1946.

The Commission having on February 12, 1946 and April 2, 1946 issued its orders herein under section 12 (d) of the Public Utility Holding Company Act of 1935 and Rule U-44 thereunder permitting to become effective the declaration, as amended, of The Middle West Corporation ("Middle West"), a registered holding company, regarding the sale by it at competitive bidding, pursuant to Rule U-50, of 84,000 shares of common stock, par value $1.00 per share, of Midland Realization Company ("Realization Company"), a registered holding company; and

The Commission in said orders having provided that the proposed sale of said common stock should not be consummated until the results of competitive bidding have been made a matter of record in this proceeding and a further order entered by this Commission in the light of the record as so completed, jurisdiction having been reserved for such purpose, and jurisdiction having been reserved in such orders over all fees and expenses to be incurred in connection with the proposed transaction; and

[1] Section 1. 361, Part I, Rules of Practice and Procedure.

Middle West having filed a further amendment to said declaration stating that in accordance with the permission granted in said orders of the Commission it offered the said common stock for sale pursuant to the competitive bidding requirements of Rule U-50 and received the following bids:

Group heading bid	Bid per share	Gross proceeds to middle west
The First Boston Corp. and Central Republic Co., Inc.	$36.75	$3,087,000
Kidder, Peabody & Co.	34.79	2,922,360
Lazard Freres & Co.	34.60	2,906,400

It further appearing that Middle West has accepted the bid of the group of seven firms ("Purchasers"), headed by The First Boston Corporation and Central Republic Corporation, Inc., identified as follows:

Purchaser	*Participation (No. of shares)*
The First Boston Corp.	15,900
Central Republic Company, Inc.	15,900
Blyth & Co., Inc.	15,900
Dean Witter & Co.	15,900
Lee Higginson Corp.	10,630
Shields & Co.	6,000
G. H. Walker & Co.	3,770
	84,000

It having been represented by or on behalf of said Purchasers that it is the present intention of each of them to hold the said common stock of Realization Company until the dissolution of that company, and to participate in said dissolution to the extent entitled; but that no representation is made to the Commission, nor is there any arrangement or understanding among Purchasers that such stock will be so retained, but that, on the contrary, a public offering may be made by any or all of said Purchasers of their respective holdings of such stock, particularly if the dissolution of Realization Company is unduly delayed; and

The Commission having examined said amendment and having considered the record herein and finding no reason for imposing terms or conditions with respect to the price to be paid for said common stock; and finding that the fees and expenses incurred by Middle West in connection with the said proposed sale are nominal and not unreasonable;

It is ordered, That the jurisdiction heretofore reserved with respect to the competitive bidding employed in connection with the sale of said common stock and of all fees and expenses incurred in connection with the said transactions be, and the same hereby is, released, and that said declaration, as further amended, be, and the same hereby is, permitted to become effective forthwith subject to the terms and conditions prescribed in Rule U-24 and to the further condition that the text of this order, together with the text of the findings and orders of the Commission in this matter dated February 12, 1946, and April 2, 1946, respectively, shall be furnished to all prospective buyers of the common stock of Midland Realization Company in connection with any offering of such stock by Purchasers or any of them.

By the Commission.

PEOPLES LIGHT AND POWER CO. ET AL.

SUPPLEMENTAL ORDER REGARDING SOLICITATIONS

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 15th day of April, A. D. 1946.

In the matter of Peoples Light and Power Company and subsidiary companies, File No. 54-67; Peoples Light and Power Company, California Public Service Company, Texas Public Service Farm Company, Texas Public Service Company, West Coast Power Company, File No. 59-64.

The Commission having by order dated September 14, 1945, approved the plan of Peoples Light and Power Company filed pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935, which plan, among other things, provided for holding a meeting of stockholders for the election of a new board of directors and outlined the procedure for the nomination and election of said directors;

The Commission having reserved jurisdiction to review or to pass upon any revision of the procedure set forth in the plan for the nomination and election of a new board of directors;

Peoples having requested the Commission to clarify the procedure for the nomination and election of directors so as to specify to what extent, if any, solicitations with respect to said nomination and election of directors are subject to the provisions of the act and the rules and regulations promulgated thereunder; and

The Commission deeming it appropriate in the public interest and for the protection of investors and consumers to require that all solicitations with respect to the nomination and election of directors of Peoples Light and Power Company (now, by change of name, Texas Public Service Company), as provided for in its plan as aforesaid, shall comply with the provisions of section 11 (g) of the act and with the provisions of Rule U-62 except paragraph (g) thereof:

It is ordered, That all solicitations with respect to the nomination and election of directors of Peoples Light and Power Company (now, by change of name, Texas Public Service Company), as provided for in its plan as aforesaid, shall be required to comply with the provisions of section 11 (g) of the act and with the provisions of Rule U-62 except paragraph (g) thereof.

By the Commission.

ASSOCIATED ELECTRIC CO. AND ARIZONA GENERAL UTILITIES CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 16th day of April 1946.

Notice is hereby given that a joint application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Associated Electric Company (Aelec), a registered holding company and a subsidiary of General Public Utilities Corporation, also a registered holding company, and by Arizona General Utilities Company (Arizona General) a subsidiary of Aelec; and

Notice is further given that any interested person may, not later than April 24, 1946, at 5:30 p. m., e. s. t., request the Commission in writing that hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said application-declaration which is on file in the offices of said Commission, for a statement of the transactions therein proposed which are summarized as follows:

Aelec proposes to sell to Graham County Electric Cooperative, Inc., and the Towns of Safford and Thatcher, Arizona, its entire investment in Arizona General for an aggregate base price of $410,000, subject to certain adjustments as provided in the contract of sale. As of December 31, 1945, Aelec's investment in Arizona General consisted of $149,500 principal amount of 6% first mortgage bonds due December 1, 1945; $86,000 principal amount of open account indebtedness; and 10,000 shares of common stock, without par value.

Under the terms of the contract of sale the purchasers are to participate in the purchase of the securities and open account indebtedness of Arizona General in the following proportions:

Purchaser	Shares of stock	Bonds and open account indebtedness	Aggregate base purchase price
		Percent	
Graham County	2,617	26.1687	$107,291.67
Safford	6,444	64.4400	264,204.00
Thatcher	939	9.3913	38,504.33
	10,000	100.00	410,000.00

The contract of sale provides that all payments to be made by the Towns of Safford and Thatcher to Aelec are to be made in cash unless said Towns hereafter reach a mutually satisfactory

agreement with Aelec for the payment of all or part of such amounts by the delivery to Aelec of duly authorized revenue obligations in principal amounts, bearing interest rates, and in form and containing terms and provisions satisfactory to Aelec in its sole discretion, and also provides that in the event said Towns hereafter reach such mutually satisfactory agreement with Aelec, the obligation of Aelec under the agreement to sell and convey any or all of its closing position in Arizona General is conditional upon the simultaneous consummation of the sale by Aelec, upon terms and conditions satisfactory to it in its sole discretion, of all the revenue obligations so received by Aelec from Safford and Thatcher. All payments to be made by Graham County Electric Cooperative, Inc. to Aelec under the agreement are to be made in cash. The contract of sale further provides that none of the parties to such contract shall be obligated to transfer any rights or securities or to make any payments unless, on the closing date, the other parties are prepared simultaneously to tender performance in all acts required by the contract to be performed by them on the closing date.

In connection with the foregoing sale, it is proposed that Arizona General sell to Aelec, for a consideration of $1.00, the 80 shares of capital stock of Atlantic Utility Service Corporation, owned by Arizona General, or assign to Aelec the right of Arizona General to receive dividends, whether liquidating or otherwise, upon such stock.

Aelec has indicated that it considers sections 9 (a), 10, 12 (d) and 12 (f) of the Act and Rules U-43 and U-44 promulgated thereunder as being applicable to the proposed transactions. That portion of the proposed transactions in respect to the sale of securities of Arizona General to the Towns of Safford and Thatcher, Arizona, is exempt from the provisions of section 12 (d) of the act by virtue of paragraph (b) (3) of Rule U-44. The acquisition of such securities by the Towns of Safford and Thatcher is not subject to the provisions of the act.

Aelec states that it desires to consummate the above described transactions as a further step towards compliance with the provisions of section 11 (b) (1) of the act and in pursuance of the order of this Commisison dated August 13, 1942, as amended, in the matter of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation (File No. 59–32), directing said Trustees to dispose of their interest in certain companies, including Arizona General. In this connection Aelec has requested that the Commission find that the carrying out of the proposed transactions is necessary to effectuate the provisions of section 11 (b) of the act and that its order herein conform to the definition of the term "order of the Securities and Exchange Commission" contained in section 373 (a) of the Internal Revenue Code, as amended, and contain the recitals, specifications and itemizations required by section 1808 (f) of the Internal Revenue Code, as amended.

By the Commission.

AMERICAN & FOREIGN POWER CO., INC.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE AND GRANTING EXEMPTIONS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 12th day of April, A. D. 1946.

In the Matter of Theodore V. D. Berdell and George C. Wintringer, Protective Committee for the Holders of American & Foreign Power Company Inc. Preferred Stock, File No. 68–66.

A declaration and amendments thereto, having been filed with this Commission, pursuant to section 12 (e) of the Public Utility Holding Company Act of 1935 and pursuant to Rule U-62 of the general rules and regulations under the act, by Theodore V. D. Berdell and George C. Wintringer, acting as a committee, proposing to solicit authorizations from the holders of preferred stock of American & Foreign Power Company Inc., a registered holding company subsidiary of Electric Bond and Share Company, also a registered holding company; and

Declarants having requested that the declaration shall become effective when ordered by the Commission; and

Said declarants having applied for certain exemptions, pursuant to Rule U-100 of said general rules and regulations, from certain conditions imposed by said Rule U-62 upon persons making solicitations; and

It appearing from said declaration, as amended, that declarant Theodore V. D. Berdell is the senior partner of the investment firm of Berdell Brothers, that he is a professional broker, that the business of the firm is principally that of executing on the New York Curb Exchange, for other brokers, without advice of any kind, unsolicited specific orders for the purchase or sale of securities either at a specified price or at the market, and that an application is made for an order exempting the firm of Berdell Brothers (but not any individual members thereof) from the requirements of Rule U-62 (g) (2) to the extent only that said firm may execute, without giving advice of any kind, unsolicited orders, received from other brokers (and not from members of the public), to purchase and sell securities of American & Foreign Power Company Inc. or its subsidiaries or of Electric Bond and Share Company; and

It appearing from said declaration, as amended, that, except as exemption is obtained by declarants, the document evidencing the authorizations which declarants propose to solicit provides, pursuant to the provisions of Rule U-62 (h) (1), that declarants shall comply with paragraph (g) of Rule U-62; and

It appearing from said declaration, as amended, that declarants propose to represent holders of both the $7 and $6 preferred stocks of American & Foreign Power Company Inc., except that, in the event a conflict of interest should arise between holders of the $7 preferred stock and the $6 preferred stock, declarants will take no part in any controversy in respect thereto, and that an application is made for an order exempting declarants from the requirements of Rule U-62 (j) so that declarants may represent holders of both said stocks except as conflicts of interest between them may arise; and

The Commission having considered the declaration and applications for exemptions, as amended, and finding that the requirements of Rule U-62, except as to the matters comprised within such applications for exemptions, are complied with, and it appearing to the Commission that certain of the conditions imposed by Rule U-62 upon persons making solicitations, as applied to the proposed solicitation by said Theodore V. D. Berdell and George C. Wintringer, acting as a committee as aforesaid, are not necessary or appropriate in the public interest or for the protection of investors or consumers, and the Commission deeming it appropriate, in the public interest and in the interest of investors, that said declaration, as amended, be permitted to become effective, and that said applications for exemptions be granted;

It is ordered, Pursuant to said Rule U-100, that the requested exemptions from the requirements of paragraphs (g) (2), (h) (1), and (j) of Rule U-62, be, and the same hereby are, granted, and that said declaration, as amended, be, and the same hereby is, permitted to become effective forthwith, subject however to the terms and conditions prescribed in Rule U-24.

By the Commission.

BUFFALO NIAGARA ELECTRIC CORP.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 15th day of April 1946.

Buffalo Niagara Electric Corporation, a subsidiary of Niagara Hudson Corporation, in turn a subsidiary of The United Corporation, a registered holding company, having filed a declaration pursuant to the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder regarding a proposal by Buffalo Niagara Electric Corporation to discharge its note, dated November 1, 1945, in the principal amount of $1,000,000 by payment to Niagara Hudson Power Corporation, the holder thereof, of such principal amount plus accrued interest at the rate of 2% per annum to the date of payment, such note being payable on or before February 1, 1952; and

Said declaration having been filed on March 25, 1946, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to the act and the Commission not having received a request for hearing with respect to said declaration within the period specified in said notice or otherwise, and not having ordered a hearing thereon; and

The Commission finding that the proposed transactions are not in contravention of the act or any rules and regulations promulgated thereunder and that the proposed transactions satisfy the requirements of sections 12 (c) and 12 (f) of the act and the rules thereunder insofar as they are applicable and that it is appropriate in the public interest and in the interests of investors and consumers that said declaration be permitted to become effective;

It is hereby ordered, Pursuant to Rule U–23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24 that the aforesaid declaration be, and the same hereby is, permitted to become effective forthwith.

NORTH CONTINENT UTILITIES CORP. ET AL.

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 16th day of April, A. D., 1946.

In the matters of North Continent Utilities Corporation and Subsidiary Companies, File No. 54–74; North Continent Utilities Corporation and Subsidiary Companies, File No. 59–69.

The Commission by order entered on November 16, 1943, having approved a plan providing for the liquidation and dissolution of North Continent Utilities Corporation ("North Continent"), a registered holding company, filed by that company and its subsidiary companies, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935, and having by said order, pursuant to section 11 (b) of the act, directed North Continent to take such action as may be necessary to cause its liquidation and dissolution;

Notice is hereby given that an application or declaration (or both) has been filed by North Continent together with its wholly-owned subsidiary company, Great Northern Utilities Company ("Great Northern"), with respect to certain proposed transactions relating to North Continent's said plan.

All interested persons are referred to said application or declaration (or both), which is on file in the office of the Commission, for a statement of the transactions therein proposed, which are summarized as follows:

Great Northern proposes to sell to Marias River Electric Cooperative, Inc., a Montana corporation, its electric and gas properties located in Toole County, Montana, for a base price of $640,050, in cash, subject to certain adjustments. Great Northern also proposes to sell certain other of its properties in Toole County, Montana, as well as its physical properties located in Glacier County, Montana, to Glacier County Electric Cooperative, Inc., a Montana corporation, for a base price of $343,450, subject to certain adjustments. The properties involved in both sales constitute all of the operating properties of Great Northern. The net proceeds of these sales will be applied toward the payment of Great Northern's indebtedness to North Continent, represented by five demand promissory notes in the aggregate principal amount of $845,000 and open account indebtedness of $22,286.22, and the balance, if any, will be retained temporarily in the general funds of Great Northern. Thereafter, Great Northern will be liquidated and dissolved, and its remaining net assets transferred to North Continent.

North Continent proposes to sell to Fred H. McPhillips, of Kevin, Montana, all of the outstanding shares of capital stock, consisting of 1,000 shares of the par value of $10 per share, of Southern Utilities Company, Limited ("Southern Utilities") for $6,500 in cash. The contract of sale provides that prior to delivery of said shares, the assets of Southern Utilities shall consist solely of property and plant account, and its liabilities solely of its capital stock, with certain minor exceptions. Southern Utilities' current assets will be applied to the discharge of its current and accrued liabilities (which, except for the liability on cutomers' deposits and on accrued taxes, are owing to Great Northern or North Continent) to the extent that such current assets shall suffice therefor; North Continent estimates that such current assets will be sufficient to pay such liabilities except for a portion of the amount owing North Continent; any unpaid amounts owing to North Continent are to be cancelled.

Said promissory notes and $10,000 of said open account indebtedness due from Great Northern to North Continent, and the shares of capital stock of Southern Utilities, are pledged with the trustee under the indenture securing the First Lien Collateral and Refunding Gold Bonds, Series A, 5½%, due January 1, 1948, of North Continent. North Continent proposes to deposit with said trustee the funds received by it from the payment by Great Northern of the aforesaid promissory notes and open account indebtedness, from the liquidation and dissolution of Great Northern, and from the sale of the capital shares of Southern Utilities, to be used by said trustee in making further ratable payments upon the unpaid principal amount of said bonds ($1,569,750), as provided in North Continent's said plan. It is estimated that ratable payments so to be made will aggregate $972,800.

It appearing to the Commission that it is appropriate in the public interest and in the interests of investors and consumers that a hearing be held with respect to said matters, and that said application or declaration (or both) shall not be granted or permitted to become effective except pursuant to further order of this Commission;

It is ordered, That a hearing on said matters under the applicable provisions of the act and the rules of the Commission thereunder be held on May 3, 1946, at 10:00 a. m., e. d. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On that day the hearing room clerk in Room 318 will advise as to the room where the hearing will be held.

It is further ordered, That Willis E. Monty or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing above ordered. The officer so designated to preside at the hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a Trial Examiner under the Commission's rules of practice.

It is further ordered, That, without limiting the scope of the issues presented by said application or declaration (or both) otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the considerations to be received, and the fees, commissions, and other remuneration to be paid, in connection with the proposed transactions, are reasonable in amount.

2. Whether competitive conditions were observed in connection with the proposed sales.

3. The propriety of the proposed accounting treatment on the books of the applicants and declarants.

4. Whether it is necessary or appropriate to impose terms or conditions in the public interest or for the protection of investors or consumers.

5. Generally, whether all actions proposed to be taken comply with the requirements of the Public Utility Holding Company act of 1935 and the rules promulgated thereunder.

It is further ordered, That notice of said hearing is hereby given to North Continent Utilities Corporation, to Great Northern Utilities Company, and to all interested persons, said notice to be given to North Continent Utilities Corporation and Great Northern Utilities Company by registered mail and to all other persons by publication of this notice and order in the FEDERAL REGISTER and by a general release of the Commission distributed to the press and mailed to the mailing list for releases under the act.

It is requested that any person desiring to be heard in these proceedings shall file with the Secretary of this Commission on or before April 30, 1946, an appropriate request or application to be heard, as provided by Rule XVII of the Commission's rules of practice.

By the Commission.

(b) *Maximum prices.* The maximum prices for sales of the commodity described in paragraph (a) of this order are as follows:

	Distributors	Wholesalers	Retailers	Retail
Style No. 733 piafiote, size 1.'' x 34''----------	*Each* $4.25	*Each* $4.72	*Each* $5.76	*Each* $9.60

Terms. The above prices for sales by the manufacturer, distributors and wholesalers are subject to the same cash discount and freight terms in effect for each seller to each class of purchaser during March 1942.

(c) *Notification of maximum prices.* With or prior to the first delivery of the commodity described in paragraph (a) to a distributor, wholesaler, or retailer, the seller shall give the purchaser a written notice of the maximum retail price applicable to such sales as established by paragraph (b) of this order. If the purchaser is a distributor or wholesaler, the notification shall include the maximum distributor's or wholesaler's maximum price as established by paragraph (b) of this order and a statement that each purchaser is required by this order to notify any retailer to whom he sells of the maximum retail price as established by paragraph (b) of this order. If such purchaser is a distributor the notification shall also include a statement that the distributor is required to notify any wholesaler to whom he sells of the maximum price applicable to sales by wholesalers as established by paragraph (b) of this order.

(d) *General provisions of the General Maximum Price Regulation apply.* All provisions of the General Maximum Price Regulation that are not inconsistent with this order shall apply to sales covered by this order.

(e) *Revocation and amendment.* This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

NIAGARA DUPLICATOR CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* Niagara Duplicator Company of 128 Main Street, San Francisco 5, California, may compute its adjusted ceiling prices for the duplicating machines which it manufactures, as follows:

(1) For an article which has a properly established ceiling price in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by 13 per cent.

(2) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be increased under this order.

(3) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Resellers' ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

(1) A reseller who had a properly established maximum price in effect before this order was issued for an article covered by this order may add to that maximum price an adjustment charge in the same dollar-and-cents amount as the adjustment charge authorized by this order for, and which he has paid to, his supplier.

(2) If the reseller did not have a properly established maximum price for the article in effect before this order was issued he shall first determine a maximum price (exclusive of adjustment charges), and to that price he may add an adjustment charge in the same dollar-and-cents amount as the adjustment authorized by this order for, and which he has paid to, his supplier. To find his maximum price (exclusive of adjustment charges) for this purpose the reseller shall add to his invoice cost, less an adjustment charge stated on that invoice, the same percentage mark-up which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage markup is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(3) If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to the seller's terms, discounts and allowances on sales to each class of purchaser in effect during March 1942, or thereafter properly established under OPA regulations.

(d) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the articles. This notice may be given in any convenient form.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) This order shall become effective on the 18th day of April 1946.

Issued this 17th day of April 1946.

TENNESSEE STOVE WORKS

APPROVAL OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 11 of Maximum Price Regulation No. 64, *It is ordered:*

(a) This order establishes ceiling prices for sales at retail of Model M-17 Magazine Circulating coal heater manufactured by the Tennessee Stove Works, Chattanooga, Tennessee, as follows:

Model	Ceiling prices for sales to ultimate consumers			
	Zone 1	Zone 2	Zone 3	Zone 4
M-17----------	*Each* $42.75	*Each* $44.75	*Each* $46.50	*Each* $48.50

These prices are subject to each seller's customary terms, discounts, allowances and other price differentials in effect on sales of similar articles.

(b) The manufacturer, before delivering any stove covered by this order

after the effective date of this order, shall attach securely to the front of each stove a tag or label which plainly states its retail ceiling price in each zone, together with a list of the states included in each zone. This tag or label may not be removed until after the stove has been sold to an ultimate consumer.

(c) For purposes of this order Zones 1, 2, 3 and 4 are those defined in Order 246 under Maximum Price Regulation No. 64.

(d) This order may be revoked or amended at any time by the Price Administrator.

(e) This order shall become effective on the 18th day of April 1946.

Issued this 17th day of April 1946.

[MPR 64, Rev. Order 187]

BORG-WARNER CORP.

APPROVAL OF MAXIMUM PRICES

Order No. 187 under section 11 of Maximum Price Regulation No. 64 is revised and amended to read as follows:

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register; and pursuant to section 11 of Maximum Price Regulation No. 64; *It is ordered:*

(a) This revised order establishes maximum prices for sales of two models of electric ranges manufactured by Norge Division, Borg-Warner Corporation, of Detroit 26, Michigan, as follows:

(1) For sales in each zone by wholesale distributors to retail dealers, the maximum prices, including the Federal excise tax, are those set forth below:

Article	Maximum prices for sales by wholesale distributors to retail dealers				
	Zone 1	Zone 2	Zone 3	Zone 4	Zone 5
Electric range E-400:					
1 to 4 units	$119.79	$122.29	$123.54	$124.36	$125.42
5 or more units	115.35	117.75	118.95	119.73	120.75
Electric range E-450:					
1 to 4 units	135.76	138.40	139.68	140.41	141.53
5 or more units	130.72	133.25	134.19	135.19	136.27

These maximum prices are f. o. b. the seller's city; and are subject to each seller's customary terms, discounts, allowances, and other price differentials in effect on sales of similar articles.

(2) For sales in each zone by retail dealers to ultimate consumers, the maximum prices, including the Federal excise tax, but not including any state or local taxes imposed at the point of sale are those set forth below:

Article	Maximum prices for sales by retail dealers to ultimate consumers				
	Zone 1	Zone 2	Zone 3	Zone 4	Zone 5
Electric range E-400	$186.50	$190.50	$192.50	$193.75	$195.50
Electric range E-450	211.25	215.50	217.50	218.75	220.50

These maximum prices include delivery, a one-year warranty, and installation where installation requires only that the range be connected to electric facilities to be provided by the consumer and such connection does not require any additional materials. If a range cord set (customarily referred to in the industry as a "pigtail") is required and is furnished by the retail dealer, he may add $3.50 to the applicable OPA retail ceiling price shown above. In all other respects these ceiling prices are subject to each seller's customary terms, discounts, allowances and other price differentials in effect on sales of similar articles.

(b) At the time of, or prior to, the first invoice to a purchaser for resale after the effective date of this revised order, the manufacturer shall notify the purchaser of the maximum prices and conditions established by this revised order for resales by the purchaser.

(c) The manufacturer prior to shipping any range covered by this revised order to the purchaser for resale shall attach to the outside panel of the range a label which plainly states its OPA retail ceiling price in each zone, and bears a statement that a map showing the zone limits is on file with the Office of Price Administration. The label shall also include a statement that the ceiling prices shown on the label include the Federal excise tax, delivery, installation with connection to the electric facilities provided by the purchaser, and a one-year warranty. The label shall also state that the ceiling price may be increased by $3.50 if a "pigtail" is required and is furnished by the dealer. This label may not be removed until after the range has been sold to an ultimate consumer.

(d) For purposes of this revised order, Zones 1, 2, 3, 4 and 5 comprise the areas of the continental United States marked on the map of the United States furnished to the Office of Price Administration by the manufacturer. This map is hereby incorporated herein by reference. Copies of the map are on file with the Secretary of the Office of Price Administration in Washington, D. C., as well as with each Regional and District office of the Office of Price Administration. These maps are open for inspection by the public.

(e) This revised order may be revoked or amended by the Price Administrator at any time.

This revised order shall become effective on April 18, 1946.

Issued this 17th day of April 1946.

PAUL A. PORTER,
Administrator.

E. H. SHELDON & CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register, and pursuant to Second Revised Order No. A-3 under § 1499.159b of Maximum Price Regulation No. 188, it is ordered:

(a) *Manufacturer's maximum prices.* E. H. Sheldon & Company of Muskegon, Michigan, may increase its current maximum prices for sales of the nine models of wood shop benches which it manufactures by the dollar and cent amount appearing opposite each model listed below, provided the amount of such increase is separately stated on each invoice or other written evidence of sale, as an adjustment charge.

Catalogue bench No.:	*Recommended adjustment*
N-10 shop bench	$7.81
N-12 shop bench	7.42
N-13 shop bench	6.87
N-14 two student shop bench	8.11
N-16 four class shop bench	11.53
N-20 six class shop bench	10.57
N-23 instructor's shop bench	12.32
N-24 four class double shop bench	16.82
N-26 four class double shop bench	15.89

(b) *Maximum prices of purchasers for resale.* A reseller who had a properly established maximum price in effect before this order was issued for an article covered by this order may add to that maximum price an adjustment charge in the same dollar-and-cents amounts as the adjustment charge authorized by this order for, and which he has paid to, his supplier.

If the reseller did not have a properly established maximum price for the article in effect before this order was issued he shall first determine a maximum price (exclusive of adjustment charges), and to that price he may add an adjustment charge in the same dollar-and-cents amount as the adjustment authorized by this order for, and which he has paid to, his supplier. To find his maximum price (exclusive of adjustment charges) for this purpose the reseller shall add to his invoice cost, less an adjustment charge stated on that invoice, the same percentage mark-up which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of articles to which, according to customary trade

practices, an approximately uniform percentage mark-up is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620–759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(c) *Terms of sale.* The provisions of Supplementary Order No. 153 shall not apply to resale prices determined under this order. Maximum prices adjusted by this order are subject to each seller's terms, discounts, allowances, and other price differentials in effect during March 1942, or which have been properly established under the applicable OPA regulations.

(d) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale, showing a price adjusted in accordance with the terms of this order, the seller shall notify the purchaser in writing of the methods established in paragraph (b) of this order for determining adjusted maximum prices for resales of the articles covered by this order. This notice may be given in any convenient form.

The provisions of Supplementary Order No. 153 shall not apply to resale prices determined under this order.

(e) *Revocation or amendment.* This order may be revoked or amended by the Price Administrator at any time.

(f) *Effective date.* This order shall become effective on the 18th day of April 1946.

Issued this 17th day of April 1946.

CANE BRANCH COAL CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES AND PRICE CLASSIFICATIONS

For the reasons set forth in an accompanying opinion, and in accordance with § 1340.210 (a) (6) of Maximum Price Regulation No. 120; *It is ordered:*

Producers identified herein operate named mines assigned the mine index numbers, the price classifications and the maximum prices in cents per net ton for the indicated uses and shipments as set forth herein. All are in District No. 8. The mine index numbers and the price classifications assigned are permanent but the maximum prices may be changed by an amendment issued after the effective date of this order. Where such an amendment is issued for the district in which the mines involved herein are located and where the amendment makes no particular reference to a mine or mines involved herein, the prices shall be the prices set forth in such amendment for the price classifications of the respective size groups. The location of each mine is given by county and state. The maximum prices stated to be for truck shipment are in cents per net ton f. o. b. the mine or preparation plant and when stated to be for rail shipment or for railroad fuel are in cents per net ton f. o. b. rail shipping point. In cases where mines ship coal by river the prices for such shipments are those established for rail shipment and are in cents per net ton f. o. b. river shipping point. However, producer is subject to the provisions of § 1340.219 and all other provisions of Maximum Price Regulation No. 120.

H. P. RANDALL MFG. CO.

ESTABLISHMENT OF MAXIMUM PRICES

For the purposes set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 9, 10 and 11 (c) of Revised Maximum Price Regulation 136, *It is ordered:*

(a) H. P. Randall Manufacturing Company, Demopolis, Alabama, may sell, f. o. b. plant, each Randall trailer described in sub-paragraph (1) below, at a price not to exceed $79.54 plus federal excise tax, and state and local taxes on the sale or delivery of the trailer and the cost of transporting the trailer to the purchaser, if any.

(1) *Description.* Marvel Junior, Model 101, two-wheel utility trailer, ¾-ton capacity, all steel welded frame, body dimensions 48" wide x 84" long x 12" high, equipped with 6.00 x 16, 4-ply tires.

(b) H. P. Randall Manufacturing Company is authorized to suggest to resellers a resale price for the trailer described in paragraph (a) (1) consisting of the following:

(1) *Suggested resale price.* $113.63.

(2) *Charges.* (i) A charge for transportation, if any, not to exceed the actual rail freight charge from the factory at Demopolis, Alabama, to the railroad freight receiving station nearest to the place of business of the reseller.

(ii) A charge equal to the charge made by H. P. Randall Manufacturing Company to cover federal excise taxes.

(iii) A charge equal to reseller's expense for payments of state and local taxes on the purchase, sale or delivery of the trailers.

(c) A reseller of Randall trailers in any of the territories or possessions of the United States is authorized to sell each of the trailers described in paragraph (a), at a price not to exceed the applicable price established in paragraph (b), to which it may add a sum equal to the expense incurred by or charged to it for payment of territorial and insular taxes on the purchase, sale or introduction of the trailer; export premiums; boxing and crating for export purposes; marine and war risk insurance; and landing, wharfing and terminal operations.

(d) H. P. Randall Manufacturing Company shall furnish to the Automotive Branch, Office of Price Administration, Washington, D. C., not later than September 30, 1946 detailed unit costs based on actual production during March,

April, May, June, July and August 1946. These unit costs, however, shall be computed in accordance with Section 10 of Revised Maximum Price Regulation 136 in order to be on a comparable basis to those used for this price determination.

(e) All requests not granted herein are denied.

(f) This order may be amended or revoked by the Administrator at any time.

NOTE: Where the manufacturer's invoice charge to the reseller is increased or decreased from the previous invoice charge because the manufacturer has a newly established price under section 6 of Revised Maximum Price Regulation 136, due to substantial changes in design, specifications or equipment of the trailer, the reseller may add to its price under paragraph (b) the increase in price, plus its customary markup on such a cost increase, but in the case of a decrease in the price, the reseller must reduce its price under paragraph (b) by the amount of the decrease and its customary markup on such an amount.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

BIG CREEK COAL CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES AND PRICE CLASSIFICATIONS

For the reasons set forth in an accompanying opinion and in accordance with § 1340.210 (a) (6) of Maximum Price Regulation No. 120; *It is ordered:*

Producers identified herein operate named mines assigned the mine index numbers, the price classifications and the maximum prices in cents per net ton for the indicated uses and shipments as set forth herein. All are in District No. 11. The mine index numbers and the price classifications assigned are permanent but the maximum prices may be changed by an amendment issued after the effective date of this order. Where such an amendment is issued for the district in which the mines involved herein are located and where the amendment makes no particular reference to a mine or mines involved herein, the prices shall be the prices set forth in such amendment for the price classifications of the respective size groups. The location of each mine is given by county and state. The maximum prices stated to be for truck shipment are in cents per net ton f. o. b. the mine or preparation plant and when stated to be for rail shipment or for railroad locomotive fuel are in cents per net ton f. o. b. rail shipping point. In cases where mines ship coals by river the prices for such shipments are those established for rail shipment and are in cents per net ton f. o. b. river shipping point. However, producer is subject to the provisions of § 1340.222 and all other provisions of Maximum Price Regulation No. 120.

BROADWAY LAMP SHADE CO.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.158 of Maximum Price Regulation No. 188; *It is ordered:*

(a) This order establishes maximum prices for sales and deliveries of certain articles manufactured by Broadway Lamp Shade Co., 878 Broadway, New York, N. Y.

(1) For all sales and deliveries to the following classes of purchasers by the sellers indicated below, the maximum prices are those set forth below:

Article and Model No.	For sale by manufacturer to		For sale by any person to consumer
	Jobber	Retailer	
Hand made satin or taffeta over parchment paper lamp shade with fluted acetate skirt—braided-trimmed top and bottom:	*Each*	*Each*	*Each*
8"—1400	$2.34	$2.75	$4.95
9"—1400	2.97	3.50	6.30
14"—1400	5.10	6.00	10.80
15"—1400	5.95	7.00	12.60

These maximum prices are for the articles described in the manufacturer's application dated March 12, 1946.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. For sales to persons other than consumers they are f. o. b. factory, 2% 10 days, net 30. The maximum price to consumers is net, delivered.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, Washington, D. C., under the Fourth Pricing Method, § 1499.158, of Maximum Price Regulation 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement, with the proper model number and the ceiling price inserted in the blank spaces:

Model No. ------
OPA Retail Ceiling Price—$------
Do Not Detach

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the manufacturer shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) Jobbers' maximum prices for sales of the articles covered by this order shall be established under the provisions of section 4.5 of SR 14J.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) This order shall become effective on the 18th day of April 1946.

Issued this 17th day of April 1946.

PAUL A. PORTER,
Administrator.

MORGAN CIGAR CO.

ESTABLISHMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion accompanying this order, and pursuant to § 1358.102 (b) of Maximum Price Regulation No. 260; *It is ordered,* That:

(a) Morgan Cigar Company, 1403 N. Howard Avenue, Tampa, Florida (hereinafter called "manufacturer") and wholesalers and retailers may sell, offer to sell or deliver and any person may buy, offer to buy or receive each brand and size or frontmark, and packing of the following domestic cigars at the appropriate maximum list price and maximum retail price set forth below:

Brand	Size or frontmark	Packing	Maximum list price	Maximum retail price
Juan de Fuca	Panetelas	50	*Per M* $82.50	*Cents* 11

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

CROSSMAN CO.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 18 under section 16 of Maximum Price Regulation No. 592. Specified construction materials and refractories. Crossman Company, Docket 6122-591.16-134.

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to section 16 of Maximum Price Regulation 592, *It is ordered:*

(a) The Crossman Company, South Amboy, New Jersey, may increase its maximum net f. o. b. and delivered prices established under Maximum Price Regulation 592 to each class of purchaser for sales of fireclay by amounts not in excess of the following:

Fireclay:	*Adjustment per ton*
Bondrite	$0.40
No. 451 Series	1.70
No. 452 Series	2.50
No. 453 Series	3.00
All other grades	.80

(b) Notwithstanding the provisions of paragraph (a) above, the Crossman Company may establish adjusted maximum prices for truck deliveries which reflect customary percentage differentials over prices established for carload deliveries by rail.

(c) Any person purchasing fireclay manufactured by the Crossman Company for the purpose of resale in the same form may increase his presently established maximum prices under the General Maximum Price Regulation by a dollars-and-cents amount not exceeding his actual dollars-and-cents increase in cost resulting from the increase permitted in (a) and (b) above.

(d) Notwithstanding the provisions of paragraph (c) above, a reseller's maximum price for sales of fireclay to a particular class of purchaser may be increased to the Crossman Company's maximum price to that same class of purchaser where the reseller customarily purchases at a discount off the manufacturer's list price and resells to the same class of purchaser.

(e) Order No. 9 under section 16 of Maximum Price Regulation 592 is hereby revoked.

(f) All requests of the application not granted herein are denied.

This order may be amended or revoked by the Office of Price Administration at any time.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260 shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

SUPERIOR COAL CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES AND PRICE CLASSIFICATIONS

For the reasons set forth in an accompanying opinion, and in accordance with § 1340.210 (a) (6) of Maximum Price Regulation No. 120; *It is ordered:*

Producers identified herein operate named mines assigned the mine index numbers, the price classifications and the maximum prices in cents per net ton, for the indicated uses and shipments as set forth herein. All are in District No. 2. The mine index numbers and the price classifications assigned are permanent but the maximum prices may be changed by an amendment issued after the effective date of this order. Where such an amendment is issued for the district in which the mines involved herein are located and where the amendment makes no particular reference to a mine or mines involved herein, the prices shall be the prices set forth in such amendment for the price classifications of the respective size groups. The location of each mine is given by county and state. The maximum prices stated to be for truck shipment are in cents per net ton f. o. b. the mine or preparation plant and when stated to be for rail shipment or for railroad fuel are in cents per net ton f. o. b. rail shipping point. In cases where mines ship coal by river the prices for such shipments are those established for rail shipment and are in cents per net ton f. o. b. river shipping point. However, producer is subject to the provisions of § 1340.213 and all other provisions of Maximum Price Regulation No. 120.

STUART S. SHINDLER

ESTABLISHMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion accompanying this order, and pursuant to § 1358.102 (b) of Maximum Price Regulation No. 260; *It is ordered*, That:

(a) Stuart S. Shindler, 338 N. Main Street, Red Lion, Pa. (hereinafter called "manufacturer") and wholesalers and retailers may sell, offer to sell or deliver and any person may buy, offer to buy or receive each brand and size or frontmark, and packing of the following domestic cigars at the appropriate maximum list price and maximum retail price set forth below:

Brand	Size or frontmark	Packing	Maximum list price	Maximum retail price
			Per M	*Cents*
Imperial Demand	Perfectos [1]	50	$75	10

[1] Prices apply to this brand and frontmark using only Connecticut Shade grown (Type 61) wrappers of grades specified in application. Attention of manufacturer is directed to average retail price ceiling requirement of Maximum Price Regulation 260.

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely com-

petitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

CARL K. SHEETZ

ESTABLISHMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion accompanying this order, and pursuant to § 1358.102 (b) of Maximum Price Regulation No. 260; *It is ordered*, That:

(a) Carl K. Sheetz, East High Street, Extended, Red Lion, Pa. (hereinafter called "manufacturer") and wholesalers and retailers may sell, offer to sell or deliver and any person may buy, offer to buy or receive each brand and size or frontmark, and packing of the following domestic cigars at the appropriate maximum list price and maximum retail price set forth below:

Brand	Size or frontmark	Packing	Maximum list price	Maximum retail price
Te Bece	Perfecto	50	*Per M* $60	*Cents* 2 for 13

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars

priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

[MPR 389, Order 44]

WALDOCK PACKING CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

On March 8, 1946, The Waldock Packing Company, Sandusky, Ohio filed an application for the establishment of maximum prices on sales of the sausage product known as "Blood and Tongue Sausage" and made in accordance with the individual secret formula submitted by the applicant. That application was assigned Docket No. 6036.3-389-2 (a)-71.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in the opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum prices other than at retail for the sausage product known as "Blood and Tongue Sausage" and made by The Waldock Packing Company in accordance with the individual formula submitted to the Office of Price Administration with the application for this order shall be determined by the seller as follows:

(1) The base price for this product is established at the following amount per hundredweight:

$24.50

NOTE: If sold not boxed, 50 cents per cwt. must be deducted from the above price.

(2) To the base price should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage which is not Kosher sausage, all beef sausage or sausage containing meat and meat by-products from swine only. In determining the proper zone differential to be added, the zone descriptions provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of "Blood and Tongue Sausage" to a wholesaler, peddler-truck-seller, or intermediate distributor, The Waldock Packing Company shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Blood and Tongue Sausage" have been established by the Office of Price Administration at the base price of $24.50 per hundredweight, to which may be added the zone differentials provided in section 12 (b) of MPR 389 (See section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler-truck-seller, or an intermediate distributor you must figure your ceiling prices for this product pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of "Blood and Tongue Sausage" to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Blood and Tongue Sausage" have been established by the Office of Price Administr tion. We are required to inform you that if you are a retailer, you must figure your ceiling price for this item in accordance with the provisions of Maximum Price Regulation No. 336.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labelling and invoicing provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, in addition to the pricing provisions of paragraph (b) and (c) of section 12 shall be applicable to all sales made under this order.

(e) All prayers of the application not herein granted are denied.

(f) This Order No. 44 may be revoked or amended by the Price Administrator at any time.

This Order No. 44 shall become effective April 17, 1946.

Issued this 17th day of April 1946.

[RMPR 506, Order 85]

GALENA GLOVE AND MITTEN CO

AUTHORIZATION OF MAXIMUM PRICES

Order No. 85 under section 4 (b) of Revised Maximum Price Regulation 506, Maximum Prices for Staple Work Gloves. Granting maximum prices to Galena Glove and Mitten Company and other sellers. Docket No. 6062–506–4b–34.

For the reasons set forth in an opinion issued simultaneously herewith, *It is ordered:*

(a) On and after April 18, Galena Glove and Mitten Company, Dubuque, Iowa, may sell and deliver to any purchaser, and such purchaser may buy from it, the staple work glove number enumerated in the following table at or below the prices set forth in Column A of this table. Wholesalers who purchase this number from Galena Glove and Mitten Company may make "regular sales" at wholesale of such glove, at or below the prices set forth in Column B of the table. Ceiling prices for "special sales" at wholesale shall be determined in accordance with section 3 (b) of Revised Maximum Price Regulation 506.

Style No.	Glove description	Column A Manufacturer's prices		Column B
		Group I, ceiling	Group II ceiling	Wholesaler's prices
PT12	Men's gunn pattern, knit wrist, two thumb, nap out canton flannel glove (husking glove); thumbs 12 oz. brown flannel shell, 8 oz. white flannel liner; glove 12 oz. white	*Per dozen* $2.41	*Per dozen* $2.62	*Per dozen* $2.79

(b) The maximum prices authorized in paragraph (a) are subject to the following:

(1) The instructions for manufacturers and wholesalers which preface the tables in Appendix A of RMPR 506, including those relating to the pricing of "seconds."

(2) The provisions in section 4 (a) of RMPR 506 with respect to a manufacturers' "wholesale percentage," and the quota of deliveries which must be made at Group I prices.

(3) The marking and informational requirements of section 6 of RMPR 506. In addition to these requirements, Galena Glove and Mitten Company, on all deliveries of the style number listed in paragraph (a), made pursuant to this order, on and after April 18, 1946, must place the letter "S" following the lot number or brand name stated on the label, ticket, or other device used to mark the gloves.

(c) The definitions in RMPR 506 shall apply to this order.

(d) Galena Glove and Mitten Company must furnish each of its customers, who, on or after April 18, 1946, purchased or purchases the style number listed in paragraph (a) for purposes of resale, a notice in the form set forth below. Galena Glove and Mitten Company must also notify each such customer (other than a seller at retail) that he is required in turn to transmit to his customers a copy of the notice set forth below. The notice may be attached to the invoice or may be stamped or printed on the invoice.

This notice is sent to you as required by Order No. 85 under section 4 (b) of Revised Maximum Price Regulation 506 issued by the Office of Price Administration. It lists ceiling prices fixed by OPA for the work glove number enumerated in the table below, manufactured by Galena Glove and Mitten Company.

OPA has ruled that Galena Glove and Mitten Company may sell this number at or below the prices listed in Column A below, subject to the provisions of section 4 (a) of RMPR 506 with respect to the quota of deliveries which must be made at Group I prices. Wholesalers in turn are authorized to make regular sales at wholesale of this number at or below the prices listed in Column B. Retailers will determine their ceiling prices on this number in accordance with section 2 of RMPR 506.

Style No.	Column A Manufacturer's prices		Column B
	Group I, ceiling	Group II, ceiling	Wholesaler's prices
PT 12 S	$2.41	$2.62	$2.79

You will note that the letter "S" follows manufacturers' lot number or brand name. This letter indicates that these gloves have been specifically priced by OPA under section 4 (b).

(e) This Order No. 85 under Revised Maximum Price Regulation 506 may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

[Gen. Order 68, Amdt. 4]

REGIONAL ADMINISTRATORS

DELEGATION OF AUTHORITY

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, General Order No. 68 is amended in the following respects:

1. The phrase "Building Materials and Construction Price Branch" in paragraphs (a) and (f) is amended to read "Building and Construction Price Division."

2. Section (b) (2) is amended to read as follows:

(2) Maximum prices thus set forth shall not exceed the general level of prices as fixed by the regulation which would otherwise be applicable; *Provided, however,* That where the existing level of prices so determined or the prices previously set under this order are no longer generally fair and equitable in the particular community or defined area, they may be adjusted to the extent necessary to eliminate such unfairness and inequity.

This Amendment No. 4 shall become effective April 17, 1946.

Issued this 17th day of April 1946.

[Rev. SO 119, Order 160]

COPCO STEEL AND ENGINEERING CO.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 160 under Revised Supplementary Order No. 119. Docket No. 6123—SO 119—58.

Adjustment of maximum prices—Steel Window Sash (Basement Residential) manufactured by the Copco Steel and Engineering Company, Detroit, Michigan.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 13 of Revised Supplementary Order No. 119, it is ordered:

(a) *Maximum prices for Copco Steel and Engineering Company, Detroit, Michigan.* (1) The above manufacturer may determine his maximum prices for his line of Steel Window Sash (Basement Residential) by increasing by 18 percent his prices in these items in effect on October 1, 1941 to each class of purchaser.

(2) Since the provisions of this order are not intended to reduce properly established maximum prices, the manufacturer may continue to use as his maximum prices to each class of purchaser his properly established prices in effect under Maximum Price Regulation No. 591 in the event that such prices exceed the prices in effect to each class of purchaser on October 1, 1941 plus the increase provided for in (1) above.

(3) The maximum prices set forth above shall be subject to discounts and allowances including transportation allowances and price differentials which are at least as favorable as those the manufacturer extended or rendered or would have extended or rendered to each class of purchaser on commodities in the same general category.

(b) *Resellers' maximum prices.* All resellers of the commodities covered by this order (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their presently established maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted the manufacturer by this order.

(c) *Notification to all purchasers.* The manufacturer shall send the following notice to every purchaser of the commodities covered by this order at or before the time of the first invoice after the adjustment granted by this order is put into effect:

Order No. 160 under Revised Supplementary Order No. 119 authorizes an 18 percent increase in October 1, 1941 net prices for sales of steel windows Sash (basement residential) manufactured by this company.

Resellers (but not manufacturers who purchase such item for use in the manufacture of other products) may add to their existing maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment by Order No. 160.

(d) All prayers for relief not granted herein are denied.

(e) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

(b) Retailers of articles which the manufacturer has sold at an adjusted maximum price determined under this order shall determine their maximum prices as follows:

(1) Retailers who must determine their maximum prices under Maximum Price Regulation No. 580 shall compute their ceiling prices under that regulation as it has been modified by Order No. 4800 under § 1499.159b of Maximum Price Regulation No. 188.

(2) A retailer who determines his maximum resale price under the General Maximum Price Regulation shall compute his ceiling prices under that regulation as modified by Order No. 4800 under § 1499.159b of Maximum Price Regulation No. 188.

(3) The provisions of Supplementary Order No. 153 shall not apply to the determination of ceiling prices for resales of articles covered by this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances on sales to each class of purchaser in effect during March 1942, or thereafter, properly established under OPA regulations.

(d) The manufacturer shall file the report described in Section 5 of Supplementary Order No. 133 with the Office of Price Administration, Washington 25, D. C. He shall also comply with the invoicing and reporting provisions of sections 8 and 9 of Order No. 4800 under Maximum Price Regulation No. 188.

(e) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the articles. This notice may be given in any convenient form.

(f) All requests for adjustment of maximum prices not specifically granted by this order are hereby denied.

(g) This order may be revoked or amended by the Price Administrator at any time.

(h) This order shall become effective on April 17, 1946.

Issued this 17th day of April 1946.

[SO 142, Order 80]

FRUEHAUF TRAILER CO.

AUTHORIZATION OF MAXIMUM PRICES

Order No. 80 under Supplementary Order 142. Adjustment provisions for sales of industrial machinery and equipment. Fruehauf Trailer Company; Docket Nos. 6085-SO 142-452-10 and 6085-SO 142-136-2.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to Section 2 of Supplementary Order 142, *It is ordered:*

(a) Fruehauf Trailer Company is authorized to increase its maximum net prices in effect prior to the effective date of this order for truck trailers and extra, special and optional equipment sold as original equipment and trailer replacement parts by a percentage not to exceed 3.6 percent. The adjusted maximum prices shall be subject to the same discounts, extra charges and terms of delivery to the applicable class of purchaser in effect prior to the effective date of this order.

(b) Resellers of applicant's truck trailers and extra, special or optional equipment sold as original equipment shall increase resale list prices in effect prior to the effective date of this order by a percentage not to exceed 3.6 percent. The adjusted maximum prices are subject to the same discounts, extra charges and terms of delivery in effect prior to the effective date of this order.

(c) The applicant shall adjust resale list prices for its trailer replacement parts in accordance with Section 2 (d) (1) of Supplementary Order 142 as amended and shall notify resellers of the adjusted resale list price in accordance with section 10 of Maximum Price Regulation 452. In the case of maximum prices for non-list sales by resellers under Maximum Price Regulation 453, the applicant shall notify resellers of the dollar and cents amounts of adjustments in the applicant's non-list prices. Resellers shall determine adjusted maximum non-list prices in accordance with section 7 of Maximum Price Regulation 453.

This order shall become effective April 17, 1946.

Issued this 17th day of April 1946.

[SO 94, Rev. Order 105]

WAR DEPARTMENT ET AL.

SPECIAL MAXIMUM PRICES FOR RESALES OF CERTAIN NEW MILITARY VEHICLES

Order No. 105 under Supplementary Order 94 is redesignated Revised Order 105 and is revised and amended to read as follows:

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and in accordance with section 11 of Supplementary Order 94, it is ordered:

(a) *What this order does.* This order establishes maximum prices for resales of any new self-propelled motor driven vehicle or any vehicle drawn by it, except those covered by Revised Price Schedule 85, originally sold to the War Department, Department of the Navy, United States Marine Corps, or the United States Coast Guard, and which have been or may be purchased from any United States Government agency.

(b) *Maximum prices.* (1) The maximum prices for resales of new self-propelled motor driven vehicles, except those covered by Revised Price Schedule 85, shall be as follows:

(i) For resales by a distributor to a dealer or exporter, the total of:

(*a*) The Government selling price increased by the application of a .95 divisor.

(*b*) A transportation charge from the location of vehicle at the time of the Government sale to the distributor's place of business, but not to exceed the lowest common or contract carrier rate.

(c) Assembly costs, if the vehicle has been assembled by the distributor, not to exceed $175.00 for up to 2½ ton capacity and not to exceed $250.00 for over 2½ ton capacity.

(ii) For resales by a dealer who purchases direct from the Government disposal agency, the total of:

(a) The price paid the Government disposal agency.

(b) A mark-up of 33% on the Government sales price if the vehicle is not over 1½ ton capacity or does not exceed 16,000 lbs. gross vehicle weight, and 42% if the vehicle exceeds such capacity or weight.

(c) A handling charge of $15.00 per vehicle.

(d) A transportation charge from the location of vehicle at the time of the Government sale to the dealer's place of business, but not to exceed the lowest common or contract carrier rate.

(e) Assembly costs, if the vehicle has been assembled by the dealer, not to exceed $175.00 for up to 2½ ton capacity and not to exceed $250.00 for over 2½ ton capacity.

(iii) For resales by a dealer who purchases from a distributor, the total of:

(a) The price paid the Government disposal agency by the distributor.

(b) A mark-up of 38% on the Government selling price if the vehicle is not over 1½ ton capacity or does not exceed 16,000 lbs. gross vehicle weight, and 47% if the vehicle exceeds such capacity or weight.

(c) A handling charge of $15.00 per vehicle.

(d) A transportation charge from the location of vehicle at the time of the Government sale to the dealer's place of business, but not to exceed the lowest common or contract carrier rate.

(e) Assembly costs, if the vehicle has been assembled by the distributor and the dealer has been billed for such charges or if the vehicle has been assembled by the dealer, not to exceed $175.00 for up to 2½ ton capacity and not to exceed $250.00 for over 2½ ton capacity.

(2) The maximum prices for resales of trailers shall be as follows:

(i) For resales by a distributor to a dealer or exporter, the total of:

(a) The Government selling price inincreased by the application of a .95 divisor.

(b) A transportation charge from the location of trailer at the time of the Government sale to the distributor's place of business, but not to exceed the lowest common or contract carrier rate.

(c) Assembly costs, if the trailer has been assembled by the distributor, not to exceed $15.00 for up to 1 ton capacity and not to exceed $75.00 for over 1 ton capacity.

(ii) For resales by a dealer who purchases direct from the Government disposal agency, the total of:

(a) The price paid the Government disposal agency.

(b) A mark-up of 42% on the Government sales price.

(c) A handling charge of $15.00 per trailer.

(d) A transportation charge from the location of trailer at the time of the Government sale to the dealer's place of business, but not to exceed the lowest common or contract carrier rate.

(e) Assembly costs, if the trailer has been assembled by the dealer, not to exceed $15.00 for up to 1 ton capacity and not to exceed $75.00 for over 1 ton capacity.

(iii) For resales by a dealer who purchases from a distributor, the total of:

(a) The price paid the Government disposal agency by the distributor.

(b) A mark-up of 47% on the Government sales price.

(c) A handling charge of $15.00 per trailer.

(d) A transportation charge from the location of trailer at the time of the Government sale to the dealer's place of business, but not to exceed the lowest common or contract carrier rate.

Assembly costs, if the trailer has been assembled by the distributor and the dealer has been billed for such charges or if the trailer has been assembled by the dealer, not to exceed $15.00 for up to 1 ton capacity and not to exceed $75.00 for over 1 ton capacity.

(iv) In the event the actual assembly costs for any trailer exceed the amounts hereinbefore set forth, the distributor or dealer performing such services may apply to the Regional or District Office of the Office of Price Administration in the Region or District in which he is located for an allowance of his actual assembly costs and any Regional Administrator or District Director is hereby authorized to issue an order compensating him for such actual assembly costs.

(c) *Taxes.* There may be added to the maximum prices hereinbefore set forth the amount of any State and municipal tax upon, or incident to, the sale, delivery or use of such vehicle.

(d) *Invoice of sale.* Every reseller of any of the vehicles covered by this order shall furnish his purchaser with an invoice of sale setting forth the name of the Government disposal agency, the Government selling price and separately stating any assembly and transportation charges.

(e) *Export sales.* The maximum prices at which any seller may export any of the commodities covered by this order shall be determined in accordance with the provisions of Maximum Export Price Regulation, as revised.

(f) *Definitions.* (1) "Distributor" means any person who sells to purchasers for resale.

(2) "Dealer" means any person who sells to ultimate consumers.

(g) *Relation to other regulations and orders.* This order with respect to the commodities it covers supersedes any other regulation or order previously issued by the Office of Price Administration.

(h) *Revocation and amendment.* This order may be revoked or amended at any time.

This order shall become effective April 18, 1946.

Issued this 18th day of April 1946.

Regional and District Office Orders.

[Pittsburgh Order G-3 Under MPR 426]

FRESH FRUITS AND VEGETABLES IN PITTSBURGH DISTRICT

For the reasons stated in an opinion issued simultaneously herewith and pursuant to the authority contained in section 8 (a) (7) of Maximum Price Regulation No. 426, this order is hereby issued.

SECTION 1. *What this order does.* This order determines that Cleveland, Ohio, and Buffalo, New York, are the customary carlot receiving points for the items listed in the appendices which are delivered to wholesalers in the Erie area described in section 2. Appendices A and B list the fresh fruits and vegetables affected by this order. Appendix A sets forth the lowest carlot transportation allowances which may be added to basing point prices at the customary carlot receiving points. Appendix B provides for less-than-carlot maximum hauling allowances which may be added to the total of the maximum basing point price and Appendix A allowances when deliveries are made from the customary carlot receiving points to the Erie area or from a carlot receiving point in the Erie area to a point outside the free delivery zone.

SEC. 2. *Where this order applies.* This order applies in the counties of Clarion, Crawford, Erie, Forest, Mercer, Venango, and Warren in the State of Pennsylvania.

SEC. 3. *Freight from basing points to Cleveland and Buffalo.* The freight from basing points to Cleveland or Buffalo, which may be added to the maximum basing point price, is the appropriate amount shown in Appendix A.

SEC. 4. *Less than carlot hauling allowances.* (a) A wholesaler, delivering in less than carlot quantities from the customary carlot receiving points to a wholesaler in the Erie area, may add the propriate amount, indicated in Appendix B.

(b) A wholesaler, receiving a carlot in the Erie area, or a jobber, delivering from the premises of such carlot receiver to a point outside the free delivery zone, may add the appropriate hauling allowance in Appendix B.

(c) Appendix B allowances may not be added when a carlot is received and delivery is made within the free delivery zone.

SEC. 5. *Definitions.* (a) The term "free delivery zone", as used in this order, shall mean the area within the corporate limits of the municipality in which the carlot or truckiot is received.

(b) Unless the context otherwise requires, the definitions contained in Maximum Price Regulation No. 426 and in the Emergency Price Control Act of 1942, as amended, shall apply to other terms used in this order.

SEC. 6. *Effective date.* This order shall become effective at 12:01 a. m. on April 15, 1946.

[Pittsburgh Order G–2 Under MPR 426]

FRESH FRUITS AND VEGETABLES IN PITTSBURGH, PA., DISTRICT

For the reasons set forth in an opinion issued herewith, and pursuant to the authority contained in Maximum Price Regulation No. 426, this order is hereby issued.

SECTION 1. *What this order does.* This order establishes allowances which may be added to the maximum prices of certain fresh fruits and vegetables for certain delivered sales by service wholesalers and secondary jobbers, delivered to the premises of the buyer situated in the area described in section 2. In no case does this order apply to a carlot or primary receiver or anyone who receives a carlot or trucklot of an item named herein; no allowances are provided for such sales.

SEC. 2. *Where this order applies.* This order applies in the counties of Washington, Armstrong, Westmoreland, Beaver, Greene, Butler, Fayette, Lawrence, and Allegheny, in the State of Pennsylvania.

SEC. 3. *Determination of Pittsburgh Free Delivery Zone.* For the purpose of this order the Pittsburgh Free Delivery Zone includes Pittsburgh, Aspinwall, Avalon, Bellevue, Ben Avon, Braddock, Brentwood, Carnegie, Castle Shannon, Crafton, Dormont, Edgewood, Etna, Greentree, Homestead, Ingram, McKees Rocks, Millvale, Mt. Lebanon, Mt. Oliver, Munhall, Rankin, Sharpsburg, Swissvale, Wilkinsburg.

SEC. 4. *Determination of delivery allowances*—(a) *Within the Pittsburgh Free Delivery Zone.* There shall be no additions for deliveries to purchasers located in the Pittsburgh Free Delivery Zone.

(b) *Outside the Pittsburgh Free Delivery Zone.* Secondary jobbers or service wholesalers, for sales delivered to the premises of purchasers located outside the Pittsburgh Free Delivery Zone, may add the following amounts to the maximum prices of secondary jobbers or service wholesalers for deliveries within the Pittsburgh Free Delivery Zone:

Commodity	Standard container and minimum contents	Allowances for deliveries within Allegheny County	Allowances for deliveries outside Allegheny County

Tangerines	⅘ bushel box	.13	.20

SEC. 5. *Relationship to maximum price regulation No. 426.* In determining total selling prices on the sales of those fresh fruits and vegetables enumerated in section 4, a service wholesaler or secondary jobber shall apply the following rules:

(a) The allowances established in this order, for service wholesalers and secondary jobbers making delivered sales to the premises of a purchaser located outside the free delivery zone, may be added to the ceiling prices determined under Maximum Price Regulation No. 426, and Order No. G–1 issued by the Pittsburgh District Office. Less than these maximum prices may always be charged.

(b) The additions set out in section 4 shall supersede any permitted additions for delivery outside of the free delivery zone of the wholesaler heretofore established under Maximum Price Regulation No. 426, as amended, or any order issued thereunder.

(c) For undelivered sales by service wholesalers and secondary jobbers whose places of business are located inside or outside the Pittsburgh Free Delivery Zone, there shall be deducted 5¢ per container under 50 lbs. gross weight, and 10¢ per container for containers 50 lbs. or more gross weight from the delivered prices computed according to this order.

SEC. 6. *Definitions.* (a) When used in this order, the term "delivered" means delivered to the buyer's premises and, in the case of retailers, delivered to the retail store. (b) Unless the context otherwise requires, the definitions set forth in Maximum Price Regulation No. 426, as amended, and in the Emergency Price Control Act of 1942, as amended, shall apply to the other terms used in this order.

SEC. 7. *Effective date.* This order shall become effective at 12:01 a. m. on April 15, 1946.

[Region IV Order G–4 Under RMPR 251]

PLUMBING SERVICES, AND INSTALLED PLUMBING AND HEATING FIXTURES AND MATERIALS IN CHATHAM COUNTY, AND SAVANNAH, GA.

For the reasons set forth in the accompanying opinion and under the authority conferred upon the Regional Administrator for Region IV of the Office of Price Administration by section 9 of Revised Maximum Price Regulation 251, *It is ordered:*

1. This adopting order establishes dollars-and-cents ceiling prices for plumbing services and installed plumbing and heating fixtures and materials which ceiling prices are set forth in the appendix following section 3.

2. This order covers ceiling prices for plumbing services and installed plumbing and heating fixtures and materials in Savannah and Chatham Counties, Georgia.

3. All the provisions of Order No. G–2 (Basic Order No. 1) for Region IV, under section 9 of Revised Maximum Price Regulation 251, are adopted in this order and are just as much a part of this order as if included herein. If Regional Order No. G–2 (Basic Order No. 1) under section 9 of Revised Maximum Price Regulation 251 is amended in any respect, all the provisions as amended shall likewise, without further action, be a part of this order.

APPENDIX

Maximum prices of plumbing services and sales of installed plumbing fixtures and materials. The maximum amount which may be charged for plumbing and allied services customarily performed in this area by plumbing contractors shall be the "maximum hourly service rates" as provided in sub-paragraph (a) below, plus the maximum prices of the plumbing fixtures and materials as set forth in sub-paragraph (b) and (c) below:

(a) *Maximum hourly service charge.* The maximum hourly charge for plumbing services shall be the straight time hourly rate set forth in Column A or the legal wages paid per hour multiplied by the markup in Column B, whichever is lower, together with any applicable overtime:

Types of labor service	Maximum hourly service rates	
	Column A	Column B[1]
	Straight time charges per hour	Markup factor of legal wage rates paid
Master plumber	$3.00	$1.64
Journeyman plumber	3.00	1.64
Apprentice plumber	1.25	1.64
Helpers or laborers	1.00	1.64

[1] In calculating the hourly service rate per hour in Column B, the resulting figure may be rounded to the nearest 25¢. In no instance, however, shall the resulting figure be in excess of the amount in Column A.

(b) *Maximum prices of installed plumbing fixtures and materials.* The maximum amount which may be charged for any fixture and materials, involved in the process of repairing or installing by plumbing contractors as defined in this order shall not exceed the manufacturer's list retail price or the invoice cost of such fixture or materials plus a markup not in excess of 33⅓% on cost, whichever is less.

(c) *Maximum prices of sub-contracted work.* The maximum amount which may be charged for any necessary sub-contracted work such as sheet metal work, pipe covering, plastering, painting and electrical work, incidental to the installation or repair of plumbing shall not exceed the actual cost of such sub-contracted work plus a markup not in excess of 20% on cost.

This order may be revised, amended, revoked or modified at any time by the Office of Price Administration.

This order shall become effective April 8, 1946.

Issued March 27, 1946.

ALEXANDER HARRIS,
Regional Administrator.

[Region VI Order G–31 Under RMPR 122]

PENNSYLVANIA ANTHRACITE IN CHICAGO REGION

Pursuant to the authority vested in the Regional Administrator of Region VI by § 1340.260 of Revised Maximum Price Regulation No. 122, as amended, and for the reasons stated in an opinion issued herewith, it is ordered:

(a) *What this order does.* This order adjusts the maximum prices for the sale of Pennsylvania Anthracite of all dealers whose coal is obtained from all rail and dock facilities and whose maximum prices for the sale of such solid fuels are now established under area pricing orders of Region VI of the Office of Price Administration.

(b) *Geographical applicability.* This order applies to all sales where the buyer receives physical delivery within the areas covered by each area pricing order in Region VI, which includes the states of Illinois, Iowa, Minnesota, Nebraska, North Dakota, South Dakota, Wisconsin, and Lake County, Indiana.

(c) *Price adjustments.* (1) On Pennsylvania anthracite obtained from mines by all rail or dock facilities, the sale of which is covered by maximum prices established by Region VI Orders G–1 to G–16 under Revised Maximum Price Regulation No. 122 inclusive, and appendices thereto, and any other Region VI area pricing orders issued under that regulation, such maximum prices for Pennsylvania anthracite received by a dealer which has been identified by his supplier prior to its resale as anthracite with an ash content in excess of OPA quality standards shall be the maximum prices established by such various area orders less the following amounts:

	Per ton
Egg, stove, and nut——	$1.00
Pea——	.80
Buckwheat No. 1——	.60
Rice (buckwheat No. 2)——	.50

Such anthracite shall be kept separate in storage and delivery from all other anthracite.

(2) All dealers covered by this order selling Pennsylvania Anthracite which has been identified by his supplier prior to its resale as anthracite with an ash content in excess of OPA quality standards, must place the following legend on the invoice, sales-slip, or receipt:

Price reduced because of high ash content

(d) This Order No. G–31 shall remain in effect in each area covered by a Region VI area pricing order until such area order is amended to reflect the price adjustment provided herein and to supersede this Order No. G–31.

(e) *Effect of order on Revised Maximum Price Regulation No. 122.* Insofar as any provisions of this order may be inconsistent with any provision of Revised Maximum Price Regulation No. 122, as amended, the provisions contained in this order shall be controlling. Except as herein otherwise provided, the provisions of Revised Maximum Price Regulation No. 122, as amended, shall remain in full force and effect.

(f) This order may be revoked, amended, or modified at any time.

This order shall become effective immediately.

Issued this 4th day of April 1946.

R. E. WALTERS,
Regional Administrator.

FEDERAL POWER COMMISSION.

[Docket No. G–713]

MISSISSIPPI RIVER FUEL CORP.

NOTICE OF APPLICATION

APRIL 15, 1946.

Notice is hereby given that on April 5, 1946, an application was filed with the Federal Power Commission by Mississippi River Fuel Corporation (Applicant), a corporation organized under the laws of the State of Delaware and having its principal place of business at St. Louis, Missouri, and authorized to do business in the States of Illinois, Missouri, Arkansas and Louisiana, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain additional facilities to its existing natural gas transmission system, as hereinafter described.

Applicant owns and operates a natural gas transmission system commencing with a main compressor station at Perryville, Louisiana, in the Monroe Field in northern Louisiana, and continuing with a main trunk transmission line through the States of Louisiana, Arkansas and Missouri into the State of Illinois. It purchases natural gas in the Monroe gas field and transports and sells same to utility distributing companies for resale for domestic, commercial and industrial purposes, and also sells gas directly to industrial consumers for consumption. Its principal sales take place in the States of Illinois and Missouri in the vicinity of Alton, East St. Louis and St. Louis.

Applicant proposes to construct and operate certain additional facilities to its existing natural gas transmission system, by which it proposes to increase the deliverable capacity of its pipe line system by approximately 50 million cubic feet per day to an estimated 183 million cubic feet per day. This is to be done by constructing a series of loop lines and adding additional horsepower at all of Applicant's compressor stations except the Perryville Station. The looping will consist of 264.5 miles of 22-inch line, 13 miles of 12-inch line and 1 mile of 6-inch and 10-inch manifold river-crossing lines. The loop lines will consist of a series of partial loops in each section of the line up to Twelve Mile Station, and about 18 miles north of that station a 22-inch loop line will extend in a northeasterly direction and cross the Mississippi River in the vicinity of St. Genevieve, Missouri, and then continue in a northerly direction through the State of Illinois to a point of connection with the present Alton line of Applicant where the same crosses the Mississippi River. The loop line will then continue along the Alton line for approximately 9 miles to a point near the city limits of East St. Louis, Illinois.

In addition to the 264.5 miles of 22-inch loop line, 13 miles of 12-inch loop lines and 1 mile of 6-inch and 10-inch manifold river-crossing lines, Applicant seeks authorization to install the following compressor units:

Number of units—horsepower compressor units:	*Location*
2—600	Crosset Station.
2—1,000	Glendale Station.
2—600	Sherrill Station.
1—1,000	West Point Station.
3—600	Nuckles Station.
1—1,000	Biggers Station.
1—1,000	Neelyville Station.
1—1,000	Twelve Mile Station.

Applicant stated that the service proposed to be rendered by Applicant is primarily that of meeting the increased demands of Applicant's existing customers, both utility customers to which gas is sold for resale and industrial customers to which gas is sold for consumption. All of the utility customers have shown increased demands during the past winter which were much greater than had been anticipated, and in order to meet these increased demands and the increased demands of Applicant's industrial customers Applicant states it is necessary for it to construct the proposed facilities.

It is also proposed to render additional service by selling natural gas to Missouri Natural Gas Company, a utility distributing company in southeastern Missouri, which is one of Applicant's existing customers and which proposes to distribute natural gas for all purposes in the following communities:

	Population
St. Genevieve, Mo	3,000
St. Marys, Mo	650
Perryville, Mo	4,000

Estimated customers are 1200, and the estimated annual consumption of natural gas will be 80 million cubic feet.

Applicant proposes to connect additional main line customers in Missouri located in the vicinity of St. Genevieve, these being Mississippi Lime Company, St. Genevieve Lime Company and Peerless White Lime Company. These prospective customers will use natural gas for industrial use in the operations of their lime plants and will purchase gas on both a firm and interruptible basis.

The Missouri Natural Gas Company is the only gas company in southeastern Missouri and purchases all of its natural gas from Applicant. Other gas companies in the territory served by Applicant are Laclede Gas Light Company and St. Louis County Gas Company, both of which purchase natural gas from Applicant and serve a mixed gas in the city of St. Louis and St. Louis County; and Illinois Power Company and Union Electric Company of Illinois which purchase from Applicant natural gas and distribute it in the communities of East St. Louis and its environs, and Alton. All of said companies supply the general public with mixed or natural gas service in the areas in which Applicant is operating and proposes to operate. There are no natural gas pipe line companies in this area. No gas companies operate in that portion of the State of Illinois from Applicant's proposed crossing of the Mississippi River to the junction with its existing Alton line.

Applicant states that its natural gas supplies are obtained from Hope Producing Company, Interstate Natural Gas Company, Inc., Southern Carbon Company, United Carbon Company and United Gas Pipe Line Company. All of the suppliers, other than United Gas Pipe Line Company, will be supplying their contract requirements from the Monroe Field under contracts heretofore made and expiring in the year 1951. Applicant has recently, on September 7, 1945, entered into a new agreement with United Gas Pipe Line Company under which its quota of Applicant's gas requirements will come from the Carthage Field in Texas, and under which agreement Applicant can call upon United Gas Pipe Line Company to meet Applicant's full requirements, including any deficiency not served by its other producers, for a period of 20 years ending in 1966.

Applicant's proposed total capacity after the installation of the additional facilities will be 195,000 Mcf at Perryville, and its total sales capacity will be 183,000 Mcf. The discharge of its compressor stations will be 415 pounds to 425 pounds, and the suction pressure will vary from 200 pounds to 306 pounds.

Applicant further states that Applicant has been engaged in selling natural gas in the territory through which it operates and primarily in the St. Louis-East St. Louis-Alton area since 1930, during which time Applicant's sales of natural gas have increased substantially, and particularly during the past three years the increased demands made by utility customers for service from Applicant have continually increased. It was not expected that the demands made upon Applicant's system would exceed its capacity to make deliveries for some period of time, but in December of 1945 unexpected demands were made upon Applicant's capacity which resulted in the delivery on December 19, 1945 of 91,156,000 cubic feet of natural gas to its utility customers. The highest previous peak day was 70,604,000 cubic feet. In order to supply these utility customers and to meet the demands of domestic and commercial consumers it was necessary for Applicant to cut off and interrupt all of its firm, direct-sale gas customers for a period of about 24 hours. This resulted in a number of shutdowns of plant operations and the loss of time and service by hundreds of employees, but it was necessary to do this in order to protect the domestic consumers.

Applicant's present industrial consumers are planning increases in their plant capacities and have advised Applicant that they will require additional quantities of natural gas. Applicant also has had inquiries from present industrial concerns in the St. Louis-East St. Louis-Alton area seeking additional gas, and from new concerns which are proposing to build plants in that area.

Applicant estimates the total overall cost of the proposed additional facilities will be $11,574,000. This does not include any cost of financing, which is not known, and is made up of estimates consisting of the following:

Additional compressor units, 10,200 hp	$1,173,000
22" loop line, 264.5 miles	9,792,000
12" loop line, 13.0 miles	234,000
16" manifold crossing of Mississippi River	300,000
Regulator and meter stations	50,000
Relocation of Nuckles Station	25,000
Total	11,574,000

Applicant proposes to finance such additional facilities by a bank loan and by long-term borrowing from institutional lenders. Negotiations are currently under way, but as yet no commitment has been made from any financial source for consummating said loan. However, Applicant believes that it will be able to finance the total construction costs in the manner indicated.

Applicant has submitted a pro forma statement showing estimates of total revenues expected from the proposed new facilities, total fixed charges and total operating expenses, as follows:

[ACP-1946-1]

PART 701—NATIONAL AGRICULTURAL CONSERVATION PROGRAM

SUBPART H—1946

Pursuant to the authority vested in the Secretary of Agriculture under sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act, as amended, the 1946 Agricultural Conservation Program is amended as follows:

Section 701.702 (a) (1) is amended to read as follows:

§ 701.702 *Control of funds, pooling agreements, conservation practices, and rates of payment*—(a) *Control of funds.* • • •

(1) The State committee will establish a limit on expenditures for each county. The county committee will keep within the county limit by approving payment for only those practices for which the extent of the practice is approved by the county committee prior to the performance of the practice, except that practices performed before June 1, 1946, may be approved retroactively by the county committee.

Done at Washington, D. C., this 18th day of April 1946. Witness my hand and the seal of the Department of Agriculture.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-391]

RAYON FABRICS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of rayon fabrics for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3290.366 *Conservation Order M-391*—(a) *Introduction.* This order requires the distribution of specified quantities of certain rayon gray goods, and the finishing and delivery of the goods, for use as linings in feminine street wear for civilians. Deliveries may be made only to persons who certify that the goods, or an equal quantity of similar material, will be used for that purpose, or will be finished and delivered only to persons who certify that they will use it for that purpose. Orders which are certified and also rated CC have precedence over orders which are certified but unrated. It is not necessary to have a rating or authorization from the CPA to use the certification, but the quantities which may be ordered, received, or delivered on certified orders are subject to the rules in Priorities Regulation 32, which controls inventories.

(b) *Definitions.* As used in this order:

(1) "Feminine street wear" means suits, coats and jackets, manufactured for feminine street wear for civilians. The term does not include housecoats, bathrobes, bed jackets, and other apparel customarily worn only in the home, or items not made for street wear, such as sportswear and evening wear.

(2) "Rayon fabrics" means any woven or knitted (both circular and warp) fabric, containing less than 25% wool by weight, but of which the remaining fibers are more than 50% of synthetic fiber (filament or spun yarn, or their blends) by weight. For example, a fabric containing 20% wool, 41% rayon, and 39% cotton is a rayon fabric. Except where otherwise indicated, it includes such fabrics, whether gray, original mill or regular finish, bleached, dyed, printed, or otherwise processed as fabric. Particular kinds of rayon fabrics are designated in the Distribution Schedule of this order by the reference numbers and corresponding descriptions contained in Form CPA-658C, and the listing of a reference number includes the kind of rayon fabric covered by the corresponding description in Form CPA-658C.

(3) "Producer" means any person who weaves or knits rayon fabrics from yarn owned by him, or who has rayon fabrics woven or knitted for his account, from yarn owned by him, whether he delivers them in the gray, finished, or partially finished state. If a person supplies yarn to a weaver or knitter for processing on a basis under which a part of the fabric produced from that yarn is to be owned by the yarn supplier, and part by the weaver or knitter, the yarn supplier is the producer of that part of the fabric which he will get, and the weaver or knitter is the producer of the remainder. Where a person supplies yarn to a weaver or knitter in exchange for fabric not made from the yarn supplied, the weaver or knitter is the producer of all of the fabric made from the yarn which he gets in this way, as well as of any other fabric produced by him.

(4) "Finished goods supplier" means any person who finishes, or has finished for his account, rayon fabrics which he owns, whether he produces them in the gray, finished or partially finished state.

(c) *Distribution by producers*—(1) *Quarterly set-asides.* In each calendar quarter, beginning with the second quarter, 1946, every producer of the rayon fabrics listed in Column 2 opposite the Reference Number of the Distribution Schedule of this order, whether he sells them in the gray or finished state or uses them to manufacture other products, shall set aside for delivery on orders accompanied by the certification in paragraph (f) below, yardages of such fabrics in the gray state equal to at least the percentages, shown in Column 3 of the Distribution Schedule, of his production of such fabrics during that period. These quantities may be delivered from inventory on hand at the beginning of the quarter as well as from production during the quarter.

(2) *Carry-over of required shipments.* If any producer does not deliver the full yardage required during any calendar quarter, he shall deliver in the next calendar quarter a yardage equal to the undelivered quantity, in addition to the yardage which he is otherwise required to deliver in that next quarter.

(d) *Deliveries of finished goods*—(1) *Quarterly deliveries.* In each calendar quarter, beginning with the second quarter, 1946, every finished goods supplier must, if possible, deliver yardages of the rayon fabrics listed in the Distribution Schedule, with a finish which makes them suitable for use as linings in feminine street wear, or with a finish customarily required for such use, at least equal to the yardages in the gray state which he orders for delivery in the same quarter under the certification in paragraph (f) below. Such quantities shall be delivered only to persons who give that certification. They may be delivered from inventory on hand at the beginning of the quarter as well as from fabrics received or finished during the quarter.

(2) *Carry-over of required shipments.* If any finished goods supplier does not deliver the full yardage required during any calendar quarter, he shall deliver in the next calendar quarter a yardage equal to the undelivered quantity, in addition to the yardage which he is otherwise required to deliver in that next quarter.

(e) *Quarterly processing.* In each calendar quarter, beginning with the second quarter, 1946, every finished goods supplier shall put into process for finishing in a manner which will make them suitable for use as linings in feminine street wear, or will give them a finish customarily required for such use, yardages of the rayon fabrics listed in the Distribution Schedule at least sufficient to enable him to make the deliveries required under paragraph (d) above.

(f) *Form of certificate to be used.* The following is the form of certificate to be used under paragraphs (c) and (d) above, and (j) below:

> The undersigned certifies to the seller and to CPA, subject to the criminal penalties of section 35 (a) of the U. S. Criminal Code, that he will use the material covered by this purchase order, or an equivalent yardage of similar material, only as linings for feminine street wear, or will finish and deliver such yardage only to persons who give this certificate.

Persons giving this certificate may use, finish, or dispose of fabrics they get with it only in accordance with its terms and the provisions of this order. The standard certificate in Priorities Regulation 7 may not be used instead of this certificate.

(g) *Calculations of yardage by finished goods suppliers.* In calculating the yardage which he is required to deliver under this order, a finished goods supplier may deduct from that yardage the actual and unavoidable shrinkage resulting from processing of the fabrics delivered to him on the certification in paragraph (f) above. For example, a finished goods supplier may have an actual processing shrinkage of 5% on rayon fabric received by him in the second calendar quarter, 1946, under the certification in paragraph (f) above. If he receives 100,000 yards of rayon fabrics listed opposite Reference No. 1 of the Distribution Schedule, under the certification, the quantity which he is required to deliver in that quarter under the certification is 95,000 yards.

(h) *Rules for filling certified and rated orders*—(1) *Certified orders.* No producer or finished good supplier need accept or fill orders with the paragraph (f) certificate (whether CC rated or unrated) which would cause him to deliver during any calendar quarter more rayon fabrics on orders thus certified than the quantities required by this order. Within the quantities of fabrics required to be delivered on certified orders under paragraphs (c) and (d) above, however, CC rated orders which are also accompanied by the paragraph (f) certificate must be accepted and delivered in preference to unfilled orders which are certified but unrated.

(2) *Rated orders not certified.* Orders rated MM, and CC rated orders without the paragraph (f) certificate, may not be charged against the deliveries required under paragraphs (c) and (d) above. However, M-328B CC rated orders must be accepted and filled subject to the rules in Order M-328B and Schedule J and directions to M-328B; and other orders with MM and CC ratings not certified in accordance with paragraph (f) are still subject to the rules in Priorities Regulation 1. AAA rated orders must be accepted and filled regardless of this order.

(i) *Integrated operations.* Requisitions for intra-company deliveries of rayon fabrics from the producing mill shall be treated as if they were purchase orders, for the purposes of this order.

(j) *Application and extension of CC ratings for linings.* (1) Any person who applies or extends a CC rating on an order for any rayon fabrics to be used as linings for feminine street wear must furnish with his order the certification in paragraph (f) above.

(2) CC rated orders for rayon fabrics to be used as linings for feminine street wear which were unfilled on April 19, 1946, must be certified by the purchaser promptly, and in any event not later than April 30, 1946, by giving his supplier the certification in paragraph (f) above, with the addition of sufficient information to identify his previously placed order which is being certified. For example, in the certification the words "this purchase order" may be changed to "Our purchase order No. ___ dated _____ for _____ yards of rayon fabrics", inserting the information needed by the supplier to identify the order. After April 30, 1946 any unfilled CC rated order for any rayon fabrics that the supplier knows or has reason to believe are to be used as linings for feminine street wear, which has not been certified by the purchaser, shall be treated by the seller as unrated.

(k) *Records and reports*—(1) *Records.* Each person participating in any transaction to which this order applies shall keep and preserve for at least two years accurate and complete records of the details of each such transaction and of his inventories of the material involved, in accordance with § 944.15 of Priorities Regulation 1.

(2) *Reports.* Subject to the approval of the Bureau of the Budget under the Federal Reports Act of 1942, all persons affected by this order shall execute and file with the Civilian Production Administration such reports as the CPA shall from time to time require.

(l) *Applicability of regulations.* Except as otherwise provided in this order, this order and all transactions affected thereby are subject to all applicable regulations of the CPA as amended from time to time.

(m) *Appeals.* Any person who considers that compliance with any restriction of this order would work an exceptional and unreasonable hardship, may appeal for relief. The appeal shall be made by filing a letter in triplicate with the Appeals Branch, Textile Division, Civilian Production Administration, Washington 25, D. C., Ref. M–391, referring to the particular provision appealed from, and stating fully the grounds of the appeal.

(n) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine and imprisonment. In addition any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priorities control and may be deprived of priority assistance.

(o) *Communications.* All communications concerning this order shall, unless otherwise directed, be addressed to Textile Division, Civilian Production Administration, Washington 25, D. C., Ref. M–391.

Issued this 19th day of April 1946.

PART 4700—VETERANS' EMERGENCY HOUSING PROGRAM

[Veterans' Housing Program Order 1, Interpretation 1]

WATERPROOFING

The following interpretation is issued with respect to Veterans' Housing Program Order 1:

Paragraph (b) (2) of Veterans' Housing Program Order 1 provides that repainting, repapering and sanding floors where no change in a structure is made is not restricted or prohibited by the order. This provision exempts from the order the application of waterproofing to a building by spraying or painting where no change in the building is made. The preparation of the surfaces for waterproofing is within the exemption, if no alteration to or construction work on the building is involved, such as removing cornices or overhanging projections.

Issued this 19th day of April 1946.

Chapter XI—Office of Price Administration

[MPR 598, Amdt. 9]

PART 1380—HOUSE AND SERVICE MACHINE INDUSTRY

POSTWAR HOUSEHOLD MECHANICAL REFRIGERATORS

A statement of the considerations involved in the issuance of this amendment issued simultaneously herewith has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 598 is amended in the following respects:

1. Section 3 (c) is amended to read as follows:

(c) "Distributor" means any person who is not a "manufacturer" and who in the course of trade or business regularly buys completed refrigerators for resale to persons other than ultimate consumers.

2. Section 3 (d) is amended to read as follows:

(d) "Dealer" means a person who buys completed refrigerators and regularly resells them to ultimate consumers.

3. New sections 3 (h), 3 (i), 3 (j), 3 (k), and 3 (l) are added to read as follows:

(h) "Wholesale consumer" means a person who purchases refrigerators for use rather than for resale, but who is not an "ultimate consumer". The term "wholesale consumer" includes but is not limited to builders purchasing refrigerators for use in equipping homes or apartment houses which they are building, and apartment house owners or operators purchasing refrigerators for use by tenants in the purchaser's apartment houses.

(i) "Private brand" means any refrigerator not offered for sale as a manufacturer's regular brand, but manufactured for a particular person or persons, whether or not such person's name or brand name appears thereon.

(j) "Private brand seller" means any person other than a manufacturer who sells refrigerators under a trade mark or brand name other than the manufacturer's and includes all subsidiaries, affiliates, branches or other companies or enterprises under common ownership or control with such person.

(k) "Model" means any refrigerator which has the same specification as those of a particular refrigerator for which a ceiling price has been established.

(l) "OPA industry price increase" means the increase in a manufacturer's ceiling price for sales of a particular model of refrigerator to a particular class of purchaser permitted by section 5 (b) of this regulation.

4. Section 5, *Repricing by special order* is amended to read as follows:

SEC. 5. *Adjustment of manufacturers' ceiling prices*—(a) *Reconversion adjustments to individual companies pursuant to applications filed prior to November 11, 1945.* Refrigerators are a reconversion product for which adjustments in ceiling prices have been found by the Price Administrator to be warranted in accordance with the reconversion pricing policy embodied in Amendment 67 to Maximum Price Regulation No. 188 and approved for industries not subject to Maximum Price Regulation No. 188 by Directive 78 issued by the Office of Economic Stabilization. Accordingly, orders have been issued under this section, adjusting ceiling prices established by section 4, to reflect legal increases (over 1941 factory costs) in a manufacturer's material prices and basic wage rate schedules of factory workers between October 1, 1941 and November 10, 1945 together with a profit factor as determined by this Office equal to the manufacturer's own average net profit margin (before income taxes) for the period 1936–39, or one-half the industry average profit margin for that period, whichever is higher. In determining the amount of the adjustments authorized under this section the Office of Price Administration has acted on the basis of the cost information called for on OPA Form 663–2445 calculated in accordance with the instructions accompanying that form. Adjustments have been made under this section for manufacturers eligible to apply for an adjustment under Supplementary Order No. 119, and who applied for an adjustment under this section before November 11, 1945.

(b) *Industry reconversion adjustment of ceiling prices.* Unless directed otherwise by an order issued by the Office of Price Administration under this section, every manufacturer who, before April 18, 1946, has established ceiling prices for his sales of the refrigerators he manufactures under any section of this regulation or an order under this regulation, or who, after April 17, 1946, establishes his ceiling prices under Sections 7, 9, or 10 of this regulation, may increase his ceiling prices so established by 8% of each price, exclusive of the Federal excise tax and any charges for delivery, installation and warranty. Orders will be issued under this section denying a manufacturer permission to adjust his ceiling prices by all or part of this increase when it appears to the Price Administrator from information available to the Office of Price Administration, that the manufacturer has discontinued production of his low end model of refrigerator, or has decreased the proportion of low priced to high priced models which he manufactures so that his present or prospective production of refrigerators is not representative of his production in that respect of refrigerators during the year July 1, 1940 to June 30, 1941. The average price at which the manufacturer's production of refrigerators will be sold will be considered in determining how much, if any, of the increase will be granted to such a manufacturer.

5. Section 7 (a) (4) is amended to read as follows:

(4) He shall find his markup factor by dividing the ceiling price of the comparable model by its unit direct cost. He must use his ceiling price to the class of purchaser (distributors, dealers, mill order houses, etc.) which buys from him in the greatest volume. The ceiling price which he uses for this purpose shall be the ceiling price exclusive of the Federal excise tax, the OPA industry price increase, any adjustments under Revised Supplementary Order No. 119, and any charges for delivery, installation, and warranty.

6. Section 7 (a) (5) is amended to read as follows:

(5) He shall multiply the unit direct cost of the model being priced by that markup factor. The result is his ceiling price (exclusive of the Federal excise tax, the "OPA industry price increase", any adjustments under Revised Supplementary Order No. 119, and any charges for delivery, installation, and warranty) to the class of purchaser used in subparagraph (4). His ceiling prices to any other class of purchaser for the model being priced must be calculated on the basis of the percentage differential which he had in effect during the period October 1–15, 1941, for sales to that class of purchaser.

7. A new section 11a is added to read as follows:

SEC. 11a. *Manufacturers' ceiling prices for sales to wholesale consumers.* Unless an order issued under this section specifies otherwise, a manufacturer shall determine his ceiling price for sales of a particular refrigerator to a wholesale consumer as follows:

Step 1. He shall deduct from the OPA retail ceiling price established in appendix A of this regulation for the sale of the refrigerator to an ultimate consumer in the same zone, the amount included in that price to cover the Federal excise tax, delivery, installation, and the warranty given, and the OPA industry increase.

Step 2. He shall multiply the result of Step 1 by .825.

Step 3. He shall add to the result of Step 2 the applicable Federal excise tax and the amount deducted in Step 1 for delivery, installation, warranty and the OPA industry price increase. The result is his ceiling price for sales to wholesale consumers including delivery, installation, warranty and the Federal excise tax.

8. A new section 13a is added to read as follows:

SEC. 13a. *Distributors' ceiling prices for sales to wholesale consumers.* Unless an order issued under this section specifies otherwise, a distributor shall determine his ceiling price for sales of a particular refrigerator to wholesale consumers in the same manner as manufacturers determine their ceiling prices for sales to wholesale consumers under section 11a of this regulation.

9. Section 14 is amended to read as follows:

SEC. 14. *Distributors' ceiling prices for sales to dealers.* (a) A distributor who has determined his ceiling prices before April 18, 1946, for sales of a particular model of refrigerator to a particular class of purchasing dealer either under an order issued under section 13 of this regulation or under the provisions of section 14 may increase those ceiling prices by the dollar-and-cent amount of the manufacturer's OPA industry price increase and the resultant increase in the Federal excise tax.

(b) If a distributor's ceiling price for sales of a particular model of refrigerator to a particular class of purchasing dealer cannot be determined under paragraph (a) of this section or has not been established by an order issued under section 13 after April 17, 1946, he shall determine his ceiling price under the first applicable rule of the following:

Rule 1. A distributor's ceiling price for sales in each zone of each model to each class of purchasing dealer shall be the price which will yield the distributor the same percentage of the total dollar margin between the manufacturer's price to him (not exceeding the manufacturer's ceiling price to him) and the dealer's ceiling price for resales to ultimate consumers in that zone as he received on March 30, 1942, in connection with the sale of the most "comparable" model sold by him to the same class of purchasing dealers. To be "comparable", a model must be one produced by the same manufacturer.

Rule 2. If a distributor cannot determine his ceiling price for sales of a particular model to a particular class of purchasing dealers under Rule 1, his ceiling price for that sale is the ceiling price established under paragraph (a) or Rule 1 of this section for the same sale by the "closest seller of the same class" who has so determined a ceiling price. A distributor's "closest seller of the same class" is a distributor who (a) has established a ceiling price for sales of the identical model of refrigerator to the same class of purchasing dealer and (b) is the same general class of seller, and (c) is located in the same price zone and is nearer to the seller than any other seller who meets requirements (a) and (b) of this definition.

Rule 3. If a distributor cannot determine his ceiling price for sales of a particular model to a particular class of purchasing dealer under either paragraph (a) or Rules 1 or 2 of this section, his ceiling price for that sale is the ceiling price established by the Office of Price Administration in an order under this section. An application under this rule shall state the name and address of the applicant, the name of the manufacturer of the refrigerator being priced, its model designation, the classes of purchaser to whom the applicant proposes to sell the refrigerator, the ceiling prices he proposes for such sales, and a statement of the reasons why he cannot use the other rules in this section to fix his ceiling prices. Until ceiling prices are fixed for his sales under this regulation, a distributor who has applied for the establishment of his ceiling prices under this rule may not make sales or deliveries of any model covered by his application to the class of purchasers named therein.

10. Section 15 is amended to read as follows:

SEC. 15. *Dealers' ceiling prices*—(a) *Prices set forth in section 24, Appendix A.* Unless an order issued under paragraph (b) of this section specifies otherwise, a dealer's ceiling prices for sales of a particular model of refrigerator sold by the manufacturer after April 17, 1946, at prices adjusted under section 5 (b) is the applicable price set forth in Appendix A increased by either (1) the dollar-and-cent amount of the increase allowed the manufacturer by section 5 (b) in his ceiling price for sales of the same model to distributors (including the resulting increase in the Federal excise tax) if he customarily sells the model to distributors, or (2) the dollar-and-cent amount of the increase allowed the manufacturer by section 5 (b) in his ceiling price for sales of the same model to dealers (including the resulting increase in the Federal excise tax) he customarily sells the model directly to dealers. A dealer's ceiling price for sales of a particular model of refrigerator sold by the manufacturer prior to April 18, 1946, is the applicable price set forth in section 24, Appendix A.

Ceiling prices will be established for dealers' sales of models not listed in Appendix A or covered by an order under paragraph (b) of this section by amendment to Appendix A. Ceiling prices so established will be fixed in line with the level of retail ceiling prices established under this regulation. No refrigerator may be sold at retail unless a retail ceil-

ing price has been established for its sale in accordance with this section.

(b) *Prices for private brands not listed in section 24, Appendix A.* A dealer's ceiling price for sales of any private brand refrigerator not listed in section 24, Appendix A of this regulation is the ceiling price authorized by the Office of Price Administration by an order issued under this paragraph for sales of the particular model in line with the level of retail ceiling prices established under this regulation.

An application for the establishment of a ceiling price of any model priced under this paragraph may be made by either the manufacturer of the model or the private brand seller selling the model. Applications under this paragraph shall contain the names of the manufacturer and private brand seller, the model designation of the model, a list of its major specifications, photograph or other illustrations of the model and the ceiling price proposed for sales of the model to ultimate consumers.

(c) *Credit charges.* (1) Dealers who during the period October 1–15, 1941, collected a separately stated additional charge for the extension of credit on sales of refrigerators, may collect a charge for the extension of credit under this regulation, not exceeding such charge during the period October 1–15, 1941, on a similar sale on similar terms to the same class of purchaser. Dealers who did not so state and collect an additional charge, may collect a charge for the extension of credit only on installment plan sales; and the charge shall not exceed the separately stated additional charge for the extension of credit on a similar sale on similar terms to the same class of purchaser during the period October 1–15, 1941, by the dealer's closest competitor who made a separately stated charge.

An installment-plan sale as used in the above paragraph means a sale where the unpaid balance is to be paid in installments over a period of either (i) six weeks or more from the date of sale in the case of weekly installments, or (ii) eight weeks or more in the case of other than weekly installments.

(2) All charges for the extension of credit shall be quoted and stated separately. Any charge which is not quoted and stated separately or which otherwise does not conform to this subparagraph, shall, for the purposes of this regulation, be considered to be part of the price charged for the refrigerator sold.

(3) No dealer may require as a condition of sale that the consumer must buy on credit.

11. Section 17 is amended to read as follows:

SEC. 17. *Labelling.* (a) No person, except a mail order seller, covered by Order No. 7 under this regulation, may offer for sale, sell or deliver any refrigerator unless there is attached to the inside of the refrigerator where it can readily be seen and read, a label provided by the manufacturer which contains all the information required in paragraph (b) of this section.

(b) Unless an order under this regulation specifies otherwise, no manufacturer may ship any refrigerator covered by this regulation to a distributor or dealer unless there is securely attached to the inside of the refrigerator in a place where it can readily be seen and read, a label containing the OPA retail ceiling price or prices of the refrigerator, a description of the area in which each price is applicable, the brand name and model designation of the refrigerator, a statement of what the price includes as described in section 24, Appendix A, and a statement that the label may not be removed until after the refrigerator is delivered to an ultimate consumer.

(c) The manufacturer shall determine the retail ceiling price or prices for any refrigerator he sells in accordance with the provisions of sections 15 and 24 of this regulation.

12. Section 24, Appendix A is amended by changing the text preceding the table of models and retail prices therein to read as follows:

SEC. 24. *Appendix A: Ceiling prices for dealers' sales of refrigerators.* Except as they are modified by the provisions of section 15 of this regulation, the ceiling prices for sales by dealers of the refrigerator models listed below are the applicable prices listed in this appendix. Unless it is specified otherwise in this appendix the prices listed include:

(a) Delivery.

(b) A five year warranty in the case of electric refrigerators; and in the case of gas and kerosene refrigerators, the warranty customarily given by each dealer except that dealers who provide only the manufacturer's one year warranty shall determine their ceiling prices for such refrigerators by deducting $4.00 from the applicable ceiling price shown below for the particular refrigerator.

(c) Federal excise tax.

(d) In the case of an electric refrigerator, installation to electric facilities provided by the consumer, or, in the case of a gas refrigerator, installation to gas facilities provided by the consumer if the installation does not require the dealer to provide more than five feet of pipe or tubing.

The ceiling prices listed do not include State or local taxes imposed at the point of sale. No charge may be added for the extension of credit by the dealer to the ceiling prices in this appendix except in accordance with paragraph (c) of section 15 of this regulation.

The zones shown in the table vary from brand to brand. Zone boundaries, where more than one zone price is listed, are those specified in this section. Where no zone boundaries are specified zone boundaries are those shown on maps on file with the Office of Price Administration and each district and regional office thereof.

This amendment shall become effective on the 18th day of April 1946.

NOTE: The reporting and record-keeping provisions of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 18th day of April 1946.

PAUL A. PORTER,
Administrator.

PART 1499—COMMODITIES AND SERVICES

MODIFICATION OF MAXIMUM PRICES ESTABLISHED BY GENERAL MAXIMUM PRICE REGULATION FOR CERTAIN TEXTILES, LEATHER AND APPAREL

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Section 2.14 is added to read as follows:

SEC. 2.14 *Maximum price for dyed cotton yarn*—(a) *Definitions and explanations.* For the purpose of this section, the terms appearing herein, unless the context otherwise requires, shall be construed as follows:

(1) "April 5 ceiling price for grey yarn" means the ceiling price on April 5, 1946; for base grade yarns it means the price set forth in column 1 or 3 of Table A.

(2) "Appropriate grey yarn" means grey, mercerized and/or gassed grey yarn of the same description as the dyed yarn being priced, except for color.

(3) "Producer" means any spinner, excluding commission dyers, who dyes raw cotton or cotton yarn, or who causes cotton yarn to which he retains title to be dyed.

(4) "Commission dyer" means any dyer whose business is primarily the dyeing of yarn for others, and who, if a spinner, in 1945 dyed at least twice the poundage of yarn he spun.

(b) *Producers' maximum prices*—(1) *Adjustment of GMPR prices of certain producers.* If you are a producer of dyed cotton yarn (and not a commission dyer as defined herein), and if you delivered or offered for delivery any dyed yarn in March, 1942, your maximum prices shall be:

(i) *For the same dyed yarn.* To determine your ceiling price for a dyed yarn identical with a dyed yarn delivered or offered for delivery by you in March 1942, add to your maximum price determined under § 1499.2 (a) (1) of the General Maximum Price Regulation the cents per pound increase set forth in columns 2 or 4 of Table A for the appropriate grey yarn.

(ii) *For a different dyed yarn.* To determine your ceiling price for a dyed yarn different from any delivered or offered for delivery by you in March 1942:

(a) First, select the yarn most comparable to that which you are pricing from the dyed yarns which you delivered or offered for delivery in March 1942, by applying the following classifications successively:

(*1*) The same or nearest in manner or dyeing (i. e., stock, package, skein, warp, etc.).

(*2*) The same or nearest in class of dye (i. e., developed, sulphur, direct, etc.).

(*3*) The same or nearest in cost of dyestuff and dyeing.

(*4*) The same or nearest in depth of color (i. e., dark, medium, light).

(*5*) The same or nearest in type, count and ply of grey yarn.

(*b*) Second, in accordance with subdivision (1) above, determine the present maximum price for the most comparable dyed yarn by adding the cents per pound increase in the appropriate grey yarn as set forth in columns 2 or 4 of Table A.

(c) Third, if the count or ply, or both, of the dyed yarn being priced differs from that of the most comparable dyed yarn, obtain the difference in cents per pound between the grey yarn ceiling prices for the two yarns in columns 1 or 3 of Table A, and add the cents per pound difference if the ceiling price is higher for the dyed yarn being priced, or subtract the cents per pound difference if the ceiling price is higher for the most comparable dyed yarn.

(*d*) Fourth, if the current total cost of dyestuff and dyeing of the dyed yarn being priced differs from that of the most comparable dyed yarn, determine the cents per pound difference in that cost, and add the difference if the cost is higher for the dyed yarn being priced, or subtract the difference if the cost is higher for the most comparable dyed yarn.

(2) *Producers who did not deliver or offer for delivery any dyed yarn during March 1942*—(i) *Yarn dyed in your own plant.* If you are a producer who did not deliver or offer for delivery any dyed yarn during March 1942, your maximum price for yarn dyed in your own plant is the sum of the April 5 ceiling price for the appropriate grey yarn, properly adjusted for shrinkage in dyeing, and 105% of the total cost (i. e., direct cost plus properly allocable overhead) of dyestuff and dyeing of the yarn being priced.

(ii) *Yarn dyed elsewhere than your own plant.* If you are a producer who did not deliver or offer for delivery any dyed yarn during March 1942, your maximum price for yarn dyed elsewhere than in your own plant is the sum of the April 5 ceiling price for the appropriate grey yarn, properly adjusted for shrinkage in dyeing, plus the actual cost incurred by you for dyeing the yarn being priced.

(c) *Maximum prices for dyed yarn sold by commission dyers.* If you are a commission dyer, as defined herein, selling yarn dyed in your own plant, your maximum price shall be the sum of the cost of the grey yarn (not to exceed the producer's ceiling price applicable to the grey yarn used) properly adjusted for shrinkage, and your ceiling price for dyeing which would be applicable under Maximum Price Regulation 165[3] were the yarn dyed by you on a commission basis.

(d) *Maximum price for dyed yarn sold by jobbers.* A jobber[3] may:

(1) Sell to a given customer broken-case[4] lots or dyed yarn in quantities of 1,500 pounds or less per calendar month at a premium over cost[4] of 9 percent and in quantities in excess of 1,500 pounds per calendar month at a premium of 4.5 percent: *Provided*, That in no event shall sales of broken-case lots at a premium, irrespective of quantity per sale, exceed 15,000 pounds in any calendar month to all of the seller's customers.

(2) Sell dyed yarn in lots of 1 to 3 unbroken cases at a premium of 4.5 percent: *Provided*, That except as set forth below no jobber may avail himself of this premium on that portion of his sales in any calendar month which is in excess of 3,000 pounds to the same customer or 20,000 pounds to all of his customers.

(e) *Maximum prices for dyed yarn sold by other sellers.* If you are a seller of dyed yarn not authorized to charge the maximum price established for producers, commission dyers, or jobbers, your maximum price shall be the sum of the cost of the grey yarn (not to exceed the producer's ceiling price applicable to the grey yarn used), and the actual cost incurred by you in or for dyeing the dyed yarn being priced.

(f) *Fugitive dyed yarn.* The maximum price for fugitive-dyed or fugitive-tinted yarn is the April 5 ceiling price for the appropriate grey yarn.

(g) *Maximum price for dyed yarn in excess of Civilian Production Administration limitations.* The maximum price for any dyed yarn delivered in any calendar month in excess of applicable delivery limitations imposed by the Civilian Production Administration shall be the April 5 ceiling price for the appropriate grey yarn. For the purpose of the foregoing, the dyed yarn first delivered during any quarter in the aggregate amount of the producer's dyed yarn quota under applicable Civilian Production Administration limitations shall be regarded as that permissibly delivered.

[1] 10 F.R. 1183, 2014, 4156, 7117, 7497, 7667, 9337, 9540, 9963, 10021, 11401, 12601, 12612, 13271, 13692, 13326, 14506, 14742, 15007, 15036, 15457; 11 F.R. 115, 348, 405, 407, 560, 677, 889, 949, 1405, 1594, 1850, 246, 3090, 3158, 3366.

[2] 10 F.R. 2097, 2250, 3925, 6231, 7854, 14449.

[3] As used herein, "jobber" means a person who (1) neither owns nor operates a spinning mill or dyeing plant, (2) resells dyed yarn purchased as such, or purchased in the grey and dyed for his account, and (3) at least 75% of whose sales of dyed yarn during the calendar month preceding any given transaction consisted of stock yarn sales. The term "stock yarn," as used herein, means dyed yarn owned by a person independent of the producer thereof, and stored in a space (1) owned or leased by such person on February 1, 1942; (2) owned or leased by such person and located within 25 miles of his principal place of business; or (3) approved by the Administrator, upon a duly filed petition for adjustment or exception as a stock yarn warehouse established to carry out a legitimate distributive function and not for the purpose of evading this section; the term "independent" means not controlling, controlled by or under common control with.

[4] As used herein, the term "broken-case" means a case from which at least 25% of the contents have been removed.

[4] As used herein "cost" means the actual cost of the purchased dyed yarn if bought as dyed yarn, or the actual cost of the purchased grey yarn plus the actual cost of dyeing, if bought as grey yarn and subsequently dyed.

[1] If you are a producer qualified under Supplementary Order 131 to charge Band A prices for carded or combed yarn, or if you are a producer, commission dyer, jobber or other seller of dyed yarn who pays Band A prices for the carded or combed grey yarn used in the dyed yarn you are pricing, use the applicable columns under Band A. All other sellers must use the Band B columns.

[2] Any seller of dyed yarn, who normally purchased the major portion of grey yarn used in his dyed sales yarn, may include in the April 5 ceiling price, the 5% producers' premium, if such premium was actually charged for the grey yarn used in the dyed yarn being priced. Producers pricing dyed sales yarn may not include the 5% producers' premium for grey yarn, whether spun or purchased, in their computation of dyed yarn maximum prices. In all cases, the cents per pound increase factors in columns 2 and 4 will be used as set forth.

This amendment shall become effective April 18, 1946.

Issued this 18th day of April 1946.

Administrator.

FRESH FRUITS AND VEGETABLES FOR TABLE USE, SALES EXCEPT AT RETAIL

A statement of the considerations involved in the issuance of this amendment has been issued and filed with the Division of the Federal Register.

In Appendix H, Table 4 (Maximum Prices for Snap Beans (Green or Wax)), footnote 5 is amended to read as follows:

[5] During the period April 19 through April 30, 1946, the figure "$3.25" in item 3, columns 5 and 6, is changed to "$4.00" and the figure "11.6" item 9, column 5, is changed to "14.3".

During the period May 1 through May 20, 1946, the figure "$2.70" in item 4, columns 5 and 6 is changed to "$3.20" and the figure "9.6" in item 10, column 5, is changed to "11.4".

The amendment shall become effective at 12:01 a. m. April 19, 1946.

Issued this 18th day of April 1946.

PAUL A. PORTER,
Administrator.

Approved: April 17, 1946.

CLINTON P. ANDERSON,
Secretary of Agriculture.

PART 1305—ADMINISTRATION

[SO 142,[1] Incl. Amdts. 1-3]

ADJUSTMENT PROVISIONS FOR SALES OF INDUSTRIAL MACHINERY AND EQUIPMENT

This compilation of Supplementary Order 142 includes Amendment 3, effective April 24, 1946. The text amended by Amendment 3 is underscored.

A statement of the considerations involved in the issuance of this supplementary order, issued simultaneously herewith, has been filed with the Division of the Federal Register.[2]

AUTHORITY: § 1305.170 issued under 56 Stat. 23, 765; 57 Stat. 566; Pub. Law 383, 78th Cong.; Pub. Law 108, 79th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681, E.O. 9599, 10 F.R. 10155; E.O. 9651, 10 F.R. 13487; E.O. 9697, 11 F.R. 1691.

SECTION 1. *General purposes.* This supplementary order provides methods of adjusting the maximum prices for any product or services and is applicable to all products and services (except automotive trucks, motorcycles and buses) covered by any of the following regulations: Revised Maximum Price Regulation 136—Machines, Parts and Industrial Equipment; Maximum Price Regulation 67—New Machine Tools; Maximum Price Regulation 246—Manufacturers and Wholesale Prices for Farm Equipment; Maximum Price Regulation 351—Ferrous Forgings; Maximum Price Regulation 523—Plastics Products; Maximum Price Regulation 82—Wire and Cable, and Maximum Price Regulation 581—Industrial Services, Maximum Price Regulation 452[3] (Manufacturers' Maximum Prices for Automotive Parts).

[Above paragraph amended by Am. 2, 11 F.R. 2973, effective 3-25-46]

Insofar as the provisions of this order differ from the adjustment provisions contained in any of the above-listed regulations, those provisions are superseded by this order.

[Sec. 1 amended by Am. 1, 10 F.R. 15384, effective 12-27-45]

SEC. 2. *Individual applications.*—(a) *Qualifications.* Adjustments will be given under the provisions of this section only with respect to the products which are covered by one or more of the regulations listed in section 1.

(b) *How adjustments will be computed.* In general, the OPA will treat adjustments in three different categories. The first category is called the "overall adjustments." This will ordinarily apply where the applicant submits his application for adjustment in the maximum prices of all his products which are governed by any of the regulations listed in section 1.

[Paragraphs (a) and (b) amended by Am. 2, 11 F.R. 2973, effective 3-25-46]

The second category is called the "divisional adjustment." This adjustment will apply whenever the applicant applies for a price adjustment on a single line or several single lines of products, on the products of a division of his business, or on the products of one of his plants.

The third category is called the "individual item adjustment," and will be used wherever the applicant applies for the adjustment of the maximum prices of one or more single items of his line or lines of products.

These three different adjustment categories will in turn be treated upon two different bases. The first basis will be used where OPA finds that the applicant's recent operating experience can be considered normal. The second basis is where the OPA finds that the recent operating experience cannot be considered normal.

In determining whether or not the recent operating experience can be considered normal, OPA will examine:

[1] 10 F.R. 8021, 7500, 7539, 7578, 7668, 7683, 7799, 8069, 8239, 8238, 8612, 8467, 8611, 8657, 8905, 8936, 9023, 9118, 9119, 9277, 9447, 9623, 9928, 10087, 10025, 10229, 10311, 10303, 11072, 12213, 12084, 12408, 12447, 12532, 12637, 12702, 12745, 12960, 13129, 13271, 13313, 13369, 13595, 13776, 14027, 15035, 15174; 11 F.R. 557, 608, 1102, 1356, 1213, 1526, 1819, 1819, 2931, 2771, 2822, 3158, 3089, 3300, 3600, 3792.

[2] 10 F.R. 14956.

[3] Statements of considerations are also issued simultaneously with amendments. Copies may be obtained from the Office of Price Administration.

(1) Whether the sales of the products covered by the application, during the most recent acceptable accounting period, approximated the 1941 level, and whether there has been a significant change in the level of sales during the most recent accounting period from the level of the sales during the immediately preceding period.

(2) Whether the sales for the recent period of the major groups of products of the applicant were approximately the same proportions as (i) were sales in the fiscal year ended nearest to December 31, 1941, or (ii) anticipated sales for the ensuing year.

(3) Whether the profit and loss statement for the most recent acceptable accounting period reflects any abnormal conditions of major significance.

Generally speaking, where the applicant's recent operating experience may be considered normal, the adjustment will be based upon adjusted current costs. Where, however, the applicant's recent operating experience cannot be considered normal, a projection of the applicant's 1941 costs from his 1941 profit and loss statement will be used in estimating the cost basis for the adjustment.

In the case of the over-all adjustment, the applicant will, in general, be allowed adjusted total costs plus a reasonable margin of profit. In the case of "divisional adjustments", the applicant will be allowed adjusted total costs, and in the case of "individual item adjustments", the applicant will be allowed adjusted factory costs.

In making any of these adjustments, OPA will also consider whether an industry price increase factor, for one or more of the applicant's products or product lines, has been announced, or an industry survey is in process.

In stating the methods of adjustment, it has been assumed that the year 1941 will represent, for the applicant, the last normal pre-war year, but the applicant may demonstrate to the OPA that, due to the impact of war orders or governmental restrictions on the manufacture of products or the use of materials or facilities, sales for the year 1941 were not representative of normal peacetime operations. In such cases, a more representative peacetime year may be selected by the applicant, subject to OPA approval.

If a seller has received an adjustment of his maximum prices on the over-all adjustment basis under the provisions of this paragraph, he may not thereafter apply under the provisions of this paragraph for adjustment of his maximum prices on the divisional or individual item adjustment basis, and if a seller has received an adjustment under the provisions of this paragraph on the divisional adjustment basis, he may not thereafter apply under the provisions of this paragraph for an adjustment on the individual item adjustment basis for any product falling within the product line or manufactured by the division or plant for which he has received adjustment, unless, in either case, the seller can show to the satisfaction of the OPA that there has been a substantial change in his cost structure since the date of his last application.

In computing adjusted costs, OPA will generally recognize increased costs of materials and parts from the level of supply from which such materials and parts are purchased in normal periods, and wage and salary increases which are approved within the meaning of Executive Order 9697.

[Paragraph (b) amended by Am. 3, effective 4-24-46]

(c) *Applications based upon an appropriate decrease of other prices.* (1) Upon application of the seller, the OPA may make an adjustment of the maximum price of a product if the seller agrees to make and (simultaneously with an increase in the maximum price that may be authorized under this paragraph (c)) accepts as new maximum prices a reduction in other selling prices which will equal or exceed the total dollar amount of the adjustment granted under this paragraph.

(2) The OPA, upon its own motion or upon application from the seller, may also make an adjustment of the maximum prices of products for which the seller has made application or has received adjustment under paragraph (b) on the over-all or divisional adjustment basis so that the price increase allowed may be applied in varying amounts to several products or lines of products. In making such adjustments, OPA may consider (i) the general level of prices of the products for which adjustment is proposed; (ii) the cost of the products for which adjustment is proposed; (iii) the average profitability of all the seller's products; (iv) the effect of the adjustment upon price control with respect to other commodities.

(3) An application for price adjustment under this paragraph (c) must show that if the proposed adjustment is granted the gross dollar amount of sales of the products affected by the adjustment will not be greater than it would have been in the absence of the adjustment, and that the general level of the prices of these products to the ultimate users will not be increased by reason of this adjustment under this paragraph. Whenever the OPA grants such an adjustment, it may require appropriate reports relating to the products affected.

(d) *Resellers*—(1) *Maximum prices for products covered by Maximum Price Regulation 453.* With respect to maximum prices for sales by resellers under Maximum Price Regulation 453 which are manufacturers' suggested resale list prices, manufacturers shall adjust such resale list prices when their maximum prices on which the resale list prices are based are adjusted by order issued under this section. The adjustment shall be made by multiplying the previously established suggested resale list prices by a percentage to be determined by dividing the manufacturer's applicable adjusted maximum price by his maximum price prior to the adjustment.

In the case of maximum prices for non-list sales by resellers under Maximum Price Regulation 453, manufacturers shall notify resellers of the dollar-and-cents amounts of adjustments in their (the manufacturers) maximum non-list prices. Resellers shall determine adjusted maximum non-list prices in accordance with section 7 of Maximum Price Regulation 453.

(2) *Maximum prices for products covered by Maximum Price Regulations 246 and 67.* Resellers of products which are covered by Maximum Price Regulation 246 or Maximum Price Regulation 67, and for which the maximum prices for sales by the manufacturer have been adjusted under this section, shall continue to compute their maximum prices for resale of such products under the applicable provisions of those regulations in the same manner that they would have computed maximum prices if the adjustment had been made under the provisions of those regulations.

(3) *Maximum prices for products covered by the other regulations listed in section 1.* Unless the adjustment order issued to the manufacturer shall specify a different method of determining maximum prices for sales by resellers, maximum prices for sales by resellers of the products (other than those covered by MPR 67, MPR 246 and MPR 453), for which an increase in the maximum price has been approved for a manufacturer by an order issued under the provisions of this section shall be the maximum net price that the reseller had in effect to a purchaser of the same class just prior to the issuance of this order, plus the amount, in dollars and cents, by which the order authorizing the new maximum price has increased his former net invoiced cost. In such cases, the manufacturer shall notify each of his resellers of the dollars and cents amounts by which this order permits the resellers to increase their maximum prices.

[Paragraph (d) amended by Am. 2, 11 F.R. 2973, effective 3-25-46]

(e) *How the seller proceeds in applying for an adjustment under this section*—(1) *Application forms.* A seller who desires to apply for an adjustment may apply at the same time for an adjustment under paragraphs (b) and (c) if the facts of his case warrant it. In such cases, the office considering his application will give the adjustment under paragraph (c). An application for adjustment shall be filed in accordance with Revised Procedural Regulation No. 1 and shall be made on copies of Form OPA-6083:2644, Form OPA-6083:2645, or Form OPA-6083:2646, set out in Appendix A of this order, if the application is filed under paragraph (b). No stated form of application is provided for applications under paragraph (c).

(2) *Where to file.* Applications shall be filed in the OPA National Office, except in cases where the seller's total sales of all commodities during the previous year were less than the following amounts: if the applicant includes products under Maximum Price Regulation 246, the amount is $300,000; otherwise, the amount is $500,000. All other applications shall be filed with the Regional Office of the OPA located in the

same region in which the seller's business is located.

(3) *Application based on proposed wage or salary increase to be approved by authorized Federal agency.* A seller who believes that the conditions for an adjustment set forth in paragraph (b) would exist if an authorized Federal agency should approve a pending application for wage or salary increase pursuant to Executive Orders 9599 and 9651 and 9697 and such directives and instructions thereunder as are issued by the Stabilization Administrator, may file an application for adjustment under this paragraph.

[Subparagraph (3) amended by Am. 3, effective 4-24-46]

(f) *Prices for deliveries made pending disposition of the application.* A seller who has filed an application under paragraph (e) for adjustment of maximum prices under paragraph (b) may contract or agree that deliveries made during the pendency of the application shall be at a specific price which is higher than the existing maximum price which the seller wants to have adjusted. However, no payment in excess of that existing maximum price may be received until final disposition is made of the application. Where the application is disposed of by an order issued under this section, the price received for deliveries made subsequent to the filing of the application may not exceed the maximum price as determined by the OPA. Where the application is disposed of by an order of general applicability, payment in excess of the maximum price in effect at the time of delivery may be made for deliveries made pending disposition of the application, only as expressly authorized by order of the Price Administrator. The provisions of this paragraph are not applicable to sellers applying under paragraph (c).

A seller who wishes to enter into such an arrangement must specifically state to the buyer the following:

(1) The maximum price for the product;

(2) The fact that the appropriate application for an adjustment of that maximum price has been filed with the OPA; and

(3) The fact that the specific price quoted by him is subject to the approval of the OPA.

(g) *Delegation of authority.* Any Regional Administrator and any District Director, who has been authorized to act by the Regional Administrator having jurisdiction over his district may adjust maximum prices under this section 2 of this Supplementary Order 142.

[Paragraph (g) added by Am. 1, 10 F.R. 15384, effective 12-27-45]

(h) *Automatic pricing.* This paragraph applies to applications for adjustment on the individual item adjustment basis (Form OPA 6083:2646). OPA will acknowledge, in writing, the docketing of such applications (either in the Regional Office or in the National Office in Washington, D. C.). If the OPA fails to act upon the application within twenty (20) days after the date of docketing of the application, the new proposed maximum price, computed in the manner prescribed by this section, shall then be deemed to be approved. The act of OPA within the meaning of this paragraph shall consist of: (1) An order of denial, or (2) a letter or telegram addressed to the applicant at the address stated in his application either requesting additional information or stating that the applicant's computations appear to be incorrect or requesting a review of the applicant's books of account. If OPA later determines that these adjusted maximum prices have not been properly computed, it may disapprove such prices at any time. Notice of such disapproval shall be in the form of a letter sent to the applicant at the address stated in his application, but such disapproval shall not be effective as to any deliveries made prior to the date thereof.

[Paragraph (h) added by Am. 2, 11 F.R. 2973, effective 3-25-46]

APPENDIX A—FORMS FOR APPLICATION FOR PRICE ADJUSTMENT

Applications for price adjustment may be filed upon the following forms, or the applicant may make copies of the portions of the forms providing for submission of essential data (omitting instructions) and file with the OPA.

(For use in applying for price adjustment on an overall company, or division of the company, basis)

Name of Firm

Address of firm—number and street

City, postal zone number, State

Telephone number | Date

Total sales of company for last full fiscal year $.....
For year ended..... 194..

If less than $500,000 ($300,000 for MPR 246) file two copies of application with your Regional OPA Office. Otherwise file with Machinery Branch, Office of Price Administration, Washington 25, D. C.

GENERAL INSTRUCTIONS FOR FILING APPLICATION UNDER SUPPLEMENTARY ORDER NO. 142

Supplementary Order No. 142 provides a procedure by which manufacturers of products covered by the following regulations may apply for adjustment in the prices of such products:

Revised Maximum Price Regulation 136—Machines, Parts and Industrial Equipment (except automotive trucks, motorcycles, buses, and house and truck trailers).
Maximum Price Regulation 67—New Machine Tools.
Maximum Price Regulation 82—Wire and Cable.
Maximum Price Regulation 246—Manufacturers' and Wholesale Prices of Farm Equipment.
Maximum Price Regulation 381—Ferrous Forgings.
Maximum Price Regulation 523—Plastic Products.
Maximum Price Regulation 581—Industrial Services.

Your application for price adjustment under Supplementary Order No. 142 may be made on any one of four bases described in the table below. In each case the data which you must submit is dependent on whether or not you have had recent normal operating experience. The table indicates which one of three application forms should be used in each situation.

You should use this form only if you are applying on the basis of (1) or (2) below

	Basis of adjustment	Extent of price adjustment which will be allowed (if any)	Application form to use— Where recent normal operating experience	Where no recent normal operating experience
1	Over-all profit and loss statement.	Prices will be increased sufficiently to cover allowable total costs (including selling and administrative expense) plus a normal profit margin. An "increase factor" will be determined to apply to all the products of the company which are covered by the above regulations.	Use application Form I (OPA Form No. 6083-2644)	
2	Profit and loss statement for a division (or plant) of the company for which separate accounting records are kept.	Prices will be increased sufficiently to cover allowable total costs (including selling and administrative expense). An "increase factor" will be determined to apply to all the products of the division (or plant) which are covered by the above regulations.		
3	Unit cost data for representative items of a line (or group) of products.	Prices will be increased sufficiently to cover allowable total costs (including selling and administrative expense) for the representative items taken as a whole. The computed "increase factor" will be made to apply to all the items of the line, or group of products.	Use application Form IIA (OPA Form 6083-2645). (These forms may be used only if you maintain unit costs which can be supported by your records)	Use application Form IIB (OPA Form 6083-2646).
4	Unit cost data for individual items.	Prices will be increased sufficiently to cover allowable total manufacturing costs for each item. New prices are computed by the applicant to become effective 20 days after OPA acknowledges the docketing of the application (unless notification to contrary is given by OPA).		

Have you received any price adjustments from the Office of Price Administration since the base date? Yes ☐ No ☐
If "Yes," list on a separate sheet the OPA docket number(s) of the application(s).

SCHEDULE II—BASIC FINANCIAL INFORMATION—continued

2	Additional information required for entire company if (1) was filled out for division				
	a Net sales				
	b Direct materials				
	c Direct labor				
	d Total manufacturing expense				
	e General, administrative and selling expense				
3	Additional information required if (1) was filled out for entire company				
	a If not previously filed, submit balance sheet and profit and loss statements on OPA Form 403-50 Base Period Financial Report, or on your own prepared statements for the years 1936-1940. If your own prepared statements are presented the profit and loss statement should contain as a minimum the following items: net sales, cost of goods, net operating profit, and net profit before taxes.				
	b If not previously filed, submit your balance sheet as of the end of the fiscal year ended nearest December 31, 1945, on OPA Financial Reporting Form A or your own prepared statement.				

FOOTNOTES FOR SCHEDULE II

A If you do not consider the year ended nearest December 31, 1941 as one of normal pre-war production, explain why and submit similar data for the year ended nearest December 31, 1940. Also give the weighted average percentage increase in price from July 1, 1940 to October 1, 1941 and show how this percentage was arrived at.

B This period should cover at least three months.

C If the content of "direct labor" for the recent period differed in any important respects from its content for the fiscal year ended nearest December 31, 1941 because of a change in accounting procedure, explain fully on a separate sheet. (This need not be done if you are using the "*Projected Basis*" as described below.)

D If you are applying on the "*Current Basis*" as described below you may omit breakdown of "total other manufacturing expense" and "total other expense" in items 1 (a) (iv) and 1 (a) (vi) below.

E If the content of "General, Administrative and Selling" expense for the recent period differed in any important respects from its contents for the fiscal year ended nearest December 31, 1941 because of a change in accounting procedure, explain fully on a separate sheet. (This need not be done if you are using the "*Projected Basis*" as described below.)

F If you have granted any wage increases other than recognized increases as set forth below, list on a separate sheet such "unapproved" wage increases, the date on which granted, the extent of the increase, and the dollar amount by which direct labor for a recent three-month period should be reduced so as to reflect its cost without the "unapproved" increases, and show how this dollar amount was computed. The recognized increases include: (1) approved by the appropriate wage and salary stabilization agency under Executive Orders 9599 and 9651; (2) increases lawfully made or filed with the appropriate agency before August 18, 1945; and (3) increases made after August 18, 1945, under W. L. General Order No. 21, relating to increases not over 10¢ per hour. If you have granted only recognized increases, a statement to this effect should be made in your application.

SCHEDULE I—SALES BREAKDOWN

Fill in the following schedule relating to the breakdown of sales for your entire company

	Major groups of products sold	A Fiscal year ended nearest December 31, 1941 (1)	Fiscal year ended nearest December 31, 1944 (2)	B Recent period ..... months ended 194 (3)	Anticipated sales for next year (4)
1	Groups for which relief is requested				
	a				
	b				
	c				
	d				
	e				
2	Groups—no relief requested				
	a				
	b War work (not regular lines)				
3	Total of all products sold				

FOOTNOTES FOR SCHEDULE I

A If you do not consider the year ended nearest December 31, 1941, as one of normal pre-war production, submit regular data on a separate sheet for the fiscal year ended nearest December 31, 1940.

B This period should cover at least three months.

SCHEDULE II—BASIC FINANCIAL INFORMATION

Fill in the following information for either the entire company or for a division (or plant) of the company for which separate accounting records are maintained, (depending on whether you have filed on the basis of (1) or (2) under General Instructions above). Read carefully footnotes "A" below before filling in items.

Check one: ☐ Financial statement for entire company or ☐ for _____ division

SCHEDULE IIA—DISCOUNTS

Fill in the following schedule for the company or accounting division (used in Schedule II) to show sales to different classes of purchasers. If the proportions are approximately the same for all major product groups in the company (or accounting division) fill in only Column 1. If they vary, fill in the other columns, one for each major product group or line. If your records prevent your presenting the information in this form submit it on a separate sheet.

Submit data for the year 1941 if you are filing on a "Projected Basis." If on a "Current Basis" the data should be for the recent period used in Schedule III. If sales to different classes of purchasers for this period were not representative of anticipated sales for the coming year, you may submit supplementary information on a separate sheet.

		(1) Company or accounting division		(2) Major product group (Identify).....		(3) Major product group (Identify).....	
		Gross sales	Average % discount	Gross sales	Average % discount	Gross sales	Average % discount
1	Sales to final users						
2	Sales to dealers						
3	Sales to jobbers						
4	Sales to others						
5	Sales to others						
6	Total sales						

Do you price any products covered by this application on a formula basis? . Yes ☐ No ☐

IMPORTANT

Schedules I, II, and IIA above must be filled in completely by all applicants. If you have had recent normal operating experience as defined below you need not submit the information requested in Schedules III, and IV or V. If you have not had recent normal operating experience as defined below complete the rest of form.

If your company has available recorded data which accurately reflect normal operating experience, use is made of such data in determining any allowable price increases. This is referred to as the "Current Basis." If no such data are available, use is made of pre-war data projected to reflect certain basic changes which have occurred since that time (referred to as "Projected Basis"). To assist OPA in determining which basis to use in your case, check the answers to the following questions:

1	Do you have available for the company or accounting division (used in Schedule II) a recent profit and loss statement of at least three months duration which reflects annual operating experience?	Yes ☐	No ☐
2	Were "Net Sales" in this statement at an annual rate in excess of 75% of "Net Sales" for the fiscal year ended nearest December 31, 1941? (See Schedule II.)	Yes ☐	No ☐
3	Were "Net Sales" in this statement at an annual rate in excess of 75% of "Net Sales" for the three immediately preceding months at an annual rate? (Show here net sales for this previous three-months period $.....)	Yes ☐	No ☐
4	Were sales of major products by the company or accounting division used in Schedule II for the "recent" period (Column 3, Schedule I) in approximately the same proportions as you expect for the coming year? (Note: If answer is "Yes" and expected sales for this period are in different proportions from sales for 1941, explain fully on separate sheet why these proportions are expected to continue.)	Yes ☐	No ☐
5	Were sales made to different classes of purchasers by the company or accounting division (used in Schedule II) in the "recent period" in approximately the same proportions as you expect for the coming year? (Note: If answer is "Yes" and the expected proportion of sales to different classes of purchasers for this period varied considerably from the proportions of 1941, explain fully on a separate sheet why these changed proportions are expected to continue.)	Yes ☐	No ☐
6	Do your costs of production in the "recent accounting period" accurately reflect methods of production which you plan to use in the next year? Answer "No" for instance, if the amount of subcontracted work was higher than is anticipated for next year, or if inefficient methods necessitated by war conditions were still being reflected in costs of production for the recent period.	Yes ☐	No ☐

If you have answered "No" to any of the above questions, proceed with Schedules III, and IV or V. If you have answered "Yes" to all questions you need not proceed beyond this point. In case of doubt, it will be best to fill in Schedules III, and IV or V.

SCHEDULE III—CHANGES IN PRICES OF DIRECT MATERIAL AND PURCHASED PARTS

The purpose of this Schedule is to determine a weighted average percentage increase from October 1, 1941, to November 27, 1945 in the prices paid for direct material and parts as purchased by you in the same quantity, from the same source(s), and under the same general terms of sale, for manufacture into the products produced by the company (or division of the company) whose operations are described in Schedule II. In determining the "Value of Materials Used" in Column (1) of the Schedule proceed as follows:

1. If a wide variety of products are produced, use the first available of the following which can be determined accurately:
(a) The value of the materials actually used during the pre-war period of Column (1) in Schedule II.
(b) The value of the materials purchased during the pre-war period.
(c) An estimate of the materials used during the pre-war period.

2. If a comparatively small number of similar products are produced:
(a) Select a representative product which uses the principal materials in amounts bearing a reasonable relation to the totals for the entire company (or division) and determine the "Value of Materials Used" from a bill of materials for this product.
(b) If no one product fills the requirements of 2(a) you may select and add together the bills of materials of several products.

NOTE: If (2) is used, give name of product on which materials increase was based and indicate the volume of sales of that product in the pre-war period used in Schedule II.

FOOTNOTES FOR SCHEDULE III

A "Description of Material" may refer either to individual items or to groups of items where a wide variety of such items are purchased. In the case of individual items the "Description of Materials" should be specific and complete for each item setting forth the name of the material, form, size, etc., for raw materials, and the name and supplier's designation for component parts and subassemblies. Where a wide variety of items is referred to, give the group designation of products under the "Description" and show average prices in Columns (2) and (3) if such averages have significance. Otherwise make entries only in Columns (1) and (4). Wherever practical, the first method should be used. The grouping of items and averaging may be used *only* where the prices of the materials involved have not changed or changed only slightly, or constitute a homogeneous group such as gray iron castings (not all castings) or hot-rolled steel bars (not all steel).

B See introductory statement above.

FOOTNOTES FOR SCHEDULE III—continued

C Show the October 1941 price paid per unit of material or part. This should be the price recorded on the earliest dated invoice in October 1941 representing a normal-sized purchase from your principal customary supplier. If you have no invoice during that month, use the last preceding invoice dated earlier than October 1941.

D Report prices as of November 27, 1945. If the current price is in excess of the November 27, 1945 price, *report* such an increase on a separate sheet, but recognition of such increases are subject to Executive Orders 9599, 9651, such directives as are issued thereunder, and the applicable standards of OPA. The November 27, 1945 price should be the ceiling price of the material or part sold by the 1941 supplier in the same quantity and under the same general terms of sale for which the October 1941 price shown in Column (2) was reported. The ceiling price of an alternative supplier should be reported *only* where the 1941 supplier has gone completely out of the business of supplying that general type of material. Where this has occurred the ceiling price must be reported for a supplier of the same class and for the customary-sized purchase on which the October 1941 price was reported. Only where November 17, 1945 prices definitely cannot be determined may current ceiling prices be reported under the same conditions (stated above) as apply to the November 27, 1945 price. Indicate these current ceiling prices with an asterisk (*) and the date for which reported. OPA will make the necessary adjustment (if any).

E See Footnote D immediately above. Place a check mark (✓) opposite the name if it is not the base date supplier.

F "All Other" if possible, should not account for more than 25% of the total. Give an estimate of the percentage increase in the column provided for this purpose.

SCHEDULE IIIA—CHANGES IN PRICES OF INDIRECT MATERIALS AND SUPPLIES

Give estimate of average increase in legal prices of indirect materials and supplies, ...%. If estimated increase is more than 12% fill out schedule similar to Schedule III for indirect materials and supplies.

INTRODUCTION TO SCHEDULE IV AND V—CHANGES IN BASIC WAGE RATES

Fill in either Schedule IV or Schedule V. Schedule IV, however, should be used wherever possible. The use of Schedule V is limited to certain special conditions set forth below under the general instructions preceding the table of Schedule V. The Schedules, in general, are used to measure certain increases in your basic wage rates of factory employees from October 1, 1941 to November 27, 1945. This refers to increases in single rates, or in ranges of rates (measured from the mid-point of the old range to the mid-point of the new) for one or more job classifications, as distinguished from increases affecting single employees. If Schedule II is filled out for a division (or plant) of the company "factory employees" refers to all workers included in "direct labor" (Line 1 (b) (ii)). If Schedule II is filled out for the entire company "factory employees" included "indirect labor" as well as "direct labor." Ordinarily this should include, in addition to productive workers, the maintenance, supervisory and other indirect workers. Sales and administrative employees should not be included. The OPA will recognize any increases in wages or salaries approved by the appropriate stabilization agency on or before November 27, 1945.

NOTE: Report any increases since that time, but the recognition of such increases in the computation of adjusted cost shall be subject to the provisions of Executive Orders 9599, 9651, such directives as are issued thereunder by the Stabilization Director, and the applicable standards of OPA.

The following lists of recognized increases show types of increases which may be included and those which may not be included.

Types of increases which may be included

1. A plant-wide or any other general increase affecting a considerable portion of the positions in the plant which provides (a) a uniform change in cents per hour or per piece, (b) a uniform percentage change for all jobs covered by the action, or (c) a systematic list of differential increases among jobs.
2. Increases in cents per hour, or percent, to one or more job classification rates, rate changes, piece rates or incentive wage rates.
3. Changes in the structure of incentive plans which affect the amount that can be earned for the same quantity and quality of work as represented by the average worker affected as of the date the changes were made.
4. An action in which the War Labor Board awards have provided for internal readjustment of wage rates amounting to a specified average increase.
5. Increases to equalize job rates for women, or for other groups of persons with rates for work of equal quantity or quality already paid generally, but in no case shall the weight given such a change, exceed the proportion of the plant's employees in those groups previously paid at lower rates on the payroll period covering most of October 1-15, 1941.

Types of increases which will not be included

1. In-grade promotions or any change in wage for the individual as distinguished from a change in the rate for the job.
2. Changes in vacation policies, non-production bonuses, or pay for overtime.
3. Increases granted automatically for length of service at stated intervals or after given periods.
4. Increases in earnings because of greater worker productivity under an incentive plan.
5. Changes in piece rates resulting from drastic changes in products, unless there has been a specific bargaining agreement to increase earnings during the process of revision.
6. Higher shift differentials except for plants which have multiple shifts in the major part of the plant's operations in 1941.

SCHEDULE IV—CHANGES IN BASIC WAGE RATES (ANALYSIS OF WAGE ACTIONS)

This method should be used wherever possible. If you had established job classifications on October 1, 1941, you should be able to fill in A below completely. If no such job classifications were in effect on October 1, 1941, fill out the schedule for the period from October 2, 1941, to November 27, 1945, and data obtained from B will be used to measure the change from October 1, 1941, to October 2, 1942. B should be filled in completely in either case.

3	Total earnings at straight time rates G.....	$	$	$
4	Average straight-time hourly earnings (Line 3÷Line 2).	$	$	$

FOOTNOTES FOR SCHEDULE IV

A An entry should be made for each separate occasion of a wage increase among the factory employees for the organization unit of the business reported in Schedule II. The change might involve only one job, or might include several job classifications, or even the whole of a department or plant. See NOTE above, under Introduction to Schedule IV and V.

B If an entry in this Column covers more than one job classification, rate or rate range receiving non-uniform increases, the amount reported should represent the weighted average of all the increases. The weighted average may be determined by multiplying the amount of each separate increase by the number of employees receiving the increase.

C Fill in this Column only in case the increase in Column (3) is stated in percent. Select a payroll period immediately preceding the date of the adjustment and determine the average hourly earnings during that period for the group of employees receiving the increase.

D This operation is for the purpose of converting any increases expressed in percentage in Column 2 into cents per hour.

E Compute the percentage of workers affected by dividing the number of employees to which the rate change applies by the total number of factory employees on the payroll at the time the change was effected.

F For each adjustment since October 2, 1942, the WLB Office approving such adjustment and the order number and date must be listed for each adjustment requiring specific WLB approval. For other adjustments, such as those made under WLB General Orders, indicate the type of authorization.

G Total earnings of employees at straight-time rates means earnings (1) before deductions for social security, withholding taxes, insurance, hospitalization dues, etc., (2) inclusive of regularly recurring bonus payments, such as production bonuses, and (3) exclusive of extra payments for overtime, and bonus payments that are not a part of regular earnings.

SCHEDULE V—CHANGES IN BASIC WAGE RATES (ANALYSIS OF OCCUPATIONAL WAGE RATES)

This alternative may be used only if the following conditions make it impossible to use Schedule IV:
(a) A continuous history of wage rate increases is lacking because of an extended company (or plant) shutdown after October 1941.
(b) The proportion of workers in the job classification receiving wage increases to total company (or division) employment varied substantially (except where uniform wage increases were granted to the job classifications affected).
If this Schedule is used instead of Schedule IV, indicate fully why Schedule IV could not be used.

FOOTNOTES FOR SCHEDULE V

[A] List the most important occupation or job classification of factory employees on payroll during last period prior to October 1, 1941, for the organizational unit reported in Schedule II. Account for at least 75% of the total employees.
[B] Give number of employees in each occupation or job classification for this same period.
[C] If there existed an established range of rates for the job during the period specified, list the minimum and maximum straight-time rates in the appropriate columns. Also see Note above, under Introduction to Schedule IV and V.
[D] If entries were made in the two previous columns, enter here the mid-point between these maximum and minimum rates. Otherwise enter the specific straight-time rate applicable to the job for the period specified.

GENERAL INSTRUCTIONS FOR FILING APPLICATION UNDER SUPPLEMENTARY ORDER NO. 142

Supplementary Order No. 142 provides a procedure by which manufacturers of products covered by the following regulations may apply for adjustment in the prices of such products:
Revised Maximum Price Regulation 136—Machines, Parts and Industrial Equipment (except automotive trucks, motorcycles, buses, and house and truck trailers).
Maximum Price Regulation 67—New Machine Tools.
Maximum Price Regulation 82—Wire and Cable.
Maximum Price Regulation 246—Manufacturers' and Wholesale Prices of Farm Equipment.
Maximum Price Regulation 351—Ferrous Forgings.
Maximum Price Regulation 523—Plastic Products.
Maximum Price Regulation 581—Industrial Services.
Your application for price adjustment under Supplementary Order No. 142 may be made on any one of four bases described in the table below. In each case the data which you must submit is dependent on whether or not you have had recent normal operating experience. The table indicates which one of three application forms should be used in each situation.

	Basis of adjustment	Extent of price adjustment which will be allowed (if any)	Application form to use: Where recent normal operating experience	Application form to use: Where no recent normal operating experience
1	Over-all profit and loss statement.	Prices will be increased sufficiently to cover allowable total costs (including selling and administrative expense) plus a normal profit margin. An "increase factor" will be determined to apply to all the products of the company which are covered by the above regulations.	Use application Form 1 (OPA Form No. 6083-2644)	
2	Profit and loss statement for a division (or plant) of the company for which separate accounting records are kept.	Prices will be increased sufficiently to cover allowable total costs (including selling and administrative expense). An "increase factor" will be determined to apply to all the products of the Division (or plant) which are covered by the above regulations.		
3	Unit cost data for representative items of a line (or group) of products	Prices will be increased sufficiently to cover allowable total costs (including selling and administrative expense) for the representative items taken as a whole. The computed "increase factor" will be made to apply to all the items of the line, or group of products.	Use Application Form IIA (OPA Form 6083-2645). (These forms may be used only if you maintain unit costs which can be supported by your records).	Use Application Form IIB (OPA Form 6083-2646).
4	Unit cost data for individual items.	Prices will be increased sufficiently to cover allowable total manufacturing costs for each item. New prices are computed by the applicant to become effective 20 days after OPA acknowledges the docketing of the application (unless notification to the contrary is given by (OPA).		

WHEN THIS FORM IIA IS TO BE USED

You may use this form if you are applying on the basis of either (3) or (4) above, maintain unit costs which can be supported by your records, and if you have available current cost data reflecting normal cost experience for the items, or line of products, for which price adjustment is desired. You are considered to have had normal operating experience for an item if all the following conditions are met: (a) sales for the last three months were at an annual rate in excess of 75% of sales for the year 1941, (b) sales for the last three months were in excess of 75% of sales for the immediately preceding three months' period, and (c) current costs reflect methods of production such as will be in use for the coming period. (You do not meet this test, for instance, if current costs reflect an abnormal amount of subcontracting work, or if the use of inefficient methods of production necessitated by war conditions, have not been eliminated.) To indicate your position in these respects fill in Schedule I below. The percentage comparisons are indicated in Lines (4) and (5) of Schedule I.

SCHEDULE I—SALES INFORMATION

In the following schedule allow one column to an item. If application is being made for a line (or group) of products, select representative items which accurately reflect the average cost-price relationship of the line or group (generally, the fastest selling items) and fill in the requested information for these items, including the two "Total Columns." The items selected should account for at least 25% of total sales of the line or group in 1941, but you need not submit data for more than eight items if these are truly representative. If you are not able to select a representative sample of items for the line, all of which meet the tests for recent normal operating experience (lines 4 and 5 below), obtain copy of Application Form IIB and fill out for other representative items which do not meet the tests for normal operating experience.

[A] If your sales of these items are seasonal so that sales for the period are not truly representative, you may submit additional data to demonstrate that sales of the items are actually at a rate in excess of 75% of normal sales for the year 1941.

PART A—COMPUTATION OF NEW MAXIMUM PRICES FOR INDIVIDUAL ITEMS

SCHEDULE II—COMPUTATION OF AVERAGE DISCOUNT

The purpose of this schedule is to determine for the last three months' period the average discounts from list (or gross) prices for each item listed in Schedule I, when such items were sold to more than one class of purchaser. If sales to different classes of purchasers for this period are not representative of anticipated sales for the coming year, you may submit supplementary information relating to this for consideration by OPA.

FOOTNOTES FOR SCHEDULE III

[A] If the current content of "direct labor" differs in any important respects from its content on the base date, make adjustments needed to express current and base date "direct labor" and "factory overhead" on the same basis and explain fully on a separate sheet.

[B] If you have granted any wage increases other than recognized increases as set forth below, list on a separate sheet such "unapproved" wage increases, the date on which granted, the extent of the increases, and the amount by which direct labor should be reduced so as to reflect its cost without the "unapproved" increases, and show how this amount was computed. The recognized increases include:

(1) wage increases approved by the appropriate wage and salary stabilization agency under Executive Orders 9599 and 9651,

(2) increases lawfully made or approved by the appropriate wage stabilization agency before August 18, 1945, and,

(3) increases made after August 18, 1945, under WLB General Order 30 relating to increases up to 55 cents per hour.

If you have granted only recognized increases, a statement to this effect should be made in your application.

[C] If the current method of allocating "factory overhead" is different in any important respects from the method used on the base date, make adjustments needed to express current and base date factory overhead on the same basis, and explain fully on a separate sheet.

[D] If application is for a line of products *do not* fill in this line.

NOTE.—If cost data in Part A above are for representative items of a line (or group) or products, fill in Part B below. If cost data in Part A are for individual items, you need not fill in Part B.

PART B—NEW MAXIMUM PRICES FOR A LINE (OR GROUP) OF PRODUCTS

SCHEDULE IV—ADDITIONAL DATA REQUIRED

If application is being made for "representative items" of a line, or group, of products, fill in the following schedule. In this case, OPA will determine the amount of price adjustment, if any, and notify you accordingly.

		(1)		(2)		(3)		(4)

	a Total net sales of division for period shown.								
	b Total selling, general and administrative expense for division.								

NOTE: If any expenditures classified as selling, general or administrative expense on the base date are now classified as factory overhead, or vice versa, explain fully.

I certify that the facts submitted in this application are true and correct.

If less than $500,000 ($300,000 for MPR 246) file two copies of application with your Regional OPA Office. Otherwise file with Machinery Branch, Office of Price Administration, Washington 25, D. C.

GENERAL INSTRUCTIONS FOR FILING APPLICATION UNDER SUPPLEMENTARY ORDER NO. 142

Supplementary Order No. 142 provides a procedure by which manufacturers of products covered by the following regulations may apply for adjustment of their maximum prices: Maximum Price Regulation 136—Machine Parts and Industrial Equipment (except automotive trucks, motorcycles, buses, and house and truck trailers).
Maximum Price Regulation 67—New Machine Tools.
Maximum Price Regulation 82—Wire and Cable.
Maximum Price Regulation 246—Manufacturers.
Maximum Price Regulation 257—Retail and Wholesale Prices of Farm Equipment.
Maximum Price Regulation 329—Plastic Products.
Maximum Price Regulation 381—Industrial Services.

Your application for price adjustment under Supplementary Order No. 142 may be made on any one of four bases described in the table below. In each case the data which you submit must be dependent on whether or not you have had recent normal operating experience. The letter indicates which one of three application forms should be used in each situation.

	Basis of adjustment	Extent of price adjustment which will be allowed (if any)	Application form to use: Where recent normal operating experience	Application form to use: Where no recent normal operating experience
1	Overall profit and loss statement.	Prices will be increased sufficiently to cover allowable total costs (including selling and administrative expenses) plus a normal profit margin. Any increase will be determined to apply to all products of the company which are covered by the above regulation.	Use application Form I (OPA Form No. 6083-2644)	
2	Profit and loss statement for division of company for which separate accounting records are kept.	Prices will be increased sufficiently to cover allowable total costs (including selling and administrative expenses) plus a normal profit margin. Any increase will be determined to apply to all the products of the division (or plant) which are covered by the above regulations.		
3	Unit cost data for representative items of a line (or group) of products.	Prices will be increased sufficiently to cover allowable total costs (including selling and administrative expenses) for the representative items taken as a whole. The computed "increase factor" will be made to apply to all the items of the line, or group of products.	Use Application Form IIA (OPA Form 6083-2645)	Use Application Form IIB (OPA Form 6083-2646)
4	Unit cost data for individual items.	Prices will be increased sufficiently to cover allowable total manufacturing costs for each item. New prices are computed by the applicant to become effective only after OPA has completed checking of the application (unless notification to the contrary is given by OPA).	(These forms may be used only if you maintain unit costs which can be supported by your records)	

WHEN THIS FORM IIB IS TO BE USED

You should use this form if you are applying on the basis of either (3) or (4) above, maintain unit costs which can be supported by your records, but do not have available current unit cost data reflecting normal cost experience for the items, or lines of products, for which price adjustment is desired. You are considered not to have normal operating experience for any item if you have sold less than a total of 75% of your sales of that item during the last three months of the year 1941. (A sales for the last three months were less than 75% of sales for the immediately preceding three-month period, and (c) current costs reflect abnormalities which will not exist in the coming year (such as an abnormal amount of subcontracting work, or the use of inefficient methods of production, necessitated by war conditions which have not as yet been eliminated). To indicate your position in these respects fill in Schedule I below. The percentage comparisons are indicated in Lines (4) and (5) of Schedule I.

SCHEDULE I—SALES INFORMATION

In the following schedule allow one line to an item. If application is being made for a line (or group) of products select representative items which accurately reflect the average cost-price relationship of the line or group (generally the fastest selling items) and fill in the requested information for these items, including the two "Total Columns." The items selected should account for at least 75% of total sales of the line or group. If sales data for the year 1941 are not available for any item, use the most recent 12 months' data for which sales are available. In selecting a sample you may include on this application form items for which you have costs reflecting recent normal operating experience, as well as for those for which you do not have such experience.

	Identify each item in the spaces below (Name, Catalog Numbers, etc.)					Total of columns 1, 2, 3; and 4	Total sales of entire line
		(1)	(2)	(3)	(4)		
1	Sales—last 3 months x 4 [A]						
2	Sales—3 previous months x 4						
3	Sales—year ended December 31, 1941						
4	Line 1÷line 2						
5	Line 1÷line 3						

[A] If your sales of these items are seasonal in nature so that sales for the period are not truly representative, may submit additional data to demonstrate that sales of the items are actually at a rate in excess of 75% of normal sales for the year 1941.

PART A—COMPUTATION OF NEW MAXIMUM PRICES

SCHEDULE II—COMPUTATION OF AVERAGE DISCOUNT

The purpose of this schedule is to determine for the year 1941 or some significant part thereof the average discounts from list (or gross) prices for each item listed in Schedule I, when such items were sold to more than one class of purchaser. If sales to different classes of purchasers for this period were not representative of anticipated sales for the coming year, you may submit supplementary information relating to this for consideration by OPA

PART B—ALLOWABLE INCREASES IN COSTS

SCHEDULE IV—COMPUTATION OF PERCENTAGE INCREASES IN PRICES OF DIRECT MATERIALS

For the completion of Line 4a of Schedule III you must determine the percentage increase since the applicable base date in the covering regulation in the prices of materials, parts and subassemblies as purchased by you in the same quantity, from the same source(s) and under the same general terms of sale. Where several items are listed in Schedule I, separate percentages may be determined for each item if such items are quite dissimilar with respect to the materials used and the proportions in which they are used. Otherwise fill out the schedule on the basis of all the bills of materials of the items listed in Schedule I.

FOOTNOTES FOR SCHEDULE IV

[A] "Description of Material" may refer either to individual items or to groups of items where a wide variety of such items are purchased. In the case of individual items the "Description of Materials" should be specific and complete for each item setting forth the name of the material, form, size, etc., for raw materials, and the name and supplier's designation for component parts and subassemblies. Where a wide variety of items is referred to, give the group designation of products under the "Description" and show average prices in Columns (2) and (3) if such averages have significance. Otherwise make entries only in Columns (1) and (4). Wherever practical, the first method should be used. The grouping of items and averaging may be used *only* where the prices of the materials involved have not changed or changed only slightly, or constitute a homogeneous group such as gray iron castings (not all castings) or hot-rolled steel bars (not all steel).

[B] Indicate here the value of the material or part in the bill of materials, or if the schedule applies to several items, the total value of the materials as indicated in all the bills of materials combined.

[C] Show the base date price paid per unit of material or part. This should be the price recorded on the earliest dated invoice in October 1941 representing a normal-sized purchase from your principal customary supplier. If you have no invoice during that month, use the last preceding invoice dated earlier than October 1941.

[D] Report prices as of November 27, 1945. If the current price is in excess of the November 27, 1945 price, *report* such an increase on a separate sheet, but recognition of such increases are subject to Executive Orders 9599, 9651, such directives as are issued thereunder, and the applicable standards of OPA. The November 27, 1945 price should be the ceiling price of the material or part sold by the 1941 supplier in the same quantity and under the same general terms of sale for which the October 1941 price shown in Column (2) was reported. The ceiling price of an alternative supplier should be reported *only* where the 1941 supplier has gone completely out of the business of supplying that general type of material. Where this has occurred the ceiling price must be reported for a supplier of the same class and for the customary-sized purchase on which the October 1941 price was reported.

FOOTNOTES FOR SCHEDULE IV—continued

Only where November 27, 1945 prices definitely cannot be determined may current ceiling prices be reported under the same conditions (stated above) as apply to the November 27, 1945 price. Indicate these current ceiling prices with an asterisk (*) and the date for which reported. OPA will make the necessary adjustment (if any).

[E] "All Other" if possible, should not account for more than 25% of the total. Give an estimate of the percentage increase in the column provided for this purpose.

SCHEDULE V—COMPUTATION OF PERCENTAGE INCREASE IN BASIC WAGE RATE SCHEDULE

For the completion of Line 4b of Schedule III you must determine the percentage increase from the applicable base date of the covering regulation to November 27, 1945 in the basic wage rates of your direct factory workers employed in the division of your business in which the items given in Schedule I are produced. Two alternative methods are provided below for determining this percentage increase. Full instructions for selecting the proper one and filling out the form follow.

GENERAL INSTRUCTIONS FOR FILLING OUT SCHEDULE V

Fill in *either* Schedule V (1) *or* V (2). Schedule V (1), however, should be used wherever possible. The use of Schedule V (2) is limited to certain special conditions set forth below under the instructions preceding the table of Schedule V (2). The Schedules, in general, are used to measure certain increases in your basic wage rates of factory employees since the applicable base date in the covering regulation. This refers to increases in single rates, or ranges of rates (measured from the mid-point of the old range to the mid-point of the new) for one or more job classifications as distinguished from increases affecting single employees. "Factory employees" refers to all the workers included in "direct labor" (Line 3b of Schedule III).

The OPA will recognize any increases in wages or salaries approved by the appropriate stabilization agency on or before November 27, 1945.

NOTE.—Report any increases since that time, but the recognition of such increases in the computation of adjusted costs shall be subject to the provisions of Executive Orders 9599, 9651, such directives as are issued thereunder by the Stabilization Director, and the applicable standards of OPA.

The following lists show types of recognized increases which may be included, and those which may not be included:

Types of changes which may be included

1. A plant-wide or any other general increase affecting a considerable portion of the positions in the plant which provides (a) a uniform change in cents per hour or per piece, (b) a uniform percentage change for all jobs covered by the action, or (c) a systematic list of differential increases among jobs.
2. Increases in cents per hour, or percent, to one or more job classification rates, rate ranges, piece rates or incentive wage rates.
3. Changes in the structure of incentive plans which affect the amount that can be earned for the same quality of work as represented by the average worker affected as of the date the changes were made.
4. An action in which the War Labor Board awards have provided for internal readjustment of wage rates amounting to a specified average increase.
5. Increases to equalize job rates for women, or for persons of certain races with rates for work of equal quantity or quality as already paid to men, or to persons of other races, but in no case shall the weight given such a change exceed the proportion of the plant's employees in those groups previously paid at lower rates in the payroll period immediately preceding the base date.

Types of changes which may not be included

1. In-grade promotions or any change in wage for the individual as distinguished from a change in the rate for the job.
2. Changes in vacation policies, non-production bonuses, or pay for overtime.
3. Increases granted automatically for length of service at stated intervals or after given periods.
4. Increases in earnings because of greater worker productivity under an incentive plan.
5. Changes in piece rates resulting from drastic changes in products, unless there has been a specific bargaining agreement to increase earnings during the process of revision.
6. Higher shift differentials except for plants which have multiple shifts in the major part of the plant's operations on the base date.

FOOTNOTES FOR SCHEDULE V

[A] An entry should be made for each separate occasion of a wage increase among the factory employees for the division of the business in which the items are produced. The change might involve only one job, or might include several job classifications, or even the whole of a department or plant. See NOTE above, under General Instructions for Filling Out Schedule V.

[a] If an entry in this Column covers more than one job classification, rate or rate range receiving non-uniform increases, the amount reported should represent the weighted average of all the increase. The weighted average may be determined by multiplying the amount of each separate increase by the number of employees affected and dividing the sum of these products by the total number of employees receiving the increase.

[c] Fill in this Column only in case the increase in Column 3 is stated in percent. Select a payroll period immediately preceding the date of the adjustment and determine the average hourly earnings during that period for the group of employees receiving the increase.

[d] This operation is for the purpose of converting any increase expressed in percentage in Column 2 into cents per hour.

[e] Compute the percentage of workers affected by dividing the number of employees to which the rate change applies by the total number of factory employees on the payroll at the time the change was affected.

[f] For each adjustment since October 2, 1942, the WLB Office approving such adjustment and the order number and date must be listed for each adjustment requiring specific WLB approval. For other adjustments, such as those made under WLB General Orders, indicate the type of authorization.

[g] Total earnings of employees at straight-time rates means earnings (1) before deductions for Social Security, withholding taxes, insurance, hospitalization dues, etc., (2) inclusive of regularly recurring bonus payments, such as production bonuses, and (3) exclusive of extra payments for overtime, and bonus payments that are not a part of regular earnings.

[h] List the most important occupation or job classification of factory employees on payroll during last period prior to the applicable date of the regulation for the division producing the item. Account for at least 75% of the total employees.

[i] Give number of employees in each occupation or job classification for this same period.

[j] If there existed an established range of rates for the job during the period specified list the minimum and maximum time rates in the appropriate columns. Also see NOTE above, under General Instructions for Filling Out Schedule V.

[k] If entries were made in the two previous columns, enter here the mid-point between these maximum and minimum rates. Otherwise, enter the specific straight-time rate applicable to the job for the period specified.

I certify that the facts submitted in this application are true and correct.

PART 1301—MACHINE TOOLS

[MPR 67, Amdt. 3]

NEW MACHINE TOOLS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 67 is amended in the following respects:

1. Section 4 is amended by adding a new paragraph (g) to read as follows:

(g) The maximum prices established under paragraphs (a) to (d) inclusive, shall be increased by 20%.

2. The first sentence of section 1 (c) (1) is amended to read as follows:

(1) "Machine tool" means a power, hand or foot driven machine (except portable machine tools) used for shaping metal by cutting, abrading, straightening, forcing, forging, or forming under pressure.

This amendment shall become effective April 19, 1946.

Issued this 19th day of April 1946.

PAUL A. PORTER,
Administrator.

PART 1315—RUBBER AND PRODUCTS AND MATERIAL OF WHICH RUBBER IS A COMPONENT

[MPR 220,[1] incl. Amdts. 1-27]

CERTAIN RUBBER COMMODITIES

This compilation of Maximum Price Regulation 220 includes Amendment 27, effective April 24, 1946. The text added or amended by Amendment 27 is underscored. Redesignations are indicated by notes.

In the judgment of the Price Administrator the maximum prices established by this regulation are and will be generally fair and equitable, will effectuate the purposes of the Emergency Price Control Act of 1942 and are necessary to adjust the provisions of the General Maximum Price Regulation[2] to the particular circumstances of manufacturers of rubber commodities. A statement of the considerations[3] involved in the issuance of this regulation has been issued simultaneously herewith and filed with the Division of the Federal Register.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1[4] issued by the Office of Price Administration, Maximum Price Regulation No. 220 is hereby issued.

Sec.

1315.1551 Applicability of this Maximum Price Regulation No. 220 and the General Maximum Price Regulation.
1315.1552 Prohibition against dealing in rubber commodities above maximum prices.
1315.1555 First pricing method: Minor changes.
1315.1553 Maximum prices for rubber commodities delivered or offered for delivery during March 1942.
1315.1554 Maximum prices for rubber commodities not delivered or offered for delivery during March 1942.
1315.1556 Second pricing method: Changes necessitated by shortages of materials or parts.
1315.1557 Third pricing method: Other than minor changes or changes necessitated by shortages of materials or parts.
1315.1557a Fractions of a cent.
1315.1557b Maximum manufacturers' prices for elastic webbing, braid, and cord.
1315.1557c Maximum wholesalers' prices for elastic webbing, braid, and cord.
1315.1557d Maximum prices for sales of rubber bands at all levels.
1315.1557e Maximum prices for manufacturers' and wholesalers' sales of sandblast stencil.
1315.1557f Maximum wholesalers' prices for industrial rubberized fabric gloves.
1315.1557g Maximum manufacturers' prices for cements.
1315.1558 Fourth pricing method: Specific authorization by the Office of Price Administration.
1315.1558a Maximum wholesale and retail prices for certain sanitary treated items.
1315.1558b Maximum prices for certain specified rejected commodities.
1315.1559 Terms and conditions of sale.
1315.1559a Notification of maximum wholesale and retail prices of certain sanitary treated items.
1315.1559b Transfers of business or stock in trade.
1315.1560 Evasion.
1315.1560a Adjustable pricing.
1315.1560b Application for adjustments.
1315.1560c Industry-wide adjustments for reconversion products.
1315.1561 Petitions for amendment.
1315.1561a Licensing.
1315.1562 Enforcement.
1315.1563 Definitions.
1315.1564 Geographical applicability.
1315.1565 Effective date.
1315.1566 Effective dates of amendments.
1315.1567 Appendix A: Articles covered by the regulation.
1315.1568 Appendix B: Form for application for adjustment of maximum manufacturers' prices of certain rubber commodities.

AUTHORITY: §§ 1315.1551 to 1315.1567, inclusive, issued under 56 Stat. 23, 765; 57 Stat. 566; Pub. Law 383, 78th Cong.; Pub. Law 108, 79th Cong. E.O. 9250, 7 F.R. 7871, E.O. 9328, 8 F.R. 4681; E.O. 9599, 10 F.R. 10155; E.O. 9651, 10 F.R. 13467; E.O. 9697, 11 F.R. 1691.

§ 1315.1551 *Applicability of this Maximum Price Regulation No. 220 and the General Maximum Price Regulation*—(a) *What commodities must be priced under this regulation.* This regulation is applicable to the commodities listed in Appendix A (§ 1315.1567) when they are made in whole or in part of rubber, and to the commodities listed in paragraphs (a) and (i) of Appendix A (§ 1315.1567) when they are made of oil coated fabrics, if their maximum prices would be established by the General Maximum Price Regulation in the absence of this Maximum Price Regulation No. 220. This regulation applies, instead of the General Maximum Price Regulation, to such commodities. However, this Maximum Price Regulation No. 220 is not applicable to any commodity listed in Appendix A if its maximum price is established by any other regulation, issued or which may be issued by the Office of Price Administration. Specifically but not exclusively, this Maximum Price Regulation No. 220 is not applicable to sales or deliveries, the maximum prices of which are established by Maximum Price Regulation No. 136[5]—Machines and Parts, and Machinery Services; Maximum Price Regulation No. 157[6]—Sales and Fabrication of Textiles, Apparel and Related Articles for Military Purposes and Maximum Price Regulation No. 188[7]—Maximum Prices for Specified Building Materials and Consumers' Goods other than Apparel. A commodity that must be priced under this Maximum Price Regulation No. 220 will henceforth be referred to as a "rubber commodity."

[Above paragraph amended by Am. 19, 10 F.R. 4599, effective 5-1-45]

(b) *Applicability of the General Maximum Price Regulation.* Sections 1499.1 to 1499.3 inclusive, §§ 1499.4a, 1499.13, to 1499.16, 1499.18, 1499.21 and §§ 1499.23 to 1499.25, inclusive, of the General Maximum Price Regulation are not applicable to sales or deliveries of rubber commodities, except as provided by paragraph (d) of the next section (§ 1315.1552). However, all other sections of the General Maximum Price Regulation, together with existing and subsequent supplementary regulations (including Supplementary Regulation No. 4[8]) and amendments to such sections are applicable to rubber commodities.

[§ 1315.1551 amended by Am. 1, 7 F.R. 8936, effective 11-4-42; and Am. 2, 7 F.R. 11111, effective 1-4-43]

§ 1315.1552 *Prohibition against dealing in rubber commodities above maximum prices.* (a) On and after September 19, 1942, regardless of any contract or other obligation (except as provided in paragraph (d) of this section):

(1) No person shall sell or deliver any rubber commodity at a price higher than the maximum price established by this regulation for a sale by him of that commodity; and

[Subparagraph (1) amended by Am. 8, 8 F.R. 6043, effective 5-13-43]

(2) No person in the course of trade or business shall buy or receive any such commodity at a price higher than the maximum price permitted by this regulation. However, where the maximum price for a commodity has been established under a section of this regulation which requires the seller to compute his maximum price or proposed maximum price and report it to the Office of Price Administration, if the purchaser shall receive from the seller a written affirmation that the seller has calculated the maximum price for the commodity in accordance with the appropriate section and has filed the required report with the Office of Price Administration, and if in such case the purchaser shall have no knowledge of the maximum price and no cause to doubt the accuracy of the affirmation, and provided the price paid is not in excess of the maximum price as affirmed by the seller, the purchaser shall be deemed to have complied with this section.

[Subparagraph (2) amended by Am. 8, 8 F.R. 6043, effective 5-13-43; Am. 17, 8 F.R. 9650, effective 8-14-44 and Am. 27, effective 4-24-46]

(b) The provisions of paragraph (a) (2) of this section shall not be applicable to any war procurement agency or any contracting officer thereof, and any such contracting officer or any paying finance officer shall be relieved of any and every liability, civil or criminal, imposed by this Maximum Price Regulation No. 220 or by the Emergency Price Control Act of 1942.

(c) On and after September 19, 1942, no manufacturer shall sell, offer to sell, deliver or transfer any rubber commodity for which a maximum price must be determined under § 1315.1558 until he has complied with the reporting and waiting provisions thereof.

(d) Nothing in this Maximum Price Regulation No. 220 shall prevent the fulfillment of contracts entered into before September 19, 1942, for the sale of rubber commodities at prices not exceeding the maximum prices established by the General Maximum Price Regulation prior to September 19, 1942.

§ 1315.1553 *Maximum prices for rubber commodities delivered or offered for delivery during March 1942.* (a) The maximum price for a sale by a manufacturer of any rubber commodity which is the same as a commodity which was delivered or offered for delivery in March, 1942, by the manufacturer, shall be the highest price charged by the manufacturer during March, 1942 (as defined in paragraph (a) (1) of § 1315.1564), for the commodity less the deductions required by paragraphs (b) and (c) of this section, wherever applicable.

[Paragraph (a) amended by Am. 9, 8 F.R. 7497, effective 6-17-43]

(b) If, during March, 1942, the manufacturer did not customarily state and collect separately from the purchase price the federal excise tax on rubber commodities, he shall deduct the amount of such tax from the maximum price determined in accordance with the provisions of paragraph (a) of this section.

(c) If a commodity priced under this section contains synthetic or substitute rubber or balata, the price of which in effect on August 1, 1943, or the current price, whichever is lower, is less than the price in effect on March 31, 1942, the manufacturer shall deduct from the price determined in accordance with the provisions of paragraph (a) of this section a differential to be calculated as follows:

(1) Where the manufacturer compounds the synthetic or substitute rubber or balata contained in the commodity, he shall first determine the amount of each type of synthetic or substitute rubber or balata required to produce the commodity. The manufacturer will then multiply this amount by the difference between the price of the synthetic or substitute rubber or balata in effect to him on March 31, 1942, and the price for that material in effect to him on August 1, 1943, or the current price (not exceeding the maximum price), whichever is lower. The resulting figure is the differential. If the manufacturer customarily sold several sizes, styles or compounds of the commodity at the same price to the same class of purchasers, he shall use the same differential for all sizes, styles or compounds of the commodity that he sold at the same price to the same class of purchasers. This differential shall be calculated in the manner just set forth except that in applying that method the manufacturer shall use the method he customarily used in March, 1942, to arrive at a uniform price. If the manufacturer had no such customary method, he shall use as a basis for calculating the differential that size, style or compound of the commodity of which he sold the largest quantity during the period January 1, 1943, to July 1, 1943.

(2) Where the manufacturer did not compound the synthetic or substitute rubber or balata contained in the commodity he shall first determine the price for the material or part purchased by him which contains synthetic or substitute rubber or balata in accordance with paragraph (a) (1) (ii) (*a*) of § 1315.1557. The manufacturer shall then deduct from that price the first price at which he purchased the material or part containing the synthetic or substitute rubber or balata after August 1, 1943, or the current price (not exceeding the maximum price), whichever is lower.

[Paragraph (c) added by Am. 9, 8 F.R. 7497, effective 6-17-43, amended by Am. 12, 8 F.R. 10983, effective 8-12-43, Am. 23, 10 F.R. 12741, effective 10-15-45 and Am. 27, effective 4-24-46]

[§ 1315.1553, amended by Am. 3, 8 F.R. 1584, effective 2-8-43; and as otherwise noted]

§ 1315.1554 *Maximum prices for rubber commodities not delivered or offered for delivery during March 1942.* The maximum prices for a sale by a manufacturer of any rubber commodity which is not the same as a commodity which was delivered or offered for delivery by the manufacturer during March 1942, shall be the price determined by the first one of the four methods set forth in §§ 1315.1555, 1315.1556, 1315.1557 and 1315.1558 which applies to the commodity.

§ 1315.1555 *First pricing method: minor changes*—(a) *Minor changes.* The maximum price of any commodity differing from a commodity delivered or offered for delivery by the manufacturer

during March, 1942, only by reason of minor changes in material, design, or construction which do not reduce cost of materials or prevent its offering fairly equivalent serviceability shall be the maximum price (determined in accordance with § 1315.1553) of the commodity delivered or offered for delivery during that period. The substitution of buna-S GR–S or butyl GR–I for natural rubber will be deemed to be a minor change.

[Above paragraph designated (a) and (b) added by Am. 16, 9 F.R. 7198, effective 7–3–44]

(b) *Maximum price of cable wrapping tape where buna-S (GR–S) or butyl (GR–I) is substituted for natural rubber.* The maximum price of cable wrapping tape which differs from cable wrapping tape delivered or offered for delivery by the manufacturer during March, 1942, only because of the substitution of buna-S (GR–S) or butyl (GR–I) for natural rubber shall be determined as follows:

(1) If the manufacturer quoted prices for the natural rubber tape during March 1942 by the linear yard or square yard, the maximum price of the cable wrapping tape made of buna-S (GR–S) or butyl (GR–I) shall be the same as the maximum price of the natural rubber tape.

(2) If during March 1942 the manufacturer quoted prices for the natural rubber tape by the pound, he shall determine the maximum price for the cable wrapping tape made of buna-S (GR–S) or butyl (GR–I) to each class of purchaser as follows:

(i) The manufacturer shall determine his March 1942 price per square yard of the natural rubber tape for each class of purchaser. For example: If during March 1942 the natural rubber tape sold for 40¢ per pound and weighed 60 pounds per 100 square yards, his March 1942 price for a square yard is 40¢×60÷100=24¢ per square yard.

(ii) The price determined under (i) above shall be the maximum price per square yard of the buna-S (GR–S) or butyl (GR–I) cable wrapping tape for each class of purchaser. This price may be converted into a price per pound. For example: If the maximum square yard price is 24¢ and the buna tape weighs 50 pounds per 100 square yards, the maximum price per pound would be 24¢×100÷50=48¢ per pound.

[§ 1315.1555 amended by Am. 3, 8 F.R. 1584, effective 2–8–43; Am. 9, 8 F.R. 7497, effective 6–17–43; and as otherwise noted]

§ 1315.1556 *Second pricing method: Changes necessitated by shortages of materials or parts*—(a) *Maximum prices.* The maximum price of any rubber commodity which cannot be priced under § 1315.1555 and which differs from a commodity delivered or offered for delivery by the manufacturer during March, 1942, only because of changes necessitated by shortages of materials or parts, shall be determined as follows: The manufacturer shall first determine the maximum price to each class of purchaser (in accordance with § 1315.1553) of the commodity delivered or offered for delivery during March, 1942. The manufacturer shall then determine the maximum price of the changed commodity for each class of purchasers by adding to or subtracting from this price for the particular class of purchasers, the increase or decrease in direct costs resulting from the changes. The seller must determine the maximum price of a commodity priced under this section before he first offers it for sale. Once the seller has determined his maximum price for the sale of a particular commodity to a particular class of purchasers under this section, that price is his maximum price for all future sales of that commodity to that class of purchasers unless a change in that maximum price is made or required by the Office of Price Administration.

[Last sentence amended by Am. 27, effective 4–24–46]

In calculating the direct costs for both the commodity delivered or offered for delivery during March, 1942, and the changed commodity the manufacturer shall follow the method for computation of direct costs set forth in paragraph (a) (1) of § 1315.1557.

[Paragraph (a) amended by Am. 3, 8 F.R. 1584, effective 2–8–43]

(b) *Report of maximum prices.* Within five days after a purchaser first agrees to buy a commodity for which a maximum price must be determined under this section, or at any time prior thereto, the manufacturer shall report to the Office of Price Administration, Washington, D. C. the maximum price as computed by him. The report shall contain a description of the commodity delivered or offered for delivery during March, 1942 and of the commodity being priced under this section, a detailed explanation of the changes made (including any innovation in manufacturing process) and the reasons therefor and details of the computation of direct costs and of the maximum price. The manufacturer may not accept payment for the commodity until fifteen days have elapsed after the mailing of the report. Within this fifteen day period the price so reported shall be subject to adjustment by the Office of Price Administration. The report required by this paragraph (b) shall not be made on orders of less than $25.00.

The Office of Price Administration may at any time by written order adjust (not to apply retroactively) any maximum price established under this section so as to make it consistent with the general level of maximum prices established under the regulation.

[Paragraph (b) amended by Am. 3, 8 F.R. 1584, effective 2–8–43 and Am. 27, effective 4–24–46]

§ 1315.1557 *Third pricing method: Other than minor changes or changes necessitated by shortages of materials or parts.* The maximum price of any commodity which cannot be priced under §§ 1315.1555 or 1315.1556 shall be the price determined by the use of the following formula: The maximum price shall be the sum total of direct costs and gross margin, less the deduction required by paragraph (e) of this section wherever applicable, determined as follows:

[Above paragraph amended by Am. 3, 8 F.R. 1584, effective 2–8–43]

(a) *Maximum price for the first sale*—(1) *Computation of direct costs.* The direct costs of a commodity shall be the sum total of direct labor and direct materials costs. The direct labor costs shall be determined by multiplying the estimated number of hours of each type of labor required in the manufacture of the rubber commodity by the wage rates determined in accordance with subdivision (i) of this subparagraph (1). The direct materials costs shall be determined by multiplying the estimated quantity of each type of material required in the manufacture of the rubber commodity by the materials prices determined in accordance with subdivision (ii) of this subparagraph (1).

(i) *Wage rates.* The wage rates applicable to any commodity shall be the highest wage rates, in effect in the manufacturer's plant for any substantial portion of March, 1942, for each class of labor involved in the production of the commodity. If the manufacturer did not employ a given class of labor in March, 1942, he shall use the highest wage rate paid for any substantial portion of March, 1942, by the nearest employer operating under comparable conditions who employed that class of labor during that month.

(ii) *Materials prices.* (*a*) The price of any materials, other than synthetic or substitute rubber or balata, used in the calculation of materials costs shall be the highest price for the material in effect to the manufacturer, or, if no price was in effect to the manufacturer, the highest price in effect to a purchaser of the same class as the manufacturer during March, 1942, or the maximum price set by the Office of Price Administration, whichever is the lower. If there was no price for the material in effect to the manufacturer or a purchaser of the same class during March, 1942, the price for the material shall be the first price at which the material was offered for sale to the manufacturer after March 31, 1942, or the maximum price set by the Office of Price Administration, whichever is the lower. For the purposes of this subdivision (ii) if the manufacturer shall receive a written statement from the seller that the material is being sold at a price which is not in excess of the maximum price established by the Office of Price Administration, the price as stated by the seller will be deemed to be not in excess of the maximum price established by the Office of Price Administration for that material.

(*b*) The price of any synthetic rubber or substitute rubber or balata used in the calculation of materials costs shall be the highest price for the material in effect to the manufacturer on August 1, 1943, or the current price (not exceeding the maximum price), whichever is lower; or, if no price was in effect to the manufacturer, the highest price in effect to a purchaser of the same class as the manufacturer on August 1, 1943, or the current price (not exceeding the maximum price), whichever is lower. If there was no price for the material in effect to the manufacturer or a purchaser of the same class on August 1, 1943, the price of the material shall be the first price at which the material was offered for sale to the manufacturer after August 1, 1943, or the current price (not exceeding the maximum price), whichever is lower.

[Paragraph (b) amended by Am. 23, 10 F.R. 12741, effective 10–15–45 and Am. 27, effective 4–24–46]

[Subparagraph (ii) amended by Am. 9, 8 F.R. 7497, effective 6–17–43; and Am. 12, 8 F.R. 10983, effective 8–12–43]

(2) *Computation of gross margin.* The "gross margin," which means the difference, expressed in dollar-and-cents, between the net selling price and the total direct costs, shall include only items (such as factory overhead, depreciation, commercial expense, transportation, warehouse expense, and margin of profit) that the manufacturer used in calculating the selling price of a comparable commodity during March 1942, adjusted to reflect the discounts, allowances, and differentials that were in effect to each class of purchaser at that time. The bases and rates used in the calculation of the gross margin of a commodity being priced shall be the bases and rates used in selling, or in calculating the gross margin for, the most comparable commodity sold during March 1942, which comparable commodity must be selected as follows:

The commodity used as a basis for determining the gross margin shall be one which was sold or offered for sale by the applicant during March 1942, whose maximum price is determined under this regulation, and which has the same general end use as the commodity being priced. (For example, two raincoats have the same general end use even if made of different materials and in different styles.) If two or more commodities meet these requirements, the applicant shall:

(i) Select a commodity belonging to the narrowest trade category within the general end use to which the commodity being priced belongs. For example, raincoats may be men's, women's, boys', etc. Men's raincoats may be further classified as work or dress coats. If a men's dress raincoat is to be priced, the most comparable commodity is another men's dress raincoat or, lacking that, another men's raincoat, or, finally, any other raincoat.

(ii) If two or more commodities meet the conditions in (i) above, select that commodity made by the same processes. For example, two vulcanized raincoats are made by the same process; two sewn raincoats are made by the same process.

(iii) If two or more commodities meet the conditions in (ii) above, select that commodity having total direct costs nearest to the total direct costs of the commodity being priced.

[Subparagraph (2) amended by Am. 27, effective 4–24–46]

(b) *Maximum price for the second or subsequent sale of a rubber commodity, which is not a standard list item.* If a manufacturer makes a second sale of a rubber commodity, the maximum price of which has been determined pursuant to the provisions of paragraph (a) of this section, the maximum price for the second sale of such commodity shall be determined in accordance with the provisions of paragraph (a) of this section, except that actual labor hours and actual quantity of materials used in the production of the first order of the commodity, adjusted for changes in technique and anticipated volume, shall be used in such determination. The maximum price determined for a second sale of a commodity under this paragraph shall be the maximum price for subsequent sales of that commodity.

(c) *Maximum price for standard list items.* If a rubber commodity, the maximum price of which has already been established by paragraph (a) of this section, is offered for sale as a standard list item, the maximum price shall be recomputed according to the provisions of paragraph (a) of this section, except that actual labor hours and actual quantity of materials used in the production of the first order of the commodity, adjusted for changes in technique and anticipated volume, shall be substituted for estimated labor hours and estimated quantity of materials used. This adjustment in the maximum price of the commodity shall be made between forty-five and seventy-five days after the manufacturer begins the production of such commodity as a standard list item and shall be reported to the Office of Price Administration in accordance with paragraph (d) within five days after the adjustment is made.

[Paragraph (c) amended by Am. 3, 8 F.R. 1584, effective 2–8–43 and Am. 27, effective 4–24–46]

(d) *Reports of maximum prices.* Within five days after a purchaser first agrees to buy a commodity for which a maximum price must be determined under paragraph (a), (b), or (c) of this section, or at any time prior thereto, the manufacturer shall report to the Office of Price Administration, Washington, D. C., the maximum price as computed by him. The report shall contain a full description of the commodity being priced and of any innovation in manufacturing processes involved and a detailed explanation of the computation of the direct costs and the maximum price. It shall also contain a description of the commodity which determines the bases and rates used in the calculation of the gross margin of the commodity being priced and the maximum price, direct costs and an explanation of the reasons for the selection of that commodity. The manufacturer may not accept payment for the commodity until fifteen days have elapsed after the mailing of the report. Within this fifteen day period the price so reported shall be subject to adjustment by the Office of Price Administration. The report required by this paragraph (d) shall not be made on orders of less than $25.00.

The Office of Price Administration may at any time by written order adjust (not to apply retroactively) any maximum price established under this section so as to make it consistent with the general level of maximum prices established under the regulation.

[Paragraph (d) amended by Am. 3, 8 F. R. 1584, effective 2–8–43 and Am. 27, effective 4–24–46]

(e) *Deduction of the amount of the federal excise tax on rubber commodities.* If, during March, 1942, the manufacturer did not customarily state and collect separately from the purchase price the federal excise tax on rubber commodities, he shall deduct the amount of such tax from the maximum price determined in accordance with the provisions of paragraphs (a) to (c), inclusive, of this section.

[Paragraph (e) added by Am. 3, 8 F. R. 1584, effective 2–8–43]

§ 1315.1557a *Fractions of a cent.* Notwithstanding any other provisions of this regulation, maximum prices determined under this regulation shall be adjusted to the nearest fraction of a cent that the seller customarily used during March, 1942, in pricing commodities in the same line.

[§ 1315.1557a added by Am. 12, 8 F. R. 10933, effective 8–12–43]

§ 1315.1557b *Maximum manufacturers' prices for elastic webbing, braid, and cord*—(a) *Applicability of this section.* This section, and not §§ 1315.1553 to 1315.1557, inclusive, establishes maximum prices for sales by manufacturers of elastic webbing, braid, and cord.

(b) *Maximum prices.* The maximum price for a sale of elastic webbing, braid, or cord by a manufacturer shall be the sum total of direct labor and material costs, waste, and gross margin computed in accordance with paragraph (c) and adjusted to reflect the discounts, allowances, and other deductions in effect to each class of purchaser on October 1, 1941.

[Paragraph (b) amended by Am. 27, effective 4–24–46]

(c) *Computation of the maximum price*—(1) *Direct labor costs.* Direct labor costs shall be those labor costs which were treated as such in the manufacturer's accounting system in effect on March 1, 1942, and shall be determined by multiplying the estimated number of hours of each type of labor required in the manufacture of the elastic webbing, braid, or cord being priced, by the highest wage rate in effect in the manufacturer's plant during March 1942 for that type of labor. If the manufacturer did not employ a given class of labor during March 1942, he shall use the wage rate paid during March 1942

by the nearest employer operating under comparable conditions who employed that class of labor during that period.

(2) *Direct materials costs.* Direct materials costs shall be those materials costs which were treated as such in the manufacturer's accounting system in effect on March 1, 1942, and shall be determined by multiplying the estimated quantity of each type of material required in the manufacture of the elastic webbing, braid, or cord, by the following material prices:

(i) For synthetic rubber and for bare and covered rubber thread, the manufacturer shall use the net price, not to exceed the maximum price, for the material in effect to him on the date on which he calculates his maximum prices.

[Subparagraph (i) amended by Am. 20, 10 F.R. 12084, effective 9-29-45]

(ii) For all other materials the manufacturer shall use the highest net material price in effect to him (or in effect to a purchaser of the same class as the manufacturer if no price was in effect to the manufacturer) during March 1942, or the current price (not exceeding the maximum price), whichever is lower. If there was no March 1942 price for any such material, the materials cost to be used in determining the maximum price shall be the first ascertainable net price in effect to the manufacturer after March 1942 or the current price (not exceeding the maximum price), whichever is lower.

[Subparagraph (ii) amended by Am. 27, effective 4-24-46]

(3) *Waste.* Waste costs shall be determined by applying the same methods as were used by the manufacturer in similar production during October 1, 1941, adjusted to reflect the estimated quantity of waste in the production of the elastic webbing, braid, or cord being priced.

(4) *Gross margin.* Gross margin, other than waste, shall be calculated by the methods and rates used by the manufacturer on October 1, 1941, for his sales of elastic webbing, braid, or cord. These methods and rates shall be filed with the Office of Price Administration in accordance with the provisions of paragraph (e) of this section.

(d) *Recomputation of the maximum price.* If an elastic webbing, braid, or cord priced under paragraph (c) is produced or supplied by the manufacturer for a period of two months after being priced, its maximum price shall be redetermined by substituting actual labor hours and actual quantity of materials for the estimated hours and estimated quantity of materials used in the original computation of the maximum price. This redetermination of the maximum price shall be made between 60 and 75 days after the manufacturer begins production of the commodity. At the time of recomputation, the redetermined maximum price, and the details of its computation, shall be reported to the Office of Price Administration. If the manufacturer's production experience during the first two months of production is inadequate to determine his costs accurately, he may request and receive approval from the Office of Price Administration, Washington, D. C., for a further period for recomputation. This request must be made at the time of the first recomputation.

(e) *Reports.* Every manufacturer subject to the provisions of this section shall file with the Office of Price Administration, Washington, D. C.:

(1) On or before August 28, 1944, the price determining methods and rates in effect in each of his plants on October 1, 1941, for the determination of gross margin on elastic webbing, braid, or cord.

(2) On or before August 28, 1944, all discounts and other allowances in effect in each of his plants on October 1, 1941, for sales of elastic webbing, braid, or cord to each class of purchaser.

(3) Within 10 days after a purchaser first agrees to buy an elastic webbing, braid, or cord, the maximum price of which must be determined under paragraph (c) of this section, a description of the elastic webbing, braid, or cord being priced, the maximum price of each such article and the calculations used in the determination of the maximum price, including the dates on which the prices and rates used in the calculations were in effect in each of his plants.

(f) *Approval of reported prices.* The manufacturer may not accept payment for any elastic webbing, braid, or cord priced under paragraph (c) until the reported price has been approved in writing by the Office of Price Administration, or until 15 days have elapsed after the mailing of the report without the Office of Price Administration objecting to the maximum price reported. Within this 15-day period, the price so reported shall be subject to adjustment by the Price Administrator. Subsequent to this 15-day period, such price shall be subject to adjustment (not to apply retroactively) at any time by the Price Administrator.

(g) *Terms and conditions of sale and deduction of the amount of Federal excise taxes on rubber commodities.* Sections 1315.1557 (e) and 1315.1559 shall apply to the commodities priced under this section, except that the words "October 1, 1941," shall be substituted for the words "during March 1942" where the latter words appear.

(h) *Revocation of certain manufacturers' maximum prices for elastic webbing, braid, and cord.* All manufacturers' maximum prices (whether established by order of the Office of Price Administration or otherwise) for elastic webbing, braid, and cord made in whole or in part of bare cut neoprene rubber thread, that were computed by using the prices of bare cut neoprene rubber thread that were in effect prior to August 6, 1945, are revoked, effective May 14, 1946. Any manufacturer whose maximum prices for these commodities are here revoked, shall reestablish his maximum prices in the manner provided by § 1315.1557b.

[Paragraphs (g) and (h) added and former (g) redesignated (i) by Am. 27, effective 4-24-46]

(i) *Elastic webbing, braid, or cord which cannot be priced under paragraphs (b) and (c).* The maximum price for any elastic webbing, braid, or cord which cannot be priced under paragraphs (b) and (c) of this section, shall be determined in accordance with the provisions of § 1315.1558.

[§ 1315.1557b added by Am. 17, 9 F.R. 9650, effective 8-14-44; amended as otherwise noted]

§ 1315.1557c. *Maximum wholesalers' prices for elastic webbing, braid and cord*—(a) *Applicability.* This section establishes maximum prices for all sales by wholesalers of elastic webbing, braid, and cord.

(b) *Maximum wholesalers' prices for elastic webbing, braid, or cord which the wholesaler buys from a manufacturer*—(1) *How the wholesaler calculates the maximum price.* The maximum price for a sale by a wholesaler of any elastic webbing, braid, or cord which the wholesaler buys from the manufacturer thereof, shall be calculated by multiplying the percentage determined in accordance with subparagraph (2) by:

(i) The wholesaler's net invoiced cost before cash discounts of the commodity, if available, not to exceed the applicable maximum price; or

(ii) If actual cost is not available, the net invoiced cost before cash discounts of the commodity as estimated by the wholesaler's supplier: *Provided*, That the wholesaler has no reason to believe that the price so estimated exceeds the maximum price.

(iii) If the cost determined under subparagraphs (i) or (ii) above is not on a delivered basis, the wholesaler shall add the actual cost of transportation to his place of business.

(2) *How the wholesaler determines the percentage which must be used in determining the maximum price.* The percentage which the wholesaler must use in determining the maximum price shall be determined as follows:

(i) The wholesaler shall first determine what elastic webbing, braid, or cord he must use in determining the percentage. This shall be the first applicable of the following which he sold or offered for sale on October 1, 1941:

(*a*) The elastic webbing, braid, or cord which is the same as the one being priced;

(*b*) The elastic webbing, braid, or cord which has the same use as the one being priced. If there are more than one which have the same use as the commodity being priced, the wholesaler shall use that one whose purchase price is nearest to the purchase price of the commodity being priced. The purchase price shall be determined in accordance with subparagraph (1) above;

(*c*) The elastic webbing, braid, or cord whose purchase price is nearest to the purchase price of the commodity being priced. The purchase price shall be determined in accordance with subparagraph (1) above.

(ii) The wholesaler shall then determine the price at which on October 1, 1941, he was offering to sell that elastic webbing, braid, or cord to a purchaser of the same class.

(iii) The wholesaler shall then determine the percentage by dividing this selling price by the purchase price in effect to him on the date on which he established this selling price.

(3) *Reports of proposed maximum prices.* The wholesaler shall file a report with the Regional Office of the Office of Price Administration for the region in which he is located within 5 days after he first offers for sale an elastic webbing, braid, or cord, the maximum price of which must be established under paragraph (b) of this section. This report shall contain:

(i) A description of the elastic webbing, braid, or cord being priced;

(ii) The purchase price of such commodity and the name of the supplier; and

(iii) A description of the elastic webbing, braid, or cord which he must select in accordance with paragraph (b) (2) of this section for purposes of determining his percentage margin, and the reasons for the selection of this commodity.

(4) *Approval of reported prices.* The wholesaler may not accept payment for any elastic webbing, braid, or cord priced under paragraph (b) until the reported price has been approved in writing by the Office of Price Administration, or until 21 days shall have elapsed after the mailing of the report without the Office of Price Administration objecting to the maximum price reported. Within this 21-day period, the price so reported shall be subject to adjustment by the Price Administrator or the Regional Administrator. Subsequent to this 21-day period, such price shall be subject to adjustment (not to apply retroactively) at any time by the Price Administrator or the Regional Administrator. However, orders may be accepted and invoices issued at the proposed price subject to approval or adjustment by the Office of Price Administration. A notation that the price is subject to the approval of the Office of Price Administration must be made on all quotations and invoices until the proposed price is approved or adjusted. The wholesaler shall prepare and send to the customers affected corrected invoices in all cases where the price approved by the Administrator or the Regional Administrator differs from the price proposed by the wholesaler.

(c) *Wholesale maximum prices which cannot be determined under paragraph (b).* The wholesale maximum price for any elastic webbing, braid, or cord which cannot be priced under paragraph (b) above, shall be a price consistent with the level of maximum prices established by this regulation, specifically authorized by the Office of Price Administration. Prior to first offering the commodity for sale, the wholesaler shall submit to the Regional Office of the Office of Price Administration for the region in which he is located, a report applying for a specific authorization of the maximum price. The report shall contain:

(1) A description in detail of the commodity;

(2) A statement of the facts which make it necessary to price a commodity under this paragraph;

(3) A proposed pricing method and the price for the commodity determined in accordance with this method; and

(4) A statement of the reasons why the wholesaler believes that the use of this method results in prices which are in line with the level of prices established by this regulation.

The Price Administrator or any Regional Administrator may approve or disapprove, and may at any time after approval correct maximum prices proposed or established under this paragraph, so as to make them consistent with the level of maximum prices otherwise established by this regulation.

(d) *Reports of base period selling prices and purchase costs.* Every wholesaler subject to the provisions of this section shall file with the Regional Office of the Office of Price Administration for the region in which he is located, on or before August 28, 1944:

(1) A list of the elastic webbings, braids, or cords which he was offering to sell on October 1, 1941, and the price at which he was offering to sell each on that date to each class of purchaser.

(2) The purchase price of each such elastic webbing, braid, or cord in effect to the wholesaler at the time the price listed in subparagraph (1) above was established.

[§ 1315.1557c added by Am. 17, 9 F.R. 9650, effective 8-14-44]

§ 1315.1557d *Maximum prices for sales of rubber bands at all levels*—(a) *Applicability.* Notwithstanding any other provision of this regulation or order previously issued under this regulation, this § 1315.1557d, and not §§ 1315.1553 to 1315.1557, inclusive, establishes maximum prices for sales by manufacturers, wholesalers and dealers of rubber bands. A "sale by a dealer" is a sale by a person who purchases for resale to a user.

(b) *Maximum prices for sales of rubber bands made of buna-S or natural rubber or any combination thereof, by manufacturers and for sales by wholesalers to dealers.* The maximum prices for sales by manufacturers to all purchasers and for sales by wholesalers to dealers of the rubber bands made of buna-S or natural rubber or any combination thereof, shall be as follows:

[Section heading, paragraph (a) and above portion of (b) amended by Am. 25, 11 F.R. 2179, effective 3-6-46]

MAXIMUM PRICES BEFORE CASH DISCOUNTS [1] [2] [4]

[1] These prices are subject to the cash discount and freight allowance terms which the dealer had in effect during October 1941.

[2] A differential of 5¢ per pound may be added for sales of rubber bands of colors other than standard black and gray in quantities of 1 pound or more.

[3] These retail prices for sales in quantities of less than 1 pound apply to rubber bands of all colors.

[Paragraph (c) amended by Am. 19, 10 F.R. 4599, effective 5-1-45 and Am. 25, 11 F.R. 2179, effective 3-6-46]

(d) *Notification of maximum prices.* With or prior to the first delivery of any rubber bands priced under paragraph (c) of this section to a dealer, the manufacturer or wholesaler shall notify the dealer in writing, of maximum dealer prices

therefor, set forth in paragraph (c) of this section.

[Paragraph (d) amended and (e) added by Am. 25, 11 F.R. 2179, effective 3-6-46]

(e) *Maximum prices for all rubber bands that cannot be priced under paragraphs* (b) *and* (c). Maximum prices for all rubber bands that cannot be priced under paragraphs (b) and (c) shall be established under § 1315.1558.

[§ 1315.1557d added by Am. 18, 10 F.R. 1747, effective 2-17-45; amended as otherwise noted]

§ 1315.1557e *Maximum prices for manufacturers' and wholesalers' sales of sandblast stencil*—(a) *Applicability.* This section and not §§ 1315.1553 to 1315.1557, inclusive, establishes maximum prices for sales by manufacturers and wholesalers of sandblast stencil made in whole or in part of rubber.

(b) *Maximum prices.* The maximum prices for sales by manufacturers and wholesalers of the following sandblast stencil shall be as follows:

Item	Size	Maximum list price per roll
Sandblast stencil, Holland sheeting backed.	12½" x 10 yd.	$8.75
Sandblast stencil, Holland sheeting backed.	24½" x 10 yd.	17.45

For manufacturers' sales to wholesalers, the above maximum prices are subject to a 25 percent trade discount and to cash discount of 2 percent, ten days net thirty days. The freight charge is to be paid by seller.

For sales by wholesalers, the above list prices are subject to all discounts and allowances and freight terms that the wholesaler had in effect to each class of purchaser of sandblast stencil during March 1942. If the seller did not sell or offer for sale sandblast stencil during March 1942, or if he proposes to sell sandblast stencil to a different class of purchaser than he sold during March 1942, such wholesaler shall not sell or offer for sale sandblast stencil until the discounts, allowances and freight terms applicable to his sales have been established by order of the Office of Price Administration which shall be issued after application therefor by the wholesaler in accordance with paragraph (c) below.

(c) *Maximum prices for sandblast stencil not covered by paragraph* (b). The maximum prices for sales by manufacturers and wholesalers of sandblast stencil which cannot be priced under paragraph (b) above shall be established pursuant to § 1315.1558.

[§ 1315.1557e added by Am. 22, 10 F.R. 12160, effective 10-1-45]

§ 1315.1557f *Maximum wholesalers' prices for industrial rubberized fabric gloves*—(a) *Applicability.* This section establishes maximum prices for all sales by wholesalers of industrial rubberized fabric gloves.

(b) *Maximum wholesalers' prices for sales of industrial rubberized fabric gloves*—(1) *How the wholesaler determines the maximum price for such gloves.* The maximum price for a sale by wholesalers of industrial rubberized fabric gloves shall be determined by multiplying the wholesaler's purchase price (computed in accordance with subparagraph (2) below) of the gloves being priced by the percentage the wholesaler used in computing his March 1942 selling price for a comparable rubberized fabric glove (chosen and computed in accordance with subparagraph (3) below).

(2) *How the wholesaler determines his purchase price.* The purchase price to him of the gloves being priced which the wholesaler must use in computing his maximum price shall be determined as follows:

(i) The wholesaler shall first determine the net invoice cost before cash discounts of the gloves being priced, if available, not to exceed his supplier's maximum price to the wholesaler; or

(ii) If actual cost is not available, the net invoice cost before cash discounts of the gloves being priced, as estimated by the wholesaler's supplier; *Provided*, That the wholesaler has no reason to believe that the price so estimated exceeds the supplier's maximum price to the wholesaler;

(iii) If the cost determined under subdivisions (i) or (ii) is not on a delivered basis, the wholesaler shall add the actual cost of transportation to his place of business.

(3) *How the wholesaler determines the percentage which must be used in computing his maximum price.* The percentage which the wholesaler must apply to his net purchase price of the gloves being priced to determine their maximum price shall be determined as follows:

(i) The wholesaler shall first determine what rubberized fabric glove he must use in determining the percentage. That glove shall be the first applicable of the following gloves which he delivered or offered for delivery during March 1942.

(a) The rubberized fabric glove which is the same as the glove being priced.

(b) The rubberized fabric glove which has the same use as the glove being priced. If there is more than one glove which has the same use as the glove being priced, the wholesaler shall use that one of those gloves whose purchase price is nearest to the purchase price of the glove being priced. The purchase price of both gloves shall be determined in accordance with paragraph (b) (2) of this section.

(c) The rubberized fabric glove whose purchase price is the nearest to the purchase price of the glove being priced. The purchase price of both gloves shall be determined in accordance with paragraph (b) (2) of this section.

(ii) The wholesaler shall then determine the highest price at which he, during March 1942, delivered, or if no delivery was made, at which he then offered to deliver, the gloves chosen in accordance with subdivision (i) above, to a purchaser of the same class.

(iii) The wholesaler shall then determine the percentage by dividing his March 1942 selling price of the glove chosen as a basis for pricing (under subparagraph (3) (i) above) by the purchase price of that glove that was in effect to him on the date on which he established its March 1942 selling price. The purchase price shall be determined in accordance with paragraph (b) (2) of this section.

(c) *Maximum prices for sales by wholesalers of rubberized fabric gloves that cannot be established under paragraph* (b). The maximum price for sales of rubberized fabric gloves by a wholesaler who cannot establish his maximum prices under paragraph (b) above shall be established under § 1315.1558.

[§ 1315.1557f added by Am. 21, 10 F.R. 12084, effective 9-29-45]

§ 1315.1557g *Maximum manufacturers' prices for cements*—(a) *Applicability of this section.* (1) This section and not §§ 1315.1553 to 1315.1557, inclusive, establishes maximum prices for sales by manufacturers of cements and adhesives made in whole or in part of rubber, synthetic rubber, or substitute rubber and pyroxylin base cements and adhesives. This regulation does not apply to tire and tube repair cements or to cements and adhesives made of vegetable and animal material other than natural rubber, synthetic rubber or substitute rubber, such as starch, casein, and glue.

(2) The maximum prices for all cements and adhesives covered by this section which were established prior to October 30, 1945, by this regulation or any other regulation or by any order of the Office of Price Administration (except those previously priced by order of the Office of Price Administration under § 1315.1558 of this regulation) shall be re-established in accordance with paragraph (c) and thereafter redetermined in accordance with paragraph (d) of this § 1315.1557g, or in accordance with paragraph (g) if their maximum prices cannot be re-established under paragraphs (c) and (d).

(b) *Maximum prices.* The maximum price for a sale by a manufacturer of a cement or adhesive covered by this section (except the first $50.00 of sales of a new commodity covered by this section which is made experimentally in a laboratory and not by ordinary production methods) shall be the sum total of direct labor and materials costs, waste and gross margin, computed in accordance with paragraph (c).

(c) *Computation of the maximum price*—(1) *Direct labor costs.* Direct labor costs shall be those labor costs which were treated as such in the manufacturer's accounting system in effect on March 1, 1942, and shall be determined by multiplying the estimated number of hours of each type of labor required in the manufacture of the commodity being priced by the highest wage rate in effect in the manufacturer's plant during March 1942 for that type of labor. If the manufacturer did not employ a given class of labor during March 1942, he shall use the wage rate paid during March 1942 by the nearest employer operating under comparable conditions who employed that class of labor during that period.

(2) *Direct materials costs.* Direct materials costs shall be those materials costs which were treated as such in the manufacturer's accounting system in effect on March 1, 1942, and shall be determined by multiplying the estimated quantity of each type of material required in the manufacture of the commodity being priced by the following material prices:

(i) For synthetic rubber, the manufacturer shall use the net price, not to exceed the maximum price, for the material in effect to him on the date on which he calculates his maximum price, or the price which was in effect to him on August 1, 1943, whichever is lower.

(ii) For all other materials, the manufacturer shall use the highest net materials prices in effect to him, or, if no price was in effect to him, the highest net materials price in effect to a purchaser of the same class as the manufacturer, during March 1942, or the current price, whichever is lower. If there was no March 1942 price of any such material, the materials cost to be used in determining the maximum price shall be the first ascertainable net price (not exceeding the maximum price) in effect to the manufacturer after March 31, 1942, or the current price, whichever is lower.

(3) *Waste.* Waste costs shall be determined by applying the same methods as were used by the manufacturer in similar production in March 1942 adjusted to reflect the estimated quantity of waste in the production of the cement or adhesive being priced.

(4) *Gross margin.* Gross margin, other than waste, shall be calculated by the methods and rates used by the manufacturer on March 1, 1942, for his sales of the type of cement or adhesive being priced. These methods and rates shall be filed with the Office of Price Administration in accordance with the provisions of paragraph (f) of this section.

(d) *Recomputation of the maximum price.* If a cement or adhesive priced under paragraph (c) is produced or supplied by the manufacturer for a period of two months after being priced, its maximum price shall be redetermined by substituting actual labor hours and actual quantity of materials for the estimated hours and estimated quantity of materials used in the original computation of the maximum price. This redetermination of the maximum price shall be made between sixty and seventy-five days after the manufacturer begins production of the commodity which he has priced under paragraph (c). If the manufacturer's production experience during the first two months of production is inadequate to determine his costs accurately, he may request and receive approval from the Office of Price Administration, Washington, D. C., for a further period for recomputation. This request must be made at the time set forth above for the first recomputation.

(e) *Maximum price for the first $50.00 of sales of a commodity made in the laboratory.* Notwithstanding any other provision of this section the manufacturer's maximum price for the first $50.00 of sales of a new commodity covered by this section which is made experimentally in a laboratory and not by ordinary production methods shall be any price therefor agreed upon by the manufacturer and the purchaser. Paragraphs (b), (c), and (d) shall apply to all sales in excess of the first $50.00 of sales.

(f) *Reports.* On or before November 30, 1945, every manufacturer subject to the provisions of this section shall file with the Office of Price Administration, Washington, D. C.:

(1) The price determining methods and rates in effect in each of his plants on March 1, 1942, for the determination of gross margin on cements.

(2) All cash, trade and quantity discounts, freight allowances and all other discounts and allowances and differentials in effect in each of his plants on March 1, 1942, for sales of the commodities priced by this section to each class of purchaser.

(g) *Cements which cannot be priced under paragraphs* (b) *and* (c). A manufacturer's maximum price for cements and adhesives covered by this section which cannot be established under paragraphs (b) and (c) or under paragraph (e) of this section, shall be determined in accordance with the provisions of § 1315.1558.

[§ 1315.1557g added by Am. 24, 10 F.R. 13310, effective 10-30-45]

§ 1315.1558 *Fourth pricing method; specific authorization by the Office of Price Administration*—(a) *Maximum prices.* The maximum prices for sales of any commodity at any level covered by the regulation which cannot be priced under any other section shall be a price in line with the level of maximum prices established by the regulation specifically authorized by the Office of Price Administration.

(b) *Reports of maximum prices.* Prior to first offering the commodity for sale, the applicant shall submit to the Office of Price Administration, Washington, D. C., a report applying for a specific authorization of a maximum price. The report shall contain: (1) a description in detail of the commodity (including the manufacturing process if the applicant is a manufacturer); (2) a statement of facts which make it necessary to price the commodity under this section; (3) a proposed pricing method and the price for the commodity determined in accordance with this method, and the cash discount, freight and quantity allowances and other allowances and discounts applicable to each class of purchaser; (4) a statement of the reasons why the applicant believes that the use of this method results in prices which are in line with the level of maximum prices established by this regulation. The applicant may not sell or offer for sale the commodity to be priced under this section until an order establishing its maximum price has been issued by the Office of Price Administration.

[§ 1315.1558 amended by Am. 3, 8 F.R. 1584, effective 2-8-43; Am. 17, 9 F.R. 9650, effective 8-14-44; and Am. 22, 10 F.R. 12160, effective 10-1-45]

§ 1315.1558a *Maximum wholesale and retail prices for certain sanitary treated items*—(a) *Applicability of this section.* This section is applicable to wholesale and retail sales of baby bibs, baby pants, crib sheets, diaper and utility bags, diaper covers, lap pads, mattress covers and coveralls, nursery seat rings, pillow cases and place mats.

(b) *Maximum wholesale prices.* The maximum price for sales at wholesale of any of the commodities listed in the preceding paragraph (paragraph (a)) delivered after May 12, 1943 is the maximum price, for the particular type of sale, furnished the wholesaler by the manufacturer. This maximum price must be furnished by the manufacturer in accordance with provisions of § 1315.1559a of this regulation. If the manufacturer has not notified the wholesaler of the maximum price, the wholesaler shall not deliver the commodity until he has obtained the maximum price from the manufacturer.

(c) *Maximum retail prices.* The maximum price for a sale at retail of any of the commodities listed in paragraph (a) of this section delivered after May 12, 1943 is the price for the particular type of sale, furnished the retailer by the person from whom he purchased the commodity. This maximum price must be furnished by that person in accordance with the provisions of § 1315.1559a of this regulation. If the retailer has not been notified of the maximum retail price, he may not sell the commodity until he has obtained the maximum retail price from the person who sold it to him.

[§ 1315.1558a added by Am. 8, 8 F.R. 6043, effective 5-13-43]

§ 1315.1558b *Maximum prices for certain specified rejected commodities.* Notwithstanding any other provisions of this regulation, the maximum price of the following commodities which have been manufactured for the use of the United States, or any agency thereof, but have been rejected as not meeting the purchaser's standards, hereinafter referred to as "government rejects," shall be determined as follows:

(a) *Maximum prices for sales, other than sales at retail, of certain government reject raincoats.* The maximum price for sales, other than sales at retail, of the following government reject raincoats to the following persons shall be as follows:

MAXIMUM NET PRICES

Item	Sales to persons, other than retailers	Sales to retailers
Enlisted men's raincoats	$4.00	$4.80
WAC (or WAAC) member's raincoats	5.00	6.00

(b) [Revoked]

[Paragraph (b) revoked by Am. 13, 8 F.R. 16689, effective 12-15-43]

[§ 1315.1558b added by Am. 10, 8 F.R. 9697, effective 7-23-43]

§ 1315.1559 *Terms and conditions of sale.* Except for such changes as result from the application of pricing methods contained in §§ 1315.1556, 1315.1557, 1315.1557b, 1315.1557c, or other sections of this regulation, establishing maximum prices or methods for determining

maximum prices for the commodity being priced, no seller shall change the allowance, discounts, or other price differentials which he had in effect during March 1942 for the same or similar types of commodities unless such change results in a lower net price, and no seller shall require any purchaser, and no purchaser shall be permitted to pay a larger portion of transportation costs incurred in the delivery of rubber commodities than the seller required purchasers of the same class to pay on deliveries of the same or similar types of commodities during March 1942.

[§ 1315.1559 amended by Am. 3, 8 F.R. 1584, effective 2–8–43; Am. 8, 8 F.R. 6043, effective 5–13–43; Am. 17, 9 F.R. 9650, effective 8–14–44 and Am. 27, effective 4–24–46]

§ 1315.1559a *Notification of maximum wholesale and retail prices of certain sanitary treated items*—(a) *Applicability of this section.* This section requires notification by manufacturers of the maximum wholesale and retail prices of baby bibs, baby pants, crib sheets, diaper and utility bags, diaper covers, lap pads, mattress covers and coveralls, nursery seat rings, pillow cases and place mats. It also requires notification by wholesalers of the maximum retail prices of the same commodities.

(b) *Notification by manufacturers*—(a) (1) *Notification.* Before or at the time of the first delivery of any of the commodities listed in the preceding paragraph (paragraph (a)) to a wholesaler or a retailer after May 12, 1943, the manufacturer shall notify the purchaser of the maximum retail price of that commodity. This notification shall include the brand and the description of the commodity and the maximum retail price applicable thereto. If the commodity is sold to a wholesaler the notification shall also include the maximum wholesale price of the commodity. The manufacturer may not notify any person of the maximum wholesale or retail price of any commodity which he must price under §§ 1315.1556 or 1315.1557 of this regulation, until either the price reported under those sections by the manufacturer has been approved in writing by the Office of Price Administration, or fifteen days have elapsed after the mailing of the report.

(2) *Method by which the manufacturer calculates the maximum wholesale price for notification to wholesalers.* The manufacturer shall calculate the maximum wholesale price by multiplying his maximum price for the sale of the commodity to the wholesaler by the following percentages:

For sales East of the Rocky Mountains 125 percent.

For sales West of the Rocky Mountains where the amount of the freight is included in the manufacturer's price 125 percent.

For sales West of the Rocky Mountains where the amount of the freight is not included in the manufacturer's price 130 percent.

(3) *Method by which the manufacturer calculates the maximum retail price for notification to purchasers.* The manufacturer shall calculate the maximum retail price as follows: The manufacturer shall first calculate the base price. If the purchaser is a wholesaler, the base price is the maximum wholesale price the manufacturer has calculated in accordance with the provisions of the preceding subparagraph (subparagraph (2)). If the purchaser is a retailer, the base price is the manufacturer's maximum price to that class of retailers to whom the manufacturer sold the largest volume of the commodity during the calendar year 1942. If the manufacturer did not sell the commodity to retailers during the calendar year 1942, the base price where the commodity is sold directly to a retailer is the manufacturer's maximum price to that class of retailers to whom he expects to sell the largest volume of the commodity. The manufacturer shall then calculate the maximum retail price as follows:

(i) Except for sales by mail order houses, the maximum retail price of those commodities whose base price is between $1.25 and $7.20 per dozen shall be determined as follows:

If the base price per dozen is between—	The maximum retail price for each, for all sales east of the Rocky Mountains and for sales west of the Rocky Mountains of items purchased from wholesalers shall be—	The maximum retail price, for each, for sales west of the Rocky Mountains of items purchased direct from manufacturers shall be—
1.25 and 1.60	.20	.25
1.61 and 1.95	.25	.29
1.96 and 2.30	.29	.35
2.31 and 2.65	.35	.39
2.66 and 3.00	.39	.45
3.01 and 3.40	.45	.50
3.41 and 3.80	.50	.55
3.81 and 4.10	.55	.59
4.11 and 4.45	.59	.65
4.46 and 4.80	.65	.69
4.81 and 5.20	.69	.75
5.21 and 5.55	.75	.79
5.56 and 5.90	.79	.85
5.91 and 6.25	.85	.89
6.26 and 6.85	.89	1.00
6.86 and 7.20	1.00	1.05

(ii) The maximum retail price for all sales by mail order houses by mail and all other retail sales of commodities whose base price is below $1.25 per dozen and above $7.20 per dozen shall be determined by multiplying the base price by the following percentages:

	Percent
Sales by mail by mail order houses	160
Retail sales of items purchased direct from manufacturers:	
Sales east of Rocky Mountains	166⅔
Sales west of Rocky Mountains	175
Retail sales of items purchased from wholesalers	166⅔

(c) *Notification by wholesalers.* Before or at the time of the first delivery after May 12, 1943, of any commodity listed in paragraph (a) of this section by a wholesaler to a retailer, the wholesaler shall notify the retailer of the maximum retail price of that commodity. This notification shall include the brand and the description of the commodity and the maximum retail price applicable thereto. The wholesaler will be furnished this maximum retail price by the manufacturer in accordance with the provisions of paragraph (b) of this section (§ 1315.1559a). If the manufacturer has not notified the wholesaler of the maximum retail price, the wholesaler shall not deliver the commodity until he has obtained the maximum retail price from the manufacturer.

(d) *Authorization of specific maximum wholesale and retail prices.* Where, in the opinion of the Office of Price Administration, a maximum wholesale or retail price computed under paragraphs (b) (2) and (b) (3) is not consistent with those otherwise established under the regulation or where, in the opinion of the Administrator, these paragraphs are not appropriate for determining the maximum wholesale or retail price of the commodity, the Office of Price Administration may by order establish maximum prices for sales at wholesale and at retail that are consistent with those otherwise established by the regulation.

[Paragraph (d) added and former (d) redesignated as (e) by Am. 27, effective 4–24–46]

(e) *Records of notifications of maximum prices.* (1) Every manufacturer and wholesaler shall keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, shall remain in effect exact copies of all notifications given to wholesalers and retailers pursuant to the provisions of this section.

(2) Every retailer and wholesaler must preserve all notifications of maximum prices received by him. These notifications shall be kept for inspection by any person during ordinary business hours.

[§ 1315.1559a added by Am. 8, 8 F.R. 6043, effective 5–13–43]

§ 1315.1559b *Transfers of business or stock in trade.* If the business, assets or stock in trade are sold or otherwise transferred after March 31, 1942, and the transferee carries on the business, or continues to deal in the same type of commodities or services, in an establishment separate from any other establishment previously owned or operated by him, the maximum prices of the transferee shall be the same as those to which his transferor would have been subject if no such transfer had taken place, and his obligation to keep records sufficient to verify such prices shall be the same. The transferor shall either preserve and make available, or turn over, to the transferee all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the record provisions of this regulation.

[§ 1315.1559b added by Am. 24, 10 F.R. 13310, effective 10–30–45]

§ 1315.1560 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 220 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of, or relating to, a rubber commodity, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1315.1560a *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order.

[§ 1315.1560a added by Am. 10, 8 F.R. 9997, effective 7–23–43. Former § 1315.1560a added by Am. 6, 8 F.R. 3942, effective 4–1–43; revoked by Am. 9, 8 F.R. 7497, effective 6–17–43]

§ 1315.1560b *Application for adjustments*—(a) *Application by a supplier that is not based upon a proper decrease of other prices*—(1) *Who may receive an adjustment.* The supplier's maximum price for rubber commodities established by this regulation may be adjusted in the case of an essential supplier of an essential rubber commodity. An "essential rubber commodity" is one which contributes to the effective prosecution of the war. An "essential supplier" is one whose output of rubber commodities cannot be reasonably expected to be replaced at prices lower than the proposed adjusted maximum price. In addition, any person who has entered into or proposes to enter into a war contract (as defined in subparagraph (5)) or a subcontract thereunder, is an essential supplier of rubber commodities.

(2) *When adjustment may be granted*—(i) *In general.* If the supplier's total sales were $500,000 or more in the calendar year 1942, the National Office of the Office of Price Administration (and if the supplier's total sales in the calendar year 1942 were less than $500,000, the Regional Office of the Office of Price Administration located in the same region where the supplier's business is located and such District Offices in that region as may be authorized by order issued by the Regional Office), may adjust the maximum price in the case of an essential supplier of an essential commodity upon the basis of the information submitted by the supplier pursuant to paragraph (b) (4) or other information. It may make that adjustment whenever it finds that the maximum price of a commodity is at such a level that (taking into account the costs thereof, the profits position of the supplier, and the nature of his business) supply of the commodity is impeded or threatened and that the adjustment would not cause an increase in the cost of living.

(ii) *Factors which may be considered.* (a) The following factors are relevant to consideration of whether supply of the commodity is impeded or threatened:

(1) Whether, and by what amount, the maximum price is below or above (i) the total unit costs less selling and administrative expenses allocable to the internal management of the business, and (ii) the current total unit costs of the commodity.

(2) Whether, and by what amount, the supplier's current over-all profits, before income and excess profit taxes, are greater or less than his average over-all profits during the normal base period, increased by 7 percent of the additional capital investment contributed entirely by the supplier or its stockholders, since the normal base period. Capital investment will be construed as including accumulated profits.

(3) Whether the proposed price is higher than the price prevailing in the industry.

(4) Whether the supplier's sales of the commodity represent only a very small part of his total sales.

(5) Whether the supplier previously sold the commodity, or a commodity of the same type, at a price which is below its total unit costs.

(b) The following factors are relevant to consideration of whether the adjustment would cause an increase in the cost of living:

(1) Whether the rubber commodity, or a commodity in the supply of which it is used, is of a type sold to civilian consumers other than industrial consumers.

(2) If such is the case, whether the increase in price allowed by adjustment would be absorbed prior to sale to a non-industrial consumer.

(3) Whether, if the applicant did not supply the rubber commodity, his output would be replaced by the same or a substitute commodity at prices equal to or higher than the proposed adjusted maximum price.

(3) *How the supplier proceeds in in applying for an adjustment*—(i) *In general.* An application for adjustment under this paragraph (a) shall be filed in accordance with Revised Procedural Regulation No. 1 and shall be made on Form OPA 696: 4057 set out in Appendix B, incorporated as § 1315.1568 of this regulation. If the supplier's total sales in the calendar year 1942, or in the fiscal year ending in 1942, exceeded $500,000, the application shall be filed with the Office of Price Administration, Washington, D. C. If the supplier's total sales during that period did not exceed $500,000, the application shall be filed with the regional office of the Office of Price Administration located in the same region in which the supplier's business is located.

(ii) *Application based on proposed wage or salary increase to be authorized by the National War Labor Board.* A supplier who believes that the conditions for an adjustment set forth in this paragraph (a) would exist if the National War Labor Board should grant a pending application for wage or salary increase, may file an application for adjustment under this paragraph. Applications for adjustment of maximum prices based on wage or salary increases requiring approval of the National War Labor Board must also comply with Supplementary Order No. 28, which requires, among other things, that an application for adjustment in such case be filed within 15 days after an application for a wage or salary adjustment has been filed with the National War Labor Board, or, in a disputed wage proceeding, within 15 days after the employer receives notification that the National War Labor Board has taken jurisdiction of the dispute.

(4) *Prices for deliveries made pending disposition of the application.* A supplier who has filed an application under this paragraph (a) may contract or agree that deliveries made during the pendency of the application shall be at a specific price which is higher than the existing maximum price which the supplier wants to have adjusted. But no payment in excess of that existing maximum price may be received until the application is finally disposed of, and at that time the price received may not exceed the maximum price as determined by the Office of Price Administration.

A supplier who wishes to enter into such an arrangement must specifically state to the buyer the following:

(i) The maximum price for the commodity;

(ii) The fact that an appropriate application for an adjustment of that maximum price has been filed with the Office of Price Administration;

(iii) The fact that the specific price quoted by the supplier is subject to the approval of the Office of Price Administration.

(5) *Definitions*—(i) *Normal base period.* The term "normal base period" means the period 1936–1939. If the applicant believes that the period 1936–1939 is not a normal base period for him he shall state why he believes it is not and shall designate another period which he believes is normal and the reasons therefor. If the Office of Price Administration finds either (a) that the entire industry of which the applicant is a part was operating during the greater part of the period 1936–1939 at an unusually depressed level or (b) that because of unusual conditions prevailing during that period, the applicant's plant was operating at an unusually depressed level in comparison to other plants in the industry, and in addition that some other period prior to January 1, 1941, is a normal base period, such other period may be considered. The mere fact that the rate of supply has increased since 1936–1939 will not be deemed evidence that supply during that period was at an "unusually depressed level." If the supplier was not in business prior to January 1, 1941, he shall state that fact in his application.

(ii) *Over-all profits.* The term "over-all profits" means net profit resulting from the operation of all divisions of the supplier before the creation of any reserves, except ordinary reserves for depreciation and bad debts, and before income and excess profit taxes. Where affiliated interests exist, the term "over-all profits" means the consolidated net profit before the creation of any reserves, except ordinary reserves for depreciation and bad debts, and before income and excess profit taxes.

(iii) *Subcontract.* The term "subcontract" means any purchase, order, or agreement to perform all or any part of the work, or to make or furnish any commodity, required for the performance of another contract or subcontract.

(iv) *Total unit costs.* The term "total unit costs" means the direct unit cost of labor, materials, and subcontracted services, plus a proportion of factory overhead, administrative, and other expenses, based on actual operating experience, properly allocable to the supply of the commodity, but does not include provisions for income or excess profit taxes. In evaluating total unit costs, the Office of Price Administration will determine whether the allocation of factory overhead, administrative and other expenses is based on a representative period of continuous, normal supply.

(v) *War contract.* The term "war contract" means any contract with the United States, or any agency thereof, or with the government, or any agency thereof, of any country whose defense the President deems vital to the defense of the United States, under the terms of the Lend-Lease Act, for the sale of rubber commodities purchased (a) for the ultimate use of the armed forces of the United States or for lend-lease purposes, or (b) by any government (or agency thereof) of any country whose defense the President deems vital to the defense of the United States under the terms of the Lend-Lease Act, or (c) for use in the supply or manufacture of any commodity described in (a) or (b).

(b) *Application by a supplier based upon an appropriate decrease of other prices—(1) Who may receive an adjustment under this paragraph.* Adjustments under this paragraph will be granted only in the case of an essential supplier of an essential rubber commodity. The meaning of these terms is explained in paragraph (a) (1) of this section.

(2) *When adjustment may be granted.* The Office of Price Administration, any regional office, or such other offices as may be authorized by order issued by the appropriate regional office, may make an adjustment of the maximum price in any case in which the supplier agrees to make and (simultaneously with any increase in the maximum price that may be authorized under this paragraph (b)) makes a reduction in the selling price of other commodities which will equal or exceed the total dollar amount of the adjustment granted under this paragraph.

(3) *What an application under this paragraph must show.* An application for price adjustment under this paragraph (b) shall contain information indicating that the supplier is an essential supplier of an essential rubber commodity and that if the proposed adjustment is granted, the gross dollar amount of sales of the commodities affected by the adjustment will not be greater than it would have been in the absence of the adjustment. In any case where such an adjustment is granted, the Office of Price Administration will require appropriate reports relating to the commodities affected.

(4) *How the supplier proceeds in applying for an adjustment.* An application for adjustment under this paragraph (b) shall be filed in accordance with Revised Procedural Regulation No. 1. If the supplier's total sales for the calendar year 1942, or for the fiscal year ending in 1942, exceeded $500,000, the application shall be filed with the Office of Price Administration, Washington, D. C. If the supplier's total sales during that period did not exceed $500,000, the application shall be filed with the regional office of the Office of Price Administration located in the same region that the applicant's business is located.

(c) *Application by a supplier under a combination of both paragraphs (a) and (b).* A supplier who desires to apply for an adjustment under paragraph (b) may, at the time he applies under that paragraph, also apply under paragraph (a), if the facts of his case entitle him to do so. In such case, the office considering his application will give the adjustment available under paragraph (a) before applying paragraph (b).

(d) *Procedural Regulation No. 6 superseded.* No application for adjustment filed under Procedural Regulation No. 6 by a supplier after June 15, 1944, with respect to rubber commodities will be granted.

(e) *Adjustments for sales by other than manufacturers where the manufacturers' maximum prices are adjusted.* Notwithstanding any other provision of this section, the maximum prices for sales of any commodity by classes of sellers other than manufacturers may be adjusted by an order issued under this section which adjusts a manufacturer's or manufacturers' prices for the commodity.

(f) *Delegation of authority.* Any regional administrator or any district director authorized by the appropriate regional administrator may act on reports required to be filed with the regional administrator under § 1315.1560b, and may issue orders under that section establishing maximum prices in accordance with that section.

[§ 1315.1560b added by Am. 15, 9 F.R. 6431, effective 6–15–44 and amended by Am. 27, effective 4–24–46]

§ 1315.1560c *Industrywide adjustments for reconversion products.* Special pricing provisions applicable to particular products may be established by orders issued under this section when, with respect to the product, the Administrator finds:

(a) That in 1944 its production was approximately one-half or less of its production in its last representative period of peacetime production;

(b) That this reduction in dollar volume resulted from (1) governmental restrictions on the manufacture of products or on the use of materials, facilities, or manpower, or (2) the use of facilities for the production of war goods; or (3) other direct needs of the war effort; and

(c) That because of change in government restrictions or in the needs of the war program, manufacturers of the product generally are able to begin or to increase substantially the production of the product line.

If in the judgment of the Administrator, the purposes of this section will be effectuated, as to a particular product, without any special pricing provisions, an order under this section will not be issued with respect to that product even though the above findings could be made as to it.

Orders under this section, will generally authorize industrywide increases in the established maximum prices of manufacturers in those industries based upon surveys conducted by the Price Administrator, either upon the request of the particular industry or upon his own motion. Those orders will establish adjusted maximum prices or methods of determining such prices by the use of price factor. Where, however, in the judgment of the Price Administrator, the use of an industrywide factor will, by reason of the diversity in the products made by the member firms, the wide variation in cost experience among them, or other reasons be an inequitable and inappropriate means of establishing reconversion prices, he may provide for the calculation and application of individual price increase factors.

Broadly stated the new maximum prices will represent costs experienced during the last period of normal production adjusted for subsequent lawful changes in the level of materials prices and in basic wage rate schedules of factory workers, plus the industry's average peacetime profit margin over cost. Changes in materials prices may be measured by materials cost increase factors, determined by the Administrator, in those cases where such action may be necessary to eliminate temporary or artificial influences. In the case of an industry for which the Administrator has decided that price increase factors should be determined and applied for each firm, the profit element in each increase factor will be the firm's own base period profit margin or one-half the industry's average peacetime margin, whichever is the higher.

Orders issued under this section may also modify or supersede the provisions of Maximum Price Regulation 220 with respect to the establishment of maximum prices if, on the basis of the particular characteristics of the industry involved, the Administrator finds that another method of price determination will effectuate the purposes of this regulation better than the general pricing provisions of the regulation. In addition, those orders may establish new maximum prices or a method of determining new maximum prices for sales by persons other than manufacturers which will supersede maximum prices fixed by other regulations for such sales and which will be consistent with the standards applied by the Office of Price Administration for the reasonable absorption of necessary cost increases.

Orders issued under this section will not ordinarily reduce higher maximum prices which manufacturers have previously established in accordance with the applicable provisions.

A manufacturer of a product covered by an order issued under this section may not obtain an adjustment of his maximum prices under any adjustment provision other than Supplementary Orders Nos. 118 and 119, unless the adjustment provision itself or the order issued under this section covering his product expressly provides otherwise.

Small volume manufacturers may use as their new maximum prices those which they calculate under Supplementary Order No. 118, and general orders issued pursuant thereto, if the maximum prices so calculated are higher than maximum prices set under orders issued under this section. Any other manufacturer may apply for an individual adjustment under Supplementary Order No. 119, if, after the adjustment authorized for his industry by an order under this section, his maximum price still continues eligible for adjustment in accordance with the provisions of that supplementary order.

Orders issued under this section may require a manufacturer to arrange the production and distribution of his products so that they will be representative of his production and distribution in a specified past period for goods in a particular category. The Administrator may also require authorized price increases to be applied among articles or price lines in a manner consistent with the need, under the stabilization program, to maintain the production of lower-priced articles.

§ 1315.1561 *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may petition for an amendment in accordance with the provisions of Revised Procedural Regulation No. 1.

[§ 1315.1561 amended by Am. 1, 7 F.R. 8936, effective 11–4–42; and Am. 10, 8 F.R. 9997, effective 7–23–43]

[NOTE: Procedural Regulation No. 6 (9 F.R. 10628; 10 F.R. 1382, 9394) provides for the filing of applications for adjustment of maximum prices for commodities or services under Government contracts or subcontracts. Revised Supplementary Order No. 9 (8 F.R. 6175; 10 F.R. 9394 makes the provisions of Procedural Regulation No. 6 applicable to all price regulations, excepting those which expressly prohibit such applications and certain specific regulations listed in Revised Supplementary Order No. 9.]

§ 1315.1561a *Licensing.* The provisions of Licensing Order No. 1 [1] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

[§ 1315.1561a added by Am. 8, 8 F.R. 6043, effective 5–13–43; amended by Supplementary Order No. 72, 8 F.R. 13244, effective 10–1–43]

§1315.1562 *Enforcement.* (a) Persons violating any provisions of this Maximum Price Regulation No. 220 are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 220 or any price schedule, regulation or order issued by the Office of Price Administration, or of any acts or practices which constitute such a violation, are urged to communicate with the nearest field, district, state or regional office of the Office of Price Administration or its principal office in Washington, D. C.

[§ 1315.1563 revoked by Am. 2, 7 F.R. 11111, effective 1–4–43. Former §§ 1315.1564 through 1315.1568 designated §§ 1315.1563 through 1315.1567 by Am. 10, 8 F.R. 9997, effective 7–23–43]

§ 1315.1563 *Definitions.* (a) When used in this Maximum Price Regulation No. 220, the term:

(1) "Highest price charged during March, 1942", means:

(i) The highest price which the seller charged to a purchaser of the same class for delivery of the commodity during March, 1942.

(ii) If the seller made no such delivery during March, 1942, such seller's highest offering price to a purchaser of the same class for delivery during that month.

(iii) If the seller made no such delivery and had no such offering price to a purchaser of the same class, the highest price charged by the seller during March, 1942, to a purchaser of a different class, adjusted to reflect the seller's customary differential between the two classes of purchasers.

(2) "Manufacturer" means any person engaged in the production of a rubber commodity.

(3) "Purchaser of the same class" and "class of purchaser" refer to the practice adopted by the seller in setting different prices for commodities for sales to different purchasers or kinds of purchasers (for example, manufacturer, wholesaler, jobber, retailer, government agency, public institution, individual consumer) or for purchasers located in different areas or for different quantities or grades or under different conditions of sale.

[1] 8 F.R. 13240.

(4) "Rubber commodity" means any article listed in Appendix A, incorporated herein as § 1315.1567, when made in whole or in part of rubber, the maximum price for which would be established by the General Maximum Price Regulation in the absence of this Maximum Price Regulation No. 220.

(5) "Rubber" means substitute rubber and all forms and types of rubber, including synthetic, reclaimed and balata rubber.

[Subparagraphs (4) and (5) amended by Am. 2, 7 F.R. 11111, effective 1–4–43]

(6) "Standard list item" means an article, the maximum price of which is listed in a schedule or price list of the manufacturer or which is offered for sale by the manufacturer at the same price to any member of a particular class of purchasers.

(7) "Synthetic rubber" means a material obtained by chemical synthesis, possessing the approximate physical properties of natural rubber, when compared in either the vulcanized or unvulcanized condition, which can be vulcanized with sulphur or other chemicals with the application of heat, and which, when vulcanized, is capable of rapid elastic recovery after being stretched to at least twice its length at temperatures ranging from 0° F. to 150° F. at any humidity.

(8) "Substitute rubber" means a substance made in whole or in part by a chemical process or from natural gums, resins or oils which in physical properties sufficiently resembles natural or synthetic rubber to replace either of them for particular uses, including uses where only some and not all of the physical characteristics of natural or synthetic rubber are needed, and which serves the same use as natural or synthetic rubber in the particular application in which it is applied.

[Subparagraph (7) amended and paragraph (8) added by Am. 2, 7 F.R. 11111, effective, 1–4–43]

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1315.1564 *Geographical applicability.* The provisions of this Maximum Price Regulation No. 220 shall be applicable to the forty-eight states and the District of Columbia, but not to the territories and possessions of the United States.

§ 1315.1565 *Effective date.* This Maximum Price Regulation No. 220 (§§ 1315.1551 to 1315.1556, inclusive) shall become effective September 19, 1942, for all sales and deliveries except sales and deliveries to the United States or any agency thereof, or to the Government of any country whose defense the President deems vital to the defense of the United States under the terms of the Act of March 11, 1941, entitled "An Act to promote the defense of the United States," or any agency of any such government. For such sales and deliveries it shall become effective October 10, 1942.

[MPR 220 originally issued September 14, 1942]

§ 1315.1566 *Effective dates of amendments.* Effective dates of amendments are shown in notes following the parts affected.]

§ 1315.1567 *Appendix A: Articles covered by the regulation.* The following articles, when made in whole or in part of rubber, shall be covered by this Maximum Price Regulation No. 220:

NOTE: This Maximum Price Regulation No. 220 does not apply to any sale or delivery of the articles listed below for which a maximum price is in effect at the time of such sale or delivery under the provisions of any other price regulation, issued, or which may be issue, by the Office of Price Administration. This Maximum Price Regulation No. 220 applies, instead of the General Maximum Price Regulation, to the articles listed below, when they are made in whole or in part of rubber. However, this Maximum Price Regulation No. 220 does not apply to sales or deliveries of the articles listed below if they have been exempted from the General Maximum Price Regulation by any supplementary regulation thereto. Manufacturers selling articles listed below should, before pricing their products in accordance with this Maximum Price Regulation No. 220 determine: (a) whether price regulations, other than the General Maximum Price Regulations, have been issued with respect to the articles so listed and (b) whether sales or deliveries of the articles listed have been exempted from the General Maximum Price Regulation by any supplementary regulation thereto.

INSTRUCTIONS FOR THE USE OF ADJUSTMENT APPLICATION FORM FOR RUBBER COMMODITIES

Schedule C entitled "Unit Price and Cost Information" is subject to the following explanation:

1. *Price data:*

(a) 1. (List) (gross) price:

Please indicate whether the price is a list price or a gross price by crossing out the term that does not apply.

(a) 2. *Dealer's commissions:*

Where all dealers receive the same commission, use the full commission rate even if some sales are not subject to any commission. If several different rates affect the product covered by the application, use the rate that applies to the largest amount of sales.

(a) 3. *Trade discounts.*

Deduct trade discounts prevailing in your company for the product covered by the application.

(b) Use a sufficient number of months prior to the date of the application to give an adequate understanding of the situation. Name the period in the allotted space and fill in commission rates or discounts.

2. *Unit cost data:*

In presenting unit cost data be sure to include only actual cost.

Material cost must represent actual cost. State separately any charges added to costs of materials.

Where standard costs are used, adjust costs for over- and under-absorption during the period to which the costs apply.

The cost data for the ceiling date may be recomputed if the product covered by the application was not manufactured on or about that date. In the recomputation apply the wage rates prevailing in your plant on the ceiling date and material cost of the same date.

Under items (f), and (h) include only costs borne by the manufacturer and not billed separately.

[§ 1315.1568 added by Am. 15, 9 F.R. 6431, effective 6-15-44]

NOTE: All reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 19th day of April 1946.

PAUL A. PORTER,
Administrator.

NOTES ON 1" ROUND EDGE HARDWOODS

These maximum prices for "log run" and "mill run" shall be applicable only in case the seller guarantees to the buyer that the shipment shall meet the following requirements:

Log run: Not more than 45% No. 2 Common and not less than 15% FAS.

Mill run: Not more than 40% No. 3 Common, not more than 25% No. 2 Common, and not less than 10% FAS.

The maximum price of round-edge mixed hardwoods sold on a "log run" or "mill run" basis shall be the "log run" or "mill run" price of the lowest-priced species included.

For items thicker than 1" in each species, add to the above prices the same amounts by which the prices for those thicknesses, in square-edge lumber grades, exceed the prices for 1" stock in the same square-edge lumber grades.

Where the item is of a thickness for which no prices are listed in the square edge lumber tables for the same species, for example 2¾ inches or 2¾ inches, the amount of addition shall be proportioned, according to the thickness of the item, between the amount of addition for the next lower thickness and the amount of addition for the next greater thickness over the one-inch price in the same square edge lumber species and grade.

Example: FAS Hard Maple 2¾ inch thick.

Maximum price for 1" FAS Hard Maple (square edge)	$115.00
Maximum price for 2½" FAS Hard Maple (square edge)	149.50
Maximum price for 3" FAS Hard Maple (square edge)	161.50
Addition for 2½" stock	34.50
Addition for 3" stock	46.50
Proportionate addition for 2¾" stock	40.50

[Docket No. AO 71-A-10-RO-1]

NEW YORK METROPOLITAN MILK MARKETING AREA

NOTICE OF HEARING ON HANDLING OF MILK

Proposed amendments to the tentatively approved marketing agreement, as amended, and to the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area.

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and in accordance with the applicable rules of practice and procedure, as amended (7 CFR, Cum. Supp. 900.1 et seq., 10 F.R. 11791), notice is hereby given of a hearing to be held at the Utica Hotel, Utica, New York, beginning at 10:00 a. m., e. s. t., May 14, 1946.

Such hearing is to be held for the purpose of receiving further evidence with respect to certain matters, hereinafter designated, relating to proposed amendments to the said marketing agreement and order which were considered at a hearing held at Brooklyn, New York, on January 17 and 18, 1946, at Watertown, New York, on January 21, 1946, and at Syracuse, New York, on January 22–25, 1946, which hearing is hereby reopened to that extent, and for the further purpose of receiving evidence with respect to the additional proposed amendments to the said marketing agreement and order hereinafter set forth.

These proposed amendments have not received the approval of the Secretary of Agriculture.

The matters as to which the prior hearing is reopened are as follows:

1. Amend § 927.4 (a) (5) (i) to read:

(i) Milk, cream, plain condensed milk, or skim milk received from pool plants or from producers shall be assigned as far as possible to Class I-A, Class II-A, Class II-B, or Class V-A, unless such classification is based on some product leaving or on hand at the plant in some form other than milk, cream, plain condensed milk, frozen desserts or homogenized mixtures, skim milk, or other than cultured or flavored milk drinks shipped to or distributed in the marketing area.

2. Amend § 927.5 (a) (1) by (1) extension of the table therein to provide a further increase of 20 cents per hun-

dredweight in the Class I–A price for each interval of increase of 5 cents in the butter-powder value beyond the upper limit now provided, (2) reducing the prices set forth in the table therein for the April through June period 15 cents per hundredweight, and (3) increasing the prices set forth in the table therein for the July through March period 5 cents per hundredweight.

3. Amend § 927.5 (a) by deleting subparagraph (2) thereof and by renumbering succeeding subparagraphs accordingly.

4. Amend § 927.5 (a) (5) by extension of the table therein to provide a further increase of 15 cents per hundredweight in the Class II–A price for each interval of increase of 3.5 cents in the butter price beyond the upper limit now provided.

5. Amend § 927.5 (a) (6) to read:

(6) For Class II–B milk the price during March through July shall be 25 cents less than the Class II–A price and for each other month shall be 20 cents less than the Class II–A price: *Provided*, That in no event shall the Class II–B price be lower than the Class II–C price or lower than the Class II–D price minus 5.5 cents.

6. Amend § 927.5 (a) (8) by changing the proviso therein: *"Provided*, That in no event shall the Class II–D price be lower than an amount computed by the market administrator as follows: From the average of the highest prices reported daily during such month by the United States Department of Agriculture for 92-score butter at wholesale in the New York market, deduct 4 cents, add 20 percent, multiply by 3.5, and add 10 cents."

7. Amend § 927.5 (a) (9) by changing the proviso therein to read: *"Provided*, That in no event shall the Class II–E price be lower than an amount computed by the market administrator as follows: From the average of the highest prices reported daily during such month by the United States Department of Agriculture for 92-score butter at wholesale in the New York market, deduct 4 cents, add 20 percent, multiply by 3.5, and add 10 cents."

8. Amend § 927.5 (a) (11) by changing that portion preceding the proviso to read:

(11) For Class III milk the price during each month shall be the average, computed by the market administrator, of prices, as reported to the United States Department of Agriculture, paid during such month to farmers for 3.5 percent milk at evaporated milk plants at locations listed in this subparagraph: *Provided*, That the Class III price during the months of January, February, July, August, and September shall be such average plus 8 cents, and during the months of October, November and December shall be such average plus 15 cents.

9. Amend § 927.5 (a) (12) by adding the following proviso: *"Provided*, That in no event shall the Class IV–A price during the months of October through February be less than the Class II–E price."

10. Amend § 927.5 (a) (13) by adding the following proviso: *"Provided further*, That in no event shall the Class IV–B price during the months of October through February be less than the Class III price."

11. Amend § 927.5 (b) by changing to "9.0" the factor of "9.45" as set forth in provision for determining the Class IV–B butterfat differential, and by adding a provision establishing the Class III butterfat differential as an amount equal to the Class III price minus 91.25 percent of the Class V–B price, divided by 35.

12. Amend § 927.8 (f) by changing the word "October" as contained therein to "July".

Additional proposals are as follows:

13. Amend § 927.2 (c) by adding the following provision:

(4) To recommend to the Secretary amendments to this order.

14. Amend § 927.2 (d) (5) by adding "and § 927.9" to the end thereof.

15. Amend § 927.2 (e) to read as follows:

(e) *Announcement of prices.* The market administrator shall compute and publicly announce prices as follows:

(1) Not later than the 25th day of each month:

(i) The average, for the period beginning with the 25th of the immediately preceding month and ending with the 24th of the current month, of the highest prices reported daily by the United States Department of Agriculture for 92-score butter at wholesale in the New York market.

(ii) The average, for the period beginning with the 25th of the immediately preceding month and ending with the 24th of the current month, of the prices (using the midpoint of any range as one quotation) reported daily in the "Producers' Price Current" for hot roller process dried skim milk or nonfat dry milk solids "other brands, human consumption, carlots, bags or barrels."

(iii) The average, for the period beginning with the 25th of the immediately preceding month and ending with the 24th of the current month, of the prices (using the midpoint of any range as one quotation) reported daily in the "Producers' Price Current" for hot roller process dried skim milk or nonfat dry milk solids "other brands, animal feed, carlots, bags, or barrels."

(iv) The simple average of the averages computed pursuant to (ii) and (iii) of this paragraph.

(v) The preliminary Class I–A, Class II–A and Class V–A prices for the following month pursuant to § 927.5 (a).

(2) Not later than the 5th day of each month:

(i) The minimum class prices pursuant to § 927.5 (a) for the preceding month.

(ii) The butterfat differentials, pursuant to § 927.5 (b) and § 927.8 (c), for the preceding month.

(iii) The average, for the preceding month as reported by the United States Department of Agriculture, of all weekly market quotations (using the midpoint of any weekly range as one quotation) of prices for a 40-quart can of 40 percent sweet cream approved for Pennsylvania.

(iv) The average, for the preceding month as reported by the United States Department of Agriculture, of all weekly market quotations (using the midpoint of any weekly range as one quotation) of prices for a 40-quart can of 40 percent sweet cream approved for Pennsylvania, Newark and Lower Merion Township.

(v) The simple average of the averages computed pursuant to (iii) and (iv) of this paragraph.

(vi) The weighted average price, for the preceding month as reported by the United States Department of Agriculture, per 40-quart can of 40 percent bottling quality cream in the Boston market.

(vii) The average, for the preceding month as reported to the United States Department of Agriculture, of the prices paid to dairy farmers for 3.5 percent milk at the evaporated milk plants at places set forth in § 927.5 (a) (11).

(viii) The average of the highest prices reported daily during the preceding month by the United States Department of Agriculture for 92-score butter at wholesale in the New York market.

(ix) The average of the weekly price quotations during the preceding month for cheddars or twins at the Wisconsin Cheese Exchange as set forth in §927.5 (a) (13).

(x) The average, for the preceding month, of the prices (using the midpoint of any range as one quotation) reported daily in the "Producers' Price Current" for hot roller process dried skim milk or nonfat dry milk solids "other brands, human consumption, carlots, bags or barrels."

(xi) The average, for the preceding month, of the prices (using the midpoint of any range as one quotation) reported daily in the "Producers' Price Current" for hot roller process dried skim milk or nonfat dry milk solids "other brands, animal feed, carlots, bags or barrels."

(xii) The simple average of the averages computed pursuant to (x) and (xi) of this paragraph.

16. Amend § 927.3 (a) to provide that the market administrator can suspend a plant only on the basis of the monthly report filed for such plant, and provided that the market administrator can suspend a plant only upon the same grounds that the Secretary can cancel a plant's designation as a pool plant.

17. Amend § 927.3 (a) (3) (i) to read:

(i) Be willing to ship in the form of milk to the marketing area in Class I–A and in Class I–C to the area and under the restrictions provided in subparagraph (4) (iv) and (iv) (*a*) of this paragraph, milk received at the plant from dairy farmers.

18. Amend § 927.3 (a) (4) (iv) to read:

(iv) Suspension for failure to meet the requirements of (3) (i) of this paragraph can be made effective as of a date in any month, or during a month for which the Secretary or the Market Administrator has declared an emergency to exist in the supplying of milk to the Marketing Area. Such suspension, in the absence of a declaration by the Secretary or Market Administrator of an emergency, shall be made only after the issuance of a notice by the Market Administrator to all handlers operating reserve pool plants, that pool plant designations are subject to suspension for failure to meet the requirements of (3) (i) of this paragraph.

19. Amend § 927.3 (a) (4) (iv) (*a*) to read:

(*a*) No pool plant shall be cancelled for failure to meet the requirements of (3) (i) of this paragraph, if the handler operating the plant, during the month in which the suspension by the Market Administrator was made effective, utilized in Class IA, or in Class IC ultimately distributed in the special cream area, or in Fairfield County, Connecticut, or in Pennsylvania outside the Counties of Allegheny, Beaver, Fayette, Greene, Washington and Westmoreland, 100% of the total milk be received from producers at all pool plants: *Provided*, That the amount of milk utilized by the handler in Class IC, shall in no one month be greater than the amount utilized by the said handler in Class IC in the previous June, but in no event shall less than 60% of the milk received by the handler from producers be utilized in Class IA. The percentage requirement for the utilization of milk in the aforesaid classes for any month for which the Secretary or Market Administrator has found that an emergency exists in the supplying of fluid milk to the Marketing Area shall be established by the Market Administrator.

20. Amend § 927.3 (a) (4) (iv) (*a*) to provide that no pool plant designation shall be cancelled for failure to meet the requirements of (3) (i) of this paragraph if the handler operating the plant during the month in which the suspension by the market administrator was made effective utilized in the marketing area the butterfat in milk received from producers to at least 75 percent of such milk receipts.

21. Amend § 927.3 (a) (4) (iv) (*a*) by inserting after the words "storage cream" as contained in the parenthesis therein the following: "unless the handler storing such cream during the months of August through December, inclusive, withdraws during each such month more of such cream from storage than was placed into storage during the same month."

22. Amend § 927.3 (a) (4) (iv) (*a*) to provide for adding Class I–B as one of the classes in which milk may be utilized in meeting the requirements of this paragraph.

23. Amend § 927.3 (a) (4) (iv) (c) to read:

(c) Cancellations of designations for failure to meet the requirements of (3) (i) of this paragraph shall be limited to those plants necessary to result in a utilization in Classes IA and IC (except that omitted in the computation set forth in (4) (iv) (a) of this paragraph), of milk received at the remaining pool plants operated by the handler, or reported by the cooperative, as the case may be, equal to 100%, or such other percentage as the Secretary or the Market Administrator has established in declaring an emergency.

24. Add a new provision as follows:

At any time during a "declaration of an emergency" by the Secretary or Market Administrator or upon the issuance of a notice by the Market Administrator to all handlers operating reserve pool plants, that pool plant designations are subject to suspension for failure to meet the requirements of § 927.3 (a) (3) (i) of the orders, the Market Administrator may appoint an Allocation Committee which shall have the power to direct shipments of Class IA milk through an "Allocation Pool", from sources not being utilized in Class IA.

Handlers who do not operate or control country receiving stations, or who do not receive from such country receiving stations as they do operate or control sufficient quantities of milk to supply their customers with as much average daily Class IA sales as were their average daily sales of such milk in the previous month of April, may file with such Allocation Committee, requests for an amount of milk to make up such deficiency and shall specify their weekly requirements commencing not less than 5 days after making such request. The "Allocation Committee" shall then endeavor to obtain from sources not being utilized in Class IA, supplies of milk to meet such requirements.

Supplies of milk handled through the Allocation Committee shall be direct sales between the selling handler and the purchasing handler and shall be paid for C. O. D. or on any reasonable terms satisfactory to the selling handler and under the following conditions:

(a) At ceiling price f. o. b. either country plant or New York City, at the option of the seller, or in the absence of an O. P. A. ceiling, at country handling charges as determined by the Allocation Committee.

(b) Butterfat content at country plant as reported to the Market Administrator on the monthly report, at the rate of 4 cents per point above or below 3.5% as the case may be.

(c) Trucking to be arranged for by the seller at his option, otherwise by the buyer. If the seller uses his own truck the price for trucking is to be determined by the Allocation Committee.

The Allocation Committee in requisitioning milk for allocations may take into account any or all of the following factors:

(a) Whether handler receives any special payment under Order 27 for servicing the market.

(b) Distance of plant from the marketing areas.

(c) Butterfat content of milk as related to the requirements of the buyer.

(d) Any other factor affecting cost or quality of the milk or availability of transportation facilities.

(e) The requirements of public health officials and the history of operations at the plant.

The Allocation Committee or its members shall not be subject to legal responsibility for failure to fill requests for milk supplies, but shall only be required to make efforts to obtain such supplies.

The Market Administrator shall cancel the designation as a reserve plant, if the operator of such plant fails to comply with decisions of the Allocation Committee. Such failure to cooperate shall be deemed sufficient proof that the handler is not complying with § 927.3 (a) (3) (i) of the orders.

25. Amend § 927.4 (a) (2) by adding the following proviso: *"Provided*, That the holding of milk in the form of cream in a licensed cold storage warehouse at an average temperature below zero degrees Fahrenheit for at least 7 consecutive days shall constitute that portion of the handling of such cream, required pursuant to § 927.4 (c) (5), that is required to be performed during the month following its receipt from dairy farmers.

26. Amend § 927.4 (a) (3) (i) to provide that a handler can move frozen desserts from one plant to another plant in New York City or to a warehouse without affecting classification based on movement to an area where the product is utilized.

27. Amend § 927.4 (c) (10) by adding the term "syruped malted milk" to the list of products included therein.

28. Amend § 927.4 (c) (13) to read:

(13) Class V–A milk shall be the skim milk in all milk, which skim milk enters the marketing area in the form of fluid skim milk or cultured or flavored milk drinks containing less than 3 percent butterfat, or which is not accounted for in some product leaving or on hand at a plant.

29. Amend § 927.4 (c) (14) to read:

(14) Class V–B milk shall be the skim milk in all milk, which skim milk is not classified pursuant to (13) of this paragraph.

30. Amend § 927.5 by changing the second paragraph thereof to read:

The prices for milk classified pursuant to (4), (5), (6), (7), (8), (9), and (11) of § 927.4 (c) shall represent the value of the 40 percent cream equivalent of the milk. For purposes of this section, the quantity of skim milk to be priced at either the Class V–A or Class V–B price shall be 91.25 pounds (plus or minus 0.25 pound for each point of butterfat in milk containing less or more than 3.5 percent butterfat) in each 100 pounds of milk classified pursuant to (4), (5), (6), (7), (8), (9), and (11) of § 927.4 (c): *Provided*, That if the quantity of Class V–A milk is greater than the quantity of skim milk to be so priced, the excess V–A skim milk shall be paid for at the difference between the Class V–A and Class V–B prices.

31. Amend § 927.5 (a) (3) by adding a proviso that the Class I–B price shall not be less than the Class I–C price.

32. Amend § 927.5 (a) (14) by deleting the proviso contained therein.

33. Amend § 927.5 (c) by changing that portion of each of the subparagraphs 1, 2, and 3 thereof preceding the table in each of such subparagraphs to read as follows:

(1) The Market Administrator shall, from time to time determine and publicly announce for each pool plant the freight zone set forth in the following schedule. The freight zone for plants located in

the marketing area shall be the 1–10 mile zone. The freight zones for plants outside the marketing area shall be based on the railroad mileage distance from the plant to New York City terminals of the nearest railway shipping point, or the shortest highway mileage distance from the plant to Columbus Circle, New York City, as computed from the latest mileage guide issued by the Household Goods Carriers' Bureau, Agent, Washington, D. C., whichever is shorter. The minimum prices set forth in (a) of this section shall be plus or minus the amounts as set forth in the following schedule:

(2) The Market Administrator shall, from time to time, determine and publicly announce for each pool plant a zone based on its shortest highway mileage distance from the City Hall in Philadelphia, Pennsylvania, as computed from the latest mileage guide issued by the Household Goods Carriers' Bureau, Agent, Washington, D. C. The minimum price for Class II–D shall be subject to the minus differentials set forth in the following table applicable to the location of the plant at which the milk was received from producers:

(3) The Market Administrator shall, from time to time, determine and publicly announce for each pool plant a zone based on its shortest highway mileage distance from the State House in Boston, Massachusetts, as computed from the latest mileage guide issued by the Household Goods Carriers' Bureau, Agent, Washington, D. C. The minimum prices for Class II–E and Class II–F milk shall be subject to the minus differential set forth in the following table applicable to the location of the plant at which milk was received from producers:

34. Amend § 927.6 by changing paragraphs (c) and (d) thereof to (d) and (e) respectively, and by adding a new paragraph (c) as follows:

(c) *Storage cream reports.* On or before the last day of the period for establishing classification pursuant to § 927.4 (a) (2), and not later than 15 days prior to removal of the cream from storage, each handler shall report to the market administrator on forms prescribed by the market administrator information with respect to the storage of cream as a basis for Class II–B Classification. Failure to make such reports shall result in the disallowance of Class II–B classification.

35. Amend § 927.7 (a) by deleting subparagraph (5) thereof and providing that any location differentials shall be paid by handlers of the milk.

36. Amend § 927.7 (a) (5) by adding Sullivan County, New York and Berks County, Pennsylvania to the list of counties in which the location differential of 20 cents per hundredweight shall be applicable.

37. Amend § 927.8 by changing the title thereof to read: "*Payment by handlers directly to producers*", by changing the title of paragraph (a) thereof to read: "(a) *Time and rate of payments*", and by adding the following sentence to the end of paragraph (a): "Whenever verification by the market administrator of the payment to any producer or cooperative association of producers for milk delivered to any handler discloses payment of less than is required by this order, the handler shall make up such payment to the producer or cooperative association of producers not later than the time of making payment next following such disclosure."

38. Amend § 927.8 by deleting paragraph (e) thereof and all references elsewhere to payments for milk or milk products received from other than producer sources.

39. Amend § 927.8 (e) to provide that the payments for milk or milk products from other than producer sources shall not be made during any period of time in which any Board of Health having jurisdiction in the marketing area has declared an emergency and permitted the importation of such products from sources other than pool plants.

40. Amend § 927.8 (f) (Storage cream payments) by substituting for the word "stored" the words "received from producers" and by adding to the end of such paragraph (f) the following: "Claims pursuant to this paragraph shall be made not later than 30 days after the month during which such frozen cream is utilized: *Provided*, That if the reported utilization of such cream is found by the market administrator to be in error, claims may be made during a period ending not later than 30 days after notice by the market administrator of such error."

41. Amend § 927.8 by adding a new provision establishing a limitation on the time within which the Market Administrator may audit, reaudit or charge a handler, and during which any handler may make a claim on the producer-settlement fund.

42. Change the numbers of §§ 927.9, 927.10, 927.11 and 927.12 to 927.10, 927.11, 927.12, and 927.13, respectively, and add a new § 927.9 as follows, paragraphs (a), (b), (c), (d), and (e) of which are substituted for present paragraphs (g), (h), (i), and (j) of § 927.8, and with paragraphs (d), (e) and (f) of the present § 927.8 transferred to the new § 927.9 as paragraphs (f), (g), and (h):

§ 927.9 *Producer-settlement fund and its operation.* The market administrator shall establish and maintain a separate fund known as "the producer-settlement fund" into which he shall deposit all payments and out of which he shall make all payments pursuant to this section.

(a) *Handlers' accounts.* The market administrator shall establish an account for each handler who is required to make payments to the producer-settlement fund or who receives payments from the producer-settlement fund. After computing the uniform price and each handler's pool debit or credit each month, the market administrator shall render each handler a statement of his account showing the debit or credit balance, together with all debits or credits entered on such handler's account since the previous statement was rendered.

(b) *Payments to the producer-settlement fund.* On or before the 18th day of each month each handler shall make full payment of the debit balance, if any, of such handler shown on the statement of account rendered pursuant to (a) of this section.

(c) *Payments out of producer-settlement fund.* On or before the 20th day of each month the market administrator shall make payment to each handler of the credit balance, if any, of such handler shown on the statement of account rendered pursuant to (a) of this section. If, at any such time, the balance in the producer-settlement fund is insufficient to make full payment due to each handler, the market administrator shall reduce uniformly the payments to each handler and shall complete such payments as soon as the necessary funds are available. No handler who, on the 25th day of the month, has not received such payments in full from the market administrator shall be deemed to be in violation of § 927.8, if he reduces his total payments to producers for milk delivered by such producers during the proceeding month by not more than the amount of the reduction in payment from the producer-settlement fund.

(d) *Handlers' pool debit or credit.* After computing the uniform price for each month, the market administrator shall compute each handler's pool debit or pool credit as follows:

(1) Add to each handler's net pool obligation the value of his Class I–C milk at the uniform price.

(2) Multiply the quantity of milk received by each handler from producer by the uniform price.

(3) If the result obtained in (2) of this paragraph is less than the result in (1), the difference shall be entered on the handler's producer-settlement fund account as such handler's pool debit.

(4) If the result obtained in (2) of this paragraph is greater than the result in (1), the difference shall be entered on the handler's producer-settlement fund account as such handler's pool credit.

(e) *Adjustments of errors in payments.* Whenever verification by the market administrator of reports or payments of any handler discloses errors made in payments to or from the producer-settlement fund, the market administrator shall debit the handler's producer-settlement fund account for any unpaid amount. Whenever verification discloses that payment is due from the market administrator to any handler, the market administrator shall credit the handler's producer-settlement fund account for any such amount.

(f) Same as present § 927.8 (d).

(g) Same as present § 927.8 (f).

(h) Same as present § 927.8 (e) with subparagraph (4) thereof changed to read:

(4) The amount due pursuant to this paragraph shall be entered on the handler's account as a debit immediately after the filing of the report pursuant to § 927.6 (a).

(j) *Adjustment of past due accounts.* Any debit balance payable on the 18th day of any month as shown on the account rendered to any handler pursuant to (a) of this section, payment of which has not been received by the market administrator on the last day of such month, shall be increased by one-half of one percent.

43. Amend § 927.9 to require payments for expense of administration on or before the 18th day of each month rather than on or before the 20th day of each month, and by adding to the end thereof the following: "Whenever verification by the market administrator discloses an error in the payment made by any handler, such error shall be adjusted not later than the date next following such disclosure on which payments are due pursuant to this section.

Copies of this notice of hearing and of the tentatively approved marketing agreement, as amended, and of the order, as amended, now in effect, may be procured from the Market Administrator, 205 East Forty-second Street, New York, New York, or from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, Room 1331 South Building, Washington 25, D. C., or may be there inspected.

FEDERAL POWER COMMISSION.

[Docket Nos. G–507, G–508, G–510, G–516, G–519, G–702]

HOPE NATURAL GAS CO. ET AL.

ORDER REOPENING PROCEEDINGS, CONSOLIDATING PROCEEDINGS AND FIXING DATE OF HEARING

APRIL 17, 1946.

In the matters of Hope Natural Gas Company, Docket No. G–507; New York State Natural Gas Corporation, Docket No. G–508; The Manufacturers Light and Heat Company, and Manufacturers Gas Company, Docket No. G–510; United Fuel Gas Company, Docket No. G–516; Home Gas Company, Docket No. G–519; Central New York Power Corporation, Docket No. G–702.

It appears to the Commission that:

(a) The Commission's Opinion No. 114 and accompanying orders entered April 26, 1944, at Docket Nos. G–507, G–508, G–510, G–516, and G–519, authorized Hope Natural Gas Company and New York State Natural Gas Corporation ("New York State Corporation") to construct and operate certain facilities described therein.

(b) Paragraph (C) of the aforesaid order of April 26, 1944, provides as follows:

(C) Until further order of the Commission, the facilities herein authorized shall be operated exclusively for the purpose of enabling Hope Natural Gas Company and New York State Natural Gas Corporation to supply the natural-gas requirements of the following-named customers of New York State Natural Gas Corporation in accordance with the terms and provisions of existing contracts covering the sale and delivery of such requirements, limited, however, to the maximum annual quantities of natural gas set forth in the following tabulation:

	Annual volume (Mcf)
New York State Electric & Gas Corp	1,900,000
Central New York Power Corp	3,300,000
Empire Gas & Fuel Co. (Pa.)	303,750
Godfrey L. Cabot, Inc	592,750
North Penn Gas Co. and Allegany Gas Co	1,581,250
Penn-York Gas Corp	1,718,000

(c) By order of the Commission entered April 5, 1946, the aforementioned paragraph (C) of the order of April 26, 1944, was modified and amended so as to authorize Hope Natural Gas Company to supply the natural gas requirements of the New York State Natural Gas Corporation in accordance with the terms and provisions of the existing contract between suc hcompanies, which has been filed with the Commission and has been designated Hope Natural Gas Company Rate Schedule FPC No. 9; to authorize New York State Natural Gas Corporation to deliver to Empire Gas and Fuel Company an additional 365,250 Mcf of natural gas, thereby increasing the total maximum annual volume deliverable to Empire Gas and Fuel Company from 303,750 to 669,000 Mcf; and to authorize New York State Natural Gas Corporation to deliver to Dempseytown Gas Company 304,000 Mcf of natural gas annually.

(d) By order entered March 26, 1946, the Commission directed that the proceedings In the Matters of Hope Natural Gas Company, et al., Docket Nos. G–507, G–508, G–510, G–516 and G–519 be reopened for the purpose of taking evidence with respect to the matters involved and the issues presented by a petition filed by New York State Corporation on February 8, 1946, Docket No. G–508, requesting modification of paragraph (C) of the aforesaid order of April 26, 1944, in such manner as to eliminate all limitation imposed upon the sale and delivery of natural gas to Central New York Power Corporation. The Commission further directed the reopened proceeding be consolidated for purpose of hearing with the proceeding upon the application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, filed by Central New York Power Corporation on February 11, 1946, Docket No. G–702.

(e) By order entered April 5, 1946, the Commission directed that the proceedings in the Matters of Hope Natural Gas Company, et al., Docket Nos. G–507, G–508, G–510, G–516 and G–519 be reopened for the purpose of taking evidence with respect to the matters involved and the issues presented by a petition filed by New York State Corporation on January 22, 1946, as supplemented by information submitted February 4, 1946, Docket No. G–508, requesting authority to deliver to Dempseytown Gas Company 632,500 Mcf of natural gas annually instead of 304,000 Mcf annually as requested in an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, filed by New York State Corporation on October 16, 1945, Docket No. G–508; and by a petition filed by New York State Corporation on February 25, 1946, Docket No. G–508, requesting modification of the limitation imposed by paragraph (c) of the aforesaid order of April 26, 1944, in such manner as to authorize New York State Corporation to increase from 1,718,000 Mcf to 2,083,000 Mcf the maximum annual quantity of natural gas deliverable to Penn-York Natural Gas Corporation. The Commission further directed that the reopened proceedings referred to in this paragraph be consolidated for purpose of hearing with the proceedings referred to in paragraph (d) hereof.

(f) The hearing in the reopened and consolidated proceedings referred to in paragraph (d) and (e) hereof is now set to commence on April 23, 1946, at 10:00 a. m. (e. s. t.), in the Hearing Room of the Federal Power Commission, Hurley-Wright Building, 1800 Pennsylvania Avenue, NW., Washington, D. C.

(g) On April 8, 1946, New York State Corporation, Docket No. G–508, filed with the Commission a petition requesting modification of the limitation imposed by paragraph (C) of the aforesaid order of April 26, 1944, insofar as it pertains to the sale and delivery of natural gas to North Penn Gas Company and Allegany Gas Company, New York State Corporation requests that the Commission modify the aforementioned paragraph (C) in such manner as to eliminate all limitation on the volumes of natural gas deliverable to North Penn Gas Company and Allegany Gas Company.

The Commission finds that: (1) It is necessary and appropriate in the public interest that the record in the proceedings In the Matters of Hope Natural Gas Company, et al., Docket Nos. G–507, G–508, G–510, G–516 and G–519, be reopened for the purpose of taking evidence with respect to the matters involved and the issues presented by the petition of New York State Natural Gas Corporation filed April 8, 1946, requesting modification of paragraph (C) of the Commission's order of April 26, 1944, insofar as it pertains to the sale and delivery of natural gas to North Penn Gas Company and Allegany Gas Company.

(2) The reopened proceedings referred to in paragraph (1) hereof may present substantially similar issues and facts as those presented in connection with the matters referred to in paragraphs (d) and (e) hereof.

The Commission orders that: (A) The record in the proceedings in the Matters of Hope Natural Gas Company, et al., Docket Nos. G–507, G–508, G–510, G–516 and G–519 be and it is hereby reopened for the purpose of taking evidence with respect to the matters involved and the issues presented by the petition of New York State Natural Gas Corporation referred to in paragraph (g) hereof.

(B) The reopened proceedings be consolidated for purpose of hearing with the matters referred to in paragraphs (d) and (e) hereof which have been set by orders of the Commission entered April 2 and 5, 1946, to commence on April 23, 1946, at 10:00 a. m. (e. s. t.) in the Hearing Room of the Federal Power Commission, Hurley-Wright Building, 1800

Pennsylvania Avenue, N. W., Washington, D. C.

(C) All interveners in the proceedings In the Matters of Hope Natural Gas Company, et al., Docket Nos. G–507, G–508, G–510, G–516, and G–519 may participate in the reopened and consolidated proceedings in accordance with leave heretofore granted by the Commisison.

(D) Interested state commissions may participate in said hearing as provided in § 67.5 of the provisional rules of practice and regulations under the Natural Gas Act.

By the Commission.

OFFICE OF PRICE ADMINISTRATION.

[MPR 580, Amdt. 1 to Order 89]

JACOB SIEGEL CO.

ESTABLISHING CEILING PRICE

Establishing ceiling prices at retail for certain articles; Docket No. 6063–580–13–603.

For the reasons set forth in the opinion issued simultaneously herewith, Order No. 89 issued under section 13 of Maximum Price Regulation No. 580 on application of Jacob Siegel Company, Philadelphia, Pennsylvania, is amended in the following respects:

1. Paragraph (a) is amended to increase the retail ceiling prices established for the articles listed below:

Article	Brand name	Manufacturer's price line	Ceiling price at retail
Men's topcoats	Alpacuna	$27.50	$45.00
Men's overcoats	...do...	30.50	50.00

2. Paragraph (c) is amended to read:

(c) On and after May 15, 1946, Jacob Siegel Company of Philadelphia, Pennsylvania, must mark each article in paragraph (a) with the retail ceiling price under this order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

(Section 13, MPR 580)
OPA Price $——

On and after June 15, 1946, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to June 15, 1946 if the article is marked or tagged with a retail ceiling price different from the one established under this order or if the article is unmarked and untagged, the retailer shall comply with the marking, tagging and posting provisions of the regulation applicable in the absence of this order.

3. Paragraph (d) is amended by adding the words "and all subsequent amendments" after the words "the seller shall send the purchaser a copy of this order."

This amendment shall become effective April 18, 1946.

Issued this 18th day of April 1946.

JAMES G. ROGERS, Jr.,
Acting Administrator.

[Rev. SO 119, Order 165]

RUTENBER ELECTRIC CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's maximum prices.* Rutenber Electric Company, of Marion, Indiana, may compute its adjusted maximum prices for all electric ranges which it manufactures, as follows:

(1) For an article which has a properly established maximum price in effect before the effective date of this order, the adjusted maximum price is the article's properly established maximum price for the particular sale, increased by 8.6 per cent.

(2) For an article which is first offered for sale after the effective date of this order, the adjusted maximum price is the maximum price hereafter properly established or determined in accordance with sections 3, 7, or 8 of Maximum Price Regulation No. 64, increased by 8.6 per cent; or the maximum price determined in accordance with section 5 of Maximum Price Regulation No. 64, which maximum price may not be increased under this order.

(3) The manufacturer's adjusted maximum price, fixed in accordance with this order, is its new maximum price including all increases and adjustments otherwise authorized for it individually, or for its industry.

(b) *Resellers' maximum prices.* (1) For sales in each zone by wholesale distributors to retail dealers, the maximum price for the electric ranges manufactured by Rutenber Electric Company and listed below, are those set forth below:

Model	Quantity	Maximum prices for sales by wholesale distributors to retail dealers			
		Zone 1	Zone 2	Zone 3	Zone 4
		Each	*Each*	*Each*	*Each*
548	1 to 4	$119.89	$122.14	$124.39	$126.49
	5 or more	115.74	117.90	120.06	122.07
324	1 to 4	72.78	74.26	75.78	77.18
	5 or more	70.26	71.70	73.14	74.48
324 with clock and timer	1 to 4	84.11	85.61	87.11	88.51
	5 or more	81.19	82.63	84.07	85.42
345	1 to 4	72.78	74.76	76.75	78.60
	5 or more	70.26	72.16	74.07	75.85
345 with clock and timer	1 to 4	84.11	86.09	88.08	89.93
	5 or more	81.19	83.10	85.01	86.79
350	1 to 4	140.33	142.88	145.43	147.80
	5 or more	135.47	137.92	140.36	142.64
350 with clock and timer	1 to 4	157.23	159.78	162.33	164.71
	5 or more	151.79	154.24	156.68	158.96

These maximum prices include the Federal excise tax. They are f. o. b. the seller's city; and are subject to each seller's customary terms, discounts, allowances, and other price differentials in effect on sales of similar articles.

(2) For sales in each zone by retail dealers to ultimate consumers, the maximum prices are those set forth below:

Model	Maximum prices for sales by retail dealers to ultimate consumers			
	Zone 1	Zone 2	Zone 3	Zone 4
	Each	*Each*	*Each*	*Each*
548	$182.25	$183.75	$189.25	$192.75
324	110.50	112.95	115.25	117.50
324 with clock and timer	127.75	130.25	132.50	134.75
345	110.50	113.75	116.95	119.95
345 with clock and timer	127.75	130.95	134.25	137.25
350	213.25	217.25	221.25	225.25
350 with clock and timer	238.95	242.95	246.95	250.95

These prices include the Federal excise tax, delivery, a one year warranty and installation with connection to electric facilities to be provided by the purchaser. If a range cord set (customarily referred to in the industry as a "pigtail") is required and is furnished by the retail dealer, he may add $3.50 to the above OPA retail maximum price. In all other respects these maximum prices are subject to each seller's customary terms, discounts, allowances and other price differentials in effect on sales of similar articles.

(3) The provisions of Supplementary Order No. 153 shall not apply to resales of articles covered by this order.

(c) *Zones.* For the purposes of this order, Zones 1, 2, 3, and 4 comprise the following areas:

Zone 1: Indiana.

These maximum prices for the articles described in the manufacturer's application dated February 5, 1946.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. For sales to persons other than consumers they are f. o. b. factory, 1% 10 days, net 30. The maximum price to consumers is net delivered.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. These prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, Washington, D. C., under the fourth Pricing Method, § 1499.158, of Maximum Price Regulation 188, for the establishment of maximum prices for those sales and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement, with the proper model number and the ceiling price inserted in the blank spaces:

Model Number ——
OPA Retail Ceiling Price $——
Do Not Detach

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the manufacturer shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) Jobbers' maximum prices for sales of the articles covered by this order shall be established under the provisions of section 4.5 of SR 14J.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) This order shall become effective on the 19th day of April 1946.

Issued this 18th day of April 1946.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 167 under Revised Supplementary Order No. 119. Docket No. 6075–SO 119–35.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 13 of Revised Supplementary Order No. 119, it is ordered:

(a) *Maximum prices for Enamel Products Company, Cleveland, Ohio.* (1) The above manufacturer may determine his maximum prices for his line of Porcelain enameled drain boards and washtub covers by increasing by 7 percent his prices on these items in effect on October 1, 1941, to each class of purchaser.

(2) Since the provisions of this order are not intended to reduce properly established maximum prices, the manufacturer may continue to use as his maximum prices to each class of purchaser his properly established prices in effect under Maximum Price Regulation No. 591 in the event that such prices exceed the prices in effect to each class of purchaser on October 1, 1941, plus the increase provided for in (1) above.

(3) The maximum prices set forth above shall be subject to discounts and allowances including transportation allowances and price differentials which are at least as favorable as those the manufacturer extended or rendered or would have extended or rendered to each class of purchaser on commodities in the same general category.

(b) *Resellers' maximum prices.* All resellers of the commodities covered by this order (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their presently established maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted the manufacturer by this order.

(c) *Notification to all purchasers.* The manufacturer shall send the following notice to every purchaser of the commodities covered by this order at or before the time of the first invoice after the adjustment granted by this order is put into effect:

Order No. 167 under Revised Supplementary Order No. 119 authorizes a 7 percent increase in October 1, 1941 net prices for sales of porcelain enameled drain boards and wash tub covers, manufactured by this company:

Resellers (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their existing maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted by Order No. 167.

(d) All prayers for relief not granted herein are denied.

(e) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective April 18, 1946.

Issued this 18th day of April 1946.

PAUL A. PORTER,
Administrator.

EMBASSY CHOCOLATE PRODUCTS CO.

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, it is ordered that:

Authorization of maximum prices concerning sales of a confectionery item to be known as "Embassy Chocolate Products" and/or "Candy Lane", manufactured by Embassy Chocolate Products Company, Beverly Hills, California. (a) The maximum prices for the indicated sales below of a confectionery item to be known as "Embassy Chocolate Products" and/or "Candy Lane", manufactured by Embassy Chocolate Products Company, 8725 Wilshire Boulevard, Beverly Hills, California, in accordance with its formula contained in its price application of October 20, 1945, shall be:

1. From Embassy Chocolate Products Company to wholesalers per box, 1 lb. net, delivered	$0.92
2. From all sellers to retailers per box, 1 lb net, delivered	1.15
3. From all sellers to consumers per box, 1 lb. net	1.60

(b) Maximum prices established in this order are the highest for which this one-pound box of assorted chocolate covered nuts may be sold by the respective sellers. All sellers on sales of this item shall reduce the above appropriate maximum prices by applying their customary discounts, allowances and price differentials which have been applied to sales of other comparable confectionery items.

(c) Embassy Chocolate Products Company shall mail or otherwise supply to each wholesaler or retailer at the time of or prior to the first delivery a written notice as follows:

The Office of Price Administration has authorized us to sell our (name of item) to wholesalers at a maximum delivered price of 92 cents per box, one pound net, and to retailers at a maximum delivered price of $1.15 per box, one pound net. Wholesalers are authorized to sell this item to retailers at a maximum price of $1.15 per box, one pound net, delivered. On sales of this item all sellers are required to reduce their maximum prices by applying their customary discounts, allowances and price differentials which have been applied to sales of comparable confectionery items.

(d) Embassy Chocolate Products Company for a period of at least 90 days shall place in or on each carton distributed through a wholesaler a notice as follows:

The Office of Price Administration has authorized wholesalers to sell this one pound box of (name of item) to retailers at a maximum delivered price of $1.15. Retailers are authorized to sell this item to consumers at a maximum price of $1.60 per one pound box.

(e) This order may be revoked or amended at any time by the Price Administrator.

(f) This order No. 107 shall become effective April 19, 1946.

NOTE: This action has the prior written approval of the Secretary of Agriculture (10 F.R. 8419, 9419, 10961, 12305).

Issued this 18th day of April 1946.

MAIN-LINE TRAILER COACH CO.

ESTABLISHMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 9, 10 and 11 (c) of Revised Maximum Price Regulation 136, *It is ordered:*

(a) Main-Line Trailer Coach Company, 8825 Avalon Boulevard, Los Angeles, California, may sell, f. o. b. plant, each Silver Lark trailer coach described in subparagraph (1) below at a price not to exceed $610.06 plus federal excise tax, and state and local taxes on the sale or delivery of the trailer, and the cost of transporting the trailer to the purchaser, if any.

(1) *Description.* Silver Lark trailer coach, 17' overall length, aluminum covered, equipped with propane cooking and heating equipment, divan and breakfast nook, 6.00 x 16, 4 ply synthetic rubber tires and tubes, and additional detailed specifications included in the report filed with this Office.

(b) Main-Line Trailer Coach Company is authorized to suggest to resellers a resale price for the trailer coach described in paragraph (a) (1) consisting of the following:

(1) *Suggested resale price:* $794.76.

(2) *Charges.* (i) A charge for transportation, if any, not to exceed the actual rail freight charge from the factory at Los Angeles, California, to the railroad freight receiving station nearest to the place of business of the reseller.

(ii) A charge equal to the charge made by Main-Line Trailer Coach Company to cover federal excise taxes.

(iii) A charge equal to reseller's expense for payment of state and local taxes on the purchase, sale or delivery of the trailer.

(c) A reseller of Silver Lark trailer coaches in any of the territories or possessions of the United States is authorized to sell the trailer coach described in paragraph (a) at a price not to exceed the price established in paragraph (b) to which it may add a sum equal to the expense incurred or charged to it for payment of territorial and insular taxes, on the purchase, sale or introduction of the trailer coach; export premiums; boxing and crating for export purposes; marine and war risk insurance; and landing, wharfage and terminal operations.

(d) The Main-Line Trailer Coach Company shall report to this Office no later than October 30, 1946, cost data covering this trailer coach based on actual operations for April, May, June, July, August and September 1946 but computed in accordance with the limitations of Section 10 of Revised Maximum Price Regulation 136.

(e) All requests not granted herein are denied.

(f) This order may be amended or revoked by the Administrator at any time.

NOTE: Where the manufacturer's invoice charge to the reseller is increased or decreased from the previous invoice charge because the manufacturer has a newly established price under section 8 of Revised Maximum Price Regulation 136, due to substantial changes in design, specifications or equipment of the trailer coach, the reseller may add to its price under paragraph (b) the increase in price, plus its customary markup on such a cost increase, but in case of a decrease in the price, the reseller must reduce its price under paragraph (b) by the amount of the decrease and its customary markup on such an amount.

This order shall become effective April 19, 1946.

Issued this 18th day of April 1946.

RAJAH FABRICS CO.

ESTABLISHING CEILING PRICES

Establishing ceiling prices at retail for certain articles; Docket No. 6063-580-13-410.

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to section 13 of Maximum Price Regulation No. 580, *It is ordered:*

(a) The following ceiling prices are established for sales by any seller at retail of the following articles sold at wholesale by Rajah Fabrics Company, 450 Seventh Avenue, New York 1, New York, having the brand name "Rajah," and described in the wholesaler's application dated November 26, 1945.

Article	Supplier's selling price (per yard)	Retail ceiling price (per yard)
Rajah Shantung (a textile fabric)	Light shades, $0.7016 Medium shades, $0.7274 Dark shades, $0.7478	$1.25

(b) The retail ceiling price of an article stated in paragraph (a) shall apply to any other article of the same type, having the same selling price to the retailer, the same brand or company name and first sold by the wholesaler after the effective date of this order.

(c) The retail ceiling prices contained in paragraph (a) shall apply in place of the ceiling prices which have been or would otherwise be established under this or any other regulation.

(d) On and after May 15, 1946, Rajah Fabrics Company must mark each article listed in paragraph (a) with the retail ceiling price under this order, or attach to the article a label, tag or ticket, stating the retail ceiling price. This mark or statement must be in the following form:

(Sec. 13, MPR 580)
OPA Price—$------

On and after June 15, 1946, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to June 15, 1946, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging and posting provisions of the applicable regulation.

(e) On or before the first delivery to any purchaser for resale of each article listed in paragraph (a), the seller shall send the purchaser a copy of this order.

(f) Unless the context otherwise requires, the provisions of the applicable regulation shall apply to sales for which retail ceiling prices are established by this order.

(g) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 20, 1946.

Issued this 19th day of April 1946.

[Region VI Order G-67 Under MPR 329]

FLUID MILK IN CHICAGO REGION

For the reasons set forth in the accompanying opinion and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1351.408 (f) of Maximum Price Regulation No. 329, it is ordered:

(a) *Maximum producer prices.* The maximum prices for purchases of fluid milk from producers for resale for human consumption, established under Maximum Price Regulation No. 329 or any order or regulation of the Office of Price Administration may be increased in an amount not to exceed 20¢ per cwt. *Provided*, That in no event may such increase result in a maximum price in excess of $3.15 per cwt for milk of 3.5% butterfat content, or the equivalent thereof.

(b) *Applicability of producer prices.* Maximum prices established by paragraph (a) of this order shall apply to all purchases of fluid milk from producers for resale for human consumption in fluid form by distributors whose bottling plants are located within Region VI of the Office of Price Administration consisting of the States of Illinois, Iowa, Minnesota, Nebraska, North Dakota, South Dakota and Wisconsin and the County of Lake in Indiana.

(c) *Relation of this order to Office of Price Administration regulations or orders.* Except as modified by this order, the provisions of Maximum Price Regulation No. 329, or any other applicable order or regulation of the Office of Price Administration issued thereunder, shall remain in full force and effect and shall not be evaded by any change in business or trade practices in effect during January 1943.

(d) *Definitions.* Unless the context otherwise requires the definitions set forth in Maximum Price Regulation No. 329, the Emergency Price Control Act of 1942, as amended and any other applicable order or regulation of the Office of Price Administration, shall be applicable to the terms used herein.

(e) *Revocability.* This order may be revoked, amended or corrected at any time.

This order has been approved by the Department of Agriculture.

This order shall be effective April 19, 1946.

Issued April 18, 1946.

FLUID MILK IN CHICAGO REGION

For the reasons set forth in the accompanying opinion and under the authority vested in the Regional Administrator by § 1499.75 (a) (9) of Supplementary Regulation No. 15 to the General Maximum Price Regulation and by § 1351.807 (b) of Maximum Price Regulation No. 280, it is ordered:

(a) *Maximum wholesale and retail prices.* Maximum prices for sales of fluid milk at wholesale and retail in glass or paper containers, and for sales in bulk to stores, hotels and restaurants which are less than 11¢ a quart at wholesale, 13¢ a quart at retail and 41¢ a gallon in bulk, may be increased ½¢ a quart, 1¢ a half gallon and 2¢ a gallon where a distributor's maximum price for purchases of milk from producers for resale as fluid milk has been increased by more than 15¢ per cwt. under the provisions of Regional Order G67 under Maximum Price Regulation No. 329.

(b) *Applicability.* Maximum prices established by paragraph (a) of this order shall apply to all sales pursuant to which physical delivery is made within the geographic limits of Region VI, consisting of the States of Illinois, Iowa, Minnesota, Nebraska, North Dakota, South Dakota, Wisconsin and the County of Lake in Indiana and shall apply to all sales by resellers whose suppliers maximum prices have been increased by this order.

(c) *Multiple unit sales.* Where because of the increases permitted by paragraph (a) of this order a maximum price results in a price expressed in terms of ½ cent, the price charged for a single unit at retail may be increased to the next even cent. An opportunity must, however, be given to each buyer to purchase two units for which the maximum price will be twice the single unit price. All sales at wholesale and home delivery sales at retail shall be considered multiple unit sales unless separate collections are made for single units when delivered.

(d) *Relation of this order to Office of Price Administration regulations.* Except as modified by this order, the provisions of the General Maximum Price Regulation, or any other regulation or order shall remain in full force and effect and shall not be evaded by any change in business or trade practices in effect during the applicable base period of such regulation or orders.

(e) *Revocability.* The order may be revoked, amended or corrected at any time.

[Region I Order G–6 Under Gen. Order 63]

HARD BUILDING MATERIALS IN MAINE

For the reasons set forth in an opinion issued simultaneously herewith, and pursuant to the provisions of General Order 68, as amended, it is ordered:

SECTION 1. *What this order covers.* This order covers all "retail sales" of the hard building materials listed in the appendices (hereinafter set forth and made part hereof) by any seller in the State of Maine. For the purposes of this order a "retail sale" means a sale to an ultimate user, or a sale to a purchaser for resale on an installed basis.

SEC. 2. *Maximum prices, discounts and allowances, etc.* (a) The prices for the hard building materials set forth in the price table or tables of each appendix shall be the maximum prices for "retail sales" of such materials made in the area covered by that appendix.

(b) Maximum prices established by this order for retail sales in each area shall be subject to the discount for cash specified in the appendix applicable to

that area. In addition to such required cash discount, the seller shall continue to grant such further discounts, allowances, differentials, and terms as were in effect for such seller during March, 1942.

(c) Maximum prices established by this order may be modified for sales by "mail order" firms in the manner provided for in subparagraph (f) of General Order 68, as amended.

SEC. 3. *Delivery.* The maximum prices fixed in the appendices of this order include free delivery by the seller within the radius specified in each appendix. However, where a seller's free delivery zone during March, 1942, extended a greater distance than specified in the applicable appendix, he shall continue to maintain his March, 1942, free delivery zone. Transportation charges may be added for deliveries beyond the free delivery radius or zone, as the case may be, at the rates, or computed by the methods, customarily charged or used by the seller during March, 1942. In case of an isolated sale of a small quantity of an item listed in an appendix, the seller may maintain his customary delivery practices relating to such sales which he used in March, 1942.

SEC. 4. *Posting of maximum prices.* Every seller making sales covered by this order shall post in his customary place of business, in a manner plainly visible to all purchasers, a copy of the appendix applicable to the area in which that place of business is located. The term "customary place of business" means the location where the materials are generally stored and available for delivery.

SEC. 5. *New sellers.* In addition to the requirements for delivery as set forth in section 3 and in addition to the requirement to grant the cash discount specified in the applicable appendix, a seller who was not engaged in the retail sale of hard building materials during March, 1942, must

(a) Grant the further discounts, allowances, differentials, and terms as were in effect during March, 1942, for his most closely competitive seller of the same class;

(b) Use the same delivery practices, delivery rates and methods of computing such rates as were in effect for such competitor during that period.

SEC. 6. *Sales slips and records.* (a) For any sale of $50.00 or more, each seller (regardless of previous custom) must keep records so long as the Emergency Price Control Act of 1942, as amended, remains in effect, showing the following:

1. Name and address of buyer;
2. Date of transaction;
3. Place of delivery;
4. Complete description of each item sold and price charged.

(b) Every seller covered by this order shall give to the purchaser a sales slip, receipt or other evidence of purchase showing the name and address of the seller, the date of purchase, a description, quantity and the price of each item sold; the said description to be in detail sufficient to determine whether the price charged has been properly computed under this order. However, in the case of sales amounting to less than a total of $5.00, only the name and address of the seller and the amount of the sale need be shown. The seller shall prepare the sales slips, receipts, or other evidence of purchase, hereinbefore described, in duplicate, and he must keep a duplicate copy for at least one year after delivery.

(c) Each seller who was in business in March 1942 shall keep records or other satisfactory evidence showing his delivery practices, delivery rates, methods of computing such rates, further discounts, allowances, differentials and terms as were in effect for him during March 1942. A new seller shall obtain and keep such records or other satisfactory evidence from his most closely competitive seller of the same class. If a new seller is unable to ascertain or obtain from his most closely competitive seller such records or evidence, he may apply to his nearest Price Control Board or to the Augusta, Maine District Office for assistance to obtain the required information.

(d) All records, copies of invoices and other evidence required to be kept by this section shall be made available for inspection by representatives of the Office of Price Administration during ordinary business hours at the seller's place of business.

SEC. 7. *Relation to other regulations.* The maximum prices fixed by this order supersede any maximum prices or pricing methods previously fixed by any other order or regulation issued by the Office of Price Administration. Except to the extent that they are inconsistent with the provisions of this order, all other provisions of the General Maximum Price Regulation and Maximum Price Regulations 466 or 592 shall apply to sales covered by this order.

SEC. 8. *Evasion.* The price limitations of this order shall not be evaded by direct or indirect methods in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of any commodities covered by this regulation or by way of commissions, services, transportation, or other charges, or by tying agreement or other trade understanding, or by making the terms and conditions of the sale more onerous to buyers than they were in March, 1942.

SEC. 9. *Enforcement.* Persons violating any provisions of this Order are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for revocation of licenses, provided by the Emergency Price Control Act of 1942 as amended.

SEC. 10. *Amendment.* This order may be modified, amended, revised or revoked at any time by the Office of Price Administration.

This order shall become effective April 18, 1946.

Issued this 8th day of April 1946.

ELDON C. SHOUP,
Regional Administrator.

[Region I Order G-7 Under Gen. Order 68]

HARD BUILDING MATERIALS IN CONNECTICUT

For the reasons set forth in an opinion issued simultaneously herewith, and pursuant to the provisions of General Order 68, as amended, it is ordered:

SECTION 1. *What this order covers.* This order covers all "retail sales" of the hard building materials listed in the Appendix A (hereinafter set forth and made part hereof) by any seller in the State of Connecticut. For the purposes of this order a "retail sale" means a sale to an ultimate user, or a sale to a purchaser for resale on an installed basis except that sales in quantities less than the smallest unit listed for any particular items shall not be covered by this order but shall remain under the applicable maximum price regulation or order.

SEC. 2. *Maximum prices, discounts and allowances, etc.* (a) The prices for the hard building materials set forth in Appendix A shall be the maximum prices for "retail sales" of such materials made in the area covered by this order.

(b) Each seller shall continue to grant such discounts, allowances, differentials, and terms as were in effect for such seller during March, 1942.

(c) Maximum prices established by this order may be modified for sales by "mail order" firms in the manner provided for in subparagraph (f) of General Order 68, as amended.

SEC. 3. *Delivery.* The maximum prices set forth in Appendix A include free delivery by the seller within the area or zone in which the seller provided free delivery service in March, 1942. Transportation charges may be added for deliveries beyond the free delivery zone, at the rates, or computed by the methods customarily charged or used by the seller during March, 1942.

SEC. 4. *Posting of maximum prices.* Every seller making sales covered by this order shall post in his customary place of business, in a manner plainly visible to all purchasers, a copy of the list of maximum prices contained in Appendix A. The term "customary place of business" means the location where the materials are generally stored and available for delivery. An additional copy of Appendix A is attached to this order and the required posting shall be accomplished by removing the second copy and posting it in a conspicuous place where it is plainly visible to all purchasers.

SEC. 5. *New sellers.* A seller who was not engaged in the retail sale of hard building materials during March 1942, must:

(a) Grant the discounts, allowances, differentials, and terms as were in effect during March 1942, for his most closely competitive seller of the same class, and

(b) Use the same delivery practices, delivery rates and methods of computing such rates as were in effect for such competitor during that period.

SEC. 6. *Sales slips and records.* (a) For any sale of $50.00 or more, each seller (regardless of previous custom) must keep records so long as the Emergency Price Control Act of 1942, as amended, remains in effect, showing the following:

1. Name and address of buyer;
2. Date of transaction;
3. Place of delivery;
4. Description of each item sold with sufficient detail to identify the item in Appendix A, and the quantity sold;
5. Price charged for each item.

(b) Every seller covered by this order shall give to the purchaser an invoice, sales slip, receipt or other evidence of purchase showing the name and address of the seller, the date of purchase, a description, quantity and the price of each item sold; the said description to be in detail sufficient to determine whether the price charged has been properly computed under this order. However, in the case of sales amounting to less than a total of $5.00 only the name and address of the seller and the amount of the sale need be shown. The seller shall prepare the invoices, sales slips, receipts, or other evidence of purchase, hereinbefore described, in duplicate, and he must keep a duplicate copy for at least one year after delivery.

(c) Each seller who was in business in March, 1942, shall keep records or other satisfactory evidence showing his delivery practices, delivery rates, methods of computing such rates, further discounts, allowances, differentials and terms as were in effect for him during March, 1942. A new seller shall obtain and keep such records or other satisfactory evidence from his most closely competitive seller of the same class. If a new seller is unable to ascertain or obtain from his most closely competitive seller such records or evidence, he may apply to his nearest Price Control Board or to the Hartford, Connecticut District Office for assistance to obtain the required information.

(d) All records, copies of invoices and other evidence required to be kept by this section shall be made available for inspection by representatives of the Office of Price Administration during ordinary business hours at the seller's place of business.

SEC. 7. *Relation to other regulations.* The maximum prices fixed by this order supersede any maximum prices or pricing methods previously fixed by any other order or regulation issued by the Office of Price Administration. Except to the extent that they are inconsistent with the provisions of this order, all other provisions of the General Maximum Price Regulation and Maximum Price Regulations 466 or 592 shall apply to sales covered by this order.

SEC. 8. *Evasion.* The price limitations of this order shall not be evaded by direct or indirect methods in connection with an offer, solicitation, agreement sale, delivery, purchase or receipt of any commodities covered by this regulation or by way of commissions, services, transportation, or other charges, or by tying agreement or other trade understanding, or by making the terms and conditions of the sale more onerous to buyers than they were in March 1942.

SEC. 9. *Enforcement.* Persons violating any provisions of this order are subject to the criminal penalties, civil en-

forcement actions, suits for treble damages, and proceedings for revocation of licenses, provided by the Emergency Price Control Act of 1942 as amended.

SEC. 10. *Amendment.* This order may be modified, amended revised or revoked at any time by the Office of Price Administration.

This order shall become effective April 20, 1946.

Issued this 10th day of April 1946.

ELDON C. SHOUP,
Regional Administrator.

[New Orleans Order G-1 Under Gen. Order 68]

BUILDING MATERIALS IN ORLEANS, JEFFERSON, AND ST. BERNARD PARISHES, LA.

For the reasons set forth in an opinion issued simultaneously herewith, and pursuant to the provisions of General Order No. 68, it is hereby ordered:

SECTION 1. *What this order does.* This order establishes maximum prices for all retail sales of certain building materials specifically described in Appendix A of this order when such sales are made in the geographical area comprising Orleans, Jefferson and St. Bernard Parishes, Louisiana.

SEC. 2. *Definition of retail sales.* The term retail sale as used in this order means any sale of the building materials covered by this order to an ultimate user or to a contractor who will resell the same on an installed basis.

SEC. 3. *Maximum prices.* Maximum prices for commodities subject to this order are those set forth in Appendix A, which is specifically made a part of this order, subject to the terms and conditions of sale and other limitations set forth therein.

SEC. 4. *Relation of this order to other regulations.* The maximum prices fixed by this order supersede any maximum prices or price determining method previously established by any other regulation or order issued by the Office of Price Administration for the commodities covered by this order.

SEC. 5. Each seller making sales subject to this order shall post a copy of Appendix A of this order plainly visible to all purchasers in each of his places of business located in the area covered by this order.

SEC. 6. *Invoices and notification.* Each seller making sales subject to this order shall, if requested by any purchaser of commodities subject hereto, make available to such purchaser for inspection a copy of this order. Each seller covered by this order is required to furnish each purchaser with an invoice at the time of sale, which must contain the following information:

1. Name and address of the purchaser.
2. A description of each commodity sold.
3. The quantity of each commodity sold.
4. The price charged for each commodity sold.
5. The type of sale, whether f. o. b. railroad car, f. o. b. seller's yard or store, delivered to job site in free delivery area, or delivered outside free delivery area.
6. If delivery is made outside the seller's free delivery zone, the amount of any delivery charges made stated separately on the invoice.
7. A statement of cash discounts allowed for prompt payment.

Each seller is required to keep a duplicate of such invoice in his place of business, and make it available for inspection by the Office of Price Administration during regular business hours.

This order may be amended or revoked at any time by the Office of Price Administration.

This order shall become effective January 21, 1946.

[Region VI Rev. Order G-1 Under Gen. Order 61]

USED LUMBER IN CHICAGO REGION

For the reasons set forth in the opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region VI of the Office of Price Administration by General Order No. 61, it is hereby ordered:

ARTICLE I. COVERAGE OF THIS ORDER

SECTION 1. *Products, transactions and area covered.* This order applies to sales or purchases by any person of the categories of used lumber for which maximum prices are established in the appendices to this order, when made for delivery in Region VI of the Office of Price Administration, which is composed of the states of Illinois, Iowa, Minnesota, Nebraska, North Dakota, South Dakota, Wisconsin, and Lake County in the state of Indiana.

Where delivery is made in areas outside of those described in the attached appendices and where no dollar and cents ceiling prices have been issued for such area under the authority of General Order 61, the maximum prices shall be those established for the area from which the stock is shipped. However, if an order has been issued under the authority of General Order 61 establishing dollar and cents ceiling prices for the area into which delivery is made, then the maximum prices shall be those established by such order.

The body of this order contains the general provisions which are applicable to all of the appendices hereto. The special provisions and specific prices applicable in particular areas are set forth in appendices hereto, each of which is issued as a part of this order. Insofar as any provisions contained in any appendix may be inconsistent with any provision contained in the body of this order, the provision contained in the appendix shall be controlling in the area governed by that appendix. Where the applicable appendix does not contain a maximum price for a kind of sale for a category of used lumber, the maximum price shall be determined by the appropriate provision of the applicable order or regulation issued by the Office of Price Administration.

ARTICLE II. DEFINITIONS

SEC. 2. *Used lumber.* Used lumber means lumber and lumber products which have been recovered from, and were at one time a part of, a building, structure or fabricated item made wholly or partially of lumber.

SEC. 3. *Categories of used lumber.* Maximum prices are established by this order for the categories of used lumber described below, including such lumber when run to standard or special patterns; but such descriptions are not intended to, and do not, include items customarily produced and sold as mouldings or millwork.

(a) *Boards.* Used lumber of less than 2" nominal thickness.

(b) *Dimension.* Used lumber of 2" nominal thickness.

(c) *Planks or small timbers.* Used lumber of over 2" and up to and including 4" nominal thickness and of 12" or less nominal width; also nominal thicknesses over 4" up to and including 6" in all nominal widths up to and including 8".

(d) *Large timbers.* Used lumber of nominal sizes larger than 6" x 8" also nominal thicknesses of more than 2" when wider than 12".

(e) *Flooring.* Used hardwood lumber surfaced to approximately $^{25}/_{32}$" thickness, and which has tongue and groove or other pattern commonly used for hardwood flooring.

(f) Scrap lumber is used lumber of any of the other categories described in this section which, because of defects in quality or deficiencies in size, does not meet the grade specifications in section 4.

SEC. 4. The following are the grades of used lumber for which maximum prices are established by this order:

(a) Standard grade (or prime grade) is used lumber in the form of boards, dimension, planks or timbers, which individually are at least 5 feet in length, generally free from loose or rotten knots, knot holes, and rot, and generally free from other defects which materially impair the strength of the pieces and will prevent its use for standard construction purposes. This grade may include pieces which are partly defective in some of the above respects provided at least two-thirds of each such piece is free from these defects in lengths of 5 feet or more and the aggregate footage containing such defects does not constitute more than 15 percent of the total footage in the individual sale. Standard grade (or prime grade) also includes used lumber from 4 feet in length to less than 5 feet in length which is 100 percent usable.

(b) Reclaimed hardwood flooring is used hardwood flooring of standard $^{25}/_{32}$" thickness, entirely free of nails or other foreign matter and with upper surface whole or free from voids or splits. A tolerance of $^{1}/_{4}$" in thickness will be permitted where flooring is worn or sanded. Not more than 25 percent of the tongue and not more than 25 percent of the lower surface representing the under part of the groove may be missing on any piece.

SEC. 5. *Person.* The term "person" includes any individual, corporation, partnership, association, or any other organized group of persons, or their legal successors or representatives; the United States, or any government, or any of its political subdivisions, or any agency of the foregoing.

SEC. 6. *Sale.* "Sale" includes a barter, exchange, lease, or transfer, and an agreement or offer to sell, barter, exchange, lease, or transfer.

SEC. 7. *Established yard.* Seller's established yard means premises occupied by the seller for the purpose of regularly and continually maintaining a stock of new and used lumber or used lumber alone customarily received from various unrelated sources of supply.

SEC. 8. *Other definitions.* (a) "Nominal thickness" or "nominal width" means the thickness or width of the piece before planing. Actual thickness or width after planing to produce an even and uniform surface is generally $^{1}/_{4}$" to $^{3}/_{8}$" less than nominal thickness or width.

(b) "Cleaned" means lumber free of nails, bolts, and other foreign material.

(c) A "delivery" shall be deemed to have been made by the seller:

(1) For a sale f. o. b. dealer's yard or f. o. b. wrecking site, when the used lumber is loaded at the yard or wrecking site into a conveyance or carrier owned, controlled or hired by such purchaser.

(2) For a sale delivered to a location designated by the purchaser, when the used lumber is shipped by conveyance or carrier owned, controlled or hired by the seller and unloaded at the purchaser's designated site.

ARTICLE III. SPECIFIC REQUIREMENTS

SEC. 9. *Posting ceiling prices.* Every person selling used lumber for delivery in, or from stocks located in the area covered by this order shall obtain from the Office of Price Administration at least two copies of each appendix applicable to the geographical area in which the seller sells used lumber covered by this order. One copy of each appendix applicable to sales made by the seller must be posted and maintained in a prominent place at or near each location in the area where used lumber is offered for sale, in such manner that it can be easily read, and that purchasers can approach it within a distance of two feet. One other copy must be kept available so that it may be shown to and read by any customer at his request.

SEC. 10. *Sales slips and receipts.* Where a sale of used lumber is covered by this order and the total price of the sale is $5.00 or more, the seller shall, regardless of his previous practice and whether or not requested by the buyer, give to such buyer a sales slip, bill, receipt, or other written evidence of the sale, setting forth the following:

1. Name and address of seller.
2. Buyer's name.
3. Place of delivery.
4. Location from which stock is sold (seller's yard or site other than seller's yard).
5. Description of items sold and itemized prices (in terms of categories, grades, lengths, quantities and any other specification affecting the price).
6. Total price.
7. Additions (for delivery or other extra).

SEC. 11. *Records and reports.* Every person who makes a sale of used lumber shall keep a record of such sale showing the name of the buyer and place of delivery, date of the sale, the grades sold, the quantities sold and the price charged in the same detail as required in section 10. Such records shall be kept for a period of 2 years or for the duration of the Emergency Price Control Act of 1942, as amended, whichever be the shorter.

ARTICLE IV. PROHIBITED PRACTICES AND PENALTIES

SEC. 12. *Sale of used lumber at higher than maximum prices prohibited.* (a) On and after the effective date of this order, regardless of any contract or obligation, no person shall make a sale, or delivery of used lumber of the varieties covered by this order and no person shall buy or receive such used lumber under a sale, at prices higher than the maximum prices fixed by this order; and no person shall agree, offer, or attempt to do any of these things.

(b) Prices lower than the maximum prices may, of course, be charged and paid.

SEC. 13. *Prohibited practices.* Any practice which is designed to get the effect of a higher than ceiling price is as much a violation of this order as a direct over-the-ceiling charge. Such practices include, but are not limited to, the following:

(a) Getting the effect of a higher price by changing the credit practices from what they were in March, 1942. This includes decreasing credit periods, or making greater charges for extension of credit.

(b) Refusing to sell except in small quantities, or with or without delivery under circumstances which bring the seller an extra return.

(c) Wrongly grading used lumber for which maximum prices are fixed in this order; or incorrectly or incompletely recording the information required by section 10 to be set forth on the sales slip, receipt or other evidence of sale.

(d) Quoting a gross price above the maximum price, even if accompanied by a discount the effect of which is to bring the net price below the maximum.

(e) Charging, paying, or receiving a commission for the service of procuring, buying, selling, or locating used lumber covered by this order, or for any related service which does not involve actual physical handling of used lumber, if the commission plus the purchase price results in a total payment by the buyer for such used lumber which is higher than the maximum price permitted by this order. For the purpose of this order, a commission is any compensation, however designated, which is paid, wholly or in part, for the procurement of lumber, and which is based directly or indirectly on the quantity, price or value of the lumber in connection with which the service is rendered.

SEC. 14. *Penalties.* (a) Any person violating any provision of this order is subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for suspension of license provided for in the Emergency Price Control Act of 1942, as amended.

(b) Any person making a sale of used lumber covered by this order for which the total price is higher than $5.00 and who either fails to give the buyer a sales slip, paid bill, receipt, or other evidence of sale, or although such document is given, fails to set forth in it the information required to be set forth by section 10 (so that a determination can be made as to whether or not the price charged was proper), shall be limited to making a charge of $5.00 per M'BM for all lumber delivered under such sale. The application or enforcement of this provision to a sale or against a seller shall not exclude the application or enforcement of the penalties provided in paragraph (a) of this section.

ARTICLE V. MAXIMUM PRICES

SEC. 15. Ceiling prices for any category of used lumber for which maximum prices are not fixed in this order are subject to the General Maximum Price Regulation.

SEC. 16. *Maximum prices.* The maximum prices set forth in the appendices attached hereto shall apply to all sales of used lumber of the categories covered by this order, when the used lumber, at the time the order is taken, is part of a stock at the seller's established yard, or is located at a wrecking site and delivery is made either at the yard or wrecking site or by truck or other conveyance within the area defined in section 1, above.

SEC. 17. *Additions for delivery.* (a) If the buyer requests delivery within a free delivery zone which the seller recognized during March 1942, the seller may not charge for making the delivery.

(b) If the buyer requests delivery outside the free delivery zone which the seller recognized during March, 1942, the seller may add a charge for delivery as follows:

(1) Where delivery is by common or contract carrier, the actual amount paid to the carrier by the seller may be charged.

(2) Where delivery up to 100 miles is by truck owned or controlled by the seller, the amount added for delivery may not be higher than 10 cents per M'BM for each mile to place of delivery but not for any part of the return trip. When truck delivery over 100 miles is to be made, the addition may not be more than 10 cents per M'BM for each mile from the point of origin to the nearest possible point of rail loading-out plus the amount of rail transportation from there to destination.

(3) A minimum charge of 75 cents may be made on any delivery where the permissible charges do not amount to 75 cents.

(c) If the buyer elects to take delivery at the site of the lumber or at the seller's established yard, no reduction in price shall be required for that reason.

SEC. 18. *Revocation of Order No. G–1 under General Order No. 61.* This order specifically revokes and supersedes in its entirety Order No. G–1 issued December 20, 1945, including appendices attached thereto under the authority of General Order No. 61.

This order may be amended, modified, or revoked at any time.

Issued this 20th day of March 1946.

This order shall become effective April 10, 1946.

R. E. WALTERS,
Regional Administrator.

APPENDIX A OF REVISED ORDER NO. G–1 ISSUED UNDER THE AUTHORITY OF GENERAL ORDER NO. 61

[1] Standard grade (or prime grade) is used lumber in the form of boards, dimension, planks or timbers, which individually are at least 5 feet in length, generally free from loose or rotten knots, knot holes, and rot, and generally free from other defects which materially impair the strength of the pieces and will prevent its use for standard construction purposes. This grade may include pieces which are partly defective in some of the above respects provided at least two-thirds of each such piece is free from these defects in lengths of 5 feet or more and the aggregate footage containing such defects does not constitute more than 15 percent of the total footage in the individual sale. Standard grade (or prime grade) also includes used lumber from 4 feet in length to less than 5 feet in length which is 100 percent usable.

[2] Reclaimed hardwood flooring is used flooring of standard $^{25}/_{32}$" thickness, entirely free of nails or other foreign matter and with upper surface whole or free from voids or splits. A tolerance of $^{1}/_{4}$" in thickness will be permitted where flooring is worn or sanded. Not more than 25 percent of the tongue and not more than 25 percent of the lower surface representing the under part of the groove may be missing on any piece.

Above prices apply when sold f. o. b. seller's yard or delivered within seller's free delivery zone.

For sales amounting in total for all items of less than $10.00, the prices may be increased by 10 percent.

Deduct $4.00 per thousand from above prices when sold f. o. b. wrecking site.

Scrap Lumber—Maximum price is $5.00 per thousand board feet when sold for delivery either at the yard or the wrecking site.

FLUID MILK IN ARIZONA

For the reasons set forth in an accompanying opinion, and under the authority vested in the Regional Administrator by Supplementary Regulation 15 to the General Maximum Price Regulation; *It is ordered*, That the above described Order No. G-1 is amended as follows:

An undesignated paragraph is added to paragraph (1) (a) to read as follows: For retail sales of milk in gallon containers, either paper or glass, in Maricopa County (except the towns of Gila Bend and Wickenberg) the seller's maximum price, in each case is either (1) his maximum price as determined under § 1499.2 (a) of the General Maximum Price Regulation, or (2) the applicable price from the following table, whichever is higher:

	Butterfat	Price
Out of store	3.5% or more	$0.45
Home delivered	3.5% to 3.8% inc.	.45
	3.9% or more	.51

Provided, That through June 8, 1946, unless this proviso is sooner revoked, each seller may adjust his maximum price as determined under (1) or (2) above, by adding to it 4 cents per gallon.

This amendment shall become effective April 18, 1946.

Issued this 18th day of April 1946.

FIREWOOD IN EUGENE-LANE COUNTY, OREG., AREA

For the reasons set forth in the opinion issued simultaneously herewith, and under the authority vested in the District Director of the OPA by § 1499.18 (c), as amended, of the GMPR, RGO 32 and Order of Delegation No. 75, issued by the Regional Administrator of Region VIII; *It is hereby ordered*, That:

(a) The maximum prices as established by §§ 1499.2 and 1499.3 of the GMPR or by any previous order issued pursuant to such regulation, or by any supplementary regulation thereto, for the sale and delivery of the types of firewood specified below in the Eugene-Lane County area in the state of Oregon are hereby adjusted so that the maximum prices therefor shall be:

Type of firewood	Maximum prices per cord delivered to premises of ultimate consumer in Eugene, Oreg., area	Maximum prices per cord delivered to premises of ultimate consumer in Lane County, Oreg., area	Maximum prices per cord to any buyer on farm in Eugene area and Lane County area
4' old growth fir cordwood	$9.75	$8.75	$6.50
16" old growth fir cordwood	10.75	9.75	7.50
4' second growth fir cordwood	9.00	8.00	6.00
16" second growth fir cordwood	10.00	9.00	7.00
4' oak, ash, maple, alder cordwood	11.75	10.75	8.25
16" oak, ash, maple, alder cordwood	12.75	11.75	9.25

(b) This Order No. G-29 supersedes and revokes Order No. VIII-P-G (15) 358, Order and Statement of Consideration Establishing Firewood Prices for Cottage Grove, Oregon, issued on Dec. 22, 1942, by the State Director for Oregon, Oregon State Office, OPA.

(c) This Order No. G-29 also supersedes all other orders in addition to the order specified in paragraph (b) above which established maximum prices for the kinds and types of firewood covered by this order when sold in the areas and by the persons covered by this Order No. G-29.

(d) *Definitions:* (1) The "Eugene, Oregon, Area" as herein used means the city of Eugene, Oregon, and the area within a six mile radius of its city limits including the city of Springfield, Oregon.

(2) The "Lane County, Oregon, Area" as herein used means all of Lane County, Oregon, except that portion thereof included in the "Eugene, Oregon, Area."

(3) "Old Growth fir cordwood" means bona fide first growth fir cordwood of large thickness green or dry. In case of doubt as to whether a particular wood is first or second growth, the second growth price shall apply.

(4) "Second growth fir cordwood" shall mean all cordwood green or dry other than old or first growth fir cordwood.

(e) No seller shall evade any of the provisions of the Order No. G-29 by changing the customary allowances, discounts, or other price differentials unless such change results in a lower price.

(f) *Invoice and records.* Every person making a sale of firewood for which a maximum price is set by this order shall give the purchaser or his agent at the time of the sale an invoice or other memorandum of sale, which shall show: (1) The date of sale. (2) The name and address of the buyer and seller. (3) The quantity of firewood sold. (4) Description of firewood sold, in the same manner as it is described in this order. (This shall include the kind of wood, i. e. hard, soft, or mixed, and length of pieces of wood.) (5) Place of sale. (If the price is dependent on place of delivery, then the place of delivery shall be stated.) (6) The total price of the wood, on the invoice or memorandum, a separate statement shall be made of any discounts and of each service rendered such as delivery, carrying, and stacking and the charge made for each such service.

The seller shall keep an exact copy of such invoice or memorandum for a period of two years and such copy shall be available for inspection by the OPA.

NOTE: The record-keeping provisions of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(g) This order shall become effective immediately.

(h) This order may be revoked, amended, or corrected at any time.

Issued this 2d day of April 1946.

For the purposes of this order, an article is deemed "Reconditioned" if it meets the following specifications:

(i) All broken and missing parts replaced.

(ii) Metal frame straightened where necessary.

(iii) All splits, holes, gouges, or bruises filled in, and soiled or torn fabrics, if any, replaced.

(iv) All exposed surfaces which were originally painted or finished, covered with a finish the color of which is uniform.

If the article does not meet these specifications, the maximum price set forth above for the article used in "as is" serviceable condition applies to the article.

(c) *Discounts.* Every seller shall continue to maintain his customary discounts for cash.

(d) *Notification.* Any person who sells the articles described in paragraph (b) to a retailer shall furnish the retailer with an invoice of sale setting forth the retailer's maximum reselling price for each article, and stating that the retailer is required by this order to attach to each article before sale a tag or label which plainly states a selling price not in excess of the appropriate retail ceiling price.

(e) *Tagging.* Any person who sells the articles described in paragraph (b) at retail shall attach to each article before sale a tag or label which plainly states a selling price not in excess of the appropriate retail ceiling price. If the article has been reconditioned, a statement to that effect must appear on the tag or label.

(f) *Relation to other regulations and orders.* This order with respect to the commodities it covers supersedes any other regulations or order previously issued by the Office of Price Administration.

(g) *Definitions.* (1) "Retailer" means any person who normally sells to ultimate consumers.

(h) *Revocation and amendment.* This order may be revoked or amended at any time.

This order shall become effective as of March 25, 1946.

Issued this 18th day of March 1946.

GENERAL GAS & ELECTRIC CORP.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 17th day of April 1946.

General Gas & Electric Corporation (Gengas), a registered holding company and a subsidiary of General Public Utilities Corporation, also a registered holding company, having filed an application pursuant to sections 9 (a) and 10 of the Public Utility Holding Company Act of 1935 regarding the following transactions:

Gengas proposes to acquire from the Tide Water Power Company (Tidewater) 3,461 shares of the new common stock of Tidewater; 1,870 shares of the common stock of Atlantic Utility Service Corporation; and an assignment of any claims which Tidewater may have against Gengas or its parent or affiliates. The transactions proposed are pursuant to and for the purpose of completing the plan of recapitalization of Tidewater under section 11 (e) of the act, approved by the Commission by orders dated December 22, 1944 and March 1, 1946 (Holding Company Act Release Nos. 5512, 6407, and 6441).

Said application having been filed on March 20, 1946 and notice of said filing having been duly given in the form and manner prescribed in Rule U-23 promulgated under said act, and the Commission not having received a request for hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that the transactions involved have the tendency required by section 10 (c) (2) of the act, and observing no basis for adverse findings under sections 10 (b) and 10 (c) (1) of the act;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of the act, and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid application be, and hereby is, granted forthwith.

By the Commission.

OHIO EDISON CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 17th day of April A. D. 1946.

Notice is hereby given that Ohio Edison Company ("Ohio Edison"), a registered holding company and a subsidiary of The Commonwealth & Southern Corporation ("Commonwealth"), also a registered holding company, has filed an application-declaration with this Commission pursuant to sections 6 and 7 of the Public Utility Holding Company Act of 1935 and Rule U-50 promulgated thereunder. All interested persons are referred to said document which is on file in the office of this Commission for a full statement of the transactions therein proposed which may be summarized as follows:

Ohio Edison proposes to issue and sell publicly, pursuant to the competitive bidding provisions of Rule U-50, 204,153 shares of its common stock with a par value of $8 per share. Ohio Edison has 2,000,000 authorized shares of such common stock, of which 1,795,847 shares are issued and owned by Commonwealth. The shares now proposed to be issued and sold constitute the remaining authorized shares.

The proceeds from such sale are proposed to be used for the construction of property additions and other corporate purposes. Ohio Edison states that it contemplates property additions estimated to cost in excess of $12,000,000, of which approximately $5,000,000 is to be expended in 1946 and the remainder for completion of projects to be started in 1946 or immediately thereafter, including approximately 60,000 kilowatts of additional steam-electric generating capacity to be installed on the system at locations to be determined by studies now in progress.

The filing states that the general program of Commonwealth under section 11 of the Public Utility Holding Company Act of 1935 contemplates the divestment by it of the common stocks of its northern operating subsidiaries. Ohio Edison proposes to make an application to list its shares of common stock of the New York Stock Exchange, and asserts that the market quotations will assist in establishing a market value for the shares held by Commonwealth and thus facilitate the distribution of such shares.

The filing also states that the issuance and sale of the 204,153 shares of common stock have been expressly authorized by The Public Utilities Commission of Ohio, the state commission of the state in which Ohio Edison is organized and doing business.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said matters, and that the application-declaration shall not be granted or permitted to become effective except pursuant to further order of this Commission:

It is ordered, That a hearing on the application-declaration be held in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, at 10:00 a. m., e. d. t., on the 6th day of May, 1946, in such room as may be designated at such time by the Hearing Room Clerk in Room 318. All persons desiring to be heard or otherwise wishing to participate should notify the Commission in the manner provided by the Commission's rules of practice, Rule XVII, on or before May 3, 1946.

It is further ordered, That Richard Townsend, or any other officer or officers of this Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That without limiting the scope of the issues presented by said application-declaration, particular attention will be directed at the hearing to the following matters and questions:

(1) Whether the proposed issue and sale of common stock are exempt from the requirements of section 7 of the act pursuant to section 6 (b) thereof, and if not, whether the said securities will comply with the standards of section 7 of the act;

(2) Whether the terms and conditions of the issue and sale of the common stock are detrimental to the public interest or the interest of investors or consumers;

(3) Whether the fees, commissions, or other remuneration to be paid in connection with the proposed transactions are for necessary services and are reasonable in amount;

(4) Whether the accounting treatment of the proposed transactions is appro-

priate and in conformity with the requirements of the act;

(5) What terms or conditions, if any, with respect to the proposed transactions should be prescribed in the public interest or for the protection of investors or consumers;

(6) Generally, whether the proposed transactions comply with the applicable provisions of the act and the rules, regulations and orders promulgated thereunder.

It is further ordered, That the Secretary of the Commission shall serve a copy of this order by registered mail on the Ohio Edison Company, on the Public Utilities Commissions of Ohio and Pennsylvania, on the Federal Power Commission, and on all parties of record and all persons granted leave to be heard in the proceedings on Commonwealth's Plan of Recapitalization (File Nos. 59–20, 59–8 and 54–75); and that notice of said hearing be given to all other persons by publication of this order in the FEDERAL REGISTER.

By the Commission.

UNITED PUBLIC UTILITIES CORP. ET AL.

ORDER POSTPONING HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 18th day of April A. D. 1946.

In the matter of United Public Utilities Corporation, Applicant, File No. 54–97; United Public Utilities Corporation and Its Subsidiary Companies, Respondents, File No. 59–73; United Public Utilities Corporation and Its Subsidiary Company, Respondents, File No. 59–38; United Public Utilities Corporation, File No. 70–1110.

The Commission having by order dated February 21, 1946, designated April 22, 1946, as the date for continuing the hearing in the above consolidated proceeding and having directed that at such continued hearing consideration should be given, among other things, to the issues involved in the application of United Public Utilities Corporation ("UPU"), under section 11 (e) of the Public Utility Holding Company Act of 1935, for approval of a certain plan designated as Plan 2 and to the issues involved in the section 11 proceedings heretofore instituted by the Commission;

UPU and its subsidiaries having requested that the hearing scheduled to be held April 22 be postponed in order to give the company's directors an opportunity to study the problem whether the interests of UPU stockholders will best be served by continuing the enterprise after a recapitalization of UPU as proposed in Plan 2 or by a voluntary liquidation of UPU; and

The Commission deeming it appropriate under the circumstances to postpone the date of the hearing scheduled for April 22, 1946:

It is hereby ordered, That the hearing in this matter scheduled for April 22, 1946 at 11:00 a. m., e. s. t. at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania be, and it hereby is, postponed indefinitely. A further notice will issue in regard to any subsequent hearing to be held with respect to the issues involved in the section 11 (b) (1), 11 (b) (2), 15 (f) and 20 (a) proceedings heretofore instituted by the Commission or with respect to any plan heretofore filed or hereafter to be submitted by UPU for compliance with section 11 (b) of the act.

OIL SEED MEAL SET ASIDE FOR MAY 1946

War Food Order No. 9-19, as amended (11 F.R. 789, 1145, 2213, 3077), is hereby further amended by deleting paragraph (b) and substituting in lieu thereof the following:

(b) *Quantity to be set aside.* No processor shall deliver oil seed meal to any person unless, at each processing plant operated by him, he shall set aside and hold for delivery as directed by the Order Administrator:

(1) Five percent of his production of oil seed meal during the period from the effective date of this order to and including January 31, 1946;

(2) Five percent of his production of oil seed meal during the month of February 1946;

(3) Five percent of his production of oil seed meal during the month of March 1946;

(4) Ten percent of his production of oil seed meal during the month of April 1946;

(5) Ten percent of his production of oil seed meal during the month of May 1946.

This amendment shall become effective at 12:01 a. m., e. s. t., May 1, 1946. With respect to violations, rights accrued, liabilities incurred, or appeals taken, prior to said date, under War Food Order No. 9-19, as amended, all provisions of said order shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

PART 1468—GRAIN

AMENDMENTS AFFECTING FOOD MANUFACTURERS AND MILLERS

War Food Order No. 144, as amended (11 F.R. 2301, 3243, 3392), is further amended by adding immediately after paragraph (aa) the following new paragraphs:

(bb) *Use of wheat by millers.* No miller shall, during any calendar month, including the month of April 1946, process wheat into flour for domestic use or consumption in any quantity which will result in a total processing of wheat for domestic use or consumption during such month, in excess of the quantity required to produce an amount of flour equal to 75 percent of the quantity of flour distributed by him for domestic use or consumption in the corresponding calendar month of 1945.

(cc) *Use of wheat by food manufacturers.* No food manufacturer shall, during any calendar month, including the month of April 1946, use wheat in the manufacture of edible products for domestic human consumption in any quantity which will result in a total use of wheat for the manufacture of edible products for domestic human consumption during such month, in excess of 75 percent of the quantity of wheat so used in the corresponding calendar month of 1945.

This amendment shall become effective at 12:01 a. m., e. s. t., April 22, 1946. With respect to violations, rights accrued, liabilities incurred, or appeals taken, prior to said date, under War Food Order No. 144, all provisions of said order shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceedings, with respect to any such violations, right, liability, or appeal.

PART 1468—GRAIN

MILLERS' AND FOOD MANUFACTURERS' SURPLUS WHEAT INVENTORIES

War Food Order No. 144, as amended (11 F.R. 2301, 3243, 3392), is further amended by adding immediately after paragraph (cc) the following new paragraph:

(dd) *Millers' and food manufacturers' surplus inventories of wheat; offers to Commodity Credit Corporation.* (1) No miller whose inventory of wheat, plus all quantities thereof bought to arrive or with respect to which he has a contract to purchase (futures contracts to be included only to the extent that such contracts call for May delivery), is in excess of a quantity necessary to operate for 21 days, based upon average daily grind, shall grind wheat unless he offers all such surplus wheat or all flour to be ground from such surplus wheat for sale to the Commodity Credit Corporation, and delivery to such corporation within ten days or such other period of time as may be specified by the corporation.

(2) No food manufacturer whose inventory of wheat, plus all quantities thereof bought to arrive or with respect to which he has a contract to purchase (futures contracts to be included only to

the extent that such contracts call for May delivery), is in excess of a quantity necessary to operate for 21 days, based upon his average monthly use of wheat during 1945, shall use wheat unless he offers all such surplus wheat for sale to the Commodity Credit Corporation, and delivery to such corporation within ten days or such other period of time as may be specified by the corporation.

This amendment shall become effective at 12:01 a. m., e. s. t., May 1, 1946. With respect to violations, rights accrued, liabilities incurred, or appeals taken, prior to said date, under War Food Order No. 144, as amended, all provisions of said order shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

AUTHORITY: Regulations in this chapter unless otherwise noted at the end of documents affected, issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236, 56 Stat. 177, 58 Stat. 827 and Pub. Law 270, 79th Cong.: E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; E.O. 9599, 10 F.R. 10155; E.O. 9636, 10 F.R. 12591; CPA Reg. 1, Nov. 5, 1945, 10 F.R. 13714.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 3, Direction 15]

EFFECT OF CC RATINGS ON PRODUCERS OF CONSTRUCTION MACHINERY

The following direction is issued pursuant to Priorities Regulation 3:

(a) *What this direction does.* There is a Nation-wide shortage of construction machinery. Demand for this type of machinery substantially exceeds the supply. In order to prevent the use of CC ratings from preempting an undue proportion of the supply available from new production, this direction restricts the use of CC ratings on producers of construction machinery. CC ratings may still be assigned for construction machinery under the conditions stated in PR-28, and producers must still accept and fill rated orders in accordance with PR-1 unless they are relieved from that obligation by paragraph (b) below.

(b) *Restriction on use of CC ratings.* (1) No dealer, distributor or branch sales office of a producer who receives or has received a CC rating for construction machinery may extend it to a producer of that machinery after April 22, 1946.

(2) Producers must treat as unrated any orders for construction machinery bearing CC ratings which they receive from dealers, distributors or branch sales offices after April 22, 1946. Also, any producer who regularly sells a given type or types of construction machinery only through dealers, distributors or branch sales offices, either for all sales or for a particular territory, may reject any orders bearing CC ratings for those types of construction machinery (except orders for construction machinery for export outside the United States, its territories or possessions, or the Dominion of Canada) which he receives from other persons after April 22, 1946.

(c) *Definitions.* As used in this direction:

(1) "Construction machinery" means any of the following types of machinery:

(i) Construction equipment, tractor mounted.

(ii) Construction machinery, specialized.

(iii) Construction material mixers, pavers, spreaders, and related equipment.

(iv) Construction material processing equipment.

(v) Power cranes, derricks, draglines, dredges, shovels and related equipment.

(vi) Scrapers, maintainers and graders.

(vii) Contractors' elevating winches and hoists.

(viii) Earth, rock and water well drilling and boring machinery.

(ix) Tracklaying tractors.

These types of machinery are more fully described in CMP Codes 308-314, 316 and 470.

(2) "Producer" means any person to the extent he is engaged in the manufacture of construction machinery. It does not include a branch sales office of a producer.

Issued this 22d day of April 1946.

PART 3293—CHEMICALS

[Conservation Order M-390, as Amended Apr. 22, 1946]

HIDE GLUE STOCK

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of hide glue stock for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3293.592 *Conservation Order M-390*—(a) *Restrictions on use of hide glue stock.* (1) No person shall use the following types of hide glue stock to make gelatin, edible or inedible:

(i) Green and salted hide trimmings including limed hide trimmings, salted tips, cattle tail pieces.

(ii) Limed and pickled cattle trimmings including limed and pickled hide trimmings, limed cattle pieces.

(iii) Goat trimmings including long-haired, short-haired, de-haired.

(iv) Chrome stock including chrome splits, chrome shavings, chrome trimmings.

(v) Coney stock.

(vi) Goat and sheep fleshings.

(vii) Packers trimmings including green and salted ears, lips, snouts and tails, green and salted sinew and pizzles.

(viii) Sheep trimmings including limed sheep trimmings, limed sheep tails, pickled sheep.

(ix) Horse fleshings.

(x) Calf fleshings.

(xi) Horse and beam trimmings including green and salted horse trimmings, limed horse trimmings, horse tail pieces.

(xii) Sole leather fleshings.

(xiii) Common and #2 fleshings.

(xiv) Other cattle fleshings including sulfide fleshings, kip fleshings.

(xv) Raw hide shavings.

The above restriction applies to any processing of the above materials to prepare them for use in the manufacture of gelatin.

(2) No person shall use natural colored cattle chrome stock, including chrome splits, chrome shavings and chrome trimmings, for fertilizer tankage or to make products (other than glue) such as detergents, dispersion agents, wetting agents or stain remover used in treating textiles or in the manufacture of agricultural sprays or shampoos, shaving creams and other cosmetics.

(3) Except in the process of manufacturing animal glue no person shall use to make grease and oils any of the types of hide glue stock listed in paragraph (a) (1), originating from tanneries.

(b) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate stating fully the grounds of the appeal.

(c) *Communications to the Civilian Production Administration.* All appeals filed hereunder and all other reports and communications shall, unless otherwise directed, be addressed to the Civilian Production Administration, Chemicals Division, Washington 25, D. C., Ref.: M-390.

(d) *Violations.* Any person who willfully violates any provisions of this order or who, in connection with this order, willfully conceals a material fact, or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or accepting further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(e) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the Civilian Production Administration, as amended from time to time.

Issued this 22d day of April 1946.

PART 4600—RUBBER, SYNTHETIC RUBBER AND PRODUCTS THEREOF

[Rubber Order R-1, Direction 13]

PERMITTED USES FOR THIN AND THICK PALE CREPE NATURAL RUBBER

The following direction is issued pursuant to Rubber Order R-1:

On and after the date of this direction, thin and thick pale crepe natural rubber may be used in the manufacture of the rubber products listed below. These appear as Permitted Products in Table B of Appendix I to Rubber Order R-1, and may be identified by the Code number designation. The amount of pale crepe natural rubber which may be used in the products listed in this direction must not exceed the quantities designated in Table B of Appendix I in the column entitled "Percent natural rubber", applicable to the particular product. Thin and thick pale crepe natural rubber may not be used in the manufacture of any rubber products other than those listed in this direction. To secure supplies of thin or thick pale crepe natural rubber, application for authority to consume should be made to the Civilian Production Administration on Form CPA-3662 as provided in § 4600.02 of Rubber Order R-1.

(a) *Thin pale crepe natural rubber.* Products in the manufacture of which thin pale crepe natural rubber may be used are as follows:

Appendix I, Table B—Permitted Products

Code No.
18 C—Dental dam
Denture rubber
18 F—Breast shields, nursing
Small feeding nipples
18 G—Colostomy outfits
Dilators
Inhalation bags and face pieces
Prostatic bags
Prosthetic devices
Stoppers—medical, surgical, dental, veterinary and mortuary type only
Only 50% of natural rubber may be thin pale crepe.
Vaccine caps
18 H—Pessaries and prophylactics
18 J—Tubes and tubing-blood plasma, intravenous, and multiple lumen only.

(b) *Thick pale crepe natural rubber.* Products in the manufacture of which thick pale crepe natural rubber may be used are as follows:

Appendix I, Table B—Permitted Products

12 F—Refrigerator door gaskets
18 A—Surgical tape and cohesive bandage
18 F—Feeding bottle caps and covers
18 F—Large breast type feeding nipples.

(c) Any person owning any inventory of pale crepe rubber of any type and who is not engaged in the manufacture of any of the products listed in this direction, in the manufacture of which such rubber may be used, may exchange it for any other type of natural rubber upon application to the Reconstruction Finance Corporation, Office of Rubber Reserve, 811 Vermont Avenue, Washington, D. C.

Chapter XI—Office of Price Administration

PART 1418—TERRITORIES AND POSSESSIONS

[RMPR 373, Amdt. 81]

MAINLAND BEEF IN HAWAII

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Table A of section 18 (h) of Revised Maximum Price Regulation 373 is amended as follows:

Delete the figure .24 listed under the column headed "Choice or Grade AA" opposite the item "Tripe (cooked)" and substitute therefor the figure .28.

This amendment shall become effective as of February 28, 1946.

Issued this 19th day of April 1946.

PAUL A. PORTER,
Administrator.

PART 1418—TERRITORIES AND POSSESSIONS

FRESH FRUITS AND VEGETABLES IN HAWAII

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Section 21 of Revised Maximum Price Regulation 373 is amended to read as follows:

SEC. 21. *Maximum prices for fresh fruits and vegetables*—(a) *Scope of section.* This section fixes maximum prices for sales of fresh fruits and vegetables in the Territory of Hawaii.

(b) *Dollars-and-cents maximum prices for sales at wholesale and retail of fresh fruits and vegetables imported from the mainland.* From time to time the Office of Price Administration may, by order issued pursuant to General Order 71, fix dollars-and-cents maximum prices for wholesalers and retailers for some or all of the fresh fruits and vegetables imported from the mainland. When these dollars-and-cents prices are fixed, such prices take the place of the maximum prices otherwise established by this section.

(c) *Calculated maximum prices for sales at wholesale and retail of fresh fruits and vegetables imported from the mainland.* The maximum prices for all imported fresh fruits and vegetables, other than those fresh fruits and vegetables for which dollars-and-cents maximum prices are set by order under the provisions of paragraph (b) above, shall be computed as follows:

(1) *Sales at wholesale.* The maximum price for a sale at wholesale of any imported fresh fruit or vegetable item shall be computed in the following manner:

(i) Compute the "landed cost" of the item to be priced in accordance with the provisions of paragraph (d) of this section.

(ii) Multiply the "landed cost" by 1.18. The resulting price will be the maximum price for sales at wholesale.

(iii) Optional pricing method for citrus fruits. In the case of citrus fruits the wholesaler may either compute his maximum price per case by multiplying his "landed cost" by 1.18, or by adding $1.00 per case to his "landed cost" for lemons and $0.75 per cas to his "landed cost" for all other citrus fruits.

(2) *Sales at retail.* The maximum price for a sale at retail of any imported fresh fruit or vegetable item shall be computed in the following manner:

(i) Determine the "net cost" of the item to be priced. If the item is purchased from a local supplier, the "net cost" shall be the supplier's selling price less all discounts and allowances except the discounts for prompt payment up to 2%. If the item is purchased from a mainland supplier, the "net cost" shall be the maximum wholesale price computed under subparagraph (1) above.

(ii) Citrus fruits. Multiply the "net cost" by 1.33.

(iii) All other fresh fruits and vegetables. Multiply the "net cost" by 1.40.

(iv) Divide the amount computed under subdivisions (ii) or (iii) above by the net weight of the wholesale unit. The resulting price will be the maximum retail price per pound.

(d) *"Landed cost."* "Landed cost" for fresh fruits and vegetables imported from the mainland shall be computed by adding the amounts permitted in subparagraphs (1) through (3) set forth below. If any of the amounts, or any part thereof, specified in any of these subparagraphs have already been included in another subparagraph, it may not again be added.

(1) An amount equal to the mainland seller's selling price, less all discounts and allowances except the discounts for prompt payment up to 2%.

(2) An amount equal to the transportation charges, if any, actually incurred by the purchaser for transportation from the mainland point at which the purchaser received delivery to the mainland port of shipment (including Federal transportation tax, terminal charges, demurrage, and extra charges for shipment in less than carload lots) not in excess of public (common or contract) carrier rates.

(3) An amount equal to charges for ocean freight, war risk and marine insurance actually incurred by the purchaser, and there may be included in this amount Territorial tolls and tonnage tax as shown on the bill of lading.

(e) *Maximum prices for broken lot sales at wholesale of fresh fruits and vegetables imported from the mainland.* Wholesale sales of fresh fruits and vegetables imported from the mainland may be made by broken lots, that is, a part of a bag, box or crate, but the total aggregate price received from the sale of such parts may not exceed the maximum wholesale price for the entire bag, box, or crate; except that the total aggregate maximum wholesale price may be increased by 10% in the case of sales in broken lots to institutional buyers.

(f) *Maximum prices for sales by retailers to institutional buyers.* (1) The maximum prices for sales of fresh fruits and vegetables by retailers to the United States, or any of its political subdivisions; the Army, Navy, Marine Corps, Coast Guard, or any agency of the foregoing; and to any institution operated by public funds, are the maximum prices for sales at wholesale established by this section.

(2) On the Island of Oahu the maximum prices for sales of fresh fruits and vegetables by retailers to institutional buyers, other than those mentioned in subparagraph (1) above, are the maximum prices for sales at retail established by this section, less 10%.

(3) On the Islands of Hawaii, Kauai, Lanai, Maui and Molokai, the maximum prices for sales of fresh fruits and vegetables by retailers to institutional buyers, other than those mentioned in subparagraph (1) above, are the maximum prices for sales at wholesale established in this section. Nevertheless, a retailer may, during any calendar month, use the maximum prices for sales at retail established in this section, if 80% or more of his total dollar sales of fresh fruits and vegetables during the previous calendar month were retail sales to ultimate consumers.

(g) *Maximum prices for sales of island-grown fresh fruits and vegetables.* Dollars-and-cents maximum prices for sales of island-grown fresh fruits and vegetables on the Islands of Oahu, Hawaii, Kauai, Lanai, Maui and Molokai are established in Tables A, B, C, D and E of this section. All grades shall conform to the specifications therefor established by the Division of Marketing of the Board of Agriculture and Forestry of the Territory of Hawaii and contained in Regulation 1.1 issued by that office. These specifications may be obtained at the Board of Agriculture and Forestry, at the Office of Price Administration, Iolani Palace, Honolulu, T. H., any District Office of the Office of Price Administration, or from the County Agents located on each island. "Commercial quality" (CQ) means that stock is of generally good quality and condition and that size and appearance are acceptable to consumers.

(h) *Odd cent maximum prices.* Whenever the calculation of a maximum price under this section results in a fraction of a cent, the maximum price shall be reduced to the next lower cent if the fraction is less than one-half cent, and shall be increased to the next higher cent if the fraction is one-half cent or more.

(i) *Extra charges.* Except as otherwise provided in this section, no charges may be made for cartage or any other service rendered, or cost incurred in connection with the sale of the fresh fruits and vegetables covered by this section.

(j) *Gross income tax.* In the case of a sale at wholesale to any buyer who does not pay a retailer's Territorial gross income tax the wholesaler may add to his maximum prices the Territorial tax incurred by him as provided in section 14 of this regulation.

(k) *Multiple wholesaling.* The maximum price for any wholesaler other than the primary wholesaler covered by this section shall be the maximum price of the primary wholesaler in the Territory of Hawaii. The primary wholesaler in the Territory of Hawaii making the importation or local purchase shall furnish any wholesaler purchasing from him a written statement of his "landed cost," and of the maximum wholesale price determined in accordance with the provisions of this section, and thereafter in the case of any further sales to other wholesalers, the seller shall furnish to the buyer a statement of the primary wholesaler's maximum price.

(l) *Records and reports*—(1) *Records to be kept.* Notwithstanding the provisions of Section 11 of this regulation, every person making sales of any of the commodities covered by this Section 21 shall keep and make available for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, records as follows:

(i) *Persons making sales at wholesale.* Copies of the invoices or sales memoranda given to purchasers as required by subparagraph (3) below. Purchase records showing the date of purchase, name and address of supplier, kind and grade purchased, number of pounds net weight in the wholesale unit of each type of fresh produce sold, price per unit, and the total price paid.

(ii) *Persons making sales at retail.* Copies of the invoices and sales memoranda received from suppliers.

(iii) *Additional records required for calculated maximum prices.* In addition to the records required under subdivisions (i) and (ii) above, any person who calculates his maximum price under paragraph (c) of this section must also keep complete and accurate records and data, including purchase and freight invoices, showing the charges incurred by the seller which are included in the computation of his "landed cost" and this maximum price.

(2) *Prices to be marked and posted.* At all times any person offering to sell at retail any item of the fresh fruits and vegetables covered by this section shall post his current selling price for the item either on the item or at or near the place in the store where the item is offered for sale. Of course, this posted selling price must not exceed the retail maximum price fixed for the item under this section.

Retailers must also obtain and post in a conspicuous place, where it can be easily read by the purchasing public, an official list, or lists, of maximum retail prices for fresh fruits and vegetables, whenever such lists are made available by the Office of Price Administration.

(3) *Sales slips and receipts.* (i) Every person selling at wholesale shall give the purchaser, at the time of delivery, an invoice or sales memorandum showing the date of sale, name and address of the seller, the name and address of the purchaser, and with reference to each item of produce sold the following: The kind and grade, the number of pounds net weight in the wholesale unit sold, the price per unit and the total price received.

(ii) Every person selling at retail who has customarily given purchasers sales slips or receipts or similar evidences of purchase shall continue to do so. However, upon request from a purchaser every such seller, regardless of previous custom, shall give the purchaser a receipt showing the date of sale, the name and address of the seller, the name and address of the purchaser, and with reference to each item of produce sold, the following: The kind and grade, the number of pounds or other unit of sale as specified in this section, the price per unit and the total price received.

Retailers selling to institutional buyers must, in all cases, give a bill of sale or delivery slip containing the following information:

1. Date of sale.
2. Name and address of seller.
3. Name and address of purchaser.
4. Kind and grade of item sold.
5. Number of pounds or other unit of sale as specified in this section.
6. Price per unit and total price received.

(m) *Definitions.* When used in this section, the term:

(1) "Sale at retail" means a sale by any seller to an ultimate consumer.

(2) A "retailer" is any individual or person, including a producer, who sells a commodity or commodities covered by this section to an ultimate consumer.

(3) "Sale at wholesale" means a sale by any seller to any buyer for purposes of resale or processing.

(4) A "wholesaler" is one who acquires commodities covered by this section and who sells the same at wholesale as herein defined.

(5) A "producer," for the purposes of this section, shall mean and include any person engaged in the business of raising and producing natural resource products and specifically the commodities covered by this section and who sells the same in their natural state to any person.

(6) "Ultimate consumer" means any person other than an institutional buyer who buys commodities for consumption and not for the purpose of resale.

(7) "Institutional buyers" means the United States, or any of its political subdivisions; the Army, Navy, Marine Corps, Coast Guard, or any agency of the foregoing; any religious, educational or charitable institution; any institution for the sick, deaf, blind, disabled, aged or insane; any school, hospital, library, hotel, restaurant, licensed boarding house, clubs or associations of persons, marine provisioner, and all commercial and industrial users.

This amendment shall become effective as of February 19, 1946.

Issued this 19th day of April 1946.

PAUL A. PORTER,
Administrator.

TABLE A — DOLLARS-AND-CENTS MAXIMUM PRICES FOR SALES OF ISLAND-GROWN FRESH FRUITS AND VEGETABLES IN THE ISLAND OF OAHU

(a) This table establishes dollars-and-cents maximum prices at which producers, wholesalers and retailers may sell island-grown fresh fruits and vegetables in the Island of Oahu.

(b) *Maximum producer's prices.* The maximum prices at which a producer may sell to a wholesaler are the maximum producer's prices set forth in this table. The maximum wholesale prices shall also be applicable to sales by a producer to a retailer or an institutional buyer. The maximum retail prices shall also be applicable to sales by a producer to an ultimate consumer. No transportation charges may be added to the producer's maximum prices for any sales made by him.

(c) *Maximum prices for sales by retailers to institutional buyers.* (1) The maximum prices for sales of island-grown fresh fruits and vegetables by retailers to the United States, or any of its political subdivisions; the Army, Navy, Marine Corps, Coast Guard, or any agency of the foregoing; and to any institution operated by public funds, are the maximum prices for sales at wholesale established in this table.

(2) The maximum prices for sales of fresh fruits and vegetables by retailers to institutional buyers, other than those mentioned in subparagraph (1) above, are the maximum prices for sales at retail established in this table, less 10%.

PART 1418—TERRITORIES AND POSSESSIONS

[RMPR 373, Amdt. 79]

CONSTRUCTION AND REPAIR SERVICES AND INSTALLED BUILDING MATERIALS IN HAWAII

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 373 is amended in the following respects:

Section 69 is amended as follows:

1. Paragraph (a) (1) is amended by adding a new subdivision designated (v) to read as follows:

(v) A rental charge for the use of electric or machine hand tools such as electric saws, drills, electric spray guns, cement mixers, bulldozers and machines of similar nature, where the cost of the work in which the same are to be used is computed on an hourly basis, may be computed on repair jobs at rates not to exceed the maximum prices established for such rentals under Maximum Price Regulation 134. Such charges must be clearly itemized on the repair job time slip.

2. Paragraph (c) (1) is amended to read as follows:

(1) "General Contracting" means the sales of installed building materials and the services necessary to supply a completed or partially completed building structure or the sale of materials and services incidental to remodeling, altering or constructing an addition to a present structure, but shall not be applicable to small repairs or maintenance work.

Irrespective of whether the contractor has contracted directly with the owner or with the general contractor (if there be one) no contractor for a specific portion of the construction involving the work of but one trade may collect the 10% allowed a general contractor by paragraph (d) of Appendix A in the event that such contractor sublets his portion of the work contracted for. However, where a contractor contracts directly with the owner to construct specific parts of a construction involving the labor of more than one trade (for instance, where a contractor for the masonry also contracts to construct a cesspool and sublets one or more of the elements of construction involved), he shall be entitled to collect the 10% allowed to a general contractor by paragraph (d) of Appendix A. In the event that a subcontractors, who is such by reason of his contractual relationship with the general contractor, subcontracts one or more of his contractual obligation, he may not collect the 10% allowed a general contractor by paragraph (d) of Appendix A unless it is so specified in his contract with the general contractor in which event the general contractor is not permitted to collect from the owner for his own account the particular 10% thereby involved.

3. Paragraph (e) (6) is hereby revoked.

4. Paragraph (f) (1) (i) is amended by deleting the words "beyond the five mile limit" from the second sentence thereof.

5. Paragraph (f) (1) (i) is amended by adding two new subdivisions designated (*a*) and (*b*) to read as follows:

(*a*) *Measurement of hours.* The number of hours to be charged against any job shall be calculated as beginning at the time the workman leaves the shop or the previous job (whichever is later) and as terminating at the time he completes the job. In any case actual travel time shall be recorded on the job time slip required by this regulation.

(*b*) *Minimum charge.* If a job requires less than one hour the maximum charge shall be for the actual time spent on the job plus the travel time from shop to job or from previous job.

6. A new paragraph designated (i) is added immediately following paragraph (h) to read as follows:

(i) *Changes from original plans.* If, during the course of construction, an owner requires structural work or installations different from the requirements

of the original specifications which changes or installations involve an increase in labor and/or material costs, for the additional labor and/or material involved the contractor may charge as for repair work in the applicable Appendix.

7. Appendix A paragraph (e) is amended to read as follows:

(e) In no event may the general contractor's markup be added by more than one contractor on a structure. Where subcontracts are involved all permitted markups are provided for in paragraph (c) (1) of this section.

8. Appendix A paragraph (f) is added to read as follows:

(f) *Travel time on repair jobs.* Travel time on all services of a repair nature may be charged for each employee actually working on the job. Such time shall be calculated (on the basis of the hourly rate provided in each applicable appendix) from shop to job and from one repair job to the next repair job. Such travel time must be recorded on the time job repair slip as required in paragraph (f) (1) (i) of this section.

9. Appendix B (1) (a) is amended to read as follows:

(a) On all carpentry or roofing work which in effect is substantially an alteration or addition to existing structures and which requires demolishing a part of the original structure, such as knocking out an old wall or ripping up an old floor or any other work of demolition incidental to the building of a new addition, the labor for such demolition shall be charged at prices in accordance with the hourly repair rates established by this Appendix B.

10. Appendix B 1 (c) is amended by designating the second literary paragraph thereof as Appendix B 1 (d).

11. Appendix B 1 is further amended by adding the following Appendix B 1 (e) and Appendix B 1 (f):

(e) Where a contractor uses secondhand lumber in the construction of a new home or for remodeling purposes or repairs the maximum price for such lumber and the installation of same shall be as follows: The maximum prices which may be charged for used lumber shall be the maximum prices as established by Section 49 of Revised Maximum Price Regulation 373. The maximum prices for the installation or erection of secondhand lumber shall be $100 per 1000 board feet of secondhand lumber installed. This will cover the cost of conditioning used lumber, the cost of labor, the cost of overhead and profit.

(f) On new homes or commmercial structures made mostly of materials other than lumber, for example, brick, stucco or hollow tile, where the amount of lumber or carpentry labor involved is negligible and where the cost normally figured on the new work basis would not exceed $500, the maximum price for such carpentry labor and materials used shall be figured on a time and material basis and the maximum price for such service shall be based on the repair work formula established by this Appendix B.

12. Appendix B 2 (c) is revoked.

13. The following new Appendix B 3 is added:

3. *Travel time on repair jobs.* Travel time on all services of a repair nature may be charged for each employee actually working on the job. Such time shall be calculated (on the basis of the hourly rate provided in each applicable appendix) from shop to job and from one repair job to the next repair job. Such travel time must be recorded on the time job repair slip as required in paragraph (f) (1) (i) of this section.

14. Appendix C paragraph (b) (4) is amended to read as follows:

(4) On new construction which is done at a distance greater than five miles from the seller's place of business, actual travel time may be added (beyond the five mile limit) but in no event to exceed more than one-eighth of the actual site payroll and is allowed only provided the travel is done on contractor's time.

15. Appendix C is further amended by adding three new paragraphs designated (c), (d) and (e) to read as follows:

(c) The minimum strength concrete required under these prices shall be either 1.3.5 ratio or two thousand pound 28-day strength. No addition to these prices may be made for stronger or higher water cement ratio concrete.

(d) *Plastering.* The maximum prices for plastering shall be as follows:

	Maximum price (per sq. yd.)
(1) White putty plastering including all materials and labor but not laths	$2.00
(2) Sand finish plastering including all materials and labor but not laths	1.75
(3) Lath will be supplied at prices no higher than the maximum wholesale prices as provided for by applicable maximum price regulations.	

(e) *Travel time on repair jobs.* Travel time on all services of a repair nature may be charged for each employee actually working on the job. Such time shall be calculated (on the basis of the hourly rate provided in each applicable appendix) from shop to job and from one repair job to the next repair job. Such travel time must be recorded on the time job repair slip as required in paragraph (f) (1) (i) of this section.

16. Appendix D 1 (e) is amended to read as follows:

(e) *Travel time on repair jobs.* Travel time on all services of a repair nature may be charged for each employee actually working on the job. Such time shall be calculated (on the basis of the hourly rate provided in each applicable appendix) from shop to job and from one repair job to the next repair job. Such travel time must be recorded on the time job repair slip as required in paragraph (f) (1) (i) of this section.

17. Appendix D 2 is amended to read as follows:

2. *Repair work involving plumbing and sheet metal work.* The maximum prices for repairs involving plumbing and sheet metal work shall be the sum of the following amounts:

(a) Materials furnished and used at prices not to exceed maximum wholesale prices established for sales to contractors by sections 50 and 61 of Revised Maximum Price Regulation 373; plus

(b) Actual site labor time of each employee spent on the repair job at the following rates per hour for each class of plumber:

Working foreman plumber	$3.40
Plumber first class	3.00
Plumber second class	2.40
Plumber third class	2.20
Plumber helper	2.00

(c) Plus, actual travel time for each employee actually working on the repair job calculated on the hourly rate for each class of plumber as provided above on the basis of from shop to job or from one job to the next job. Such travel time must be recorded on the job slip as required by paragraph (f) (1) (i) of this section.

18. The following new Appendix E 5 is added:

5. *Travel time on repair jobs.* Travel time on all services of a repair nature may be charged for each employee actually working on the job. Such time shall be calculated (on the basis of the hourly rate provided in each applicable appendix) from shop to job and from one repair job to the next repair job. Such travel time must be recorded on the time job repair slip as required in paragraph (f) (1) (i) of this section.

19. Appendix F 1 (a) (6) is amended by adding a new subdivision designated (iii) to read as follows:

(iii) For jobs requiring plaster joints the maximum price for filling in the same shall be $2.25 an hour plus the maximum price of materials used not to exceed the maximum wholesale prices established by applicable regulations.

20. Appendix F 1 (a) (7) is further amended by inserting between subdivisions (xvii) and (xviii) two new subdivisions designated (xvii–a) and (xvii–b) to read as follows:

(xvii–a) Battens: Where walls or sidings are painted the same color, measure the area covered by battens and multiply the area of the battens only by 1½. Where battens are painted different color from wall or siding, measure the battens only and multiply the painted area of the battens only by 2.

(xvii–b) Stairs: Count risers and multiply the area of riser by 8.

21. Appendix F 1 (a) (7) is further amended by adding a new subdivision designated (xxxi) to read as follows:

(xxxi) Window and door screens: Measure the over-all area and multiply by 2 for one side, if both sides are painted multiply both sides by 2.

22. The following new Appendix F 1 (b) is added immediately following Appendix F 1 (a) (7) (xxxi):

(b) *Alternative pricing method.* For the purpose of simplifying the contractor's figuring on the painting of stairs, doors, casements, eaves, battens, kitchen cabinets, built-in furniture, built-in closets, and similar work as may be itemized in the above rules of measurement, such contractor as an alternative may compute the entire area painted at square foot prices as quoted for 1, 2 and 3 coat jobs (par. (c) (1), (2), (3)) plus 10% on the over-all. This 10% is provided and intended to include all openings and obstacle painting encountered.

23. Appendix F 1 is further amended by redesignating (b), (c), (d) respectively, as (c), (d) and (e).

24. Appendix F 1 is further amended by adding to redesignated (c) the following four new subdivisions designated (6), (7), (8) and (9):

(6) One coat paint job on shingles, using first line quality paint—$4.00 per 100 sq. ft.

(7) Two coat paint job on shingles, using first line quality paint—$6.00 per 100 sq. ft.

(8) One coat graphite paint job on shingles or wood or composition roof—$4.50 per 100 sq. ft.

(9) Two coat graphite paint job on shingles or wood or composition roof—$7.00 per 100 sq. ft.

25. Appendix F 1 is further amended by adding the following (f), (g) and (h) to read as follows:

(f) *Additional scaffolding allowances.* On painting structures of more than one story in height a charge for scaffolding is allowed when the scaffold is actually built. The maximum price for the building and use of scaffolds shall be:

Where the height of structure to be painted is more than 10 feet from the floor level a charge of $4.50 per lineal foot up to 25 feet on each side of structure painted may be charged for each foot above 10 feet. Above 35 feet a charge of $6.00 per foot may be charged on each side of structure painted. No scaffolding charge may be made unless a scaffold is built. This charge cannot be made when only ladders are used, and no charge for scaffolding may be made for painting done up to 10 feet from floor level.

(g) *Small jobs: Retouching jobs.* On all small repainting jobs substantially equivalent to repair work or maintenance work and usually involving touch up work such as trim only, partitions, panels, windows, doors, furniture, screens, etc., and such repair jobs as could not practically be established or figured on a surface foot basis the maximum price for such work (to be identified and known hereafter as maintenance work) shall be:

The maximum wholesale price of paint materials used as established by section 61 of Revised Maximum Price Regulation 373 plus $2.25 per hour for each first class painter employed on the job plus actual travel time to the job. Travel time shall be figured at $2.25 per hour from job to job.

(h) *Travel time on repair jobs.* Travel time on all services of a repair nature may be charged for each employee actually working on the job. Such time shall be calculated (on the basis of the hourly rate provided in each applicable appendix) from shop to job and from one repair job to the next repair job. Such travel time must be recorded on the time job repair slip as required in paragraph (f) (1) (i) of this section.

26. The following new Appendix G (4) is added:

4. *Travel time on repair jobs.* Travel time on all services of a repair nature may be charged for each employee actually working on the job. Such time shall be calculated (on the basis of the hourly rate provided in each applicable appendix) from shop to job and from one repair job to the next repair job. Such travel time must be recorded on the time job repair slip as required in paragraph (f) (1) (i) of this section.

27. Appendix H 2 (d) is amended to read as follows:

(d) *Travel time on repair jobs.* Travel time on all services of a repair nature may be charged for each employee actually working on the job. Such time shall be calculated (on the basis of the hourly rate provided in each applicable appendix) from shop to job and from one repair job to the next repair job. Such travel time must be recorded on the time job repair slip as required in paragraph (f) (1) (i) of this section.

28. Appendix I (c) is amended to read as follows:

(c) The maximum price for sanding hardwood surfaces shall be $0.12 per square foot.

(1) The maximum price for paint removal from old floors and restoration of same to natural wood finish by scraping, acid or other method than floor sanding, shall be $2.00 per hour per employee.

(2) On new construction which is done at a distance greater than five miles from the seller's place of business, actual travel time may be added (beyond the five-mile limit) but in no event to exceed more than one-eighth of the actual site payroll and is allowed only provided the travel is done on contractor's time.

(3) *Travel time on repair jobs.* Travel time on all services of a repair nature may be charged for each employee actually working on the job. Such time shall be calculated (on the basis of the hourly rate provided in each applicable appendix) from shop to job and from one repair job to the next repair job. Such travel time must be recorded on the time job repair slip as required in paragraph (f) (1) (i) of this section.

This amendment shall become effective as of November 26, 1945.

Issued this 19th day of April 1946.

PAUL A. PORTER,
Administrator.

PART 1418—TERRITORIES AND POSSESSIONS

CARPENTRY AND ROOFING IN HAWAII

[RMPR 373, Amdt. 80]

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 373 is amended in the following respects:

1. Section 69 (c) is amended by adding two subparagraphs (15) and (16) to read as follows:

(15) "Delivered" means, if the ceiling price of materials does not include delivery to the site, a charge may be made for trucking to the site at prices not to exceed ceiling prices, and such trucking charges are to be construed as a part of "material costs."

(16) "Materials used" means all lumber, hardware and other building materials furnished to the job, from which shall be deducted all new materials returned to the supplier or taken elsewhere and credited at prices charged the customer. All used lumber, taken from the site by the carpenter or roofer, shall be credited to the customer at 60% of the ceiling price for such used lumber, according to the provisions of section 49 of Revised Maximum Price Regulation 373.

2. Section 69 (h) is amended to read as follows:

(h) *Charges for travel.* Notwithstanding other provisions of this section, or any appendix thereto, on all new construction, remodeling and alterations subject to this section, excepting painting, where performed at a distance greater than five miles from the seller's place of business, actual travel time may be charged for on the basis of the hourly labor charge for repair work the contractor is permitted to charge the customer. When no hourly labor rate is provided, then the travel time shall be charged for on the basis of payroll cost plus 50%. Should the aggregate of such travel time exceed ⅛ of one 8-hour work day on any one job the excess may not be charged for except upon the approval of the Office of Price Administration.

3. In section 69, Appendix B 1 (a), is amended to read as follows:

(a) The maximum price for carpentry and roofing work done in connection with the remodeling, alteration or erection of a building structure and the reroofing of an old structure shall be the sum of materials furnished at prices not to exceed maximum prices established for sales to contractors by sections 50 and 61 of Revised Maximum Price Regulation 373 or applicable regulations, delivered on the job site and used, plus an amount equal to 90% of the cost of such materials. On all carpentry or roofing work which in effect is substantially an alteration or addition to existing structures and which requires demolishing a part of the original structure, such as knocking out an old wall or ripping up an old floor or any other work of demolition incidental to the building of a new addition, the labor for such demolition shall be charged at prices in accordance with the hourly repair rates established by this Appendix B.

This amendment shall become effective as of February 25, 1946.

Issued this 19th day of April, 1946.

PAUL A. PORTER,
Administrator.

(c) *Maximum prices.* (1) Except as provided in subparagraph (2) below, you shall compute your maximum price under this table by dividing your "net cost," as defined in paragraph (c) of this section, by the appropriate division factor set forth in this table. You may add to the prices so computed the transportation differentials of 2 percent in Zone 2 and 3 percent in Zone 3, set forth in paragraph (e) of this section.

(i) *Computation of prices of bulk items.* In computing the price of bulk items such as vinegar in barrels, dried shrimp in barrels and other food items in barrel or box containers, the bulk ceiling price shall be in accordance with the stated contents appearing on the face of the container: *Provided, however,* That the retailer, by remeasurement or recount may ascertain the correct contents of a container and the number of units contained. For bulk sales, the retailer may then divide the ceiling price per container by the actual content of the bulk container rather than the nominal or stated number of units named on the container.

(2) If your wholesaler supplier's invoice shows that his selling price is lower than his legal maximum wholesale price, you may compute your maximum retail price in the following manner:

(i) Divide your supplier's maximum wholesale price by the appropriate division factor.

(ii) Subtract your supplier's maximum wholesale price from the amount reached under (i) above.

(iii) Add the amount obtained under (ii) above to your supplier's actual selling price. The resulting price is your retail ceiling price per case.

(iv) To obtain your ceiling price for each retail unit, divide your retail ceiling price per case by the number of retail units contained in the case.

(v) You may add to the prices so computed, the transportation differentials of 2 percent in Zone 2 and 3 percent in Zone 3, set forth in paragraph (e) of this section.

(vi) If, however, the reduction in your wholesale supplier's price represents a discount given as a promotional allowance, you may apply to the Office of Price Administration, Iolani Palace Grounds, Honolulu, T. H., for permission to calculate your maximum retail price by dividing your wholesale supplier's maximum price by the appropriate division factor rather than the supplier's actual selling price as required under paragraph (c) (1) of this table. You may not compute your maximum price in accordance with the provisions of this subdivision (vi) until you have received written permission to do so from the Office of Price Administration.
